
JPMorgan Indian Investment Trust plc

Annual Report & Accounts for the year ended 30th September 2015

Features

Objective

Capital growth from investments in India.

Investment Policies

- To invest in a diversified portfolio of equity and equity-related securities of Indian companies.
- To invest also in companies which earn a material part of their revenues from India.
- The Company will not invest in the other countries of the Indian sub-continent nor in Sri Lanka.
- To invest no more than 15% of gross assets in other investment companies (including investment trusts).
- To use gearing when appropriate to increase potential returns to shareholders; the Company's gearing policy is to use gearing for tactical purposes, up to a maximum level of 15% of shareholders' funds.

Benchmark

MSCI India Index expressed in sterling.

Risk

Investors should note that there can be significant economic and political risks inherent in investing in a single emerging economy such as India. As such, the Indian market can exhibit more volatility than developed markets and this should be taken into consideration when evaluating the suitability of the Company as a potential investment.

Capital Structure

At 30th September 2015, the Company's share capital comprised 125,617,586 Ordinary shares of 25p each, including 19,909,788 shares held in Treasury.

Continuation Vote

The Company's Articles require that, at the Annual General Meeting to be held in 2019 and at every fifth year thereafter, the Directors propose a resolution that the Company continues as an investment trust.

Management Company

The Company employs JPMorgan Funds Limited ('JPMF' or the 'Manager') as its Alternative Investment Fund Manager. JPMF delegates the management of the Company's portfolio to JPMorgan Asset Management (UK) Limited ('JMAM').

FCA regulation of 'non-mainstream pooled investments'

The Company currently conducts its affairs so that the shares issued by JPMorgan Indian Investment Trust plc can be recommended by Independent Financial Advisers to ordinary retail investors in accordance with the Financial Conduct Authority ('FCA') rules in relation to non-mainstream investment products and intends to continue to do so for the foreseeable future.

The shares are excluded from the FCA's restrictions which apply to non-mainstream investment products because they are shares in an investment trust.

AIC

The Company is a member of the Association of Investment Companies.

Website

The Company's website, which can be found at www.jpmindian.co.uk, includes useful information on the Company, such as daily prices, factsheets and current and historic half year and annual reports.

CHAIRMAN'S STATEMENT

Results

After its stellar performance in the year to 30th September 2014, when it rose by nearly 40%, the Indian stock market was a disappointment in the year ended 30th September 2015. Returns to investors, as measured by the MSCI India Index (in sterling terms), were only marginally positive, at 0.7%. This was despite a very encouraging return of 14.3% in the first six months. In the second half, with sentiment towards emerging markets turning increasingly negative and the new Indian government under Mr Modi finding it more difficult than businessmen and investors had expected to push its legislative proposals through parliament, corporate profits failed to grow as anticipated and virtually all this performance was given back.

However, I am very pleased to report that your Company did much better than the index, producing a return on net assets of 14.0% over the year. The return to shareholders was a little less than this, at 12.9%, reflecting a slight widening of the discount from 11.4% to 12.3% over the year. This is by a large margin the best relative performance your Company has achieved in the last decade, as can be seen from the graph on page 9, and I would like to congratulate our Investment Managers on the results they have achieved this year.

They set out the key factors affecting the Indian economy and equity market as well as the portfolio's performance over the financial year and give their view of the prospects for the future in their report on pages 5 to 7.

Gearing

The Company has a three year floating rate £70 million loan facility with Scotiabank to provide the Investment Managers with the flexibility to gear the portfolio when they believe it is appropriate. At the end of the financial year £23 million was drawn and the portfolio was 1.9% geared. As at the date of this report, the gearing level is approximately 4.4%.

Investment Manager

The Board has reviewed the investment management, company secretarial, sales and marketing services provided to the Company by JPMorgan Funds ('JPMF'). This annual review included the performance record, management processes, investment style, resources and risk control mechanisms. The Board was satisfied with the results of the review and therefore in the opinion of the Directors, the continuing appointment of JPMF for the provision of these services, on the terms agreed, is in the best interests of shareholders as a whole.

Share Issues and Repurchases

At the Annual General Meeting in January 2015 shareholders granted the Directors authority to repurchase up to 14.99% of the Company's shares for cancellation or into Treasury. The Company did not repurchase any shares during the year. There are a total of 19,909,788 shares held in Treasury. Your Board believes that this facility is an important tool in the management of discount volatility and is, therefore, seeking approval from shareholders to renew the authority to repurchase the Company's shares at the forthcoming Annual General Meeting.

Shareholders also granted the Directors authority to issue new ordinary shares. At various times in the past, the Company's shares have traded at a premium to net asset value ('NAV'), which has enabled the issue of new shares. The Board has established guidelines relating to

CHAIRMAN'S STATEMENT *CONTINUED*

the issue of shares and if these conditions are met, this authority will be utilised to enhance the Company's NAV per share and therefore benefit existing shareholders.

To supplement this authority, the Board will reissue shares from Treasury when appropriate. Issuing shares out of Treasury would be cheaper than issuing new shares since it avoids the necessity of the Company paying listing fees to the London Stock Exchange and the UK Listing Authority. The Board will only buy back shares at a discount to their prevailing NAV and issue new shares, or reissue Treasury shares, when they trade at a premium to their NAV, so as not to prejudice continuing shareholders.

Annual General Meeting

This year's Annual General Meeting will be held at JPMorgan's office at 60 Victoria Embankment, London EC4Y 0JP on Wednesday, 27th January 2016 at 12.00 noon. As in previous years, in addition to the formal part of the meeting, there will be a presentation from one of the Investment Managers, who will answer questions on the Company's portfolio and performance. There will also be an opportunity to meet the Board and representatives of JPMorgan.

As we have done at previous Annual General Meetings, in order to prevent overcrowding, entry will be restricted to shareholders only and guests will not be admitted to the meeting.

If you have any detailed or technical questions, it would be helpful if you could raise them in advance with the Company Secretary at 60 Victoria Embankment, London EC4Y 0JP or via the 'Ask a Question' link on the Company's website. Shareholders who are unable to attend the AGM are encouraged to use their proxy votes.

Outlook

The short term prospects for the Indian stock market are unusually uncertain. The economy, and with it corporate profits, has not picked up in the way that we had hoped a year ago and it may be that the imminent rise in US interest rates, which is very widely anticipated, will serve to increase the rate at which overseas investors are withdrawing funds from Indian bond and equity markets. On the other hand, as our Investment Managers point out in their review, the Modi government has already achieved a considerable amount in laying the foundations for much needed investment in infrastructure, most notably in the power and transport sectors. India has tremendous potential for growth and a thriving entrepreneurial culture and I fully share the Investment Managers' optimism for the medium and long term prospects for the Indian market and thus for our Company.

INVESTMENT MANAGERS' REPORT

Rukhshad Shroff

Rajendra Nair

The Company's financial year was yet another volatile one, but rewarding for shareholders. While the market was largely unchanged for the year, the Company substantially outperformed, delivering a total return on net assets of +14%. Our report reviews the financial year, analyses the drivers of performance and considers the outlook.

Emerging markets in general were volatile through the year as a combination of the sharp slowdown in the Chinese economy and the imminent reset in monetary policy by the US Federal Reserve cast a shadow over the entire asset class: equities, currencies and debt. In India, politics remained in focus as Mr Narendra Modi completed one year in office, following the historic verdict in the national elections in mid 2014. The initial euphoria faded as the B.J.P suffered electoral reverses in state elections in Delhi and Bihar. That said, the government did initiate a host of reforms to kick-start economic growth. Among the key ones were:

- A comprehensive plan to restructure loans of the state electricity boards in the power sector;
- A substantial increase in the state governments' share of central government revenues, to engineer a paradigm shift in centre-state relations;
- The auction of key assets such as coal mines and radio spectrum, which increased transparency and raised substantial resources for the government;
- A substantial increase in government capital expenditure in areas such as roads and railways to kick-start a new investment cycle; and
- Tentative steps to ease onerous labour regulations by empowering individual state governments.

However, notwithstanding the above, the biggest challenge for the Modi government has been the inability to pass key legislation (such as the Goods and Services Tax Bill), due to the lack of a majority in the upper house of Parliament. This is likely to remain an ongoing challenge as achieving bi-partisan consensus remains very difficult in the complex political landscape.

Despite the efforts of the government, the domestic macro environment remained frustratingly sluggish, though there are some indications of a recovery. Headline GDP growth hovered around 7% (which roughly equates to 5% under the old calculation method). However, high frequency indicators such as industrial production, auto sales and cement demand suggested a much slower pace. The sluggish environment was also evident in the earnings of corporate India, estimates of which were cut steadily through the year.

The collapse in commodity prices, especially oil, helped three key macro pain points for the economy: (1) the current account deficit, a source of much stress in 2013, improved and could well come into balance in 2016; (2) the fiscal deficit reduced as the government took the opportunity to further dismantle fuel subsidies; and (3) finally inflation eased.

This sharp drop in inflation was the trigger for the Reserve Bank of India to cut interest rates. Interest rates were progressively cut by a cumulative 125 bps, with more to come, in our view.

INVESTMENT MANAGERS' REPORT *CONTINUED*

Performance

The Company substantially outperformed the benchmark as the key overweight position in domestic cyclicals - financials such as HDFC Bank, Kotak Bank and Indusind Bank; auto stocks such as Maruti Suzuki and Ashok Leyland - contributed to performance. The underweight in global cyclicals - metals and energy stocks such as Vedanta, ONGC and Cairn India - also contributed to relative performance. On the flip side, the overweight in Tata Motors detracted from performance as the slowdown in the Chinese economy hurt its international business Jaguar Land Rover. The overweight in Mahindra & Mahindra Financial Services also hurt performance as weakness in the rural economy impacted its asset quality. The underweight in healthcare stocks, such as Dr Reddy's, and consumer staples such as Hindustan Unilever and Godrej Consumer Products, also detracted from relative performance.

A glossary of terms and definitions is provided on page 63.

Outlook

In the near term, the imminent reset in monetary policy in the US could lead to an acceleration of recent outflows from emerging markets. This could be particularly relevant for India, to the extent that inflows from foreign portfolio investors in equities and debt have been extremely strong over the past five years.

But, as investors are aware, our focus remains on the long term. And, on a three to five year horizon, we remain optimistic for the following reasons:

- We remain convinced that the policy actions of the Modi government are designed to create a stable foundation for India's growth and development;
- The Indian economy remains cyclically depressed and is likely to gradually recover to a more sustainable 9% rate of growth (which is equivalent to 7% under the previous calculation methodology);
- As the economy recovers, so too will corporate earnings. Our research shows that almost all companies, across all sectors, have under-utilised earnings power that will at some point be unleashed;
- Falling interest rates will be a key catalyst of this revival. It is worth noting that, while interest rates have been cut by 125 bps thus far, lending rates have been cut by much less (approximately 70 bps);
- Valuations are reasonable at around their long term averages. However, this is on earnings forecasts, as mentioned, which we believe are cyclically depressed. In fact, acceleration in earnings growth is likely to be the key driver for equity returns over the next 3-5 years; and
- Our confidence that the bottom-up opportunity set is diverse and large enough for us to construct a portfolio of well managed, high quality growth companies.

The Company's portfolio remains positioned for this view, with a distinct tilt towards domestic cyclicals such as financials, consumer discretionary and building materials at the expense of global cyclicals and defensives such as consumer staples.

BUSINESS REVIEW

The aim of the Strategic Report is to provide shareholders with the ability to assess how the Directors have performed their duty to promote the success of the Company during the year under review. To assist shareholders with this assessment, the Strategic Report sets out the structure and objective of the Company, its investment policies and risk management, investment limits and restrictions, performance and key performance indicators, share capital, principal risks and how the Company seeks to manage those risks, the Company's environmental, social and ethical policy and its long term viability.

Structure and Objective of the Company

JPMorgan Indian Investment Trust plc is an investment trust company that has a premium listing on the London Stock Exchange. Its objective is to achieve capital growth from investments in India. In seeking to achieve this objective the Company employs JPMF to actively manage the Company's assets. The Board has determined an investment policy and related guidelines and limits, as described below. It aims to outperform the MSCI India Index (expressed in sterling).

The Company is subject to UK and European legislation and regulations including UK company law, Financial Reporting Standards, the UKLA Listing, Prospectus, Disclosure and Transparency Rules, taxation law and the Company's own Articles of Association. The Company is an investment company within the meaning of Section 833 of the Companies Act 2006 and has been approved by HM Revenue & Customs as an investment trust (for the purposes of Sections 1158 and 1159 of the Corporation Tax Act 2010) for the year ended 30th September 2013 and future years. The Directors have no reason to believe that approval will not continue to be obtained. The Company is not a close company for taxation purposes.

The Company owns 100% of the share capital of its subsidiary undertaking JPMorgan Indian Investment Company (Mauritius) Limited, an investment holding company registered in Mauritius.

Investment Policies and Risk Management

In order to achieve its objective, the Company invests in a diversified portfolio and employs a Manager with a strong focus on research and company visits that enables it to identify what it believes to be the most attractive stocks in the market.

The Company does not invest more than 15% of its gross assets in other UK listed investment companies (including investment trusts). The Company does not invest more than 10% of its gross assets in

companies that themselves may invest more than 15% of their gross assets in UK listed investment companies.

Investment Restrictions and Guidelines

The Board seeks to manage the Company's risk by imposing various investment limits and restrictions:

- The Company will not invest in the other countries of the Indian sub-continent nor in Sri Lanka.
- The Company can invest in companies that earn a material part of their revenues from India.
- At time of purchase, the maximum permitted exposure to any individual stock is 14.99% of total assets.
- No more than 10% of the Company's assets will be invested in unquoted investments.
- To use gearing when appropriate to increase potential returns to shareholders; the Company's gearing policy is to use gearing for tactical purposes, up to a maximum level of 15% of shareholders funds.

Compliance with the Board's investment restrictions and guidelines is monitored regularly by the Manager and is reported to the Board on a monthly basis.

These limits and restrictions may be varied by the Board at any time at its discretion.

Performance

In the year to 30th September 2015, the Company produced a total return to shareholders of +12.9%, and a return on net assets of +14.0%. This compares with the return on the Company's benchmark index of +0.7%. At 30th September 2015, the value of the Group's investment portfolio was £624.0 million. The Investment Managers' Report on pages 5 to 7 includes a review of developments during the year as well as information on investment activity within the Company's portfolio and the factors likely to affect the future performance of the Company.

Total Income and Profit

Total income for the year amounted to £82.6 million (2014: £153.5 million) and the net profit after deducting administration expenses, interest and taxation, amounted to £74.1 million (2014: £147.4 million). Net revenue loss for the year amounted to £2.3 million (2014: £0.6 million profit).

Key Performance Indicators ('KPIs')

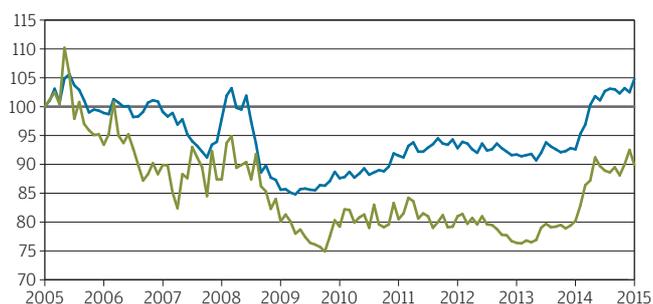

The Board uses a number of financial KPIs to monitor and assess the performance of the Company. The principal KPIs are:

- **Performance against the benchmark**

This is the most important KPI by which performance is judged.

Performance Relative to Benchmark Index

FIGURES HAVE BEEN REBASED TO 100 AT 30TH SEPTEMBER 2005

Source: Morningstar/MSCI.

- JPMorgan Indian - share price total return.
- JPMorgan Indian - return on net assets.
- The benchmark is represented by the grey horizontal line.

Ten Year Performance

FIGURES HAVE BEEN REBASED TO 100 AT 30TH SEPTEMBER 2005

Source: Morningstar/MSCI.

- JPMorgan Indian - share price total return.
- JPMorgan Indian - net asset value total return.
- Benchmark.

- **Performance against the Company's peers**

The principal objective is to achieve capital growth and out-performance relative to the benchmark. The Board also monitors the performance relative to a broad range of competitor funds.

- **Performance attribution**

The purpose of performance attribution analysis is to assess how the Company achieved its performance relative to its benchmark index, i.e. to understand the impact on the Company's relative performance of the various components such as asset allocation,

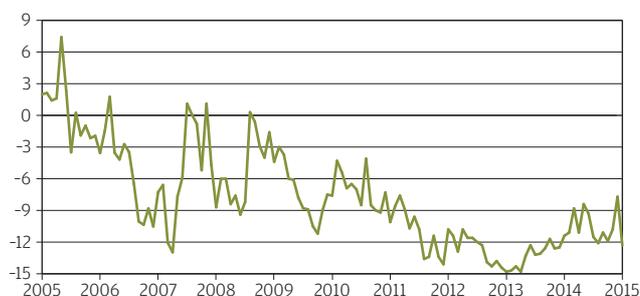

stock selection and gearing. Details of the attribution analysis for the year ended 30th September 2015 are given in the Investment Managers' Report on page 6.

- **Share price discount to net asset value ('NAV') per share**

The Board has for several years operated a share repurchase programme which seeks to address imbalances in supply of and demand for the Company's shares within the market and thereby seek to reduce the volatility and absolute level of the share price discount to NAV per share at which the Company's shares trade. In the year to 30th September 2015, the shares traded between a discount of 7.7% and 12.3%, based on month end data.

The Board has the ability to purchase shares into Treasury and to issue them at a later date at a premium to NAV.

Premium/(Discount)

Source: Morningstar.

- JPMorgan Indian - share price discount/premium to net asset value per share.

- **Ongoing Charges**

The ongoing charges represent the Company's management fee and all other operating expenses, excluding finance costs, expressed as a percentage of the average daily net assets during the year. The ongoing charges for the year ended 30th September 2015 were 1.24% (2014: 1.27%). The Board reviews each year an analysis which shows a comparison of the Company's ongoing charges and its main expenses with those of its competitors.

Share Capital

The Directors have, on behalf of the Company, authority to issue new shares, to repurchase shares into Treasury and to repurchase shares for cancellation.

During the year to 30th September 2015 the Company did not repurchase any ordinary shares into Treasury (2014: 4,330,000). No shares have been repurchased into Treasury since the year end.

The Board will seek shareholder approval at the forthcoming Annual General Meeting to renew the Directors' authority to issue new shares and repurchase shares into Treasury or for cancellation. More details are given on pages 21 and 22 and the full text of the resolutions are set out on pages 60 and 61.

BUSINESS REVIEW CONTINUED

Board Diversity

When recruiting a new Director, the Board's policy is to appoint individuals on merit. Diversity is important in bringing an appropriate range of skills and experience to the Board. At 30th September 2015, there were three male Directors and two female Directors on the Board.

Employees, Social, Community and Human Rights Issues

The Company has a management contract with JPMF. It has no employees and all of its Directors are non-executive, the day to day activities being carried out by third parties. There are therefore no disclosures to be made in respect of employees. The Board notes the JPMorgan Asset Management ('JPMAM') policy statements in respect of Social, Community, Environmental and Human Rights issues, as outlined below in italics.

Social, Community, Environmental and Human Rights

JPMAM believes that companies should act in a socially responsible manner. Although our priority at all times is the best economic interests of our clients, we recognise that, increasingly, non-financial issues such as social and environmental factors have the potential to impact the share price, as well as the reputation of companies. Specialists within JPMAM's environmental, social and governance ('ESG') team are tasked with assessing how companies deal with and report on social and environmental risks and issues specific to their industry.

JPMAM is also a signatory to the United Nations Principles of Responsible Investment, which commits participants to six principles, with the aim of incorporating ESG criteria into their processes when making stock selection decisions and promoting ESG disclosure. Our detailed approach to how we implement the principles is available on request.

Greenhouse Gas Emissions

The Company has no premises, consumes no electricity, gas or diesel fuel and consequently does not have a measurable carbon footprint. *JPMAM is also a signatory to Carbon Disclosure Project. JPMorgan Chase is a signatory to the Equator Principles on managing social and environmental risk in project finance.*

Principal Risks

The Directors confirm that they have carried out a robust assessment of the principal risks facing the Company, including those that would threaten its business model, future performance, solvency or liquidity. The risks identified and the ways in which they are managed or mitigated are summarised as follows.

With the assistance of the Manager, the Board has drawn up a risk matrix, which identifies the key risks to the Company. In assessing risks and how they can be mitigated, the Board has given particular attention to those risks that might threaten the viability of the Company. These key risks fall broadly under the following categories:

- **Investment and Strategy:** An inappropriate investment strategy, for example asset allocation or the level of gearing, may lead to under-performance against the Company's benchmark index and peer companies, resulting in the Company's shares trading on a wider discount. The Board manages these risks by diversification of investments through its investment restrictions and guidelines which are monitored and reported by the Manager. JPMF provides the Directors with timely and accurate management information, including performance data and attribution analyses, revenue estimates, liquidity reports and shareholder analyses. The Board monitors the implementation and results of the investment process with the Investment Managers, who attend all Board meetings, and review data which show statistical measures of the Company's risk profile. The Investment Managers employ the Company's gearing, within a strategic range set by the Board.
- **Market:** Market risk arises from uncertainty about the future prices of the Company's investments. It represents the potential loss that the Company might suffer through holding investments in the face of negative market movements. The Board considers asset allocation, stock selection and levels of gearing on a regular basis and has set investment restrictions and guidelines, which are monitored and reported on by the Manager. The Board monitors the implementation and results of the investment process with the Investment Managers.
- **Legal and Regulatory:** In order to qualify as an investment trust, the Company must comply with Section 1158 of the Corporation Tax Act 2010 ('Section 1158'). Details of the Company's approval are given under 'Business of the Company' above. Were the Company to breach Section 1158, it would lose its investment trust status and, as a consequence, gains within the Company's portfolio would be subject to Capital Gains Tax. The Section 1158 qualification criteria are continually monitored by the Manager and the results reported to the Board each month. The Company must also comply with the provisions of the Companies Act and, since its shares are listed on the London Stock Exchange, the UKLA Listing Rules and Disclosure and Transparency Rules ('DTRs'). A breach of the Companies Act could result in the Company and/or the Directors being fined or the subject of criminal proceedings. Breach of the UKLA Listing Rules or DTRs could result in the Company's shares being suspended from listing which in turn would breach Section 1158. The Board relies on the services of its Company Secretary and its professional advisers to ensure compliance with the Companies Act and the UKLA Listing Rules and DTRs.

-
- **Taxation:** Any change in the taxation legislation or taxation regime applicable to the Mauritian subsidiary company could affect the value of the investments held by the Group, affect the Company's ability to provide returns to shareholders or alter the post-tax returns to shareholders. In particular, it is expected that the Mauritian subsidiary company will continue to benefit from the India/Mauritius Double Tax Treaty. Future changes to Mauritian or Indian law or to the India/Mauritius Double Tax Treaty, or the interpretations given to them by the regulatory authorities, could impose additional costs or obligations on the activities of the Mauritian subsidiary company, which in turn may have adverse effects on the performance of the Company. The terms of the India/Mauritius Double Tax Treaty were challenged in India but were upheld by the Supreme Court of India in October 2003. More recently, there have been discussions between the Indian and Mauritian authorities with regard to a re-negotiation of the Treaty. Adverse tax consequences would result if the Mauritian subsidiary company ceased to qualify for the benefits under the India/Mauritius Double Tax Treaty (for example, if it were held that the Mauritian subsidiary company was not a resident of Mauritius). There can be no assurance that the Mauritian subsidiary company will continue to qualify for or receive the benefits of the India/Mauritius Double Tax Treaty or that the terms of the India/Mauritius Double Tax Treaty will not be changed. Such an event may require the Mauritian subsidiary company to pay or provide for tax liabilities that would reduce the net asset value of the Company's shares. The Board monitors closely developments in this area through the Manager, the Mauritian administrator and its professional advisers.
 - **Corporate Governance and Shareholder Relations:** Details of the Company's compliance with Corporate Governance best practice, including information on relations with shareholders, are set out in the Corporate Governance report on pages 22 to 26.
 - **Operational:** Loss of key staff by the Manager, such as the Investment Managers, could affect the performance of the Company. Disruption to, or failure of, the Manager's accounting, dealing or payments systems or the depositary's or custodian's records could prevent accurate reporting and monitoring of the Company's financial position. This includes the risk of cybercrime and consequent potential threat to security and business continuity. Details of how the Board monitors the services provided by the Manager and its associates and the key elements designed to provide effective internal control are included in the Risk Management and Internal Control section of the Corporate Governance report on pages 25 to 26.

- **Financial:** The financial risks faced by the Company include market price risk, interest rate risk, liability risk, credit risk and borrowing default risk. Further details are disclosed in note 19 on pages 51 to 58.
- **Political and Economic:** The Company faces risks from possible policy changes including the imposition of restrictions on the free movement of capital.

Long Term Viability

Taking account of the Company's current position, the principal risks that it faces and their potential impact on its future development and prospects, the Directors have assessed the prospects of the Company, to the extent that they are able to do so, over the next five years. They have made that assessment by considering those principal risks, the Company's investment objective and strategy, the investment capabilities of the Manager and the current outlook for the Indian economy and equity market. They have also taken into account the fact that the Company has a continuation vote at the 2019 AGM and, with input from the Company's major shareholders and its brokers, the likelihood of shareholders voting in favour of continuation.

In determining the appropriate period of assessment the Directors had regard to their view that, given the Company's objective of achieving long term capital growth, shareholders should consider the Company as a long term investment proposition. This is consistent with advice provided by investment advisers, that investors should consider investing in equities for a minimum of five years. Thus the Directors consider five years to be an appropriate time horizon to assess the Company's viability.

The Directors confirm that, assuming a successful continuation vote at the 2019 AGM, they have a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the five year period of assessment.

By order of the Board
Jonathan Latter, for and on behalf of
JPMorgan Funds Limited
Secretary

15th December 2015

Governance

BOARD OF DIRECTORS

Richard Burns*†‡ (Chairman of the Board and Nomination Committee)

A Director since December 2006.

Last reappointed to the Board: 2015.

Remuneration: £32,500.

Former Joint Senior Partner and Head of Investment at Baillie Gifford. He is Chairman of Mid Wynd International Investment Trust plc and Standard Life Equity Income Trust plc.

Connections with Manager: None.

Shared directorships with other Directors: None.

Shareholding in Company: 95,000 Ordinary shares.

Jasper Judd*†‡ (Chairman of the Audit Committee)

A Director since January 2015.

Last reappointed to the Board: 2015.

Remuneration: £27,500.

A qualified chartered accountant. He latterly spent ten years at Brambles Limited, an Australian headquartered multinational company listed on the Australian Stock Exchange (and formerly on the London Stock Exchange), where he held senior finance and strategy roles, including global head of strategy, and was a member of the global Executive Committee.

Connections with Manager: None.

Shared directorships with other Directors: None.

Shareholding in Company: 2,000 Ordinary shares.

Rosemary Morgan*†‡

A Director since December 2013.

Last reappointed to the Board: 2015.

Remuneration: £24,000.

Director of Schroder Asia Pacific Fund plc, Landau Forte Charitable Trust and a trustee of the London Library Pension Fund. Formerly a manager of Japanese equity portfolios at AIB Govett, she worked in institutional marketing and client liaison at Fidelity International and was Head of Asia and Emerging Markets (Multi Manager Funds) at Royal Bank of Scotland.

Connections with Manager: None.

Shared directorships with other Directors: None.

Shareholding in Company: 2,978 Ordinary shares.

Nimi Patel*†‡

A Director since December 2011.

Last reappointed to the Board: 2015.

Remuneration: £24,000.

Until June 2015, a member of Herbert Smith LLP's corporate division and Head of Herbert Smith India Group. She assisted a number of Indian corporates, including the Tata Group, Reliance Industries and ICICI Limited, public sector undertakings and financial institutions on transactions in India. Nimi joined Herbert Smith LLP in 1994.

Connections with Manager: None.

Shared directorships with other Directors: None.

Shareholding in Company: 46,737 ordinary shares.

Hugh Sandeman*†‡ (Senior Independent Director)

A Director since October 2010.

Last reappointed to the Board: 2015.

Remuneration: £24,000.

Over 20 years experience in investment banking, based in New York, Tokyo, London and Frankfurt principally with Dresdner Kleinwort. He is a Managing Director at Langham Capital Limited.

Connections with Manager: None.

Shared directorships with other Directors: None.

Shareholding in Company: 19,000 ordinary shares.

*** Member of the Audit Committee.**

† Considered independent of the Manager.

‡ Member of the Nomination Committee.

DIRECTORS' REPORT

The Directors present their report and the audited financial statements for the year ended 30th September 2015.

Management of the Company

The Manager and Secretary is JPMorgan Funds Limited ('JPMF'), a company authorised and regulated by the FCA. Prior to 1st July 2014, these roles were undertaken by JPMorgan Asset Management (UK) Limited ('JPMAM'). JPMF is an affiliate of JPMAM and was appointed as the Company's Alternative Investment Fund Manager ('AIFM') from 1st July 2014. JPMF is a wholly-owned subsidiary of JPMorgan Chase Bank which, through other subsidiaries, also provides marketing, banking, dealing and custodian services to the Company.

JPMF is employed under a contract which can be terminated on six months' notice for performance reasons and 12 months for all other reasons, without penalty. If the Company wishes to terminate the contract on shorter notice, the balance of remuneration is payable by way of compensation.

The Board conducts a formal evaluation of the performance of, and contractual relationship with, the Manager on an annual basis. No separate management engagement committee has been established as all of the Directors are considered to be independent of the Manager. The Board has evaluated the performance of the Manager and confirms that it is satisfied that the continuing appointment of the Manager is in the interests of shareholders as a whole. In arriving at this view, the Board considered the investment strategy and process of the Manager, noting performance against the benchmark over the long term and the quality of the support that the Company receives from JPMF.

The Alternative Investment Fund Managers Directive ('AIFMD')

JPMF is the Company's alternative investment fund manager ('AIFM'). It is approved as an AIFM by the FCA. For the purposes of the AIFMD the Company is an alternative investment fund ('AIF'). JPMF has delegated responsibility for the day to day management of the Company's portfolio to JPMAM. The Company has appointed BNY Mellon Trust and Depositary (UK) Limited ('BNY') as its depositary. BNY has appointed JPMorgan Chase Bank, N.A. as the Company's custodian. BNY is responsible for the oversight of the custody of the Company's assets and for monitoring its cash flows.

The AIFMD requires certain information to be made available to investors in AIFs before they invest and requires that material changes to this information be disclosed in the annual report of each AIF. An Investor Disclosure Document, which sets out information on the Company's investment strategy and policies, leverage, risk, liquidity, administration, management, fees, conflicts

of interest and other shareholder information is available on the Company's website at www.jpmindian.co.uk There have been no material changes (other than those reflected in these financial statements) to this information requiring disclosure. Any information requiring immediate disclosure pursuant to the AIFMD will be disclosed to the London Stock Exchange through a primary information provider.

As an authorised AIFM, JPMF will make the requisite disclosures on remuneration levels and policies to the FCA at the appropriate time.

Management Fee

The management fee is charged at the rate of 1.0% of the Group's assets less current liabilities. Fees are paid monthly in arrears. Investments in funds managed or advised by the Manager or any of its associated companies are excluded from the calculations and therefore attract no fee.

Directors

The Directors of the Company who held office at the end of the year are detailed on pages 18 and 19. Hugh Bolland retired from the Board at the conclusion of the 2015 AGM. Richard Burns succeeded him as Chairman. Jasper Judd was appointed a Director with effect from 1st January 2015. Mr Judd succeeded Mr Burns as Chairman of the Audit Committee.

Details of Directors' beneficial shareholdings may be found in the Directors' Remuneration Report on page 28.

In accordance with corporate governance best practice, all Directors will retire at the forthcoming Annual General Meeting and being eligible, offer themselves for reappointment.

The Nomination Committee, having considered their qualifications, performance and contribution to the Board and its Committees, confirms that each Director standing for reappointment continues to be effective and to demonstrate commitment to the role. The Board recommends to shareholders that they be reappointed.

Director Indemnification and Insurance

As permitted by the Company's Articles of Association, each Director has the benefit of an indemnity which is a qualifying third party indemnity, as defined by Section 234 of the Companies Act 2006. The indemnities were in place during the year and as at the date of this report.

An insurance policy is maintained by the Company which indemnifies the Directors of the Company against certain liabilities arising in the conduct of their duties. There is no cover against fraudulent or dishonest actions.

Disclosure of information to Auditors

In the case of each of the persons who are Directors of the Company at the time when this report was approved:

- (a) so far as each of the Directors is aware, there is no relevant audit information (as defined in the Companies Act 2006) of which the Company's auditors are unaware, and
- (b) each of the Directors has taken all the steps that he/she ought to have taken as a Director in order to make himself/herself aware of any relevant audit information (as defined) and to establish that the Company's auditors are aware of that information.

The above confirmation is given and should be interpreted in accordance with the provision of Section 418(2) of the Companies Act 2006.

Independent Auditors

PricewaterhouseCoopers LLP were appointed as auditors to the Company in 2015 and their reappointment will be proposed at the forthcoming AGM.

Section 992 Companies Act 2006

The following disclosures are made in accordance with Section 992 Companies Act 2006.

Capital Structure

The Company's capital structure is summarised on the inside front cover of this report.

Voting Rights in the Company's shares

Details of the voting rights in the Company's shares as at the date of this report are given in note 16 to the Notice of Annual General Meeting on page 62.

Notifiable Interests in the Company's Voting Rights

At the year end, the following had declared a notifiable interest in the Company's voting rights:

Shareholders	Number of voting rights	%
City of London Investment Management Company Limited	20,096,867	19.01

On 20th November 2015, City of London Investment Management Company disclosed that its holding was 20,038,167 shares (18.96%).

The Company is also aware that approximately 9.8% of the Company's total voting rights were held by individuals through the savings products managed by JPMorgan Asset Management and

registered in the name of Chase Nominees Limited as at the year end. If those voting rights are not exercised by the beneficial holders, in accordance with the terms and conditions of the savings products, under certain circumstances, JPMorgan Asset Management has the right to exercise those voting rights. That right is subject to certain limits and restrictions and falls away at the conclusion of the relevant general meeting.

The rules concerning the appointment and replacement of Directors, amendment of the Articles of Association and powers to issue or buy back the Company's shares are contained in the Articles of Association of the Company and the Companies Act 2006.

There are no restrictions concerning the transfer of securities in the Company; no special rights with regard to control attached to securities; no agreements between holders of securities regarding their transfer known to the Company; no agreements which the Company is party to that affect its control following a takeover bid; and no agreements between the Company and its directors concerning compensation for loss of office.

Annual General Meeting

NOTE: THIS SECTION IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. If you are in any doubt as to the action you should take, you should seek your own personal financial advice from your stockbroker, bank manager, solicitor or other financial advisor authorised under the Financial Services and Markets Act 2000.

Resolutions relating to the following items of special business will be proposed at the forthcoming Annual General Meeting:

(i) Authority to issue relevant securities and disapply pre-emption rights (resolutions 10 and 11)

The Directors will seek renewal of the authority at the AGM to issue 10,570,779 new shares or shares held in Treasury other than by a pro rata issue to existing shareholders up to an aggregate nominal amount of £2,642,694, such amount being equivalent to approximately 10% of the present issued share capital. The full text of the resolutions is set out in the Notice of Meeting on page 60.

It is advantageous for the Company to be able to issue new shares to investors purchasing shares through the JPMorgan savings products and also to other investors when the Directors consider that it is in the best interests of shareholders to do so. Any such issues would only be made at prices greater than the NAV, thereby increasing the assets underlying each share and spreading the Company's administrative expenses, other than the management fee which is charged on the value of the Company's assets, over a greater number of shares. The issue proceeds would be available for investment in line with the Company's investment policies.

DIRECTORS' REPORT *CONTINUED*

(ii) Authority to repurchase the Company's shares (resolution 12)

The authority to repurchase up to 14.99% of the Company's issued share capital, renewed by shareholders at the 2015 Annual General Meeting, will expire on 28th July 2016 unless renewed at the forthcoming Annual General Meeting. The Directors consider that the renewal of the authority is in the interests of shareholders as a whole as the repurchase of shares at a discount to NAV enhances the NAV of the remaining shares. The Board will therefore seek shareholder approval at the Annual General Meeting to renew this authority, which will last until 26th July 2017 or until the whole of the 14.99% has been acquired, whichever is the earlier. The full text of the resolution is set out in the Notice of Meeting on pages 60 and 61. Repurchases will be made at the discretion of the Board, and will only be made in the market at prices below the prevailing NAV per share, thereby enhancing the NAV of the remaining shares, as and when market conditions are appropriate.

Recommendation

The Board considers that resolutions 10 to 12 are likely to promote the success of the Company and are in the best interests of the Company and its shareholders as a whole. The Directors unanimously recommend that you vote in favour of the resolutions as they intend to do, where voting rights are exercisable, in respect of their own beneficial holdings which amount in aggregate to 165,715 shares representing approximately 0.16% of the existing issued share capital of the Company.

Corporate Governance Statement

Compliance

The Company is committed to high standards of corporate governance. This statement, together with the Statement of Directors' Responsibilities on page 30, indicates how the Company has applied the principles of good governance of the UK Corporate Governance Code and the AIC's Code of Corporate Governance (the 'AIC Code'), which complements the UK Corporate Governance Code and provides a framework of best practice for investment trusts.

The Board is responsible for ensuring the appropriate level of corporate governance and considers that the Company has complied with the best practice provisions of the UK Corporate Governance Code and the AIC Code throughout the year under review.

Role of the Board

A management agreement between the Company and JPMF sets out the matters over which the Manager has authority. This includes

management of the Company's assets and the provision of accounting, company secretarial, administration, and some marketing services. All other matters are reserved for the approval of the Board. A formal schedule of matters reserved to the Board for decision has been approved. This includes determination and monitoring of the Company's investment objectives and policy and its future strategic direction, gearing policy, management of the capital structure, appointment and removal of third party service providers, review of key investment and financial data and the Company's corporate governance and risk control arrangements.

The Board has procedures in place to deal with potential conflicts of interest and, following the introduction of The Bribery Act 2010, has adopted appropriate procedures designed to prevent bribery. It confirms that the procedures have operated effectively during the year under review.

The Board meets at least quarterly during the year and additional meetings are arranged as necessary. Full and timely information is provided to the Board to enable it to function effectively and to allow Directors to discharge their responsibilities.

There is an agreed procedure for Directors to take independent professional advice if necessary and at the Company's expense. This is in addition to the access that every Director has to the advice and services of the Company Secretary, JPMF, which is responsible to the Board for ensuring that the Board procedures are followed and that applicable rules and regulations are complied with.

Board Composition

The Board, chaired by Richard Burns, consists entirely of non-executive Directors, all of whom are considered to be independent of the Company's Manager, including the Chairman. The Directors have a breadth of investment knowledge, business and financial skills and experience relevant to the Company's business. Brief biographical details of each Director are set out on pages 18 and 19.

The Board does not feel that it would be appropriate to adopt a policy whereby Directors serve for a limited period of time, given the specialist nature of the Company's investment universe. However, in order to achieve a balance of skills, experience, length of service and ages, it is the Board's policy to induct new Directors to provide an orderly succession over time. Jasper Judd was appointed to the Board on 1st January 2015.

A review of Board composition and balance is included as part of the annual performance evaluation of the Board, details of which may be found below. Hugh Sandeman, the Senior Independent Director, is available to shareholders if they have concerns that cannot be resolved through discussion with the Chairman.

The Board is responsible for ensuring an appropriate level of corporate governance and considers that the Company has complied with the best practice provisions of the UK Corporate Governance Code and the AIC Code, insofar as they are relevant to the Company's business, throughout the year under review.

Tenure

Directors are initially appointed until the following Annual General Meeting when, under the Company's Articles of Association, it is required that they be reappointed by shareholders. Thereafter, a Director's reappointment is subject to the performance evaluation carried out each year and the approval of shareholders at each annual general meeting, in accordance with corporate governance best practice. The Board does not believe that length of service in itself necessarily disqualifies a Director from seeking reappointment but, when making a recommendation, the Board will take into account the requirements of the UK Corporate Governance Code, including the need to refresh the Board and its Committees.

The terms and conditions of Directors' appointments are set out in formal letters of appointment, copies of which are available for inspection on request at the Company's registered office and at the Annual General Meeting.

Induction and Training

On appointment, the Manager and Company Secretary provide all Directors with induction training. Thereafter regular briefings are provided on changes in regulatory requirements that affect the Company and Directors, who are encouraged to attend industry and other seminars covering issues and developments relevant to investment trusts. Reviews of the Directors' training needs are carried out as part of the annual evaluation process.

Meetings and Committees

The Board delegates certain responsibilities and functions to committees. Details of membership of committees are shown with the Directors' profiles on pages 18 and 19. Directors who are not members of committees may attend by invitation.

The table below details the number of Board, Audit Committee and Nomination Committee meetings attended by each Director. During the year there were four Board meetings, two Audit Committee meetings and one meeting of the Nomination Committee:

Director	Board Meetings Attended	Audit Committee Meetings Attended	Nomination Committee Meetings Attended
Hugh Bolland ¹	2	1	–
Richard Burns	4	2	1
Jasper Judd ²	3	1	1
Rosemary Morgan	4	2	1
Nimi Patel	4	2	1
Hugh Sandeman	4	2	1

¹ Retired from the Board on 29th January 2015.

² Appointed to the Board on 1st January 2015.

Board Committees

Nomination Committee

The Nomination Committee, chaired by Richard Burns, consists of all of the Directors and meets at least annually to ensure that the Board has an appropriate balance of skills and experience to carry out its fiduciary duties and to select and propose suitable candidates for appointment when necessary. For the appointment of Jasper Judd, a formal recruitment process was undertaken, but it was deemed unnecessary to engage a search agency.

The Committee conducts an annual performance evaluation to ensure that all members of the Board have devoted sufficient time and contributed adequately to the work of the Board. The Committee also reviews Directors' fees and makes recommendations to the Board as and when required.

Audit Committee

The Audit Committee, chaired by Jasper Judd and comprising all of the Directors, meets at least twice each year. The members of the Audit Committee consider that they have the requisite skills and experience to fulfil the responsibilities of the Committee and are satisfied that at least one member has recent and relevant financial experience.

The Committee reviews the actions and judgements of the Manager in relation to the half year and annual accounts and the Company's compliance with the UK Corporate Governance Code.

During its review of the Company's financial statements for the year ended 30th September 2015, the Audit Committee considered the following significant issues, in particular those communicated by the Auditors during their reporting:

DIRECTORS' REPORT *CONTINUED*

Significant issue	How the issue was addressed
Viability of the Company	The Board's statement on the long term viability of the Company is set out on page 17.
Going concern	The Directors have considered the Company's investment objective, risk management policies, capital management policies and procedures, the nature of the portfolio and expenditure and cash flow projections. As a result, they have determined that the Company has adequate resources, an appropriate financial structure and suitable management arrangements in place to continue in operational existence for the foreseeable future.
Valuation, existence and ownership of investments	The valuation of investments is undertaken in accordance with the accounting policies, disclosed in note 2(e) to the accounts on page 41. Controls are in place to reconcile regularly records to custodian books.
Recognition of investment income	The recognition of investment income is undertaken in accordance with accounting policy note 2(f) to the accounts on page 42.
Compliance with Sections 1158 and 1159 Corporation Tax Act 2010 ('Sections 1158 and 1159')	Approval for the Company as an investment trust under Sections 1158 and 1159 for financial years commencing on or after 1st October 2013 has been obtained and ongoing compliance with the eligibility criteria is monitored on a regular basis.

The Board was made fully aware of any significant financial reporting issues and judgements made in connection with the preparation of the financial statements.

As a result of the work performed, the Committee has concluded that the Annual Report for the year ended 30th September 2015, taken as a whole, is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's performance, business model and strategy, and has reported on these findings to the Board. The Board's conclusions in this respect are set out in the Statement of Directors' Responsibilities on page 30.

The Audit Committee examines the effectiveness of the Company's risk management and internal control systems, receives information from the Manager's Compliance department and reviews the scope and results of the external audit, its effectiveness and cost effectiveness, the balance of audit and non-audit services and the independence and objectivity of the external Auditors. In the Directors' opinion the Auditors are considered independent. In order to safeguard the Auditors' objectivity and independence, any significant non-audit services are carried out through a partner other than the audit engagement partner. The Audit Committee also

receives confirmations from the Auditors, as part of their reporting, with regard to their objectivity and independence. Representatives of the Company's Auditors attend the Audit Committee meeting at which the draft annual report and accounts are considered.

The Audit Committee also has a primary responsibility for making recommendations to the Board on the reappointment and removal of external auditors. The Board reviews and approves the Auditors' fees and any non-audit services provided by the independent auditors and assesses the impact of any non-audit work on the ability of the auditor to remain independent. Details of the Auditors' fees are disclosed in note 5 on page 44. PricewaterhouseCoopers were appointed in 2015. The audit engagement partner rotates every five years in accordance with ethical guidelines and 2015 is the first year for the current partner.

The Directors' statement on the Company's system of risk management and internal control is set out on pages 25 to 26.

Terms of Reference

Both the Nomination Committee and the Audit Committee have written terms of reference which define clearly their respective responsibilities, copies of which are available on the Company's website and for inspection on request at the Company's registered office and at the Company's Annual General Meeting.

Going Concern

The Directors believe that having considered the Company's investment objective (see page 14), risk management policies (see pages 51 to 58), capital management policies and procedures (see pages 58 and 59), the nature of the portfolio and expenditure projections that the Company has adequate resources, an appropriate financial structure and suitable management arrangements in place to continue in operational existence for the foreseeable future. For these reasons, the Directors consider it appropriate to adopt the going concern basis of accounting in preparing the Company's financial statements. They have not identified any material uncertainties to the Company's ability to continue to do so over a period of at least twelve months from the date of approval of these financial statements.

Relations with Shareholders

The Board regularly monitors the shareholder profile of the Company. It aims to provide shareholders with a full understanding of the Company's activities and performance and reports formally to shareholders twice a year by way of the half year and annual report and accounts. This is supplemented by the daily publication, through the London Stock Exchange, of the net asset value of the Company's shares.

All shareholders have the opportunity and are encouraged to attend the Company's Annual General Meeting at which the Directors and representatives of the Manager are available in person to meet shareholders and answer their questions. In addition, a presentation is given by the Investment Managers who review the Company's performance. The Company's brokers, the Investment Managers and the Manager hold regular discussions with larger shareholders. The Directors are made fully aware of their views. The Chairman and Directors make themselves available as and when required to address shareholder queries. The Directors may be contacted through the Company Secretary whose details are shown on page 65.

The Company's Annual Report and Accounts is published in time to give shareholders at least 20 working days' notice of the Annual General Meeting. Shareholders wishing to raise questions in advance of the meeting are encouraged to submit questions via the Company's website or write to the Company Secretary at the address shown on page 65.

Details of the proxy voting position on each resolution will be published on the Company website shortly after the Annual General Meeting.

Risk Management and Internal Control

The UK Corporate Governance Code requires the Directors, at least annually, to review the effectiveness of the Company's system of risk management and internal control and to report to shareholders that they have done so. This encompasses a review of all controls, which the Board has identified as including business, financial, operational, compliance and risk management.

The Directors are responsible for the Company's system of risk management and internal control, which is designed to safeguard the Company's assets, maintain proper accounting records and ensure that financial information used within the business, or published, is reliable. However, such a system can only be designed to manage rather than eliminate the risk of failure to achieve business objectives and therefore can only provide reasonable, but not absolute, assurance against fraud, material misstatement or loss.

Since investment management, custody of assets and all administrative services are provided to the Company by JPMF and its associates, the Company's system of risk management and internal control mainly comprises monitoring the services provided by JPMF and its associates, including the operating controls established by them, to ensure they meet the Company's business objectives. There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Company (see

Principal Risks on pages 16 and 17). This process, which was in place during the year under review, accords with the Financial Reporting Council's guidance. The Company does not have an internal audit function of its own, but relies on the internal audit department of the Manager which reports any material failings or weaknesses. This arrangement is kept under review.

The key elements designed to provide effective risk management and internal control are as follows:

Financial Reporting - Regular and comprehensive review by the Board of key investment and financial data, including management accounts, revenue projections, analysis of transactions and performance comparisons.

Information Technology Systems - the Manager and the Company's other suppliers have security systems in place to protect the Company's information. Information technology controls are tested and reported on regularly by independent third parties.

Management Agreement - Appointment of a manager and custodian regulated by the Financial Conduct Authority ('FCA'), whose responsibilities are clearly defined in a written agreement.

Management Systems - The Manager's system of risk management and internal control includes organisational agreements which clearly define the lines of responsibility, delegated authority, control procedures and systems. These are monitored by the Manager's Compliance department which regularly monitors compliance with FCA rules.

Investment Strategy - Authorisation and monitoring of the Company's investment strategy and exposure limits by the Board.

The Board, either directly or through the Audit Committee, keeps under review the effectiveness of the Company's system of risk management and internal control by monitoring the operation of the key operating controls of the Manager and its associates as follows:

- reviews the terms of the management agreement and receives regular reports from the Manager's Compliance department;
- reviews reports on the internal controls and the operations of its custodian, JPMorgan Chase Bank, which is itself independently reviewed;
- reviews every six months an independent report on the internal controls and the operations of the Manager; and
- reviews quarterly reports from the Company's depositary.

By means of the procedures set out above, the Board confirms that it has reviewed the effectiveness of the Company's system

DIRECTORS' REPORT CONTINUED

of risk management and internal control for the year ended 30th September 2015 and to the date of approval of this Annual Report and Accounts.

During the course of its review of the system of risk management and internal control, the Board has not identified or been advised of any failings or weaknesses which it has determined to be significant.

Corporate Governance and Voting Policy

The Company delegates responsibility for voting to the Manager. The following text in italics is a summary of the Manager's policy statements on corporate governance, voting policy and social and environmental issues, which has been reviewed and noted by the Board.

Corporate Governance

JPMAM believes that corporate governance is integral to our investment process. As part of our commitment to delivering superior investment performance to our clients, we expect and encourage the companies in which we invest to demonstrate the highest standards of corporate governance and best business practice. We examine the share structure and voting structure of the companies in which we invest, as well as the board balance, oversight functions and remuneration policy. These analyses then form the basis of our proxy voting and engagement activity.

Proxy Voting

JPMAM manages the voting rights of the shares entrusted to it as it would manage any other asset. It is the policy of JPMAM to vote in a prudent and diligent manner, based exclusively on our reasonable judgement of what will best serve the financial interests of our clients. So far as is practicable, we will vote at all of the meetings called by companies in which we are invested.

Stewardship/Engagement

JPMAM recognises its wider stewardship responsibilities to its clients as a major asset owner. To this end, we support the introduction of the

FRC Stewardship Code, which sets out the responsibilities of institutional shareholders in respect of investee companies. Under the Code, managers should:

- *publicly disclose their policy on how they will discharge their stewardship responsibilities to their clients;*
- *disclose their policy on managing conflicts of interest;*
- *monitor their investee companies;*
- *establish clear guidelines on how they escalate engagement;*
- *be willing to act collectively with other investors where appropriate;*
- *have a clear policy on proxy voting and disclose their voting record; and*
- *report to clients.*

JPMAM endorses the FRC Stewardship Code for its UK investments and supports the principles as best practice elsewhere. We believe that regular contact with the companies in which we invest is central to our investment process and we also recognise the importance of being an 'active' owner on behalf of our clients.

The Manager's Voting Policy and Corporate Governance Guidelines are available on request from the Company Secretary or can be downloaded from JPMAM's website: <http://www.jpmorganinvestmenttrusts.co.uk/governance>, which also sets out its approach to the seven principles of the FRC Stewardship Code, its policy relating to conflicts of interest and its detailed voting record.

15th December 2015

DIRECTORS' REMUNERATION REPORT

The Board presents the Directors' Remuneration Report for the year ended 30th September 2015, which has been prepared in accordance with the requirements of Section 421 of the Companies Act 2006.

The law requires the Company's Auditors to audit certain of the disclosures provided. Where disclosures have been audited, they are indicated as such. The Auditors' opinion is included in the Independent Auditors' Report on pages 31 to 35.

Directors' Remuneration Policy

The Company's Remuneration Policy is subject to a triennial binding vote, however the Board has decided to seek approval annually and therefore an ordinary resolution to approve this policy will be put to shareholders at the forthcoming Annual General Meeting. The policy subject to the vote is set out in full below and is currently in force.

The Board's policy for this and subsequent years is that Directors' fees should properly reflect the time spent by the Directors on the Company's business and should be at a level to ensure that candidates of a high calibre are recruited to the Board. The Chairman of the Board and the Chairman of the Audit Committee are paid higher fees than the other Directors, reflecting the greater time commitment involved in fulfilling those roles.

As all of the Directors are non-executive, the Board has not established a Remuneration Committee. Instead, the Nomination Committee reviews Directors' fees on a regular basis and makes recommendations to the Board as and when appropriate. Reviews are based on information provided by the Manager and industry research carried out by third parties on the level of fees paid to the directors of the Company's peers and within the investment trust industry generally. The involvement of remuneration consultants has not been deemed necessary as part of this review. The Company has no Chief Executive Officer and no employees and therefore there was no consultation of employees, and there is no employee comparative data to provide, in relation to the setting of the remuneration policy for Directors.

All of the Directors are non-executive. There are no performance-related elements to their fees and the Company does not operate any type of incentive, share scheme, award or pension scheme and therefore no Directors receive bonus payments or pension contributions from the Company or hold options to acquire shares in the Company. The Directors do not have service contracts with the Company, they are not granted exit payments and are not paid compensation for loss of office. No other payments are made to

Directors, other than the reimbursement of reasonable out-of-pocket expenses incurred in connection with attending the Company's business.

Directors' fees have remained unchanged since 1st February 2014 and in the year under review were paid at the following rates: Chairman £32,500; Audit Committee Chairman £27,500; and other Directors £24,000.

The Articles stipulate that aggregate fees must not exceed £150,000 per annum. Any increase in the maximum aggregate amount requires both Board and shareholder approval.

The Company has not sought shareholder views on its remuneration policy. The Nomination Committee considers any comments received from shareholders on remuneration policy on an ongoing basis as well as receiving outside advice from suitable consultants as appropriate.

The terms and conditions of Directors' appointments are set out in formal letters of appointment which are available for review at the Company's Annual General Meeting and the Company's registered office. Details of the Board's policy on tenure are set out on page 23.

The Company's Remuneration policy also applies to new Directors.

Directors' Remuneration Policy Implementation

The Directors' Remuneration Report, which includes details of the Directors' remuneration and its implementation, is subject to an annual advisory vote and therefore an ordinary resolution to approve this report will be put to shareholders at the forthcoming Annual General Meeting. There have been no changes to the policy compared with the year ended 30th September 2014 and no changes are proposed for the year ending 30th September 2016.

At the Annual General Meeting held on 29th January 2015, of votes cast, 99.6% of votes cast were in favour of (or granted discretion to the Chairman who voted in favour of) the remuneration report and 0.4% voted against. Abstentions were received from less than 0.1% of the votes cast.

Details of voting on both the Remuneration Policy and the Directors' Remuneration Report from the 2016 Annual General Meeting will be given in the annual report for the year ending 30th September 2016.

Details of the implementation of the Company's remuneration policy are given overleaf.

DIRECTORS' REMUNERATION REPORT *CONTINUED*

Single total figure of remuneration

The single total figure of remuneration for the Board as a whole for the year ended 30th September 2015 was £133,949. The single total figure of remuneration for each Director is detailed below together with the prior year comparative.

There are no performance targets in place for the Directors of the Company and there are no benefits for any of the Directors which will vest in the future. There are no benefits, pension, bonus, long term incentive plans, exit payments or arrangements in place on which to report.

Single total figure table¹

	Total fees	
	2015	2014
Hugh Bolland ²	£10,750	£31,667
Richard Burns	£30,852	£26,667
Jasper Judd ³	£20,347	–
Rosemary Morgan ⁴	£24,000	£19,750
Nimi Patel	£24,000	£23,500

STATEMENT OF DIRECTORS' RESPONSIBILITIES

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors are required to prepare the Group financial statements in accordance with International Financial Reporting Standards ('IFRS') as adopted by the European Union and Article 4 of the IAS Regulation and have also chosen to prepare the Parent Company financial statements under IFRS as adopted by the EU. Under company law the Directors must not approve the accounts unless they are satisfied that, taken as a whole, the annual report and accounts provide the information necessary for shareholders to assess the Company's performance, business model and strategy and that they give a true and fair view of the state of affairs of the Company and of the total return or loss of the Company for that period. In order to provide these confirmations, and in preparing these financial statements, the Directors must be satisfied that, taken as a whole, the annual report and accounts are fair, balanced and understandable; and the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable IFRSs as adopted by the European Union have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business;

and the Directors confirm that they have done so.

The Directors are responsible for keeping proper accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the

financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The accounts are published on the www.jpmindian.co.uk website, which is maintained by the Company's Manager. The maintenance and integrity of the website maintained by the Manager is, so far as it relates to the Company, the responsibility of the Manager. The work carried out by the auditors does not involve consideration of the maintenance and integrity of this website and, accordingly, the auditors accept no responsibility for any changes that have occurred to the Annual Report since they were initially presented on the website. The Annual Report is prepared in accordance with UK legislation, which may differ from legislation in other jurisdictions.

Under applicable law and regulations the Directors are also responsible for preparing a Strategic Report, a Directors' Report and Directors' Remuneration Report that comply with that law and those regulations.

Each of the Directors, whose names and functions are listed on pages 18 and 19, confirms that, to the best of his or her knowledge the financial statements, which have been prepared in accordance with IFRS and applicable law, give a true and fair view of the assets, liabilities, financial position and return or loss of the Company.

The Board confirms that it is satisfied that the annual report and accounts taken as a whole are fair, balanced and understandable and provide the information necessary for shareholders to assess the strategy and business model of the Company.

For and on behalf of the Board
Richard Burns
Chairman

15th December 2015

Independent Auditors' Report

TO THE MEMBERS OF JPMORGAN INDIAN INVESTMENT TRUST PLC

Report on the financial statements

Our opinion

In our opinion:

- JPMorgan Indian Investment Trust plc's Group financial statements and Company financial statements (the 'financial statements') give a true and fair view of the state of the Group's and of the Company's affairs as at 30th September 2015 and of the Group's profit and the Group's and the Company's cash flows for the year then ended;
- the Group financial statements have been properly prepared in accordance with International Financial Reporting Standards ('IFRSs') as adopted by the European Union;
- the Company financial statements have been properly prepared in accordance with IFRSs as adopted by the European Union and as applied in accordance with the provisions of the Companies Act 2006; and
- the financial statements have been prepared in accordance with the requirements of the Companies Act 2006 and, as regards the Group financial statements, Article 4 of the IAS Regulation.

Separate opinion in relation to IFRSs as issued by the IASB

As explained in note 2 to the financial statements, the Group, in addition to applying IFRSs as adopted by the European Union, has also applied IFRSs as issued by the International Accounting Standards Board (IASB).

In our opinion, the Group financial statements comply with IFRSs as issued by the IASB.

What we have audited

The financial statements, included within the Annual Report and Accounts (the 'Annual Report'), comprise:

- the Group and Company Statement of Financial Position as at 30th September 2015;
- the Group Statement of Comprehensive Income for the year then ended;
- the Group and Company Cash Flow Statements for the year then ended;
- the Group and Company Statement of Changes in Equity for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies and other explanatory information.

Certain required disclosures have been presented elsewhere in the Annual Report, rather than in the notes to the financial statements. These are cross-referenced from the financial statements and are identified as audited.

The financial reporting framework that has been applied in the preparation of the financial statements is applicable law and IFRSs as adopted by the European Union and, as regards the Company financial statements, as applied in accordance with the provisions of the Companies Act 2006.

Our audit approach

Overview

Materiality

- Overall Group materiality: £6 million which represents 1% of net assets.

Audit Scope

- The Company is an Investment Trust Company with a subsidiary in Mauritius and engages JPMorgan Funds Limited (the 'Manager') to manage its assets.
- We conducted our audit of the financial statements using information from JPMorgan Corporate & Investment Bank (the 'Administrator') to whom the Manager has, with the consent of the Directors, delegated the provision of certain administrative functions.
- We tailored the scope of our audit taking into account the types of investments within the Company, the involvement of the third parties referred to above, the accounting processes and controls, and the industry in which the Company operates.

Areas of Focus

- Income from investments.
- Valuation and existence of investments.

The scope of our audit and our areas of focus

We conducted our audit in accordance with International Standards on Auditing (UK and Ireland) ('ISAs (UK & Ireland)').

We designed our audit by determining materiality and assessing the risks of material misstatement in the financial statements. In particular, we looked at where the Directors made subjective judgements, for example in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

The risks of material misstatement that had the greatest effect on our audit, including the allocation of our resources and effort, are identified as 'areas of focus' in the table below. We have also set out how we tailored our audit to address these specific areas in order to provide an opinion on the financial statements as a whole, and any comments we make on the results of our procedures should be read in this context. This is not a complete list of all risks identified by our audit.

Area of focus	How our audit addressed the area of focus
<p>Income from investments Refer to page 24 (Directors' Report), page 40 (Accounting Policies) and page 43 (Notes).</p> <p>We focused on the accuracy and completeness of income recognition from investments and its presentation in the Income Statement as set out in the requirements of The Association of Investment Companies Statement of Recommended Practice (the 'AIC SORP').</p> <p>This is because inaccurate or incomplete income could have a material impact on the Company's net asset value and dividend cover.</p>	<p>We assessed the accounting policy for income recognition for compliance with accounting standards and the AIC SORP and performed testing to check that income had been accounted for in accordance with this stated accounting policy.</p> <p>We found that the accounting policies implemented were in accordance with accounting standards and the AIC SORP, and that income has been accounted for in accordance with the stated accounting policy.</p> <p>We understood and assessed the design and implementation of key controls surrounding income recognition.</p> <p>We tested dividend receipts by agreeing the dividend rates from a sample of investments to independent third party sources. No misstatements were identified by our testing which required reporting to those charged with governance.</p> <p>To test for completeness, we tested that the appropriate dividends had been received in the year by reference to independent data of dividends declared by a sample of investment holdings in the portfolio. Our testing did not identify any unrecorded dividends which required reporting to those charged with governance.</p> <p>We tested the allocation and presentation of income from investments between the revenue and capital return columns of the Income Statement in line with the requirements set out in the AIC SORP.</p>
<p>Ownership of investments Refer to page 24 (Directors' Report), page 40 (Accounting Policies) and page 46 (Notes).</p> <p>The investment portfolio at the year-end principally comprised listed equity investments valued at £624 million.</p> <p>We focused on the valuation and existence of investments because investments represent the principal element of the net asset value as disclosed on the Balance Sheet in the financial statements.</p>	<p>We tested the valuation of the listed equity investments by agreeing the prices used in the valuation to independent third party sources.</p> <p>No misstatements were identified by our testing which required reporting to those charged with governance.</p> <p>We tested the existence of the investment portfolio by agreeing the holdings for investments to an independent Custodian confirmation from JPMorgan Chase Bank, N.A. No differences were identified which required reporting to those charged with governance.</p>

How we tailored the audit scope

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the geographic structure of the Group, the accounting processes and controls, and the industry in which the Group operates.

As part of our risk assessment, we assessed the control environment in place at both the Manager and the Administrator to the extent relevant to our audit. This assessment of the operating and accounting structure in place at both organisations involved obtaining and reading the relevant control reports issued by the independent auditor of the Manager and the Administrator in accordance with generally accepted assurance standards for such work. We then identified those key controls at the Administrator on which we could place reliance to provide audit evidence. We also assessed the gap period of six months between the period covered by the controls report and the year-end of the Company. Following this assessment, we applied professional judgement to determine the extent of testing required over each balance in the financial statements, including whether we needed to perform additional testing in respect of those key controls to support our substantive work. For the purposes of our audit, we determined that additional testing of controls in place at the Administrator was not required because additional substantive testing was performed.

Materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and on the financial statements as a whole.

Based on our professional judgement, we determined materiality for the financial statements as a whole as follows:

Overall materiality	£6 million (2014: £5.3 million).
How we determined it	1% of net assets.
Rationale for benchmark applied	We have applied this benchmark, a generally accepted auditing practice for investment trust audits, in the absence of indicators that an alternative benchmark would be appropriate and because we believe this provides an appropriate basis for our audit.

We agreed with the Audit Committee that we would report to them misstatements identified during our audit above £302,000 (2014: £106,000) as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

Going concern

Under the Listing Rules we are required to review the Directors' statement, set out on page 24, in relation to going concern. We have nothing to report having performed our review.

Under ISAs (UK & Ireland) we are required to report to you if we have anything material to add or to draw attention to in relation to the Directors' statement about whether they considered it appropriate to adopt the going concern basis in preparing the financial statements. We have nothing material to add or to draw attention to.

As noted in the Directors' statement, the Directors have concluded that it is appropriate to adopt the going concern basis in preparing the financial statements. The going concern basis presumes that the Group and Company have adequate resources to remain in operation, and that the Directors intend them to do so, for at least one year from the date the financial statements were signed. As part of our audit we have concluded that the Directors' use of the going concern basis is appropriate. However, because not all future events or conditions can be predicted, these statements are not a guarantee as to the Group's and Company's ability to continue as a going concern.

Other required reporting

Consistency of other information

Companies Act 2006 opinion

In our opinion, the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

Independent Auditors' Report *continued*

ISAs (UK & Ireland) reporting

Under ISAs (UK & Ireland) we are required to report to you if, in our opinion:

-

|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------|
| <ul style="list-style-type: none">information in the Annual Report is:<ul style="list-style-type: none">– materially inconsistent with the information in the audited financial statements; or– apparently materially incorrect based on, or materially inconsistent with, our knowledge of the Group and Company acquired in the course of performing our audit; or– otherwise misleading. | We have no exceptions to report. |
| <ul style="list-style-type: none">the statement given by the Directors on page 30, in accordance with provision C.1.1 of the UK Corporate Governance Code (the 'Code'), that they consider the Annual Report taken as a whole to be fair, balanced and understandable and provides the information necessary for members to assess the Group's and Company's performance, business model and strategy is materially inconsistent with our knowledge of the Group and company acquired in the course of performing our audit. | We have no exceptions to report. |
| <ul style="list-style-type: none">the section of the Annual Report on pages 23 and 24, as required by provision C.3.8 of the Code, describing the work of the Audit Committee does not appropriately address matters communicated by us to the Audit Committee. | We have no exceptions to report. |
-

The Directors' assessment of the prospects of the Group and of the principal risks that would threaten the solvency or liquidity of the Group

Under ISAs (UK & Ireland) we are required to report to you if we have anything material to add or to draw attention to in relation to:

-
- | | |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------|
| <ul style="list-style-type: none">the Directors' confirmation on page 16 of the Annual Report, in accordance with provision C.2.1 of the Code, that they have carried out a robust assessment of the principal risks facing the Group, including those that would threaten its business model, future performance, solvency or liquidity. | We have nothing material to add or to draw attention to. |
| <ul style="list-style-type: none">the disclosures in the Annual Report that describe those risks and explain how they are being managed or mitigated. | We have nothing material to add or to draw attention to. |
| <ul style="list-style-type: none">the Directors' explanation on page 17 of the Annual Report, in accordance with provision C.2.2 of the Code, as to how they have assessed the prospects of the Group, over what period they have done so and why they consider that period to be appropriate, and their statement as to whether they have a reasonable expectation that the Group will be able to continue in operation and meet its liabilities as they fall due over the period of their assessment, including any related disclosures drawing attention to any necessary qualifications or assumptions. | We have nothing material to add or to draw attention to. |
-

Under the Listing Rules we are required to review the Directors' statement that they have carried out a robust assessment of the principal risks facing the Group and the Directors' statement in relation to the longer-term viability of the Group. Our review was substantially less in scope than an audit and only consisted of making inquiries and considering the Directors' process supporting their statements; checking that the statements are in alignment with the relevant provisions of the Code; and considering whether the statements are consistent with the knowledge acquired by us in the course of performing our audit. We have nothing to report having performed our review.

Adequacy of accounting records and information and explanations received

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the company, or returns adequate for our audit have not been received from branches not visited by us; or
- the company financial statements and the part of the Directors' Remuneration Report to be audited are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Directors' remuneration

Directors' remuneration report - Companies Act 2006 opinion

In our opinion, the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006.

Other Companies Act 2006 reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion, certain disclosures of Directors' remuneration specified by law are not made. We have no exceptions to report arising from this responsibility.

Corporate governance statement

Under the Listing Rules we are required to review the part of the Corporate Governance Statement relating to ten further provisions of the Code. We have nothing to report having performed our review.

Responsibilities for the financial statements and the audit

Our responsibilities and those of the Directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 30, the Directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and ISAs (UK & Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

This report, including the opinions, has been prepared for and only for the company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

What an audit of financial statements involves

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of:

- whether the accounting policies are appropriate to the Group's and the Company's circumstances and have been consistently applied and adequately disclosed;
- the reasonableness of significant accounting estimates made by the Directors; and
- the overall presentation of the financial statements.

We primarily focus our work in these areas by assessing the Directors' judgements against available evidence, forming our own judgements, and evaluating the disclosures in the financial statements.

We test and examine information, using sampling and other auditing techniques, to the extent we consider necessary to provide a reasonable basis for us to draw conclusions. We obtain audit evidence through testing the effectiveness of controls, substantive procedures or a combination of both.

In addition, we read all the financial and non-financial information in the Annual Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Total income		6,137	76,446	82,583	6,676	146,799	153,475
Management fee	4	(6,151)	–	(6,151)	(4,454)	–	(4,454)
Other administrative expenses	5	(1,462)	–	(1,462)	(1,333)	–	(1,333)
(Loss)/profit before finance costs and taxation		(1,476)	76,446	74,970	889	146,799	147,688
Finance costs	6	(759)	–	(759)	(327)	–	(327)
(Loss)/profit before taxation		(2,235)	76,446	74,211	562	146,799	147,361
Taxation	7	(105)	–	(105)	–	–	–
Net (loss)/profit		(2,340)	76,446	74,106	562	146,799	147,361
(Loss)/earnings per share	8	(2.21)p	72.32p	70.11p	0.53p	139.12p	139.65p

The Group does not have any income or expense that is not included in the net profit for the year. Accordingly the 'Net profit/(loss)' for the year, is also the 'Total comprehensive income' for the year, as defined in IAS1 (revised).

All revenue and capital items in the above statement derive from continuing operations. No operations were acquired or discontinued in the year.

The 'Total' column of this statement represents the Group's Statement of Comprehensive Income, prepared in accordance with IFRS. The 'Revenue' and 'Capital' columns represent supplementary information prepared under guidance issued by the Association of Investment Companies. Details of revenue and capital items, together with the associated reserves, are contained in note 14.

All income is attributable to the equity shareholders of JPMorgan Indian Investment Trust plc, the Company. There are no non-controlling interests.

The notes on pages 40 to 59 form an integral part of these accounts.

Certain comparatives have been amended to be in line with the current presentation adopted. There was no impact on the comparative net profit or net assets as a result of the new presentation.

The notes on pages 40 to 59 form an integral part of these accounts.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH SEPTEMBER 2015

1. Principal activity

The principal activity of the Company is that of an investment holding company within the meaning of Section 1158 of the Corporation Tax Act 2010. The principal activity of its subsidiary company, JPMorgan Indian Investment Company (Mauritius) Limited, is that of an investment company.

2. Accounting policies

(a) Basis of accounting

The Group and Company financial statements have been prepared in accordance with International Financial Reporting Standards ('IFRS'), which comprise standards and interpretations approved by the International Accounting Standards Board ('IASB'), the International Accounting Standards and Standing Interpretations Committee and interpretations approved by the International Accounting Standards Committee ('IASC') that remain in effect and to the extent that they have been adopted by the European Union.

The financial statements have been prepared on the going concern basis. The disclosures on going concern in the Directors' Report on page 24 form part of these financial statements. The principal accounting policies adopted are set out below. Where presentational guidance set out in the Statement of Recommended Practice 'Financial Statements of Investment Trust Companies and Venture Capital Trusts' (the 'SORP') issued by the Association of Investment Companies ('AIC') in January 2009 is consistent with the requirements of IFRS, the Directors have sought to prepare the financial statements on a basis compliant with the recommendations of the SORP.

The Company's share capital is denominated in sterling and this is the currency in which its shareholders operate and expenses are generally paid. The Directors have therefore determined the functional currency to be sterling.

(b) Accounting Standards

(i) New and amended standards and interpretations effective at 1st October 2014 but which had no impact on the Company's operations in the current year:

- Amendments to IAS 32 - Offsetting Financial Assets and Financial Liabilities (effective for annual periods beginning on or after 1st January 2014).
- Amendments to IFRS 10, IFRS 12 and IAS 27 - Investment Entities (effective for annual periods beginning on or after 1st January 2014).
- Annual Improvements to IFRSs 2010-2012 Cycle - various standards (effective for annual periods beginning on or after 1st July 2014).
- Annual Improvements to IFRSs 2011-2013 Cycle - various standards (effective for annual periods beginning on or after 1st July 2014).

The impact of all other IFRSs adopted in the current year had no impact on the Company's operations, and are not expected to have an impact in future periods.

(ii) New standards, amendments and interpretations issued but not effective for the current financial year:

- Amendments to IAS 27 - Equity Method in Separate Financial Statements (effective for annual periods beginning on or after 1st January 2016).
- Amendments to IAS 1 - Disclosure Initiative (effective for annual periods beginning on or after 1st January 2016).
- IFRS 15 - Revenue from Contracts with Customers (effective for annual periods beginning on or after 1st January 2018).

-
- Annual Improvements to IFRSs 2012-2014 Cycle - various standards (effective for annual periods beginning on or after 1st January 2016).
 - Amendments to IFRS 10, IFRS 12 and IAS 28 - Investment Entities: Applying the Consolidation Exception (effective for annual periods beginning on or after 1st January 2016).

The Directors are currently considering the impact of the above standards, amendments, and interpretations. The Company intends to apply each relevant standard at the date it becomes effective. The impact of all other IFRS' issued but not yet adopted is not expected to be material.

(c) Basis of consolidation

The Group accounts incorporate the accounts of the Company and its wholly owned subsidiary, JPMorgan Indian Investment Company (Mauritius) Limited. Intra group balances are eliminated on consolidation.

(d) Presentation of the Statement of Comprehensive Income

In order to better reflect the activities of an investment trust company and in accordance with guidance issued by the AIC, supplementary information which analyses the Statement of Comprehensive Income between items of a revenue nature and a capital nature has been presented alongside the Statement of Comprehensive Income. In accordance with the Company's status as a UK investment company under Section 833 of the Companies Act 2006, net capital returns may not be distributed by way of dividend. Additionally, the net revenue is the measure the Directors believe appropriate in assessing compliance with certain requirements set out in Section 1158 of the Corporation Tax Act 2010.

The Company has taken advantage of the exemption conferred by Section 408 of the Companies Act 2006, and omitted the Company's Statement of Comprehensive Income from the annual accounts.

(e) Investments held at fair value through profit or loss

Investments are recognised and derecognised on the trade date where a purchase or sale is under a contract whose terms require delivery within a timeframe established by the market concerned.

Investments are designated upon initial recognition as 'held at fair value through profit or loss'. At subsequent reporting dates investments are valued at fair values which are quoted bid market prices for investments traded in active markets. Fair values for unquoted investments, or for investments for which there is only an inactive market, are established by using various valuation techniques. These may include recent arm's length market transactions, the current fair value of another instrument that is substantially the same or discounted cash flow analysis or net asset value. Where there is a valuation technique commonly used by market participants to price the instrument and that technique has been demonstrated to provide reliable estimates of prices obtained in actual market transactions, that technique is used.

Changes in the fair value of investments 'held at fair value through profit or loss' and gains or losses on disposal are included in the capital column of the Statement of Comprehensive Income within 'Gains or losses on investments held at fair value through profit or loss'. Transaction costs incurred on the acquisition and disposal of investments are also included within this caption.

Gains and losses on sales of investments, increases and decreases in the valuation of investments held at the year end, foreign exchange gains and losses and other capital receipts and payments are dealt within capital reserves.

The Company's investment in its subsidiary understating is held at fair value, which is deemed to be the net assets of the subsidiary. The subsidiary company holds a portfolio of listed investments which are measured at their quoted bid prices. The financial statements of the subsidiary are prepared for the same reporting year end as the Company, using consistent accounting policies.

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

2. Accounting policies *continued*

(f) Income

Dividends receivable from equity shares are included in the revenue column of the Statement of Comprehensive Income on an ex-dividend basis except where, in the opinion of the Directors, the dividend is capital in nature, in which case it is included in the capital column.

Income from fixed interest debt securities is recognised using the effective interest rate method.

Deposit interest receivable is included in the revenue column on an accruals basis.

(g) Expenses

All expenses and interest payable are accounted for on an accruals basis. All administration expenses and finance costs, including the management fee and interest payable, are charged to the revenue column of the Statement of Comprehensive Income.

(h) Financial instruments

Cash and cash equivalents may comprise cash and demand deposits which are readily convertible to a known amount of cash and are subject to insignificant risk of changes in value. Other receivables are non interest bearing, short term in nature and are accordingly stated at nominal value as reduced by appropriate allowances for estimated irrecoverable amounts.

Interest bearing bank loans are recorded as the proceeds received net of direct issue costs. Other payables are non interest bearing, short term in nature and are accordingly stated at nominal value.

Finance costs, including any premiums payable on settlement or redemption and direct issue costs, are accounted for on an accruals basis in profit or loss using the effective interest rate method.

The Company does not hold or issue derivative financial instruments for speculative purposes. Derivative financial instruments are recognised initially at fair value on the contract date and subsequently remeasured to the fair value at each reporting date. The resulting gain or loss is recognised as revenue or capital in the Statement of Comprehensive Income depending on the nature and motive of each derivative transaction. Derivative financial instruments with a positive fair value are recognised as financial assets and derivative financial instruments with a negative fair value are recognised as financial liabilities. A derivative is presented as a non-current asset or a non-current liability if the remaining maturity of the instrument is more than 12 months and it is not expected to be realised or settled within 12 months.

(i) Taxation

The tax expense represents the sum of the tax currently payable and deferred tax. Tax payable is based on the taxable profit for the year. Taxable profit differs from profit before tax as reported in the Statement of Comprehensive Income because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible.

The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit and is accounted for using the balance sheet liability method. Deferred tax liabilities are recognised for all taxable temporary differences and deferred tax assets are recognised to the extent that it is more likely than not that taxable profits will be available against which deductible temporary differences can be utilised.

Investment trusts which have approval under Section 1158 of the Corporation Tax Act 2010 are not liable for taxation on capital gains.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that, on the balance of probabilities, it is not likely that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised. Deferred tax is charged or credited in the Statement of Comprehensive Income, except when it relates to items charged or credited directly to equity, in which case the deferred tax is also dealt with in equity.

(j) Foreign currency

For the purpose of the consolidated financial statements, the results and financial position of both entities in the Group are expressed in sterling which is the functional currency of the Company and the presentational currency of the Group.

Transactions in currencies other than sterling are recorded at the rates of exchange prevailing on the dates of the transactions. At each balance sheet date, monetary items and non monetary assets and liabilities that are denominated in foreign currencies are retranslated at the rates prevailing on the balance sheet date. Gains or losses arising on retranslation are included in net profit or loss for the year and presented as revenue or capital as appropriate.

(k) Value Added Tax (VAT)

Irrecoverable VAT is included in the expense on which it has been suffered. Recoverable VAT is calculated using the partial exemption method based on the proportion of zero rated supplies to total supplies.

(l) Conversion of Subscription shares

When the holders of Subscription shares exercise their right to convert their shares into Ordinary shares, the nominal value of those Subscription shares is transferred to the credit of share premium. The nominal value of the Ordinary shares into which the Subscription shares convert is credited to called up share capital and the balance of the consideration received is credited to share premium.

(m) Key estimates and assumptions

Estimates and assumptions used in preparing the financial statements are reviewed on an ongoing basis and are based on historical experience and various other factors that are believed to be reasonable under the circumstances. The results of these estimates and assumptions form the basis of making judgements about carrying values of assets and liabilities that are not readily apparent from other sources, and also in determining that the Company has control of its subsidiary.

There are no estimates and assumptions that may cause material adjustment to the carrying value of assets and liabilities and there have been no changes to any estimates and assumptions in the current year.

3. Income

	Group	
	2015 £'000	2014 £'000
Investment income

Income from liquidity funds	19	5
	6,136	6,676
Other income		
Deposit interest	1	–
Total income	6,137	6,676

4. Management fee

	Group	
	2015 £'000	2014 £'000
Management fee	6,151	4,454

Details of the management fee are given in the Directors' Report on page 20.

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

5. Other administrative expenses

	Group	
	2015 £'000	2014 £'000
Other administration expenses ¹	1,081	998
Directors' fees ²	150	148
Savings scheme costs ³	182	152
Auditors' remuneration for audit services ⁴	49	28
Auditors' remuneration for all other services ⁵	–	7
	1,462	1,333

¹ Other administrative expenses include £nil (2014: £16,000) payable to Lamusse Sek Sum & Co., in respect of the audit fee for JPMorgan Indian Investment Company (Mauritius) Limited.

² Directors' fees include £16,000 (2014: £15,000) payable to the Directors of JPMorgan Indian Investment Company (Mauritius) Limited.

³ These fees were payable to the Manager for the marketing and administration of savings scheme products.

⁴ Includes £17,000 (2014: £nil) payable to PricewaterhouseCoopers LLP in respect of the audit for JPMorgan Indian Investment Company (Mauritius) Limited.

⁵ Comprises the Company's contribution to the audit of the Manager's internal control procedures amounting to £nil (2014: £7,000). It is nil this year due to the change in auditor to PricewaterhouseCoopers LLP. Deloitte continues to carry out the internal control procedures.

6. Finance costs

	Group	
	2015 £'000	2014 £'000
Interest on bank loans and overdraft	759	327

7. Taxation

(a) Taxation on ordinary activities

	Group	
	2015 £'000	2014 £'000
Overseas taxation	105	–
Current tax	105	–

(b) Factors affecting the tax charge for the year

The tax charge for the year is lower (2014: lower) than the Company's applicable rate of corporation tax for the year of 20.5% (2014: 22.0%). The difference is explained below.

	Group	
	2015 £'000	2014 £'000
Profit before taxation	74,211	147,361
Corporation tax at 20.5% (2014: 22.0%)	15,213	32,419
Effects of:		
Non taxable capital gains	(15,671)	(32,295)
Movement in excess management expenses	1,712	1,344
Non taxable overseas dividends	(1,254)	(1,468)
Overseas taxation	105	–
Current tax	105	–

(c) Provision for deferred taxation

No provision for deferred taxation has been made in the current year or prior year. Neither the Company nor its Subsidiary have provided for deferred tax on any capital gains or losses arising on the revaluation or disposal of investments as they are exempt from tax on these items due to their status as Investment Companies.

(d) Factors that may affect future tax charges

The Company has an unrecognised deferred tax asset of £4,423,000 (2014: £4,226,000) based on a prospective corporation tax rate of 20% (2014: 20%). The deferred tax asset has arisen because cumulative deductible expenses have exceeded taxable income over the life of the Company. A deferred tax asset has not been recognised in the accounts as it is not likely that this asset will be utilised in the foreseeable future. The UK government announced in July 2015 that the corporation tax rate is set to be cut to 19% in 2017 and 18% in 2020. These rate reductions have not been substantively enacted, therefore the impact of these reductions has not been incorporated into the tax charge for the period.

Deferred tax for the Subsidiary is calculated at the tax rate applicable at the balance sheet date of 15% (2014: 15%).

8. (Loss)/earnings per share

The revenue loss per share is based on the revenue loss attributable to the ordinary shares of £2,340,000 (2014: £562,000 return) and on the weighted average number of shares in issue during the year of 105,707,798 (2014: 105,522,093).

The capital return per share is based on the capital return attributable to the ordinary shares of £76,446,000 (2014: £146,799,000) and on the weighted average number of shares in issue during the year of 105,707,798 (2014: 105,522,093).

Total return per share is based on the total return attributable to the ordinary shares of £74,106,000 (2014: £147,361,000) and on the weighted average number of shares in issue during the year of 105,707,798 (2014: 105,522,093).

The Directors consider that the carrying amount of other payables approximates to their fair value.

12. Creditors: amounts falling due after more than one year

	Group		Company	
	2015 £'000	2014 £'000	2015 £'000	2014 £'000
Bank loans	23,000	–	–	–

The subsidiary had a loan facility with the Royal Bank of Scotland plc ('RBS') which expired on 28th October 2014. Under the terms of that agreement, the Subsidiary could draw up to US\$40 million at an interest rate of LIBOR plus a margin. On 21st July 2014, the Company entered into a new US\$25 million facility with ING Bank at an interest rate of LIBOR plus a margin. On expiry of the RBS loan facility, the ING loan facility was increased to US\$85 million. On 20th August 2015 the ING US\$85 million loan facility was replaced with a new three year £70 million loan facility with Scotiabank at an interest rate of LIBOR plus a margin.

13. Called up share capital

	2015 £'000	2014 £'000
Allotted and fully-paid share capital		
Ordinary shares of 25p each		
Opening balance of 105,707,798 (2014: 104,683,965) Ordinary shares excluding shares held in Treasury	26,427	26,171
Repurchase of nil shares into Treasury (2014: 4,330,000)	–	(1,082)
Issue of nil (2014: 5,353,833) Ordinary shares on conversion of Subscription shares	–	1,338
Sub total	26,427	26,427
Opening balance of 19,909,788 (2014: 15,579,788) Ordinary shares held in Treasury	4,977	3,895
Repurchase of nil shares into Treasury (2014: 4,330,000)	–	1,082
Closing balance¹	31,404	31,404
Subscription shares of 1p each		
Opening balance of nil (2014: 5,749,790) Subscription shares	–	58
Conversion of nil (2014: 5,353,833) Subscription shares into Ordinary shares ²	–	(54)
Cancellation of nil (2014: 395,957) shares at their expiry date	–	(4)
Closing balance³	–	–

¹ Comprises 125,617,586 (2014: 125,617,586) Ordinary shares of 25p each including 19,909,788 (2014: 19,909,788) shares held in Treasury.

² During the prior year, holders of 5,353,833 Subscription shares exercised their right to convert those shares into Ordinary shares for a total consideration of £15,579,000.

³ The Company's Subscription shares expired and their rights lapsed on 2nd January 2014.

14. Reserves

	Group					
	Share premium £'000	Other reserve ¹ £'000	Exercised warrant reserve £'000	Capital redemption reserve £'000	Capital reserves ² £'000	Revenue reserve £'000
Opening balance	97,316	41,929	5,886	6,362	363,920	(15,971)
Realised foreign currency losses on cash and short term deposits	–	–	–	–	(155)	–
Realised gains on investments	–	–	–	–	5,819	–
Unrealised gains on investments	–	–	–	–	70,848	–

Net losses for the year	–	–	–	–	–	(2,340)
Closing balance	97,316	41,929	5,886	6,362	440,366	(18,311)

¹ The 'Other reserve' was formerly share premium which was cancelled for the purpose of financing share buybacks.

² Capital reserves comprise gains and losses on sales of investments and holding gains and losses on investments held at the year end. Net holding gains on investments held at the year end amounted to £76,667,000.

³ Revenue reserves represent the distributable reserves of the Group/Company from which dividends may be paid.

	Company					
	Share premium £'000	Other reserve ¹ £'000	Exercised warrant reserve £'000	Capital redemption reserve £'000	Capital reserves ² £'000	Revenue reserve £'000
Opening balance	97,316	41,929	5,886	6,362	369,449	(21,500)
Realised foreign currency gains on cash and short term deposits	–	–	–	–	88	–
Realised losses on investments	–	–	–	–	(2,459)	–
Unrealised gains on investments	–	–	–	–	77,196	–
Other capital charges	–	–	–	–	(6)	–
Net losses for the year	–	–	–	–	–	(713)
Closing balance	97,316	41,929	5,886	6,362	444,268	(22,213)

¹ The 'Other reserve' was formerly share premium which was cancelled for the purpose of financing share buybacks.

² Capital reserves comprise gains and losses on sales of investments and holding gains and losses on investments held at the year end. Net holding gains on investments held at the year end amounted to £74,737,000.

15. Net asset value per share

Net asset value per share is based on total shareholders' funds of £604,952,000 (2014: £530,846,000) and on the 105,707,798 (2014: 105,707,798) shares in issue at the year end, excluding shares held in Treasury.

16. Contingent liabilities and capital commitments

There were no contingent liabilities or capital commitments at the balance sheet date (2014: £nil).

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

17. Related party transactions

Details of the management contract are set out in the Directors' Report on page 20. The management fee payable to the Manager by the Group and Company for the year was £6,151,000 and £204,000 respectively (2014: £4,454,000 and £165,000 respectively) of which £nil (2014: £nil) was outstanding in the Group accounts at the year end. In addition £182,000 (2014: £152,000) was payable by the Group and Company to the Manager for the marketing and administration of savings scheme products of which £nil (2014: £14,000) was outstanding in both the Group's and Company's accounts at the year end.

Included in other administration expenses in note 5 on page 44 are safe custody fees payable to JPMorgan Chase as custodian of the Group and Company amounting to £613,000 and £11,000 respectively (2014: £576,000 and £7,000 respectively) of which £156,000 and £3,000 respectively (2014: £168,000 and £3,000 respectively) was outstanding at the year end.

The Manager carries out some of its dealing transactions through Group subsidiaries. These transactions are carried out at arms' length. The commission payable to JPMorgan Securities for the year by the Group and Company was £38,000 and £nil respectively (2014: £42,000 and £nil respectively) of which £nil (2014: £nil) was outstanding in both the Group's and Company's accounts at the year end.

Handling charges payable on dealing transactions undertaken by overseas sub custodians on behalf of the Group and Company amounted to £66,000 and £6,000 respectively (2014: £51,000 and £1,000 respectively) of which £9,000 and £5,000 respectively (2014: £28,000 and £nil respectively) was outstanding at the year end.

The Group holds investments in the JPMorgan Sterling Liquidity Fund and JPMorgan US Dollar Liquidity Fund. At 30 September 2015, the holding in JPMorgan Sterling Liquidity Fund was valued at £3,800,000 (2014: £nil). During the year, the Company made purchases on this fund amounting to £44,700,000 (2014: £2,000,000) and sales of £40,900,000 (2014: £9,000,000). Income receivable from this fund amounted to £17,000 (2014: £5,000) of which £nil (2014: £nil) was outstanding at the year end. At 30 September 2015, the holding in JPMorgan US Dollar Liquidity Fund was valued at £5,941,000 (2014: £nil). During the year, the Company made purchases on this fund amounting to £5,847,000 (2014: £nil) and no sales (2014: £nil). Income receivable from this fund amounted to £2,000 (2014: £nil) of which £nil (2014: £nil) was outstanding at the year end. JPMorgan earns no management fee on these funds.

At the year end, the Group and Company held bank balances of £1,603,000 and £733,000 respectively with JPMorgan Chase (2014: £779,000 and £561,000 respectively).

Interest amounting to £1,000 and £nil received by the Group and Company respectively (2014: £nil Group and Company) during the year from JPMorgan Chase, of which £nil (2014: £nil) was outstanding in both the Group's and Company's accounts at the year end.

Details of the Directors' shareholdings and the remuneration payable to Directors are given in the Directors' Remuneration Report on page 28.

Balances and transactions between the Company and its subsidiary, which are related parties, have been eliminated on consolidation and are not disclosed in this note.

18. Disclosures regarding financial instruments measured at fair value

The disclosures required by the amendment to IFRS 7: 'Improving Disclosures about Financial Instruments' are given below. The Group and Company financial instruments within the scope of IFRS 7 that are held at fair value comprise their investment portfolios.

The investments are categorised into a hierarchy consisting of the following three levels:

Level 1 - valued using quoted prices in active markets.

Level 2 - valued by reference to valuation techniques using observable inputs other than quoted market prices included within Level 1.

Level 3 - valued by reference to valuation techniques using inputs that are not based on observable market data.

Categorisation within the hierarchy has been determined on the basis of the lowest level input that is significant to the fair value measurement of the relevant asset. Details of the valuation techniques used by the Company are given in note 2(e) on page 41.

The following tables set out the fair value measurements using the IFRS 7 hierarchy at 30th September:

	Group 2015				Company 2015			
	Level 1 £'000	Level 2 £'000	Level 3 £'000	Total £'000	Level 1 £'000	Level 2 £'000	Level 3 £'000	Total £'000
Financial assets held at fair value through profit or loss								
Equity investments	614,242	–	–	614,242	12,099	586,239	–	598,338
Investment in liquidity funds	9,741	–	–	9,741	5,941	–	–	5,941
Total	623,983	–	–	623,983	18,040	586,239	–	604,279

	Group 2014				Company 2014			
	Level 1 £'000	Level 2 £'000	Level 3 £'000	Total £'000	Level 1 £'000	Level 2 £'000	Level 3 £'000	Total £'000
Financial assets held at fair value through profit or loss								
Equity investments	557,474	–	–	557,474	18,656	511,729	–	530,385
Total	557,474	–	–	557,474	18,656	511,729	–	530,385

There have been no transfers between Levels 1, 2 or 3 during the current or comparative year. There is one holding in Level 3 which comprises an unquoted investment in DC Design which rounds down to less than £1,000. There have been no purchases or sales of this stock and the fair value has remained unchanged in the current and comparative year.

19. Financial instruments' exposure to risk and risk management policies

The Company is an investment trust and its wholly owned subsidiary is an investment company and they both invest in equities and other securities for the long term so as to secure the investment objective stated on the 'Features' page. In pursuing the objective, the Group is exposed to a variety of risks that could result in a reduction in net assets or a reduction in profits. These risks include market risk (comprising currency risk, interest rate risk and other price risk), liquidity risk and credit risk. The Directors' policy for managing these risks is set out below. The Company Secretary, in close cooperation with the Board and the Manager, coordinates the Group's risk management strategy.

The objectives, policies and processes for managing the risks and the methods used to measure the risks that are set out below, have not changed from those applying in the comparative year.

The Group's financial instruments may comprise the following:

- investments in equity shares of Indian companies and other securities which are held in accordance with the investment objective;
- investments in liquidity funds;
- short term receivables, payables and cash arising directly from its operations; and
- a credit facility for the purpose of raising finance for the Company's operations and providing leveraged returns for the Company's shareholders.

(a) Market risk

The fair value or future cash flows of a financial instrument held by the Group may fluctuate because of changes in market prices. This market risk comprises three elements - currency risk, interest rate risk and other price risk. Information to enable an evaluation of the nature and extent of these three elements of market risk is given in parts (i) to (iii) of this note, together with sensitivity analyses where appropriate. The Board reviews and agrees policies for managing these risks, and these policies have remained unchanged from those applying in the comparative year. The Manager assesses the exposure to market risk when making each investment decision and monitors the overall level of market risk on the whole of the investment portfolio on an ongoing basis.

NOTES TO THE FINANCIAL STATEMENTS CONTINUED
19. Financial instruments' exposure to risk and risk management policies *continued*
(a) Market risk *continued*
(i) Currency risk

Most of the Group's assets and income and certain of its liabilities are denominated in currencies other than sterling, which is the Company's functional currency and the presentational currency of the Group. As a result, movements in exchange rates may affect the sterling value of those items.

Management of currency risk

The Manager monitors the Group's exposure to foreign currencies on a daily basis and reports to the Board, which meets on at least four occasions each year. The Manager measures the risk to the Group of the foreign currency exposure by considering the effect on the Group's net asset value and income of a movement in the rates of exchange to which the Group's assets, liabilities, income and expenses are exposed. Income denominated in foreign currencies is converted to sterling on receipt. The Group may use short term forward currency contracts to manage working capital requirements.

Foreign currency exposure

The fair value of the Group's and Company's monetary items that have foreign currency exposure at 30th September are shown below. Where equity investments, which are not monetary items, are priced in a foreign currency, they have been included separately in the analysis so as to show the overall level of exposure.

	Group				Company			
	At 30th September 2015				At 30th September 2015			
	Indian Rupees £'000	US\$ £'000	Others £'000	Total £'000	Indian Rupees £'000	US\$ £'000	Others £'000	Total £'000
Investments at fair value through profit or loss that are monetary items	–	5,941	–	5,941	–	5,941	–	5,941
Current assets	2,672	688	–	3,360	–	649	–	649
Foreign currency exposure to net monetary items	2,672	6,629	–	9,301	–	6,590	–	6,590
Equity investments held at fair value	602,143	10,132	1,967	614,242	–	10,132	1,967	12,099
Total net foreign currency exposure	604,815	16,761	1,967	623,543	–	16,722	1,967	18,689

	Group				Company			
	At 30th September 2014				At 30th September 2014			
	Indian Rupees £'000	US\$ £'000	Others £'000	Total £'000	Indian Rupees £'000	US\$ £'000	Others £'000	Total £'000
Current assets	323	22	–	345	–	16	–	16
Foreign currency exposure to net monetary items	323	22	–	345	–	16	–	16
Equity investments held at fair value	538,817	17,913	743	557,473	–	17,913	743	18,656
Total net foreign currency exposure	539,140	17,935	743	557,818	–	17,929	743	18,672

The above year end amounts are broadly representative of the exposure to foreign currency risk during the current and comparative year.

Foreign currency sensitivity

The following tables illustrate the sensitivity of profit after taxation for the year and net assets with regard to the monetary financial assets and financial liabilities, equity investments and exchange rates. The sensitivity analysis is based on equity investments, monetary currency financial instruments held at each balance sheet date and assumes a 10% (2014: 10%) appreciation or depreciation in sterling against the Indian Rupee and US Dollar and the income receivable in foreign currency to which the Group and Company are exposed, which is deemed a reasonable illustration based on the volatility of exchange rates during the year.

If sterling had weakened by 10% this would have had the following effect:

	Group		Company	
	2015 £'000	2014 £'000	2015 £'000	2014 £'000
Statement of comprehensive income return after taxation				
Revenue return	612	668	26	15
Capital return	930	35	659	2
Total return after taxation for the year	1,542	703	685	17
Equity investments held at fair value	61,424	55,747	1,210	1,866
Net assets	62,966	56,450	1,895	1,883

NOTES TO THE FINANCIAL STATEMENTS CONTINUED
19. Financial instruments' exposure to risk and risk management policies *continued*
(a) Market risk *continued*
(i) Currency risk *continued*
Foreign currency sensitivity *continued*

Conversely if sterling had strengthened by 10% this would have had the following effect:

	Group		Company	
	2015 £'000	2014 £'000	2015 £'000	2014 £'000
Statement of comprehensive income return after taxation				
Revenue return	(612)	(668)	(26)	(15)
Capital return	(930)	(35)	(659)	(2)
Total return after taxation for the year	(1,542)	(703)	(685)	(17)
Equity investments held at fair value	(61,424)	(55,747)	(1,210)	(1,866)
Net assets	(62,966)	(56,450)	(1,895)	(1,883)

In the opinion of the Directors, the above sensitivity analysis with respect to monetary financial assets, financial liabilities and equity investments is broadly representative of the whole year.

(ii) Interest rate risk

Interest rate movements may affect the level of income receivable on cash deposits and the interest payable on variable rate cash borrowings.

Management of interest rate risk

The Group does not normally hold significant cash balances. Short term borrowings are used when required and derivative contracts are not used to hedge against the exposure to interest rate risk. The Group may finance part of its activities through borrowings at levels approved and monitored by the Board. The possible effects on cash flows that could arise as a result of changes in interest rates are taken into account when the Subsidiary borrows on its loan facility. However, amounts drawn down on this facility are for short term periods and therefore exposure to interest rate risk is not significant.

Interest rate exposure

The exposure of financial assets and liabilities to floating interest rates, giving cash flow interest rate risk when rates are reset, is shown below.

	Group		Company	
	2015 £'000	2014 £'000	2015 £'000	2014 £'000
Exposure to floating interest rates				
JPM US Dollar Liquidity Fund	5,941	–	5,941	–
JPM Sterling Liquidity Fund	3,800	–	–	–
Cash and cash equivalents	1,603	779	733	561
Bank loans	(23,000)	(29,900)	–	–
Total exposure	(11,656)	(29,121)	6,674	561

Interest receivable on cash balances is at a margin below LIBOR.

The exposure to floating interest rates has fluctuated during the year as follows:

	Group		Company	
	2015 £'000	2014 £'000	2015 £'000	2014 £'000
Maximum debit interest rate exposure to floating rates - net loan	(33,805)	(29,900)	(7)	(2,446)
Minimum (debit)/maximum credit interest rate exposure to floating rates - net (loan)/cash and cash equivalent balances	(3,170)	188	6,675	10,504

Interest rate sensitivity

The following table illustrates the sensitivity of profit after taxation for the year and net assets to a 1% (2014: 1%) increase or decrease in interest rate in regards to monetary financial assets and financial liabilities. This level of change is considered to be a reasonable illustration based on observation of current market conditions. The sensitivity analysis is based on the monetary financial instruments held at the balance sheet date, with all other variables held constant.

Effect of a 1% increase in interest rate:

	2015		2014	
	Group £'000	Company £'000	Group £'000	Company £'000
Statement of comprehensive income - return after taxation				
Revenue return	(116)	67	(291)	6
Total return after taxation for the year and net assets	(116)	67	(291)	6

Effect of a 1% decrease in interest rate:

	2015		2014	
	Group £'000	Company £'000	Group £'000	Company £'000
Statement of comprehensive income - return after taxation				
Revenue return	116	(67)	291	(6)
Total return after taxation for the year and net assets	116	(67)	291	(6)

In the opinion of the Directors, the above sensitivity analysis may not be representative of the whole year as the level of exposure to floating interest rates may fluctuate.

(iii) Other price risk

Other price risk includes changes in market prices, other than those arising from interest rate risk or currency risk, which may affect the value of investments.

Management of other price risk

The Board meets on at least four occasions each year to consider the asset allocation of the portfolio and the risk associated with particular industry sectors. The investment management team has responsibility for monitoring the portfolio, which is selected in accordance with the investment objective and seeks to ensure that individual stocks meet an acceptable risk/reward profile.

NOTES TO THE FINANCIAL STATEMENTS CONTINUED
19. Financial instruments' exposure to risk and risk management policies *continued*
(a) Market risk *continued*
(iii) Other price risk *continued*
Other price risk exposure

The exposure to changes in market prices at 30th September comprises holdings in equity investments as follows:

	2015		2014	
	Group £'000	Company £'000	Group £'000	Company £'000
Equity investments held at fair value through profit or loss	614,242	598,334	557,474	530,385

The above data is broadly representative of the exposure to other price risk during the current and comparative year.

Concentration of exposure to other price risk

An analysis of the Group's investments is given on pages 11 to 13. This shows that the investments' value is entirely in India. Accordingly there is a concentration of exposure to that country. However it should be noted that an investment may not necessarily be wholly exposed to the economic conditions in its country of domicile.

Other price risk sensitivity

The following table illustrates the sensitivity of profit after taxation for the year and net assets to an increase or decrease of 10% (2014: 10%) in the fair value of equity investments or a change in the sterling/rupee exchange rate. This level of change is considered to be a reasonable illustration based on observation of current market conditions. The sensitivity analysis is based on equity investments and adjusting for change in the management fee, but with all other variables held constant.

Effect of a 10% increase in fair value:

	2015		2014	
	Group £'000	Company £'000	Group £'000	Company £'000
Statement of comprehensive income - return after taxation				
Revenue return	(614)	(12)	(557)	(19)
Capital return	61,424	1,210	55,747	1,866
Total return after taxation and net assets	60,810	1,198	55,190	1,847

Effect of a 10% decrease in fair value:

	2015		2014	
	Group £'000	Company £'000	Group £'000	Company £'000
Statement of comprehensive income - return after taxation				
Revenue return	614	12	557	19
Capital return	(61,424)	(1,210)	(55,747)	(1,866)
Total return after taxation and net assets	(60,810)	(1,198)	(55,190)	(1,847)

(b) Liquidity risk

This is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Management of the risk

Liquidity risk is not significant as the Group's assets comprise readily realisable securities, which can be sold to meet funding requirements if necessary. Short term flexibility is achieved through the use of overdraft facilities. The Board's policy is to remain fully invested in normal market conditions and that short term borrowings be used to manage short term liabilities and working capital requirements. A bank loan facility is used to gear the Group as appropriate. Details of the current facility are given in note 12 on page 48.

Contractual maturities of the financial liabilities at the year end, based on the earliest date on which payment can be required by the lender are as follows:

	2015					
	Group			Total £'000	Company	
	Less than three months £'000	More than three months but not more than one year £'000	More than one year £'000		Less than three months £'000	Total £'000
Other payables						
Other creditors and accruals	352	–	–	352	107	107
Bank loan	99	302	23,757	24,158	–	–
	451	302	23,757	24,510	107	107

	2014					
	Group			Total £'000	Company	
	Less than three months £'000	More than three months but not more than one year £'000	More than one year £'000		Less than three months £'000	Total £'000
Other payables						
Purchases of investments for future settlement	1,452	–	–	1,452	–	–
Repurchase of shares for future settlement	–	–	–	–	–	–
Other creditors and accruals	365	–	–	365	123	123
Bank loan	29,940	–	–	29,940	–	–
	31,757	–	–	31,757	123	123

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

19. Financial instruments' exposure to risk and risk management policies *continued*

(c) Credit risk

Credit risk is the risk that the counterparty to a transaction fails to discharge its obligations under that transaction which could result in a loss to the Group.

Management of credit risk

Portfolio dealing

The Company invests in markets that operate DVP (Delivery Versus Payment) settlement. The process of DVP mitigates the risk of losing the principal of a trade during the settlement process. The Manager continuously monitors dealing activity to ensure best execution, a process that involves measuring various indicators including the quality of trade settlement and incidence of failed trades. Counterparty lists are maintained and adjusted accordingly.

Cash

Counterparties are subject to daily credit analysis by the Manager and trades can only be placed with counterparties that have been approved by both the JPMorgan Counterparty Risk Group and the Board.

Exposure to JPMorgan Chase

JPMorgan Chase is the custodian of the Company's assets. The custody agreement grants a general lien over the securities credited to the securities account. The Company's assets are segregated from JPMorgan Chase's own trading assets. Therefore, in the event that JPMorgan Chase were to cease trading, these assets would be protected. However, no absolute guarantee can be given to investors on the protection of all assets of the Group.

Credit risk exposure

The amounts shown in the statement of financial position under investments in liquidity fund, other receivables and cash and cash equivalents represent the maximum exposure to credit risk at the current and comparative year ends.

Cash and cash equivalents comprise balances held at banks that have a minimum rating of A1/P1 (2014: A1/P1) from Standard & Poor's and Moody's respectively.

(d) Fair values of financial assets and financial liabilities

All financial assets and liabilities are either included in the statement of financial position at fair value, or the carrying amount in the statement of financial position is a reasonable approximation of fair value.

20. Capital management policies and procedures

The Company's capital comprises the following:

	2015 £'000	2014 £'000
Debt		
Bank loans	23,000	29,900
Equity		
Share capital	31,404	31,404
Reserves	573,548	499,442
Total capital	627,952	560,746

The capital management objectives are to ensure that the Group will continue as a going concern and to optimise capital return to the Company's equity shareholders. Gearing is permitted up to a maximum level of 15% of shareholders' funds.

	2015		2014	
	Group £'000	Company £'000	Group £'000	Company £'000
Investments held at fair value excluding liquidity fund holdings	614,242	598,338	557,474	530,385
Current assets excluding cash	2,718	47	4,310	23
Current liabilities excluding bank loans	(352)	(107)	(1,817)	(123)
Total assets	616,608	598,278	559,967	530,285
Net assets	604,952	604,952	530,846	530,846
Gearing/(net cash)	1.9%	(1.1)%	5.5%	(0.1)%

The Board, with the assistance of the Manager, monitors and reviews the broad structure of the Company's capital on an ongoing basis. This review includes:

- the planned level of gearing, which takes into account the Manager's views on the market;
- the covenants associated with bank loans, to ensure they are complied with at all times;
- the need to buy back equity shares, either for cancellation or to hold in Treasury, which takes into account the share price discount or premium; and
- the need for issues of new shares, including issues from Treasury.

21. Business and geographical segments

The Directors are of the opinion that the Group is engaged in a single segment of business of investing in equity and equity related securities of companies operating and generating revenue in India.

22. Subsequent events

The Directors have evaluated the period since the year end and have not noted any subsequent events.

Shareholder Information

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the twenty-second Annual General Meeting of JPMorgan Indian Investment Trust plc will be held at 60 Victoria Embankment, London EC4Y 0JP on Wednesday, 27th January 2016 at 12.00 noon for the following purposes:

1. To receive the Directors' Report, the Annual Accounts and the Auditors' Report for the year ended 30th September 2015.
2. To approve the Directors' remuneration policy.
3. To approve the Directors' Remuneration Report for the year ended 30th September 2015.
4. To reappoint Richard Burns as a Director of the Company.
5. To reappoint Jasper Judd as a Director of the Company.
6. To reappoint Rosemary Morgan as a Director of the Company.
7. To reappoint Nimi Patel as a Director of the Company.
8. To reappoint Hugh Sandeman as a Director of the Company.
9. To reappoint PricewaterhouseCoopers LLP as Auditors of the Company and to authorise the Directors to determine their remuneration.

Special Business

To consider the following resolutions:

Authority to allot relevant securities – Ordinary Resolution

10. THAT the Directors of the Company be and they are hereby generally and unconditionally authorised (in substitution of any authorities previously granted to the Directors), pursuant to and in accordance with Section 551 of the Companies Act 2006 (the 'Act') to exercise all the powers of the Company to allot shares in the Company and to grant rights to subscribe for, or to convert any security into, shares in the Company ('Rights') up to an aggregate nominal amount of £2,642,694, representing approximately 10% of the Company's issued Ordinary share capital as at the date of the passing of this resolution, provided that this authority shall expire at the conclusion of the Annual General Meeting of the Company to be held in 2017 unless renewed at a general meeting prior to such time, save that the Company may before such expiry make offers or agreements which would or might require shares to be allotted or Rights to be granted after such expiry and so that the Directors of the Company may allot shares

and grant Rights in pursuance of such offers or agreements as if the authority conferred hereby had not expired.

Authority to disapply pre-emption rights – Special Resolution

11. THAT subject to the passing of Resolution 10 set out above, the Directors of the Company be and they are hereby empowered pursuant to Sections 570 to 573 of the Act to allot equity securities (within the meaning of Section 560 of the Act) for cash pursuant to the authority conferred by Resolution 10 or by way of a sale of Treasury shares as if Section 561(1) of the Act did not apply to any such allotment, provided that this power shall be limited to the allotment of equity securities for cash up to an aggregate nominal amount of £2,642,694 representing approximately 10% of the issued Ordinary share capital as at the date of the passing of this resolution at a price of not less than the net asset value per share and shall expire upon the expiry of the general authority conferred by Resolution 10 above, save that the Company may before such expiry make offers or agreements which would or might require equity securities to be allotted after such expiry and so that the Directors of the Company may allot equity securities in pursuance of such offers or agreements as if the power conferred hereby had not expired.

Authority to repurchase the Company's shares – Special Resolution

12. THAT the Company be generally and, subject as hereinafter appears, unconditionally authorised in accordance with Section 701 of the Companies Act 2006 (the 'Act') to make market purchases (within the meaning of Section 693 of the Act) of its issued ordinary shares.

PROVIDED ALWAYS THAT

- (i) the maximum number of ordinary shares hereby authorised to be purchased shall be 15,845,598 or if different, that number of Ordinary shares which is equal to 14.99% of the Company's issued Ordinary share capital as at the date of the passing of this Resolution;
- (ii) the minimum price which may be paid for an Ordinary share shall be 25 pence;
- (iii) the maximum price which may be paid for a share shall be an amount equal to: (a) 105% of the average of the middle market quotations for the share taken from and calculated by reference to the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the share is purchased; or (b) the price of the last independent trade; or (c) the highest current independent bid;

-
- (iv) any purchase of Ordinary shares will be made in the market for cash at prices below the prevailing net asset value per Ordinary share (as determined by the Directors);
 - (v) the authority hereby conferred shall expire on 26th July 2017 unless the authority is renewed at the Company's Annual General Meeting in 2017 or at any other general meeting prior to such time; and
 - (vi) the Company may make a contract to purchase shares under the authority hereby conferred prior to the expiry of such authority and may make a purchase of shares pursuant to any such contract notwithstanding such expiry.

By order of the Board
Jonathan Latter, for and on behalf of
JPMorgan Funds Limited,
Secretary

22nd December 2015

Notes

These notes should be read in conjunction with the notes on the reverse of the proxy form.

1. A member entitled to attend and vote at the Meeting may appoint another person(s) (who need not be a member of the Company) to exercise all or any of his rights to attend, speak and vote at the Meeting. A member can appoint more than one proxy in relation to the Meeting, provided that each proxy is appointed to exercise the rights attaching to different shares held by him.
2. A proxy does not need to be a member of the Company but must attend the Meeting to represent you. Your proxy could be the Chairman, another director of the Company or another person who has agreed to attend to represent you. Details of how to appoint the Chairman or another person(s) as your proxy or proxies using the proxy form are set out in the notes to the proxy form. If a voting box on the proxy form is left blank, the proxy or proxies will exercise his/their discretion both as to how to vote and whether he/they abstain(s) from voting. Your proxy must attend the Meeting for your vote to count. Appointing a proxy or proxies does not preclude you from attending the Meeting and voting in person.
3. Any instrument appointing a proxy, to be valid, must be lodged in accordance with the instructions given on the proxy form.
4. You may change your proxy instructions by returning a new proxy appointment. The deadline for receipt of proxy appointments also applies in relation to amended instructions. Any attempt to terminate or amend a proxy appointment received after the relevant deadline will be disregarded. Where two or more valid separate appointments of proxy are received in respect of the same share in respect of the same Meeting, the one which is last received (regardless of its date or the date of its signature) shall be treated as replacing and revoking the other or others as regards that share; if the Company is unable to determine which was last received (regardless of its date or the date of its signature) shall be treated as replacing and revoking the other or others as regards that share; if the Company is unable to determine which was last received, none of them shall be treated as valid in respect of that share.
5. To be entitled to attend and vote at the Meeting (and for the purpose of the determination by the Company of the number of votes they may cast), members must be entered on the Company's register of members as at 6.00 p.m. two working days prior to the Meeting (the 'specified time'). If the Meeting is adjourned to a time not more than 48 hours after the specified time applicable to the original Meeting, that time will also apply for the purpose of determining the entitlement of members to attend and vote (and for the purpose of determining the number of votes they may cast) at the adjourned Meeting. If however the Meeting is adjourned for a longer period then, to be so entitled, members must be entered on the Company's register of members as at 6.00 p.m. two working days prior to the adjourned Meeting or, if the Company gives notice of the adjourned Meeting, at the time specified in that notice. Changes to entries on the register after this time shall be disregarded in determining the rights of persons to attend or vote at the meeting or adjourned meeting.

NOTICE OF ANNUAL GENERAL MEETING *CONTINUED*

6. Entry to the Meeting will be restricted to shareholders and their proxy or proxies. No guests will be admitted.
 7. A corporation, which is a shareholder, may appoint an individual(s) to act as its representative(s) and to vote in person at the Meeting (see instructions given on the proxy form). In accordance with the provisions of the Companies Act 2006, each such representative(s) may exercise (on behalf of the corporation) the same powers as the corporation could exercise if it were an individual member of the Company, provided that they do not do so in relation to the same shares. It is therefore no longer necessary to nominate a designated corporate representative. Representatives should bring to the meeting evidence of their appointment, including any authority under which it is signed.
 8. Members that satisfy the thresholds in Section 527 of the Companies Act 2006 can require the Company to publish a statement on its website setting out any matter relating to: (a) the audit of the Company's accounts (including the Auditors' report and the conduct of the audit) that are to be laid before the AGM; or (b) any circumstances connected with an Auditor of the Company ceasing to hold office since the previous AGM; which the members propose to raise at the meeting. The Company cannot require the members requesting the publication to pay its expenses. Any statement placed on the website must also be sent to the Company's Auditors no later than the time it makes its statement available on the website. The business which may be dealt with at the AGM includes any statement that the Company has been required to publish on its website pursuant to this right.
 9. Pursuant to Section 319A of the Companies Act 2006, the Company must cause to be answered at the AGM any question relating to the business being dealt with at the AGM which is put by a member attending the meeting except in certain circumstances, including if it is undesirable in the interests of the Company or the good order of the meeting or if it would involve the disclosure of confidential information.
 10. Under Sections 338 and 338A of the 2006 Act, members meeting the threshold requirements in those sections have the right to require the Company: (i) to give, to members of the Company entitled to receive notice of the Meeting, notice of a resolution which those members intend to move (and which may properly be moved) at the Meeting; and/or (ii) to include in the business to be dealt with at the Meeting any matter (other than a proposed resolution) which may properly be included in the business at the Meeting. A resolution may properly be moved, or a matter properly included in the business unless: (a) (in the case of a resolution only) it would, if passed, be ineffective (whether by reason of any inconsistency with any enactment or the Company's constitution or otherwise); (b) it is defamatory of any person; or (c) it is frivolous or vexatious. A request made pursuant to this right may be in hard copy or electronic form, must identify the resolution of which notice is to be given or the matter to be included in the business, must be accompanied by a statement setting out the grounds for the request, must be authenticated by the person(s) making it and must be received by the Company not later than the date that is six clear weeks before the Meeting, and (in the case of a matter to be included in the business only) must be accompanied by a statement setting out the grounds for the request.
 11. A copy of this notice has been sent for information only to persons who have been nominated by a member to enjoy information rights under Section 146 of the Companies Act 2006 (a 'Nominated Person'). The rights to appoint a proxy can not be exercised by a Nominated Person: they can only be exercised by the member. However, a Nominated Person may have a right under an agreement between him and the member by whom he was nominated to be appointed as a proxy for the Meeting or to have someone else so appointed. If a Nominated Person does not have such a right or does not wish to exercise it, he may have a right under such an agreement to give instructions to the member as to the exercise of voting rights.
 12. In accordance with Section 311A of the Companies Act 2006, the contents of this notice of meeting, details of the total number of shares in respect of which members are entitled to exercise voting rights at the AGM, the total voting rights members are entitled to exercise at the AGM and, if applicable, any members' statements, members' resolutions or members' matters of business received by the Company after the date of this notice will be available on the Company's website www.jpmindian.co.uk.
 13. The register of interests of the Directors and connected persons in the share capital of the Company and the Directors' letters of appointment are available for inspection at the Company's registered office during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted). It will also be available for inspection at the Annual General Meeting. No Director has any contract of service with the Company.
 14. You may not use any electronic address provided in this Notice of meeting to communicate with the Company for any purposes other than those expressly stated.
 15. As an alternative to completing a hard copy Form of Proxy/Voting Instruction Form, you can appoint a proxy or proxies electronically by visiting www.sharevote.co.uk. You will need your Voting ID, Task ID and Shareholder Reference Number (this is the series of numbers printed under your name on the Form of Proxy). Alternatively, if you have already registered with Equiniti Limited's online portfolio service, Shareview, you can submit your Form of Proxy at www.shareview.co.uk. Full instructions are given on both websites.
 16. As at 14th December 2015 (being the latest business day prior to the publication of this Notice), the Company's issued share capital, excluding those shares held in Treasury, consists of 105,707,798 Ordinary shares, carrying one vote each. Therefore the total voting rights in the Company are 105,707,798.
- Electronic appointment – CREST members**
CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the Meeting and any adjournment(s) thereof by using the procedures described in the CREST Manual. See further instructions on the proxy form.

GLOSSARY OF TERMS AND DEFINITIONS

Benchmark Return

Total return on the benchmark, on a mid-market value to mid-market value basis, assuming that all dividends received were reinvested into the shares of the underlying companies at the time the shares were quoted ex-dividend. The benchmark is a recognised index of stocks which should not be taken as wholly representative of the Company's investment universe. The Company's investment strategy does not 'track' this index and consequently, there may be some divergence between the Company's performance and that of the benchmark.

Return on Net Assets

Return on the net asset value per share, on a bid value to bid value basis.

Return to Shareholders

Total return to the shareholder on a mid-market price to mid-market price basis.

Gearing/Net Cash

Gearing represents the excess amount above shareholders' funds of total assets expressed as a percentage of the shareholders' funds. Total assets include total investments and net current assets/liabilities less cash/cash equivalents and excluding bank loans of less than one year. If the amount calculated is negative, this is shown as a 'net cash' position.

Ongoing Charges

The ongoing charges represent the Company's management fee and all other operating expenses, excluding finance costs, expressed as a percentage of the average of the daily net assets during the year and is calculated in accordance with guidance issued by the Association of Investment Companies.

Share Price Discount/Premium to Net Asset Value ('NAV') per share

If the share price of an investment trust is lower than the NAV per share, the shares are said to be trading at a discount. The discount is shown as a percentage of the NAV per share. The opposite of a discount is a premium. It is more common for an investment trust company's shares to trade at a discount than at a premium.

Earnings/(Loss) per share

The earnings/(loss) per share represents the profit/(loss) on ordinary activities after taxation divided by the weighted average number of shares in issue during the year.

Active Position

The active position shows the difference between the Company's holding of an individual stock, sector or country compared with that stock, sector or country's weighting in the Company's benchmark index. A positive number indicates an active decision by the investment manager to own more of (i.e. be overweight) a

particular stock, sector or country versus the benchmark and a negative number a decision to hold less of (i.e. be underweight) a particular stock, sector or country versus the benchmark.

Performance Attribution

Analysis of how the Company achieved its recorded performance relative to its benchmark.

Performance Attribution Definitions:

Asset Allocation

Measures the impact of allocating assets differently from those in the benchmark, via the portfolio's weighting in different countries, sectors or asset types.

Stock Selection

Measures the effect of investing in securities to a greater or lesser extent than their weighting in the benchmark, or of investing in securities which are not included in the benchmark.

Currency Effect

Measures the effect of currency exposure differences between the Company's portfolio and its benchmark.

Gearing/Cash

Measures the impact on returns of borrowings or cash balances on the Company's relative performance.

Management Fee/Other Expenses

The payment of fees and expenses reduces the level of total assets, and therefore has a negative effect on relative performance.

Leverage

For the purposes of the Alternative Investment Fund Managers Directive ('AIFMD'), leverage is any method which increases the Company's exposure, including the borrowing of cash and the use of derivatives. It is expressed as a ratio between the Company's exposure and its net asset value and is calculated on a gross and a commitment method, in accordance with AIFMD. Under the gross method, exposure represents the sum of the Company's positions without taking into account any hedging and netting arrangements. Under the commitment method, exposure is calculated after certain hedging and netting positions are offset against each other.

Alternative Investment Fund Managers – Leverage

The Company's maximum and actual leverage levels at 30th September 2015 are shown below:

Leverage Exposure	Gross method	Commitment method
Maximum limit	200%	200%
Actual	103%	103%

WHERE TO BUY J.P. MORGAN INVESTMENT TRUSTS

The Company participates in the J.P. Morgan Investment Trusts Savings Plan, which facilitates both regular monthly investments and occasional lump sum investments in the Company's ordinary shares. Shareholders who would like information on the Savings Plan should call J.P. Morgan Asset Management free on 0800 20 40 20 or visit its website at am.jpmorgan.co.uk

Stocks & Shares Individual Savings Accounts (ISA)

The Company's shares are eligible investments within J.P. Morgan's Stocks & Shares ISA. For the 2015/16 tax year, from 6th April 2015 and ending 5th April 2016, the total ISA allowance is £15,240. Details are available from J.P. Morgan Asset Management free on 0800 20 40 20 or via its website at am.jpmorgan.co.uk

There are a number of ways that you can buy shares in investment trust companies; you can invest through J.P. Morgan Online or on the following:

Fund supermarkets:

AJ Bell	James Brearley
Alliance Trust	James Hay
Barclays Stockbrokers	Stocktrade
Charles Stanley Direct	TD Direct
Halifax Share Dealing Service	The Share Centre
Hargreaves Lansdown	Tilney Bestinvest
Interactive Investor	Transact

Alternatively you can invest through an Investment Professional (e.g. a Financial Adviser) on the following 3rd party platforms:

Ascentric	Nucleus
Avalon	Praemium
Axa Elevate	Transact
Novia	

Please note that these websites are third party websites and J.P. Morgan Asset Management does not endorse or recommend any of them. This list is not exhaustive and is subject to change. Please observe each site's privacy and cookie policies as well as their platform charges structure.

You can also buy investment trusts through stockbrokers, wealth managers and banks.

To familiarise yourself with the Financial Conduct Authority ('FCA') adviser charging and commission rules, visit www.fca.org.uk.

Financial Conduct Authority

Beware of share fraud

Fraudsters use persuasive and high-pressure tactics to lure investors into scams. They may offer to sell shares that turn out to be worthless or non-existent, or to buy shares at an inflated price in return for an upfront payment. While high profits are promised, if you buy or sell shares in this way you will probably lose your money.

How to avoid share fraud

- 1 Keep in mind that firms authorised by the FCA are unlikely to contact you out of the blue with an offer to buy or sell shares.
- 2 Do not get into a conversation, note the name of the person and firm contacting you and then end the call.
- 3 Check the Financial Services Register from www.fca.org.uk to see if the person and firm contacting you is authorised by the FCA.
- 4 Beware of fraudsters claiming to be from an authorised firm, copying its website or giving you false contact details.
- 5 Use the firm's contact details listed on the Register if you want to call it back.
- 6 Call the FCA on **0800 111 6768** if the firm does not have contact details on the Register or you are told they are out of date.
- 7 Search the list of unauthorised firms to avoid at www.fca.org.uk/scams.
- 8 Consider that if you buy or sell shares from an unauthorised firm you will not have access to the Financial Ombudsman Service or Financial Services Compensation Scheme.
- 9 Think about getting independent financial and professional advice before you hand over any money.
- 10 **Remember:** if it sounds too good to be true, it probably is!

Report a scam

If you are approached by fraudsters please tell the FCA using the share fraud reporting form at www.fca.org.uk/scams, where you can find out more about investment scams.

You can also call the FCA Consumer Helpline on **0800 111 6768**.

If you have already paid money to share fraudsters you should contact Action Fraud on **0300 123 2040**.

5,000 people contact the Financial Conduct Authority about share fraud each year, with victims losing an average of £20,000
