

Consecutive triple win for J.P. Morgan Global Liquidity

2016 TMI Awards for Innovation & Excellence

Category: Best Money Market Funds – North America, Europe, Asia

February 2017

Once again, building on last year's success, we are very proud to announce that we have won three awards at the 2016 TMI Awards for Innovation and Excellence in Treasury Management. We were awarded Best Money Market Funds in each of the three regional categories—North America, Europe and Asia. This is the first time that the same asset manager has won all three regional awards in consecutive years, reflecting our position as one of the world's top liquidity fund managers, with over 30 years of demonstrated results across market cycles.

The judging panel drew particular attention to the high standard of our client testimonials, which highlighted the degree to which we advocate on behalf of our clients, the transparency of our outcome-orientated cash investment solutions and the breadth and depth of our product range, which spans multiple currencies, jurisdictions and longer-duration solutions.

We were also commended by the judging panel on the quality of our regular editorial pieces, authored by key members of the J.P. Morgan Global Liquidity team. These expert editorial contributions—some of which attracted a particularly high readership—were well received by the panel.

Acknowledging the triple award win, John Donohue, Head of Global Liquidity, said: “We are honoured to receive this award in all three regions. As clients continue to reassess their cash investment strategy in the face of a challenging investment landscape, this recognition is a testament to our focus on client outreach, education and product innovation. It's also a solid endorsement of the power of our research-driven, globally coordinated investment process and the expertise of our dedicated team of liquidity professionals.”
