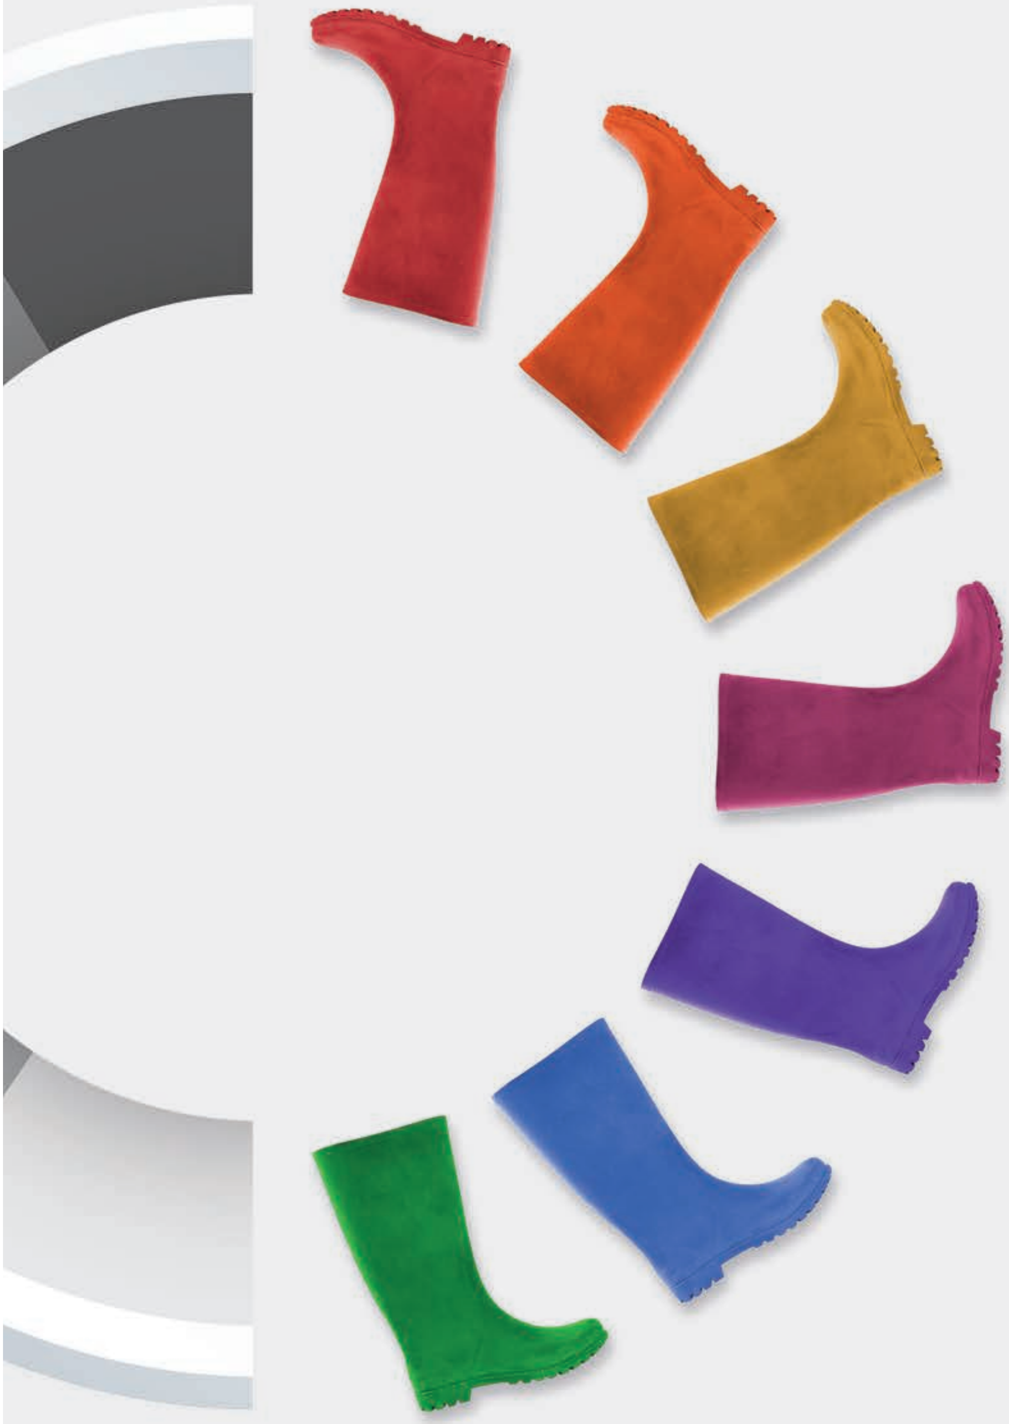
JPMorgan Mid Cap Investment Trust plc

Annual Report & Accounts for the year ended 30th June 2017



J.P.Morgan
Asset Management

Features

Objective

JPMorgan Mid Cap Investment Trust plc (the 'Company') aims to achieve capital growth from investment in medium-sized UK listed companies. The Company specialises in investment in FTSE 250 companies, using long and short term borrowings to increase returns to shareholders.

Investment Policies

- To focus on FTSE 250 stocks that deliver strong capital growth.
- To have significant exposure to the UK economy, with selective exposure to overseas earnings.
- To seek out both value stocks and growth stocks, including AIM stocks, to deliver strong performance throughout the market cycle.
- To use gearing, as appropriate, to increase potential returns to shareholders.
- To invest no more than 15% of gross assets in other UK listed investment companies (including investment trusts).

The Company's shares are designed for private investors in the UK, including retail investors, professionally-advised private clients and institutional investors, who seek the potential for capital growth from investment in the UK market and who understand and are willing to accept the risks of exposure to equities. Private investors should consider consulting an independent financial adviser who specialises in advising on the acquisition of shares and other securities before acquiring shares in the Company. Investors should be capable of evaluating the risks and merits of such an investment and should have sufficient resources to bear any loss that may result.

Benchmark

The FTSE 250 Index (excluding investment trusts).

Capital Structure

- UK domiciled.
- Premium Listing on the London Stock Exchange.
- As at 30th June 2017, the Company's called-up share capital comprised 25,398,080 ordinary shares of 25p each including 1,560,400 shares held in Treasury.

Management Company

The Company employs JPMorgan Funds Limited ('JPMF' or the 'Manager') as its Alternative Investment Fund Manager. JPMF delegates the management of the Company's portfolio to JPMorgan Asset Management ('JPMAM').

FCA Regulation of 'Non-Mainstream Pooled Investments'

The Company currently conducts its affairs so that the shares issued by the Company can be recommended by independent financial advisers to ordinary retail investors in accordance with the FCA's rules in relation to non-mainstream investment products and intends to continue to do so for the foreseeable future.

The shares are excluded from the FCA's restrictions which apply to non-mainstream investment products because they are shares in an investment trust.

Association of Investment Companies

The Company is a member of the Association of Investment Companies.

Website

The Company's website, which can be found at www.jpmmidcap.co.uk, includes useful information on the Company, such as daily prices, factsheets and current and historic half year and annual reports.

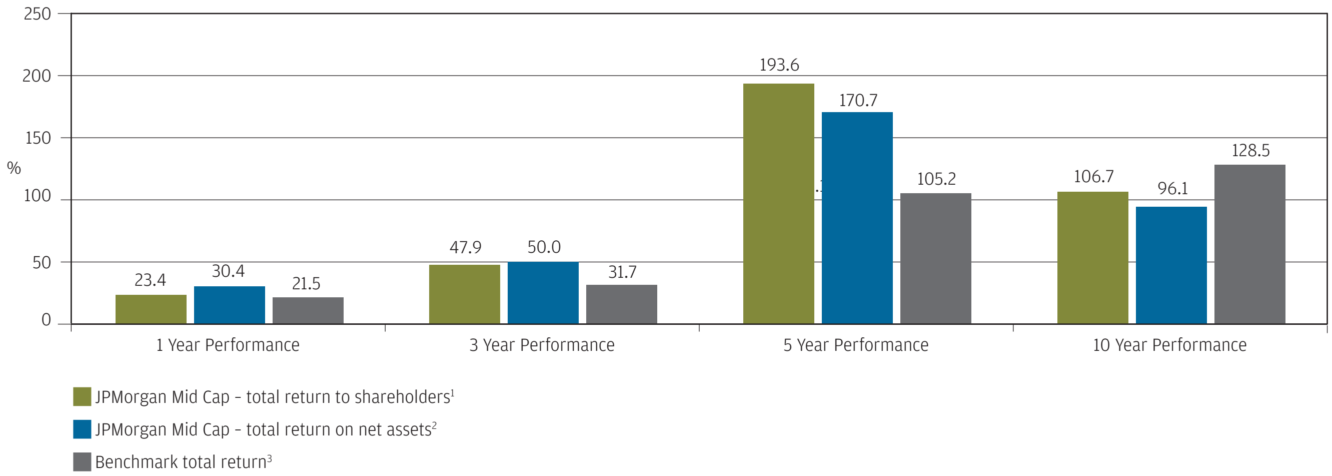
Long Term Performance

FOR PERIODS ENDED 30TH JUNE 2017



[1] Source: Morningstar.

[2] Source: Morningstar/J.P. Morgan, using cum income net asset value per share. The 10 year performance is using capital only net asset values, due to a lack of historic cum income net asset values.

[3] Source: Morningstar. The Company's benchmark is the FTSE 250 Index (excluding investment trusts).

For further details and analysis please refer to the performance attribution on page 7.

A glossary of terms and alternative performance measures are provided on page 59.

CHAIRMAN'S STATEMENT

Investment Performance

I am very pleased to present my first annual statement as Chairman of the Company in a year that delivered very positive shareholder returns and when our Managers also outperformed the Company's benchmark, after the turmoil caused in the final few business days of the previous financial year following the Brexit vote. It is very pleasing that for the year ended 30th June 2017, the Company's total return on net assets was 30.4%, compared with the benchmark total return of 21.5%. Such performance generated since the negative market reaction, is testament to the abilities of our investment management team who, despite the significant market uncertainty, were able swiftly to reposition the portfolio by reducing exposure to the UK consumer, whilst sticking to their convictions and increasing exposure in areas deemed to be more immune to the impact of Brexit. Such actions made good last year's marginal underperformance and indeed increased the margin of outperformance during the course of the year. As can be seen from the performance attribution detailed in the Investment Managers' Report on page 7, the vast majority of the outperformance stemmed from sound stock selection, since gearing was kept to a minimum given the continuing market headwinds affecting the UK as it negotiates its way out of the European Union.

Although the Mid Cap Indices have recovered, sentiment surrounding the UK remains fragile with the unexpected UK election result compounding an already unsettled political and economic landscape. Accordingly demand for the Company's shares, particularly from institutional investors, remains muted. As a result the Company's total return to shareholders was 23.4%, reflecting a widening by 5.1 percentage points of the discount at which the Company's shares trade to net asset value over the year.

The Company's long term performance record is now very strong over one, three and five years. The five year record coincides with the appointment of Georgina Brittain as an investment manager on our mandate, followed by the appointment of her co-manager, Katen Patel, in early 2014. This team has recorded an outperformance of just over 65 percentage points on a net asset value total return basis over five years. At a time when the asset management industry is in the spotlight in terms of its competitiveness and cost-effectiveness, the Company's consistent outperformance demonstrates the significant benefit that high performing active fund managers can deliver for investors compared to Exchange Traded Funds ('ETFs') and other passive products.

Based upon the performance record detailed above and taking all factors into account, to include other services provided to the Company and its shareholders, the Board has no hesitation in confirming that JPMF should remain as the Company's Manager and that its ongoing appointment remains in the best interests of shareholders.

The Investment Managers' report on pages 6 and 7 gives more detail on the positioning of the portfolio, actions taken and performance attribution, together with their views on the outlook for the mid cap sector.

Revenue and Dividends

Revenue earnings per share for the year to 30th June 2017 were 30.88 pence, a 4.9% increase on last year. Although slightly down on the previous year, the receipt of special dividends remained a notable factor in the strength of the Company's earnings, with just under 18% of the income received arising from the payment of special dividends. The Board has decided to increase the base dividend this year by 9.5%, thus proposing a final dividend of 15.0 pence, which when added to the interim dividend paid in April of 8.0 pence, equates to a base dividend payable of 23.0 pence (2016: 21.0 pence) for the full year. The Board further has resolved again to propose the payment of a special dividend of 3.0 pence

CHAIRMAN'S STATEMENT *CONTINUED*

(2016: 4.5 pence). The final dividend and special dividend will be combined as one dividend and paid on 15th November 2017 to shareholders on the register at the close of business on 6th October 2017.

It is expected that the underlying base dividend receipts on the Company's portfolio in 2017/2018 will be similar to those generated in 2016/2017. We are unable to forecast the payment of special dividends but these are again expected to be a feature of the UK dividend market for the year ahead, albeit there are signs of a slowdown in such payments and it is by no means certain that the receipt of substantial special dividends will remain a feature of the UK market.

Gearing and Borrowing Facilities

The Board sets the overall gearing guidelines and reviews these at each meeting; changes in these guidelines between meetings may be undertaken by the investment managers after consultation with the Board. The Board has determined that in normal circumstances the Company's gearing range is -5% to +25%. Having been fairly neutral throughout the year under review, at the end of the Company's financial year the Company was just over 2% geared.

At the end of the reporting year, the Company had two loan facilities in place totalling £40 million, expiring in 2019 and 2020, with the option of further increasing one of the facilities by £25 million.

Discount Management

During the year under review, the Board has been disappointed by the widening of the Company's discount, particularly against the background of strong investment performance. The Company did repurchase 159,500 shares in the year and the Board continues to monitor the discount closely with its advisers and is prepared to repurchase shares when it feels that it is appropriate, taking into account market conditions. Shares repurchased are held in Treasury for possible re-issue. Treasury shares and any new Ordinary shares will only be sold or issued respectively at a premium to net asset value.

Board of Directors

Following many years of service to the Company, Andrew Barker retired as a Director and Chairman in October 2016. I was appointed Chairman and Richard Huntingford has succeeded me as Senior Independent Director.

The process of refreshing the Board has continued with the appointment of Richard Gubbins as a Director from 1st January 2017. Richard was a senior corporate partner of Ashurst LLP, bringing both legal and corporate experience to the Board. Richard will stand for reappointment at the Annual General Meeting and I look forward to introducing him to shareholders at this event.

Gordon McQueen, our Audit Committee Chairman will be retiring from the Board at the conclusion of the Company's forthcoming Annual General Meeting. I would like to thank him for his contribution to the Board's deliberations and his wise counsel over the 13 years that he has been a member of the Board. He will be very much missed. Margaret Littlejohns will succeed Gordon in the role of Audit Committee Chairman.

The Directors conduct an assessment of the performance of the Board and its committees, as well as their own performance, each year and this is supplemented by one-to-one meetings with me. The Chairman's performance is assessed by the Senior Independent Director after he has consulted with all of the other Directors. A report is made to the

Nomination and Remuneration Committee which meets annually to consider the results of the evaluation exercises. As a result of that evaluation process, I can confirm that all Directors, bar Gordon McQueen, will stand for reappointment at the forthcoming Annual General Meeting.

Annual General Meeting

This year's Annual General Meeting will be held on Tuesday, 31st October 2017 at 2.30 p.m. at 60 Victoria Embankment, London EC4Y 0JP. In addition to the formal part of the meeting, there will be a presentation from Georgina Brittain and Katen Patel, who will also answer questions on the portfolio and performance. There will be an opportunity to meet the Board, the investment managers and representatives of JPMorgan after the meeting. I look forward to welcoming as many of you as possible to this meeting.

If you have any detailed or technical questions, it would be helpful if you could raise these in advance of the meeting with the Company Secretary at 60 Victoria Embankment, London EC4Y 0JP. Shareholders who are unable to attend the Annual General Meeting are encouraged to use their proxy votes.

Prospects

The UK mid cap sector has suffered from negative comments about the impact of the UK leaving the European Union. We feel these comments are over-pessimistic and that UK companies are well placed to take advantage of new opportunities in faster growing countries outside the Eurozone area. Indeed our managers have reported on a higher level of optimism from the companies they are invested in than appears to be reflected in recent media reports.

Since the start of the new millennium, the mid cap sector has substantially outperformed the large cap indices despite the major disruptions from global financial and political events. The table below details the returns generated by the FTSE 250 indices compared to the FTSE 100 Index over one, three, five and 10 years to 30th June 2017. Moreover the sector is being recognised as a source of more reliable income which is enabling us to grow the dividend steadily as well as providing good capital returns, thus the investment case for allocating a proportion of personal portfolios to funds investing in the FTSE 250 remains strong. Furthermore, our Investment Managers have an extended record of strong outperformance of the FTSE 250 indices over five years.

	To 30th June 2017			
Index	One Year Return %	Three Year Return %	Five Year Return %	Ten Year Return %
FTSE 250 (including investment trusts)	22.2	33.4	102.4	122.0
FTSE 250 (excluding investment trusts)	21.5	31.7	105.2	128.5
FTSE 100	17.0	21.6	58.2	61.2

While further domestic and global disruptions could increase market volatility from the low levels seen in recent years, we believe that the trend of the risk/return trade-off from your Company, together with the relatively wide discount on which the shares currently trade, will offer attractive long-term returns to both existing and new investors.

Michael Hughes
Chairman

22nd September 2017

INVESTMENT MANAGERS' REPORT

Georgina Brittain

Katen Patel

Performance & Market Background

The last twelve months have seen very strong returns for the UK stock market. In part this was due to the rebound following the significant market falls in June 2016 post the Referendum, but was also in part due to the resilience of the UK economy post the vote. To date, the economy has disproved the doomsayers, (although this may be because as yet nothing has changed fundamentally, aside from a decrease in the value of sterling and an increase in volatility), and this has outweighed wider political and geopolitical concerns.

Over the year, the FTSE 250 (ex Investment Trusts) Index rose 21.5%. We are pleased to report that your Company significantly outperformed the benchmark and provided a total return on net assets of 30.4%. Frustratingly, the share price total return was notably less at 23.4%. This was due to a widening of the discount of the share price relative to the net assets, as the investment community shifted its focus into the more internationally exposed FTSE 100, rather than the FTSE 250, and the discounts on mid and small cap investment trusts widened indiscriminately.

Portfolio

As we outlined in our last Annual Report, the post Referendum outlook for the UK led us to make a number of changes to the portfolio, in order to ensure that we had a balanced portfolio focused on secular growth companies, with increased exposure to overseas earners. The domestic focus of the Real Estate Investment Trusts (REITs) and Travel & Leisure sectors led us to move from overweight to underweight, while we increased our exposure to the Software and Industrial Engineering sectors. The impact of these and other changes over the year can be seen in the Portfolio Analysis on page 12. Our current position in the Financials sector reflects the sale of a number of Real Estate holdings, and hence we moved from overweight Financials to underweight. We also sold down a significant number of positions in the Consumer Services sector, moving from a very large overweight position to the current neutral position. Conversely, our Technology position has increased notably, and we closed the large underweight in the Industrials sector and moved overweight.

Mergers & Acquisitions ('M&A') (i.e. takeovers) has long been a notable feature of the mid cap space, and your Company benefitted from three take-overs during the year – WS Atkins, Shawbrook and Paysafe (the latter not yet completed). While clearly beneficial to performance, the key contributor to our outperformance versus the benchmark over the year was stock selection. A number of our largest holdings continued to deliver very strong returns, key among them JD Sports Fashion, Ashtead, Electrocomponents and Intermediate Capital Group.

Outlook

The outlook for the UK economy is mixed. It is all too easy to paint a gloomy picture in the short term. Consumer confidence is down, consumer spending is down, GDP forecasts have recently been reduced, and business investment is down. Add to this rising inflation and rising consumer debt levels, all against the backdrop of a destabilising UK election which provided a minority Government, and a further 18 months of Brexit negotiations.

However, few of these are surprises (bar the election outcome). On the positive side, it is clear that interest rates will continue to remain at rock bottom for some time to come. Unemployment is at a 40 year low at 4.4% and the employment rate (the proportion of people of working age who are in employment) is over 75%, which is the highest figure since records began in 1971. Foreign direct investment into the UK continues to be strong; and as predicted, our weak currency is proving a boon to UK exporters.

Performance attribution analyses how the Company achieved its recorded performance relative to its benchmark.

We believe we have positioned the portfolio to take advantage of these positives, and reduced our exposure to the potential negatives. We also believe we have created a balanced portfolio to suit the uncertain economic outlook over the next few years.

While in the run up to and immediate aftermath of the Referendum the FTSE 100 outperformed the more domestically exposed FTSE 250, during the financial year the long-term trend of mid cap outperformance has been resumed. We believe this is partly due to the resilience of the UK economy as outlined above, but is also due to the fact that the FTSE 250 contains a large number of world class companies which operate in exciting niche growth areas. Despite this outperformance by the FTSE 250, valuations in both indices are on a par, yet forecast growth is greater for mid cap stocks, and balance sheets are stronger. We discussed above the M&A that we have seen, both in the Company and in the Index. This increase in M&A confirms our view – if stock markets undervalue mid and small cap companies for too long, other buyers will take advantage.

The portfolio comprises investments in equity shares only.

BUSINESS REVIEW

The aim of the Strategic Report is to provide shareholders with the ability to assess how the Directors have performed their duty to promote the success of the Company during the year under review.

To assist shareholders with this assessment, the Strategic Report sets out the structure and objective of the Company, its investment policies and risk management, investment limits and restrictions, performance and key performance indicators, share capital, the Company's environmental, social and ethical policy, principal risks and how the Company seeks to manage those risks and finally its long term viability.

Structure and Objective of the Company

JPMorgan Mid Cap Investment Trust plc is an investment trust and has a premium listing on the London Stock Exchange. Its objective is to provide shareholders with capital growth from investment in medium-sized UK companies. In seeking to achieve this objective the Company employs JPMorgan Funds Limited ('JPMF' or the 'Manager') to manage actively the Company's assets. The Board has determined an investment policy and related guidelines and limits, as described below. It aims to outperform the FTSE 250 Index (excluding investment trusts), with dividends reinvested.

The Company is subject to UK and European legislation and regulations including UK company law, Financial Reporting Standards, Listing, Prospectus and Disclosure, Guidance and Transparency Rules, Market Abuse Regulation, taxation law and the Company's own Articles of Association. The Company is an investment company within the meaning of Section 833 of the Companies Act 2006 and has been approved by HMRC as an investment trust (for the purposes of Sections 1158 and 1159 of the Corporation Tax Act 2010). The Directors have no reason to believe that the Company will not continue to retain its investment trust status. The Company is not a close company for taxation purposes.

A review of the Company's activities and prospects is given in the Chairman's Statement on pages 3 to 5, and in the Investment Managers' Report on pages 6 and 7.

Investment Policies and Risk Management

In order to achieve its objective, the Company invests in a diversified portfolio, concentrating on FTSE 250 companies that deliver strong capital growth. The Managers seek out both value stocks and growth stocks, including AIM stocks, to deliver strong performance throughout the market cycle. The portfolio has a significant exposure to the UK economy, with selective exposure to overseas earnings. Gearing is used, as appropriate, to increase potential returns to shareholders.

Investment Limits and Restrictions

The Board seeks to manage the Company's risk by imposing various investment limits and restrictions.

- The Company will not invest more than 15% of its assets in other UK listed investment companies.
- No more than 15% of the portfolio at prevailing values may be invested outside the FTSE 250 Index. Investments outside the FTSE 250 Index can include AIM stocks.
- The Company will not invest more than 10% of assets in companies that themselves may invest more than 15% of gross assets in UK listed investment companies.
- The Company will not invest more than 10% of its assets in any one individual stock at the time of acquisition.
- The Company's Gearing policy is to operate within a range of -5% to +25% in normal market conditions.

Compliance with the Board's investment restrictions and guidelines is monitored continuously by the Manager and is reported to the Board on a monthly basis.

Performance

In the year to 30th June 2017, the Company produced a total return on net assets of +30.4% to give a total return to shareholders of +23.4%. This compares with the total return on the Company's benchmark index of +21.5%. As at 30th June 2017, the value of the Company's investment portfolio was £282.3 million (2016: £217.2 million). The Investment Managers' Report on pages 6 and 7 includes a review of developments during the year as well as information on investment activity within the Company's portfolio.

Total Return, Revenue and Dividends

Gross total return for the year amounted to £67.8 million (2016: £15.5 million loss) and net total return after deducting finance costs, management fees, administrative expenses and taxation amounted to £65.2 million (2016: £18.2 million loss). Distributable income for the year amounted to £7.4 million (2016: £7.1 million).

The Directors recommend a final dividend of 15.0p (2016: 13.0p), plus a special dividend of 3.0p (2016: 4.5p) per share, payable on 15th November 2017 to shareholders on the register at the close of business on 6th October 2017. This distribution, will amount to £4,291,000 (2016: £4,200,000). An interim dividend of 8.0p per share (2016: 8.0p per share) was paid on 18th April 2017. Following the payment of these dividends, the revenue reserve will amount to £6,969,000 (2016: £5,776,000).

BUSINESS REVIEW *CONTINUED*

Key Performance Indicators ('KPIs')

The Board uses a number of financial KPIs to monitor and assess the performance of the Company. The principal KPIs are:

- **Performance against the benchmark index**
  This is the most important KPI by which performance is judged. Information on the Company's performance is given in the Chairman's Statement and the Investment Managers' Report. (Also please refer to the graphs on page 9).

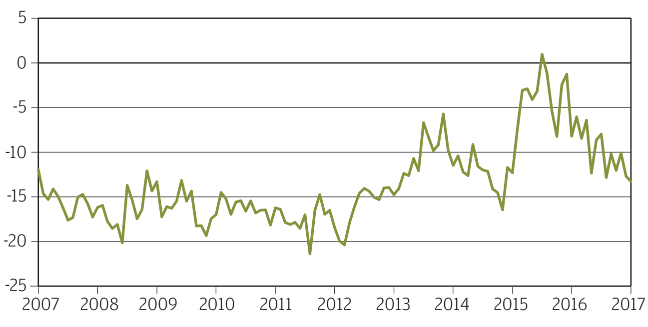
- **Performance against the Company's peers**
  The principal objective is to achieve capital growth relative to the benchmark. However, the Board also monitors the performance relative to a broad range of competitor funds.

- **Performance attribution**
  The purpose of performance attribution analysis is to assess how the Company achieved its performance relative to its benchmark index, i.e. to understand the impact on the Company's relative performance of the various components such as stock and sector allocation and gearing. Details of the attribution analysis for the year ended 30th June 2017 are given in the Investment Managers' Report on page 7.

- **Share price relative to net asset value ('NAV') per share**
  The Board has a share repurchase programme which seeks to address imbalances in supply of and demand for the Company's shares within the market and thereby reduce the volatility and absolute level of the discount to NAV at which the Company's shares trade and in relation to its peers in the sector. In the year to 30th June 2017, the shares traded between a discount of 4.0% and 13.7% to the cum income net asset value using daily data. More information on the Board's share buy back policy is given in the Chairman's Statement.

Discount Performance

FIGURES HAVE BEEN REBASED TO 100 AT 30TH JUNE 2007



Source: Morningstar.

JPMorgan Mid Cap – share price discount to cum income net asset value per share (month end data).

- **Ongoing Charges Ratio**
  The Ongoing Charges Ratio represents the Company's management fee and all other operating expenses, excluding finance costs, expressed as a percentage of the average of the daily net assets during the year. The Ongoing Charges Ratio for the year ended 30th June 2017 was 0.86% (2016: 0.91%). The Board reviews each year an analysis which shows a comparison of the Company's Ongoing Charges Ratio and its main expenses with those of its peers.

Share Capital

The Directors have authority on behalf of the Company to repurchase shares in the market either for cancellation or into Treasury and to sell Treasury shares or issue new Ordinary shares for cash. During the year 159,500 ordinary shares were repurchased into Treasury (2016: none).

Special Resolutions to renew the Company's authorities to issue and repurchase shares will be put to shareholders at the forthcoming Annual General Meeting.

The Company did not sell any Treasury or issue new shares during the year.

Board Diversity

When recruiting a new Director, the Board's policy is to appoint individuals on merit. Diversity is important in bringing an appropriate range of skills and experience to the Board. At 30th June 2017, there were five male Directors and one female Director on the Board. Please refer to pages 24 and 25 for more information on the workings of the Nomination and Remuneration Committee.

Employees, Social, Community and Human Rights Issues

The Company is managed by JPMF, has no employees and all of its Directors are non-executive, the day to day activities being carried out by third parties. There are therefore no disclosures to be made in respect of employees. The Board notes the JPMorgan policy statements in respect of Social, Community, Environmental and Human Rights issues, as outlined below.

JPMAM believes that companies should act in a socially responsible manner. Although JPMorgan's priority at all times is the best economic interests of its clients, it is recognised that, increasingly, non-financial issues such as social and environmental factors have the potential to impact the share price, as well as the reputation of companies. Specialists within JPMAM's environmental, social and governance ('ESG') team are tasked with assessing how investee companies deal *with and report on social and environmental risks and issues specific to their industry.*

JPMAM is also a signatory to the United Nations Principles of Responsible Investment, which commits participants to six principles, with the aim of incorporating ESG criteria into their processes when making stock selection decisions and promoting ESG disclosure. JPMAM's detailed approach to how it implements the principles is available on request.

The Manager has implemented a policy which seeks to restrict investments in securities issued by companies that have been identified by an independent third party provider as being involved in the manufacture, production or supply of cluster munitions, depleted uranium ammunition and armour and/or anti-personnel mines. Shareholders can obtain further details on the policy by contacting the Manager.

The Modern Slavery Act 2016 (the 'MSA')

The MSA requires companies to prepare a slavery and human trafficking statement for each financial year of the organisation. As the Company has no employees and does not supply goods and services, the MSA does not apply directly to it. The MSA requirements more appropriately relate to JPMF and JPMAM. JPMorgan's statement on the MSA can be found on the following website: https://www.jpmorganchase.com/corporate/Corporate-Responsibility/document/modern-slavery-act.pdf

Greenhouse Gas Emissions

The Company has no premises, consumes no electricity, gas or diesel fuel and consequently does not have a measurable carbon footprint. *JPMAM is also a signatory to Carbon Disclosure Project. JPMorgan Chase is a signatory to the Equator Principles on managing social and environmental risk in project finance.*

Principal Risks

With the assistance of the Manager, the Board has completed a robust risk assessment and drawn up a risk matrix which identifies the key risks to the Company. These key risks fall broadly under the following categories:

Investment and Strategy: An inappropriate investment strategy, for example stock selection or the level of gearing, may lead to under-performance against the Company's benchmark index and peer companies, resulting in the Company's shares trading on a wider discount. The Board manages these risks through its investment restrictions and guidelines which are monitored and reported monthly. JPMF provides the Directors with timely and accurate management information, including performance data and attribution analyses, revenue estimates, liquidity reports and shareholder analyses. The Board monitors the implementation and results of the investment process with the Investment Managers, who attend all Board meetings, and reviews data which shows statistical measures of the Company's risk profile. The Investment Managers employ the Company's gearing tactically, within a strategic range set by the Board.

Investment performance could be adversely affected by the loss of one or more of the investment management team. To reduce the likelihood of such an event, the Manager ensures appropriate succession planning and adopts a team based approach as well as special efforts to retain key personnel. A change of corporate control could also negatively impact the Company. The Board holds regular meetings with senior representatives of JPMAM in order to obtain assurance that the Manager continues to demonstrate a high degree of commitment to its investment trusts business through the provision of significant resources.

Poor performance may lead to a widening of the discount. The Board monitors the Company's premium/discount level and will seek, where deemed prudent, to address imbalances in the supply and demand of the Company's shares through a programme of share buybacks.

The Board holds a separate meeting devoted to strategy each year.

Financial: The Company is exposed to market risk, liquidity risk and credit risk. The principal financial risk facing the Company is market risk arising from uncertainty about the future prices of the Company's investments. It represents the potential loss the Company might suffer through holding investments that could fall in value either due to general market movements or stock specific events. The latter is mitigated through diversification of investments in the portfolio. The Board reviews the portfolio and its gearing on a regular basis and has set investment restrictions and guidelines for the Manager. JPMF reports its adherence to these limits once a month to the Board. Financial risks faced by the Company are further disclosed in note 21 on pages 50 to 53.

Accounting, Legal and Regulatory: In order to qualify as an investment trust, the Company must comply with Section 1158 of the Corporation Tax Act 2010 ('Section 1158'). Details of the Company's approval are given under 'Structure and Objective of the Company' above. Should the Company breach Section 1158, it may lose investment trust status and as a consequence capital gains within the Company's portfolio would be subject to Capital Gains Tax. The Section 1158 qualification criteria are continually monitored by JPMF and the results reported to the Board each month. The Company must also comply with the provisions of the Companies Act 2006 and, as its shares are listed on the London Stock Exchange, the UKLA Listing Rules. A breach of the Companies Act could result in the Company and/or the Directors being fined or the subject of criminal proceedings. A breach of the UKLA Listing

BUSINESS REVIEW *CONTINUED*

Rules may result in the Company's shares being suspended from listing which in turn would breach Section 1158. The Board relies on the services of its Company Secretary, JPMF, and its professional advisers to ensure compliance with the Companies Act 2006 and the UKLA Listing Rules.

Corporate Governance and Shareholder Relations: Details of the Company's compliance with Corporate Governance best practice, including information on relations with shareholders, are set out in the Corporate Governance Statement on pages 23 to 26.

Operational and Cybercrime: Disruption to, or failure of, the Manager's accounting, dealing or payments systems or the custodian's or depositary's records could prevent accurate reporting and monitoring of the Company's financial position. On 1st July 2014, the Company appointed BNY Mellon Trust and Depositary (UK) Limited to act as its depositary, responsible for overseeing the operations of the custodian, JPMorgan Chase Bank N.A., and the Company's cash flows. Details of how the Board monitors the services provided by the Manager and its associates and the key elements designed to provide effective internal control are included in the Risk Management and Internal Control section of the Corporate Governance report on pages 25 and 26. The threat of cyber attack, in all its guises, is regarded as at least as important as more traditional physical threats to business continuity and security. The Company benefits directly or indirectly from all elements of JPMorgan's Cyber Security programme. The information technology controls around the physical security of JPMorgan's data centres, security of its networks and security of its trading applications are tested by independent auditors and reported every six months against the AAF Standard.

Long Term Viability

The Company is an investment trust and has the objective of achieving long term capital growth by investing in liquid, medium sized UK companies. The Company enjoys the benefit of the closed end structure and is therefore better able to withstand market movements since it is not subject to forced liquidation of investments due to sudden redemptions by shareholders.

Although past performance is no guide to the future, the Directors believe that the Company has an attractive future for investors as a long term investment proposition. However, it is difficult to look forward too far into the future without considerable uncertainty, so the Directors have adopted a medium term horizon to assess the Company's viability, which is five years. This is regarded as a prudent minimum duration for investing in equities.

The Directors have considered the Company over the next five years and examined its prospects, principal risks and the outlook for the UK economy, its equity market and the market for investment trusts and examined the robustness of these parameters.

The Directors confirm that they have a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the next five years until 30th June 2022. This reasonable expectation is subject to there being no significant adverse change to the regulatory or taxation environment for investment trusts; and subject to there being no sustained adverse investment performance by the current or any successive investment manager, that may result in the Company not being able to maintain a supportive shareholder base.

By order of the Board
Alison Vincent, for and on behalf of
JPMorgan Funds Limited
Secretary

22nd September 2017

BOARD OF DIRECTORS

Michael Hughes CBE (Chairman of the Board, Nomination and Remuneration Committee and Management Engagement Committee)
A Director since May 2008.

Last re-elected to the Board: 2016.

Served as the Finance Director of Bank of Scotland and, until the end of 2003, on the Board of HBOS plc and Halifax plc. Formerly a Director and Audit Committee Chairman of Shaftesbury plc and Scottish Mortgage Investment Trust plc.

Connections with Manager: None.

Shared directorships with other Directors: None.

Shareholding in Company: 1,500.

DIRECTORS' REPORT

The Directors present their report and the audited financial statements for the year ended 30th June 2017.

Management of the Company

The Manager and Company Secretary is JPMorgan Funds Limited ('JPMF'), a company authorised and regulated by the FCA. JPMF is an affiliate of JPMAM and was appointed as the Company's Alternative Investment Fund Manager ('AIFM') from 1st July 2014 to ensure the Company's compliance with the Alternative Investment Fund Managers Directive. JPMF is a wholly-owned subsidiary of JPMorgan Chase Bank, N.A. which, through other subsidiaries, also provides marketing, banking, dealing and custodian services to the Company.

JPMF is employed under a contract which can be terminated on six months notice, without penalty. If the Company wishes to terminate the contract on shorter notice, the balance of remuneration is payable by way of compensation.

The Board has evaluated the performance of the Manager and confirms that it is satisfied that the continuing appointment of the Manager is in the best interests of the Company and shareholders as a whole. In arriving at this view, the Board also considered the investment strategy and process of the Investment Managers and the support that the Company receives from JPMF.

The Alternative Investment Fund Managers Directive ('AIFMD')

JPMF is the Company's alternative investment fund manager ('AIFM'). JPMF has been approved as an AIFM by the Financial Conduct Authority ('FCA'). For the purposes of the AIFMD the Company is an alternative investment fund ('AIF').

JPMF has delegated responsibility for the day to day management of the Company's portfolio to JPMAM. The Company has appointed BNY Mellon Trust and Depositary (UK) Limited ('BNY') as its depositary. BNY has appointed JPMorgan Chase Bank, N.A. as the Company's custodian. BNY remains responsible for the oversight of the custody of the Company's assets and for monitoring its cash flows.

The AIFMD requires certain information to be made available to investors in AIFs before they invest and requires that material changes to this information be disclosed in the annual report of each AIF. An Investor Disclosure Document, which sets out information on the Company's investment strategy and policies, leverage, risk, liquidity, administration, management, fees, conflicts of interest and other shareholder information is available on the Company's website at www.jpmmidcap.co.uk There have been no material changes (other than those reflected in these financial statements) to this information requiring disclosure. Any information requiring immediate disclosure pursuant to the AIFMD will be disclosed to the London Stock Exchange through a primary information provider.

The Company's leverage and JPMF's remuneration disclosures are set out on page 55.

Management Fee

The management fee paid to the Manager is a tiered fee of 0.65% per annum on total assets less current liabilities, excluding bank borrowings, up to £250 million and 0.60% per annum for assets in excess of £250 million. The calculation excludes management charges on investments on which the Manager already earns a management fee and principal amounts of more than £1 million drawn down under loan agreements which are either held in cash, on deposit or invested in a liquidity fund.

Directors

The Directors of the Company who held office at the end of the year and up to the date of signing the financial statements are detailed on pages 19 and 20. Details of Directors' beneficial shareholdings may be found in the Directors' Remuneration Report on page 29.

Bar Gordon McQueen who will be retiring, all Directors will be standing for reappointment at the Company's forthcoming Annual General Meeting. Having been appointed to the Board on 1st January 2017, Richard Gubbins will be standing for initial reappointment. The Nomination and Remuneration Committee, having considered their qualifications, performance and contribution to the Board and its committees, confirms that each Director continues to be effective and demonstrates commitment to the role and the Board recommends to shareholders the reappointment of those Directors.

Director Indemnification and Insurance

As permitted by the Company's Articles of Association, the Directors have the benefit of an indemnity which is a qualifying third party indemnity, as defined by Section 234 of the Companies Act 2006. The indemnity was in place during the year and as at the date of this report.

An insurance policy is maintained by the Company which indemnifies the Directors of the Company against certain liabilities arising in the conduct of their duties.

Disclosure of information to Auditors

In the case of each of the persons who are Directors of the Company at the time when this report was approved:

DIRECTORS' REPORT *CONTINUED*

(a) so far as each of the Directors is aware, there is no relevant audit information (as defined in the Companies Act) of which the Company's auditors are unaware, and

(b) each of the Directors has taken all the steps that he/she ought to have taken as a Director in order to make himself/herself aware of any relevant audit information (as defined) and to establish that the Company's auditors are aware of that information.

The above confirmation is given and should be interpreted in accordance with the provision of Section 418(2) of the Companies Act 2006.

Independent Auditors

PricewaterhouseCoopers LLP has expressed its willingness to continue in office as auditors to the Company and a resolution proposing its reappointment and authorising the Directors to determine its remuneration for the ensuing year will be put to shareholders at the Annual General Meeting.

Section 992 Companies Act 2006

The following disclosures are made in accordance with Section 992 Companies Act 2006.

Capital Structure
The Company's capital structure is summarised on the inside cover of this report.

Voting Rights in the Company's shares
As at 21st September 2017 (being the latest business day prior to the publication of this report), the Company's called-up share capital consists of 23,812,680 Ordinary shares (excluding Treasury shares) carrying one vote each. Therefore the total voting rights in the Company are 23,812,680.

Notifiable Interests in the Company's Voting Rights
At the year end and the date of this report, the following had declared a notifiable interest in the Company's voting rights:

Shareholders	Number of voting rights	%
Aberdeen Asset Investments Limited	1,132,756	4.8
Rathbones	875,380	3.7

The Company is also aware that approximately 22% of the Company's total voting rights are held by individuals through savings products managed by JPMAM, registered in the name of Chase Nominees Limited. If those voting rights are not exercised by the beneficial holders, in accordance with the terms and conditions of the savings products, under certain circumstances JPMAM has the right to exercise those voting rights. That right is subject to certain limits and restrictions and falls away at the conclusion of the relevant general meeting.

The rules concerning the appointment and replacement of Directors, amendment of the Articles of Association and powers to issue or repurchase the Company's shares are contained in the Articles of Association of the Company and the Companies Act 2006.

There are no restrictions concerning the transfer of securities in the Company; no special rights with regard to control attached to securities; no agreements between holders of securities regarding their transfer known to the Company; no agreements which the Company is party to that affect its control following a takeover bid; and no agreements between the Company and its Directors concerning compensation for loss of office.

Listing Rule 9.8.4R
Listing Rule 9.8.4R requires the Company to include certain information in the identifiable section of the Annual Report or across reference table indicating where the information is set out. The Directors confirm that there are no disclosures to be made in this report.

Annual General Meeting

NOTE: THIS SECTION IS IMPORTANT AND REQUIRES YOUR IMMEDIATE ATTENTION. If you are in any doubt as to the action you should take, you should seek your own personal financial advice from your stockbroker, bank manager, solicitor or other financial adviser authorised under the Financial Services and Markets Act 2000.

Resolutions relating to the following items of special business will be proposed at the forthcoming Annual General Meeting:

(i) Authority to issue relevant securities and disapply pre-emption rights (resolutions 10 & 11)
The Directors will seek renewal of the authority to issue up to 2,381,268 new shares or sell shares held in Treasury other than by a pro rata issue to existing shareholders up to an aggregate nominal amount of £595,317 such amount being equivalent to approximately 10% of the current called-up share capital (excluding Treasury shares). The full text of the resolutions is set out in the Notice of Annual General Meeting on pages 56 to 58.

It is advantageous for the Company to be able to issue new shares or sell Treasury shares to investors when the Directors consider that it is in the best interest of shareholders to do so. Any such issues would only be made at prices greater than the NAV per share, thereby, increasing the assets underlying each share.

(ii) Authority to repurchase the Company's shares (resolution 12)

The authority to repurchase up to 14.99% of the Company's called-up share capital, granted by shareholders at the 2016 AGM, will expire on 26th April 2018 unless renewed at the forthcoming Annual General Meeting. The Directors consider that the renewal of the authority is in the interests of shareholders as a whole as the repurchase of shares at a discount to NAV enhances the NAV of the remaining shares. The Board will therefore seek shareholder approval at the Annual General Meeting to renew this authority, which will last until 30th April 2019 or until the whole of the 14.99% has been acquired, whichever is the earlier. The full text of the resolution is set out in the Notice of Annual General Meeting on pages 56 to 58. Repurchases will be made at the discretion of the Board, and will only be made in the market at prices below the prevailing NAV per share as and when market conditions are appropriate, thereby enhancing the NAV of the remaining shares.

Recommendation

The Board considers that resolutions 10 to 12 are likely to promote the success of the Company and are in the best interests of the Company and its shareholders as a whole. The Directors unanimously recommend that you vote in favour of the resolutions as they intend to do in respect of their own beneficial holdings which amount in aggregate to 29,880 shares representing approximately 0.1% of the voting rights of the Company.

CORPORATE GOVERNANCE STATEMENT

Compliance

The Company is committed to high standards of corporate governance. This statement, together with the Statement of Directors' Responsibilities in respect of the accounts on page 30, indicates how the Company has applied the principles of good governance of the Financial Reporting Council UK Corporate Governance Code 2016 and the AIC's Code of Corporate Governance (the 'AIC Code'), which complements the UK Corporate Governance Code and provides a framework of best practice for investment trusts.

The Board is responsible for ensuring the appropriate level of corporate governance and considers that the Company has complied with the best practice provisions of the UK Corporate Governance Code and the AIC Code throughout the year under review.

Role of the Board

A management agreement between the Company and JPMF sets out the matters over which the Manager has authority. This includes management of the Company's assets and the provision of accounting, company secretarial, administration and some marketing services. All other matters are reserved for the approval of the Board. A formal schedule of matters reserved to the Board for decision has been approved. This includes determination and monitoring of the Company's investment objectives and policy and its future strategic direction, gearing policy, dividend policy, management of the capital structure, appointment and removal of third party service providers, review of key investment and financial data and the Company's corporate governance and risk control arrangements.

The Board has procedures in place to deal with potential conflicts of interest and confirms that the procedures have operated effectively during the year under review.

The Board meets at least quarterly during the year and additional meetings are arranged as necessary. Full and timely information is provided to the Board to enable it to function effectively and to allow Directors to discharge their responsibilities.

There is an agreed procedure for Directors to take independent professional advice in the furtherance of their duties and at the Company's expense. This is in addition to the access that every Director has to the advice and services of the Company Secretary, JPMF, which is responsible to the Board for ensuring that Board procedures are followed and that applicable rules and regulations are complied with.

Board Composition

The Board, chaired by Michael Hughes, currently consists of six non-executive Directors following the appointment of Richard Gubbins in anticipation of the retirement of Gordon McQueen. All Directors are considered to be independent of the Company's Manager. The Board believes that it is appropriate to have a Senior Independent Director and Richard Huntingford fulfils this role. He is available to shareholders if they have concerns that cannot be resolved through discussion with the Chairman. Upon the retirement of Gordon McQueen at the Company's 2017 Annual General Meeting, Margaret Littlejohns will assume the position of Chairman of the Audit Committee. The Directors have a breadth of investment, business and financial skills and experience relevant to the Company's business and brief biographical details of each Director are set out on pages 19 and 20.

The Board's policy on diversity, including gender, is to take account of the benefits of this during the appointment process. The Board remains committed to appointing the most appropriate candidate and seeks to ensure that it does not unwittingly exclude any group. Therefore, no targets have been set against which to report.

DIRECTORS' REPORT *CONTINUED*

Tenure

Directors are initially appointed until the following Annual General Meeting when, under the Company's Articles of Association, it is required that they be reappointed by shareholders. Subject to the performance evaluation carried out each year, the Board will agree whether it is appropriate for Directors to seek annual reappointment in accordance with corporate governance best practice. The Board does not believe that length of service in itself necessarily disqualifies a Director from seeking reappointment but, when making a recommendation, the Board will take into account the ongoing requirements of the UK Corporate Governance Code, including the need to refresh the Board and its Committees. Notwithstanding their tenures in excess of nine years, the Board believes that Michael Hughes and Margaret Littlejohns, with their ongoing level of commitment and proven record of independence of character and judgment, continue to be effective and continue to be viewed as independent Directors.

A list of potential conflicts of interest for each Director is maintained by the Company. These are considered carefully, taking into account the circumstances surrounding them, and, if considered appropriate, are approved.

The terms and conditions of Directors' appointments are set out in formal letters of appointment, copies of which are available for inspection on request at the Company's registered office and at the Annual General Meeting.

Training and Appraisal

On appointment, the Manager and Company Secretary provide all Directors with induction training. Thereafter regular briefings are provided on changes in regulatory requirements that affect the Company and Directors. Directors are encouraged to attend industry and other seminars covering issues and developments relevant to investment trusts. As part of the Board's annual evaluation process the Chairman reviews with each Director their training and development needs.

The Board conducts a formal evaluation of the Manager, its own performance and that of its committees and individual Directors. The responses to industry questionnaires are discussed at a private meeting. The evaluation of individual Directors is led by the Chairman, and the Senior Independent Director leads the evaluation of the Chairman's performance.

Meetings and Committees

The Board delegates certain responsibilities and functions to committees. Directors who are not members of Committees may attend at the invitation of the Chairman.

The table below details the number of Board and Committee meetings attended by each Director. During the year there were five Board meetings. In addition, a private meeting of the Directors to evaluate the Manager, two Audit Committee meetings, two Nomination and Remuneration Committee meetings and a Management Engagement Committee meeting were held.

Meetings Attended

Director	Board Meetings Attended	Audit Committee Meetings Attended
Michael Hughes	5	2
John Evans	5	2
Richard Gubbins[1]	2	1
Richard Huntingford	5	2
Margaret Littlejohns	5	2
Gordon McQueen	5	2

Board Committees

Nomination and Remuneration Committee

The Nomination and Remuneration Committee consists of all Directors and is chaired by Michael Hughes. The Board believes that this is appropriate as it is a combined committee. The Committee meets at least annually to ensure that the Board has an appropriate balance of skills to carry out its fiduciary duties and to select and propose suitable candidates when necessary for appointment. A variety of sources, including the employment of external search consultants is used to ensure that a wide range of candidates is considered. The appointment process takes into account the benefits of diversity, including gender. In relation to the appointment of Richard Gubbins an external recruitment consultant, Trust Associates Limited, was engaged by the Company and the recruitment process was overseen by the Chairman. Trust Associates has no other connections to the Company.

The Committee has a succession plan to refresh the Board in an orderly manner over time. For details of the plan please refer to the Chairman's Statement on page 4.

The Committee undertakes an annual performance evaluation, as described above, to ensure that all members of the Board have devoted sufficient time and contributed adequately to the work of the Board. The Committee also reviews Directors' fees and makes recommendations to the Board as and when required.

Management Engagement Committee
The membership of the Management Engagement Committee consists of all Directors and is chaired by Michael Hughes. The Committee meets at least once a year to review the terms of the management agreement between the Company and the Manager, to review the performance of the Manager, to review the notice period that the Board has with the Manager and to make recommendations to the Board. The Committee also reviews the Company's agreements with other major service providers.

Audit Committee
The report of the Audit Committee is set out on page 27.

Terms of Reference

The Nomination & Remuneration Committee, the Audit Committee and the Management Engagement Committee have written terms of reference which define clearly their respective responsibilities, copies of which are available on the Company's website and for inspection on request at the Company's registered office and at the Annual General Meeting.

Relations with Shareholders

The Board regularly monitors the shareholder profile of the Company. It aims to provide shareholders with a full understanding of the Company's activities and performance and reports to shareholders by way of the Annual Report and Accounts and the Half Year Report. This is supplemented by the daily publication, through the London Stock Exchange, of the net asset value and share price of the Company's shares.

All shareholders have the opportunity, and are encouraged, to attend the Company's Annual General Meeting at which the Directors and representatives of the Manager are available in person to meet with and answer shareholders' questions. In addition, a presentation is given by the Investment Managers who review the Company's performance. During the year the Company's brokers and the Investment Managers hold regular discussions with shareholders. The Directors are made fully aware of their views. The Chairman and Directors make themselves available as and when required to address shareholder queries. The Directors may be contacted through the Company Secretary whose details are shown on page 61.

The Company's Annual Report and Accounts are published in time to give shareholders at least 20 working days' notice of the Annual General Meeting. Shareholders wishing to raise questions in advance of the meeting are encouraged to write to the Company Secretary at the address shown on page 61.

Details of the proxy voting position on each resolution will be published on the Company's website shortly after the Annual General Meeting.

Risk Management and Internal Control

The UK Corporate Governance Code requires the Directors, at least annually, to review the effectiveness of the Company's system of risk management and internal control and to report to shareholders that they have done so. This encompasses a review of all controls which the Board has identified, including business, financial, operational (including cyber security), compliance and risk management.

The Directors are responsible for the Company's system of risk management and internal control which is designed to safeguard the Company's assets, maintain proper accounting records and ensure that financial information used within the business, or published, is reliable. However, such a system can only be designed to manage rather than eliminate the risk of failure to achieve business objectives and therefore can only provide reasonable, but not absolute, assurance against fraud, material misstatement or loss.

Since investment management, custody of assets and all administrative services are provided to the Company by JPMorgan and its associates, the Company's system of risk management and internal control mainly comprises monitoring the services provided by JPMorgan and its associates, including the operating controls established by them, to ensure they meet the Company's business objectives. There is an ongoing process for identifying, evaluating and managing the significant risks faced by the Company (see Principal Risks on pages 17 and 18). This process has been in place for the year under review and up to the date of the approval of the Annual Report & Accounts. The Company does not have an internal audit function of its own, but relies on the internal audit department of JPMorgan. The key elements designed to provide effective risk management and internal control are as follows:

Financial Reporting – Regular and comprehensive review by the Board of key investment and financial data, including management accounts, revenue projections, analysis of transactions and performance comparisons.

Management Agreement – Appointment of a manager and depositary, with responsibilities clearly defined in a written agreement and regulated by the Financial Conduct Authority (FCA).

DIRECTORS' REPORT *CONTINUED*

Management Systems – The Manager's system of risk management and internal control includes organisational agreements which clearly define the lines of responsibility, delegated authority, control procedures and systems. These are monitored by JPMorgan's compliance department which regularly monitors compliance with FCA rules.

Investment Strategy – Authorisation and monitoring of the Company's investment strategy and exposure limits by the Board.

The Board, either directly or through the Audit Committee or Management Engagement Committee, keeps under review the effectiveness of the Company's system of risk management and internal control by monitoring the operation of the key operating controls of the Manager and its associates as follows:

- reviews the terms of the management agreement and receives regular reports from the Manager's compliance department;
- reviews the report on the internal controls and the operations of its custodian, JPMorgan Chase Bank, N.A. which is itself independently reviewed; and
- reviews every six months an independent report on the internal controls and the operations of the Manager.
- reviews Quarterly reports from the Company's Depositary.

By the means of the procedures set out above, the Board confirms that it has reviewed and is satisfied with the effectiveness of the Company's system of internal control for the year ended 30th June 2017, and to the date of approval of this Annual Report and Accounts.

During the course of its review of the system of internal control, the Board has not identified or been advised of any failings or weaknesses which it has determined to be significant. Therefore a confirmation in respect of necessary actions has not been considered appropriate.

Corporate Governance and Voting Policy

The Company delegates responsibility for voting to the Manager. The following is a summary of the Manager's policy statements on corporate governance, voting policy and social and environmental issues, which has been reviewed and noted by the Board.

Corporate Governance
JPMorgan believes that corporate governance is integral to our investment process. As part of our commitment to delivering superior investment performance to our clients, we expect and encourage the companies in which we invest to demonstrate the highest standards of corporate governance and best business practice. We examine the share structure and voting structure of the companies in which we invest, as well as the board balance, oversight functions and remuneration policy. These analyses then form the basis of our proxy voting and engagement activity.

Proxy Voting
JPMorgan manages the voting rights of the shares entrusted to it as it would manage any other asset. It is the policy of JPMorgan to vote in a prudent and diligent manner, based exclusively on our reasonable judgement of what will best serve the financial interests of our clients. So far as is practicable, we will vote at all of the meetings called by companies in which we are invested.

Stewardship/Engagement
JPMorgan recognises its wider stewardship responsibilities to its clients as a major asset owner. To this end, we support the tenets of the FRC Stewardship Code, which sets out the responsibilities of institutional shareholders in respect of investee companies. Under the Code, managers should:

- *publicly disclose their policy on how they will discharge their stewardship responsibilities to their clients;*
- *disclose their policy on managing conflicts of interest;*
- *monitor their investee companies;*
- *establish clear guidelines on how they escalate engagement;*
- *be willing to act collectively with other investors where appropriate;*
- *have a clear policy on proxy voting and disclose their voting record; and*
- *report to clients.*

JPMorgan endorses and complies with the Stewardship Code for its UK investments and supports the principles as best practice elsewhere. We believe that regular contact with the companies in which we invest is central to our investment process and we also recognise the importance of being an 'active' owner on behalf of our clients.

JPMorgan's Voting Policy and Corporate Governance Guidelines are available on request from the Company Secretary or can be downloaded from JPMAM's website: *http://www.jpmorganinvestmenttrusts.co.uk/Governance*. This also sets out its approach to the seven principles of the FRC Stewardship Code, its policy relating to conflicts of interest and its detailed voting record.

By order of the Board
Alison Vincent, for and on behalf of
JPMorgan Funds Limited,
Secretary

22nd September 2017

AUDIT COMMITTEE REPORT

Role and Composition

The Audit Committee consists of all Directors and is chaired by Gordon McQueen. The Committee meets at least twice each year. The members of the Audit Committee consider that at least one member has recent and relevant financial experience and that the Committee as a whole has competence relevant to the sector in which the Company operates.

The Committee reviews the actions and judgements of the Manager in relation to the half year and annual accounts and the Company's compliance with the UK Corporate Governance Code. At the request of the Board, the Audit Committee provides confirmation to the Board as to how it has discharged its responsibilities so that the Board may ensure that information presented to it is fair, balanced and understandable, together with details of how it has done so.

Going Concern

The Directors believe that having considered the Company's investment objective (see page 15), risk management policies (see pages 50 to 53), liquidity risk (see note 21(b) on pages 52 and 53), capital management policies and procedures (see page 54), the nature of the portfolio and expenditure projections, that the Company has adequate resources, an appropriate financial structure and suitable management arrangements in place to continue in operational existence for the foreseeable future. For these reasons, they consider that there is reasonable evidence to continue to adopt the going concern basis in preparing the accounts.

The Audit Committee also examines the effectiveness of the Company's internal control systems, receives information from the Manager's Compliance department and also reviews the scope and results of the external audit, its effectiveness and the independence and objectivity of the external auditors. In the Directors' opinion the Auditors are independent.

Financial Statements and Significant Accounting Matters

During its review of the Company's financial statements for the year ended 30th June 2017, the Audit Committee considered the following significant issues, including those communicated by the Auditors during their reporting:

Significant issue	How the issue was addressed
Valuation, existence and ownership of investments	The valuation of investments is undertaken in accordance with the accounting policies, disclosed in note 1 to the accounts. Controls are in place to ensure that valuations are appropriate and existence is verified through custodian reconciliations. The Company has appointed BNY Mellon Trust and Depositary (UK) Limited ('BNY') as its depositary. BNY has appointed JPMorgan Chase Bank, N.A., as the Company's custodian. BNY remains responsible for the oversight of the custody of the Company's assets.
Recognition of investment income	The recognition of investment income is undertaken in accordance with accounting policy note 1(d) to the accounts. Income reporting is conducted by the Manager and reviewed by the Board at every meeting.
Compliance with Sections 1158 and 1159 of the Corporation Tax Act 2010	Approval for the Company as an investment trust under Sections 1158 and 1159 for financial years commencing on or after 1st October 2012 has been obtained and ongoing compliance with the eligibility criteria is monitored on a regular basis by the Manager, who reports on a monthly basis to the Board on the Company's continuing compliance.

The Board is required to be made fully aware of any significant financial reporting issues and judgements made in connection with the preparation of the financial statements.

Auditor Appointment and Tenure

The Audit Committee also has a primary responsibility for making recommendations to the Board on the reappointment and removal of external auditors and their fee. Representatives of the Company's Auditors attended the Audit Committee meeting at which the draft Annual Report & Accounts were considered and also engage with Directors as and when required. Having reviewed the performance of the external auditors, including assessing the timing of communications and work with JPMF, the Committee considered it appropriate to recommend their reappointment. The Board supported this recommendation which will be put to shareholders at the forthcoming Annual General Meeting. The Company's current audit partner has been in the position since 2016. Any decision to open the external audit to tender is taken on the recommendation of the Audit Committee. New EU regulations in relation to the statutory audits of EU listed companies will require the Company to tender its audit by 2020.

Fair, Balanced and Understandable

As a result of the work performed, the Committee has concluded that the Annual Report for the year ended 30th June 2017, taken as a whole, is fair, balanced and understandable and provides the information necessary for shareholders to assess the Company's position, performance, business model and strategy, and has reported on these findings to the Board. The Board's conclusions in this respect are set out in the Statement of Directors' Responsibilities on page 30.

By order of the Board
Gordon McQueen
Chairman of the Audit Committee

22nd September 2017

Directors' Remuneration Report

The Board has prepared this report in accordance with the requirements of Section 421 of the Companies Act 2006. An ordinary resolution to approve this report will be put to the members at the forthcoming Annual General Meeting.

The law requires the Company's auditors to audit certain of the disclosures provided. Where disclosures have been audited, they are indicated as such. The auditors' opinion is included in their report on pages 31 to 36.

Directors' Remuneration Policy

The Directors' Remuneration Policy is subject to a triennial binding vote. The shareholders approved the resolution in favour of the Company's Directors' Remuneration Policy at the 2015 AGM. Therefore an ordinary resolution to approve this policy will be put to shareholders at the 2018 Annual General Meeting. The policy, is set out in full below and is currently in force.

The Board's policy for this and subsequent years is that Directors' fees should properly reflect the time spent by the Directors on the Company's business and should be at a level to ensure that candidates of a high calibre are recruited to the Board. The Chairman of the Board and the Chairman of the Audit Committee are paid higher fees than other Directors, reflecting the greater time commitment involved in fulfilling those roles.

Reviews are based on information provided by the Manager and industry research carried out by third parties on the level of fees paid to the directors of the Company's peers and within the investment trust industry generally. The involvement of remuneration consultants has not been deemed necessary as part of this review. The Company has no Chief Executive Officer and no employees and therefore no consultation of employees is required and there is no employee comparative data to provide, in relation to the setting of the remuneration policy for Directors.

All of the Directors are non-executive. There are no performance-related elements to their fees and the Company does not operate any type of incentive, share scheme, award or pension scheme and therefore no Directors receive bonus payments or pension contributions from the Company or hold options to acquire shares in the Company. Directors are not granted exit payments and are not provided with compensation for loss of office. No other payments are made to Directors, other than the reimbursement of reasonable out-of-pocket expenses incurred in attending the Company's business.

Directors' fees were paid at the fixed rate of £33,000 for the Chairman, £27,000 for the Chairman of the Audit Committee and £23,000 for the other Directors.

Following a review and in light of fees falling below industry average, Directors' fees were increased with effect from 1st July 2017 and will be paid at the fixed rate of £36,000 for the Chairman, £30,000 for the Chairman of the Audit Committee and £24,000 for the other Directors.

The Company's Articles of Association stipulate that aggregate fees must not exceed £200,000 per annum. Any increase in this maximum aggregate amount requires both Board and shareholder approval.

The Company has not sought shareholder views on its remuneration policy. The Nomination Committee considers any comments received from shareholders on remuneration policy on an ongoing basis and will take account of those views.

The Directors do not have service contracts with the Company. The terms and conditions of Directors' appointments are set out in formal letters of appointment which are available for review at the Company's Annual General Meeting and the Company's registered office. Details of the Board's policy on tenure are set out on page 24.

The Company's Remuneration policy also applies to new Directors.

Directors' Remuneration Policy Implementation

The Directors' Remuneration Report is subject to an annual advisory vote and therefore an ordinary resolution to approve this report will be put to shareholders at the forthcoming Annual General Meeting. There have been no changes to the Remuneration policy compared with the year ended 30th June 2016 and no changes are proposed for the year ending 30th June 2018.

At the Annual General Meeting held on 27th November 2016, 99.4% of votes cast were in favour of (or granted discretion to the Chairman who voted in favour of) the remuneration report and 0.6% voted against. Abstentions were received from less than 0.1% of the votes cast.

Details of the implementation of the Company's remuneration policy are given below. No advice from remuneration consultants was received during the year under review.

Single total figure of remuneration

The total figure of remuneration for the Board for the year ended 30th June 2017 was £156,815. The total remuneration for each Director is detailed below together with the prior year comparative.

Single total figure table[1]

		2017	
	Fees £	Taxable expenses[2] £	Total £
Andrew Barker[3]	10,671	–	10,671

Statement of Directors' Responsibilities

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland", and applicable law). Under Company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business, and the Directors confirm that they have done so.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements and the Directors' Remuneration Report comply with the Companies Act 2006.

The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the Company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Under applicable law and regulations the Directors are also responsible for preparing a Strategic Report, a Directors' Report and Directors' Remuneration Report that comply with that law and those regulations.

Each of the Directors, whose names and functions are listed in the Directors' Report confirm that, to the best of their knowledge the financial statements, which have been prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), give a true and fair view of the assets, liabilities, financial position and return or loss of the Company.

The Board confirms that it is satisfied that the annual report and accounts taken as a whole is fair, balanced and understandable and provide the information necessary for shareholders to assess the Company's position and performance, business model and strategy.

For and on behalf of the Board
Michael Hughes
Chairman

22nd September 2017

Independent Auditors' Report

TO THE MEMBERS OF JPMORGAN MID CAP INVESTMENT TRUST PLC

Report on the audit of the financial statements

Opinion

In our opinion, JPMorgan Mid Cap Investment Trust plc's financial statements:

- give a true and fair view of the state of the Company's affairs as at 30th June 2017 and of its net return for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland', and applicable law); and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements, included within the Annual Report & Accounts (the Annual Report), which comprise: the Statement of Financial Position as at 30th June 2017; the Statement of Comprehensive Income for the year then ended; the Statement of Changes in Equity for the year then ended; and; and the notes to the financial statements, which include a description of the significant accounting policies.

Our opinion is consistent with our reporting to the Audit Committee.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) ('ISAs (UK)') and applicable law. Our responsibilities under ISAs (UK) are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We remained independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, which includes the FRC's Ethical Standard as applicable to listed public interest entities, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

To the best of our knowledge and belief, we declare that non-audit services prohibited by the FRC's Ethical Standard were not provided to the company.

We have provided no non-audit services to the Company in the period from 1 July 2016 to 30 June 2017.

Our audit approach

Context

JPMorgan Mid Cap Investment Trust plc is an Investment Trust Company listed on the London Stock Exchange and invests primarily in quoted UK equities from the FTSE 250 Index. The operations of the Company are located in the UK. We focus our audit work primarily on the valuation and existence of investments and income.

Overview

- Overall materiality: £2.8 million (2016: £2.2 million), which represents 1% of net assets.

- The Company is an Investment Trust Company and engages JPMorgan Funds Limited (the 'Manager') to manage its assets.
- We conducted our audit of the financial statements from information provided by JPMorgan Corporate & Investment Bank (the Administrator) to whom the Manager has, with the consent of the Directors, delegated the provision of certain administrative functions.
- We tailored the scope of our audit taking into account the types of investments within the Company, the involvement of the third parties referred to above, the accounting processes and controls, and the industry in which the Company operates.

- Income.
- Valuation and existence of investments.

The scope of our audit

As part of designing our audit, we determined materiality and assessed the risks of material misstatement in the financial statements. In particular, we looked at where the Directors made subjective judgements, for example in respect of significant accounting estimates that involved making assumptions and considering future events that are inherently uncertain. As in all of our audits we also addressed the risk of management override of internal controls, including evaluating whether there was evidence of bias by the Directors that represented a risk of material misstatement due to fraud.

Key audit matters

Key audit matters are those matters that, in the auditors' professional judgement, were of most significance in the audit of the financial statements of the current period and include the most significant assessed risks of material misstatement (whether or not due to fraud) identified by the auditors, including those which had the greatest effect on: the overall audit strategy; the allocation of resources in the audit; and directing the efforts of the engagement team. These matters, and any comments we make on the results of our procedures thereon, were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. This is not a complete list of all risks identified by our audit.

Key audit matter	How our audit addressed the key audit matter
Income Refer to page 27 (Audit Committee Report), page 40 (Accounting Policies) and pages 42 to 43 (Notes to the Financial Statements). We focused on the accuracy and completeness of dividend income recognition and its presentation in the Statement of Comprehensive Income as set out in the requirements of The Association of Investment Companies Statement of Recommended Practice (the AIC SORP). This is because incomplete or inaccurate income could have a material impact on the Company's net assets value and net return. We also focused on the accuracy and occurrence of realised and unrealised gains or losses on the investment portfolio.	We assessed the accounting policy for income recognition for compliance with accounting standards and the AIC SORP and performed testing to check that income had been accounted for in accordance with this stated accounting policy. We found that the accounting policies implemented were in accordance with accounting standards and the AIC SORP, and that income has been accounted for in accordance with the stated accounting policy. In addition, we tested dividend income by agreeing the dividend rates from investments to independent third party sources. No misstatements were identified which required reporting to those charged with governance. To test for completeness, we checked that the appropriate dividends had been received in the year by reference to independent data of dividends declared for a sample of investment holdings in the portfolio. Our testing did not identify any unrecorded dividends. We tested the allocation and presentation of dividend income between the revenue and capital return columns of the Statement of Comprehensive Income in line with the requirements set out in the AIC SORP. We then tested the validity of special dividends to independent third party sources. We did not find any special dividends that were not treated in accordance with the AIC SORP. Gains or losses on investments held at fair value comprise realised and unrealised gains or losses. For realised gains or losses, we tested a sample of disposal proceeds to bank statements. For unrealised gains or losses, we tested the valuation of the portfolio at the year-end, and also tested the reconciliation of opening and closing investments. No misstatements were identified which required reporting to those charged with governance.

Valuation and existence of investments Refer to page 27 (Audit Committee Report), page 40 (Accounting Policies) and page 46 (Notes to the Financial Statements). The investment portfolio at the year-end principally comprised of listed equity investments. We focused on the valuation and existence of investments because investments represent the principal element of the net asset value as disclosed on the Statement of Financial Position in the financial statements.	We tested the valuation of the listed investment portfolio by agreeing the prices used in the valuation to independent third party sources. No misstatements were identified by our testing which required reporting to those charged with governance. We tested the existence of the investment portfolio by agreeing the holdings for investments to an independent custodian confirmation from JPMorgan Chase Bank, N.A. No misstatements were identified by our testing which required reporting to those charged with governance.

How we tailored the audit scope

We tailored the scope of our audit to ensure that we performed enough work to be able to give an opinion on the financial statements as a whole, taking into account the structure of the Company, the accounting processes and controls, and the industry in which it operates.

The Company's accounting is delegated to the Administrator who maintain their own accounting records and controls and report to the Manager.

As part of our risk assessment, we assessed the control environment in place at both the Manager and the Administrator to the extent relevant to our audit. This assessment of the operating and accounting structure in place at both organisations involved obtaining and reading the relevant control reports issued by the independent auditor of the Manager and the Administrator in accordance with generally accepted assurance standards for such work. We then identified those key controls at the Administrator on which we could place reliance to provide audit evidence. We also assessed the gap period of three months between the period covered by the controls report and the year-end of the Company. Following this assessment, we applied professional judgement to determine the extent of testing required over each balance in the financial statements, including whether we needed to perform additional testing in respect of those key controls to support our substantive work. For the purposes of our audit, we determined that additional testing of controls in place at the Administrator was not required because additional substantive testing was performed.

Materiality

The scope of our audit was influenced by our application of materiality. We set certain quantitative thresholds for materiality. These, together with qualitative considerations, helped us to determine the scope of our audit and the nature, timing and extent of our audit procedures on the individual financial statement line items and disclosures and in evaluating the effect of misstatements, both individually and in aggregate on the financial statements as a whole.

Based on our professional judgement, we determined materiality for the financial statements as a whole as follows:

Overall materiality	£2.8 million (2016: £2.2 million).
How we determined it	1% of net assets.
Rationale for benchmark applied	We have applied this benchmark, a generally accepted auditing practice for investment trust audits, in the absence of indicators that an alternative benchmark would be appropriate and because we believe this provides an appropriate and consistent year-on- year basis for our audit.

We agreed with the Audit Committee that we would report to them misstatements identified during our audit above £138,000 (2016: £109,000) as well as misstatements below that amount that, in our view, warranted reporting for qualitative reasons.

Going concern

In accordance with ISAs (UK) we report as follows:

Reporting obligation	Outcome
We are required to report if we have anything material to add or draw attention to in respect of the Directors' statement in the financial statements about whether the Directors considered it appropriate to adopt the going concern basis of accounting in preparing the financial statements and the Directors' identification of any material uncertainties to the Company's ability to continue as a going concern over a period of at least twelve months from the date of approval of the financial statements.	We have nothing material to add or to draw attention to. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the Company's ability to continue as a going concern.
We are required to report if the Directors' statement relating to going concern in accordance with Listing Rule 9.8.6R(3) is materially inconsistent with our knowledge obtained in the audit.	We have nothing to report.

Reporting on other information

The other information comprises all of the information in the Annual Report & Accounts other than the financial statements and our auditors' report thereon. The Directors are responsible for the other information. Our opinion on the financial statements does not cover the other information and, accordingly, we do not express an audit opinion or, except to the extent otherwise explicitly stated in this report, any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If we identify an apparent material inconsistency or material misstatement, we are required to perform procedures to conclude whether there is a material misstatement of the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report based on these responsibilities.

With respect to the Strategic Report and Directors' Report, we also considered whether the disclosures required by the UK Companies Act 2006 have been included.

Based on the responsibilities described above and our work undertaken in the course of the audit, the Companies Act 2006, (CA06), ISAs (UK) and the Listing Rules of the Financial Conduct Authority (FCA) require us also to report certain opinions and matters as described below (required by ISAs (UK) unless otherwise stated).

Strategic Report and Directors' Report

In our opinion, based on the work undertaken in the course of the audit, the information given in the Strategic Report and Directors' Report for the year ended 30th June 2017 is consistent with the financial statements and has been prepared in accordance with applicable legal requirements. (CA06)

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we did not identify any material misstatements in the Strategic Report and Directors' Report. (CA06)

The Directors' assessment of the prospects of the Company and of the principal risks that would threaten the solvency or liquidity of the Company

We have nothing material to add or draw attention to regarding:

- The Directors' confirmation on page 17 of the Annual Report that they have carried out a robust assessment of the principal risks facing the Company, including those that would threaten its business model, future performance, solvency or liquidity.
- The disclosures in the Annual Report that describe those risks and explain how they are being managed or mitigated.

- The Directors' explanation on page 18 of the Annual Report as to how they have assessed the prospects of the Company, over what period they have done so and why they consider that period to be appropriate, and their statement as to whether they have a reasonable expectation that the Company will be able to continue in operation and meet its liabilities as they fall due over the period of their assessment, including any related disclosures drawing attention to any necessary qualifications or assumptions.

We have nothing to report having performed a review of the Directors' statement that they have carried out a robust assessment of the principal risks facing the Company and statement in relation to the longer-term viability of the Company. Our review was substantially less in scope than an audit and only consisted of making inquiries and considering the Directors' process supporting their statements; checking that the statements are in alignment with the relevant provisions of the UK Corporate Governance Code (the 'Code'); and considering whether the statements are consistent with the knowledge and understanding of the company and its environment obtained in the course of the audit. (Listing Rules)

Other Code Provisions

We have nothing to report in respect of our responsibility to report when:

- The statement given by the Directors, on page 30, that they consider the Annual Report taken as a whole to be fair, balanced and understandable, and provides the information necessary for the members to assess the Company's position and performance, business model and strategy is materially inconsistent with our knowledge of the Company obtained in the course of performing our audit.
- The section of the Annual Report on page 27 describing the work of the Audit Committee does not appropriately address matters communicated by us to the Audit Committee.
- The Directors' statement relating to the Company's compliance with the Code does not properly disclose a departure from a relevant provision of the Code specified, under the Listing Rules, for review by the auditors.

Directors' Remuneration

In our opinion, the part of the Directors' Remuneration Report to be audited has been properly prepared in accordance with the Companies Act 2006. (CA06)

Responsibilities for the financial statements and the audit

Responsibilities of the Directors for the financial statements

As explained more fully in the Statement of Directors' Responsibilities, the Directors are responsible for the preparation of the financial statements in accordance with the applicable framework and for being satisfied that they give a true and fair view. The Directors are also responsible for such internal control as they determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing as applicable, matters related to going concern and using the going concern basis of accounting unless the Directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Auditors' responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditors' report.

Use of this report

This report, including the opinions, has been prepared for and only for the Company's members as a body in accordance with Chapter 3 of Part 16 of the Companies Act 2006 and for no other purpose. We do not, in giving these opinions, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Other required reporting

Companies Act 2006 exception reporting

Under the Companies Act 2006 we are required to report to you if, in our opinion:

- we have not received all the information and explanations we require for our audit; or
- adequate accounting records have not been kept by the Company, or returns adequate for our audit have not been received from branches not visited by us; or
- certain disclosures of Directors' remuneration specified by law are not made; or
- the financial statements and the part of the Directors' Remuneration Report to be audited are not in agreement with the accounting records and returns.

We have no exceptions to report arising from this responsibility.

Appointment

Following the recommendation of the Audit Committee, we were appointed by the members on 29th October 2010 to audit the financial statements for the year ended 30th June 2011 and subsequent financial periods. The period of total uninterrupted engagement is 7 years, covering the years ended 30th June 2011 to 30th June 2017.

Richard McGuire (Senior Statutory Auditor)
for and on behalf of
PricewaterhouseCoopers LLP
Chartered Accountants and Statutory Auditors
London

22nd September 2017

STATEMENT OF COMPREHENSIVE INCOME FOR THE YEAR ENDED 30TH JUNE 2017

	Notes	2017 Revenue £'000	2017 Capital £'000	2017 Total £'000	2016 Revenue £'000	2016 Capital £'000	2016 Total £'000

The financial statements on pages 37 to 54 were approved and authorised for issue by the Directors on 22nd September 2017 and signed on their behalf by:

Michael Hughes
Chairman

The notes on pages 40 to 54 form an integral part of these financial statements.

The Company is registered in England and Wales.
Company registration number: 1047690.

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30TH JUNE 2017

1. Accounting policies

(a) Basis of accounting

The financial statements are prepared under the historical cost convention, modified to include fixed asset investments at fair value, and in accordance with the Companies Act 2006, United Kingdom Generally Accepted Accounting Practice ('UK GAAP'), including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and with the Statement of Recommended Practice 'Financial Statements of Investment Trust Companies and Venture Capital Trusts' (the 'SORP') issued by the Association of Investment Companies in November 2014, and updated in January 2017.

All of the Company's operations are of a continuing nature.

The financial statements have been prepared on a going concern basis. The disclosures on going concern on page 27 of the Audit Committee Report form part of these financial statements.

The policies applied in these financial statements are consistent with those applied in the preceding year.

The Company has elected not to prepare a Statement of Cash Flows for the current year on the basis that substantially all of its investments are liquid and carried at market value.

(b) Valuation of investments

The Company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

The Company's business is investing in financial assets with a view to profiting from their total return in the form of income and capital growth. The portfolio of financial assets is managed and its performance evaluated on a fair value basis, in accordance with a documented investment strategy and information is provided internally on that basis to the Company's Board of Directors. Accordingly, upon initial recognition the investments are designated by the Company as held at fair value through profit or loss. They are included initially at fair value which is taken to be their cost, excluding expenses incidental to purchase which are written off to capital at the time of acquisition. Subsequently the investments are valued at fair value, which are quoted bid prices for investments traded in active markets. For investments which are not traded in active markets, unlisted and restricted investments, the Board takes into account the latest traded prices, other observable market data and asset values based on the latest management accounts.

All purchases and sales are accounted for on a trade date basis.

(c) Accounting for reserves

Gains and losses on sales of investments including the related foreign exchange gains and losses, realised gains and losses on foreign currency, management fee and finance costs allocated to capital and any other capital charges, are included in the Statement of Comprehensive Income and dealt with in capital reserves within 'Gains and losses on sales of investments'.

Increases and decreases in the valuation of investments held at the year end including the related foreign exchange gains and losses, are included in the Statement of Comprehensive Income and dealt with in capital reserves within 'Investment holding gains and losses'.

(d) Income

Dividends receivable from equity shares are included in revenue on an ex-dividend basis except where, in the opinion of the Board, the dividend is capital in nature, in which case it is included in capital.

Overseas dividends are included gross of any withholding tax.

Special dividends are looked at individually to ascertain the reason behind the payment. This will determine whether they are treated as revenue or capital.

Where the Company has elected to receive scrip dividends in the form of additional shares rather than in cash, the amount of the cash dividend foregone is recognised in revenue. Any excess in the value of the shares received over the amount of the cash dividend is recognised in capital.

Underwriting commission is recognised in revenue where it relates to shares that the Company is not required to take up. Where the Company is required to take up a proportion of the shares underwritten, the same proportion of commission received is deducted from the cost of the shares taken up, with the balance taken to revenue.

Deposit interest receivable is taken to revenue on an accruals basis.

(e) Expenses

All expenses are accounted for on an accruals basis. Expenses are allocated wholly to revenue with the following exceptions:

- The management fee is allocated 30% to revenue and 70% to capital, in line with the Board's expected long term split of revenue and capital return from the Company's investment portfolio.
- Expenses incidental to the purchase and sale of an investment are charged to capital. These expenses are commonly referred to as transaction costs and comprise brokerage commission and stamp duty. Details of transaction costs are given in note 11 on page 46.

(f) Finance costs

Finance costs are accounted for on an accruals basis using the effective interest method.

Finance costs are allocated 30% to revenue and 70% to capital, in line with the Board's expected long term split of revenue and capital return from the Company's investment portfolio.

(g) Financial instruments

Cash and cash equivalents may comprise cash including demand deposits which are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value. Liquidity funds are considered cash equivalents as they are held for cash management purposes as an alternative to cash.

Other debtors and creditors do not carry any interest, are short term in nature and are accordingly stated at nominal value, with debtors reduced by appropriate allowances for estimated irrecoverable amounts.

Bank loans are classified as financial liabilities measured at amortised cost. They are initially measured as proceeds and subsequently measured at amortised cost. Interest payable on the bank loan is accounted for on an accruals basis in the Statement of Comprehensive Income.

The Company has not utilised any derivative financial instruments in the current and comparative year.

(h) Taxation

Current tax is provided at the amounts expected to be paid or recovered.

Deferred tax is provided on all timing differences that have originated but not reversed by the balance sheet date. Deferred tax liabilities are recognised for all taxable timing differences but deferred tax assets are only recognised to the extent that it is more likely than not that taxable profits will be available against which those timing differences can be utilised.

Tax relief is allocated to expenses charged to capital on the 'marginal basis'. On this basis, if taxable income is capable of being entirely offset by revenue expenses, then no tax relief is transferred to the capital column.

Deferred tax is measured at the tax rate which is expected to apply in the periods in which the timing differences are expected to reverse, based on tax rates that have been enacted or substantively enacted at the balance sheet date and is measured on an undiscounted basis.

(i) Value Added Tax ('VAT')

Expenses are disclosed inclusive of the related irrecoverable VAT. Recoverable VAT is calculated using the partial exemption method based on the proportion of zero rated supplies to total supplies.

(j) Functional currency

The Company is required to identify its functional currency, being the currency of the primary economic environment in which the Company operates.

The Board, having regard to the currency of the Company's share capital and the predominant currency in which its shareholders operate, has determined that sterling is the functional currency. Sterling is also the currency in which the financial statements are presented.

(k) Dividends payable

Dividends are included in the financial statements in the year in which they are approved by shareholders.

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

1. Accounting policies *continued*

(l) Repurchase of shares for cancellation

The cost of repurchasing shares including the related stamp duty and transactions costs is charged to capital reserves and dealt with in the Statement of Changes in Equity. Share repurchase transactions are accounted for on a trade date basis. The nominal value of share capital repurchased and cancelled is transferred out of called up share capital and into capital redemption reserve.

(m) Repurchase of shares to hold in Treasury

The cost of repurchasing shares into Treasury, including the related stamp duty and transaction costs is charged to capital reserves and dealt with in the Statement of Changes in Equity. Share repurchase transactions are accounted for on a trade date basis. Where shares held in Treasury are subsequently cancelled, the nominal value of those shares is transferred out of called up share capital and into capital redemption reserve.

Should shares held in Treasury be sold, the sales proceeds will be treated as a realised profit up to the amount of the purchase price of those shares and will be transferred to capital reserves. The excess of the sales proceeds over the purchase price will be transferred to share premium.

2. Significant accounting judgements and estimates

The preparation of the Company's financial statements on occasion requires the Directors to make judgements, estimates and assumptions that affect the reported amounts in the primary financial statements and the accompanying disclosures. These assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in the current and future periods, depending on circumstance.

The Directors do not believe that any significant accounting judgements or estimates have been applied to this set of financial statements, that have a significant risk of causing a material adjustment to the carrying amount of assets and liabilities within the next financial year.

3. Gains/(losses) on investments held at fair value through profit or loss

	2017 £'000	2016 £'000
Gains on investments held at fair value through profit or loss based on historic cost	11,567	26,625
Amounts recognised in investment holding gains and losses in the previous year in respect of investments sold during the year	(8,123)	(39,342)
Gains/(losses) on sales of investments based on the carrying value at the previous balance sheet date	3,444	(12,717)
Net movement in investment holding gains and losses	55,743	(11,135)
Other capital charges	(6)	(5)
Total capital gains/(losses) on investments held at fair value through profit or loss	**59,181**	**(23,857)**

4. Income

	2017 £'000	2016 £'000
Income from investments		
UK dividends	6,465	6,733
Overseas dividends	1,434	1,290
Scrip dividends	186	82
Property income distributions	348	178
	8,433	8,283
Interest receivable and similar income

Total tax charge for the year	**91**	**–**	**91**	**112**	**–**	**112**

(c) **Deferred taxation**

The Company has an unrecognised deferred tax asset of £9,240,000 (2016: £9,438,000) based on a prospective corporation tax rate of 17% (2016: 18%). The UK Government announced in July 2015 that the corporation tax rate is set to be cut to 19% in 2017 and 18% in 2020. In March 2016 a further cut to 17% in 2020 was announced. These reductions in the standard rate of corporation tax were substantively enacted on 15th September 2016 and became effective from 1st April 2017. The deferred tax asset has arisen due to the cumulative excess of deductible expenses over taxable income. Given the composition of the Company's portfolio, it is not likely that this asset will be utilised in the foreseeable future and therefore no asset has been recognised in the financial statements.

Given the Company's status as an investment trust company and the intention to continue meeting the conditions required to obtain approval, the Company has not provided for deferred tax on any capital gains or losses arising on the revaluation or disposal of investments.

9. Dividends

(a) Dividends paid and proposed

	2017 £'000	2016 £'000
Dividends paid		
2016 Final dividend of 13.0p (2015: 12.0p) per share	3,120	2,880
2016 Special dividend 4.5p (2015: 4.5p) per share	1,080	1,080
2017 Interim dividend of 8.0p (2016: 8.0p) per share	1,907	1,920
Total dividends paid in the year	**6,107**	**5,880**
Dividend proposed		
2017 Final dividend proposed of 15.0p (2016: 13.0p) per share	3,576	3,120
2017 Special dividend proposed of 3.0p (2016: 4.5p) per share	715	1,080
Total dividends proposed for year	**4,291**	**4,200**

All dividends paid and proposed in the period have been funded from the revenue reserve.

The dividend proposed in respect of the year ended 30th June 2017 is subject to shareholder approval at the forthcoming Annual General Meeting. In accordance with the accounting policy of the Company, this dividend will be reflected in the financial statements for the year ending 30th June 2018.

(b) Dividends for the purposes of Section 1158 of the Corporation Tax Act 2010 ('Section 1158')

The requirements of Section 1158 are considered on the basis of dividends declared in respect of the financial year, shown below. The revenue available for distribution by way of dividend for the year is £7,391,000 (2016: £7,067,000). The revenue reserve after payment of the final and special dividend will amount to £6,969,000 (2016: £5,776,000).

	2017 £'000	2016 £'000
Interim dividend of 8.0p (2016: 8.0p) per share	1,907	1,920
Final dividend of 15.0p (2016: 13.0p) per share	3,576	3,120
2017 Special dividend proposed of 3.0p (2016: 4.5p) per share	715	1,080
	6,198	**6,120**

10. Return/(loss) per share

	2017 £'000	2016 £'000
Revenue return	7,391	7,067
Capital return/(loss)	57,855	(25,298)
Total return/(loss)	**65,246**	**(18,231)**
Weighted average number of shares in issue during the year	23,931,396	23,997,180
Revenue return per share	30.88p	29.45p
Capital return/(loss) per share	241.75p	(105.42)p
Total return/(loss) per share	**272.63p**	**(75.97)p**

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

11. Investments

	2017 £'000	2016 £'000
Investments listed on a recognised stock exchange	282,318	217,222
Opening book cost	187,019	183,745
Opening investment holding gains	30,203	80,680
Opening valuation	217,222	264,425
Movements in the year:		
Purchases at cost	100,763	115,667
Sales proceeds	(94,854)	(139,018)
Gains/(losses) on sales of investments based on the carrying value at the previous balance sheet date	3,444	(12,717)
Net movement in investment holding gains/(losses)	55,743	(11,135)
	282,318	217,222
Closing book cost	204,495	187,019
Closing investment holding gains	77,823	30,203
Total investments held at fair value through profit or loss	**282,318**	**217,222**

Transaction costs on purchases during the year amounted to £558,000 (2016: £535,000) and on sales during the year amounted to £84,000 (2016: £103,000). These costs comprise mainly stamp duty on purchases and brokerage commission.

During the year, prior year investment holding gains amounting to £8,123,000 have been transferred to gains and losses on sales of investments as disclosed in note 16.

12. Current assets

Debtors

	2017 £'000	2016 £'000
Securities sold awaiting settlement	127	3,704
Dividends and interest receivable	1,149	834
Overseas tax recoverable	49	112
Other debtors	22	29
	1,347	**4,679**

The Directors consider that the carrying amount of debtors approximates to their fair value.

Cash and cash equivalents

Cash and cash equivalents comprise bank balances, short term deposits and liquidity funds. The carrying amount of these represents their fair value.

13. Current liabilities

	2017 £'000	2016 £'000
Creditors: amounts falling due within one year		
Securities purchased awaiting settlement	–	4,495
Interest payable	18	16
Other creditors	145	73
	163	**4,584**

The Directors consider that the carrying amount of creditors falling due within one year approximates to their fair value.

14. Creditors: amounts falling due after more than one year

	2017 £'000	2016 £'000
Bank loans	**18,000**	**8,000**

As at 30th June 2017 the Company had two floating rate loan facilities in place. A £25 million three year loan facility with Scotiabank (Ireland) Limited expiring on 31st May 2019, and a new £15 million three year loan facility with ING Bank taken out on 16th June 2017, expiring on 16th June 2020. The previous £15 million three year loan facility with National Australia Bank (NAB) expired on 30th April 2017.

Under the terms of the three year £25 million Scotiabank (Ireland) Limited loan facility the Company may draw down up to £25 million at an interest rate of LIBOR as quoted in the market for the loan period, plus a margin of 0.975%, plus mandatory costs. At the year end, the Company had £18 million (2016: £8 million) drawn down on this facility with Scotiabank (Ireland) Limited.

Under the terms of the three year £15 million ING Bank loan facility the Company may draw down up to £15 million at an interest rate of LIBOR as quoted in the market for the loan period, plus a margin of 1.00%, plus mandatory costs. At the year end, the Company had £nil drawn down on this facility with ING Bank.

15. Called up share capital

	2017 £'000	2016 £'000
Ordinary shares allotted and fully paid:		
Opening balance of 23,997,180 (2016: 23,997,180) shares excluding shares held in Treasury	6,000	6,000
Repurchase of 159,500 (2016: nil) shares into Treasury	(40)	–
Subtotal 23,837,680 (2016: 23,997,180) shares of 25p each excluding shares held in Treasury	5,960	6,000
1,560,400 (2016: 1,400,900) shares held in Treasury	390	350
Closing balance of 25,398,080 (2016: 25,398,080) shares of 25p each including shares held in Treasury	**6,350**	**6,350**

Further details of transactions in the Company's shares are given in the Business Review on page 16.

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

16. Capital and reserves

	Called up share capital £'000	Capital redemption reserve £'000	Capital reserves: Gains and losses on sales of investments £'000	Capital reserves: Investment holding gains and losses £'000	Revenue reserve[1] £'000	Total £'000
Opening balance	6,350	3,650	168,095	30,203	9,976	218,274
Net foreign currency gains	–	–	7	–	–	7
Gains on sales of investments based on the carrying value at the previous balance sheet date	–	–	3,444	–	–	3,444
Net movement in investment holding gains and losses	–	–	–	55,743	–	55,743
Transfer on disposal of investments	–	–	8,123	(8,123)	–	–
Repurchase of shares into Treasury	–	–	(1,477)	–	–	(1,477)
Management fee and finance costs allocated to capital	–	–	(1,333)	–	–	(1,333)
Other capital charges	–	–	(6)	–	–	(6)
Dividends paid in the year	–	–	–	–	(6,107)	(6,107)
Retained revenue for the year	–	–	–	–	7,391	7,391
Closing balance	**6,350**	**3,650**	**176,853**	**77,823**	**11,260**	**275,936**

[1] This reserve forms the distributable reserve of the Company and may be used to fund distribution of profits to investors via dividend payments.

17. Net asset value per share

	2017	2016
Net assets (£'000)	275,936	218,274
Number of shares in issue	23,837,680	23,997,180
Net asset value per share	**1,157.6p**	**909.6p**

18. Contingent liabilities and capital commitments

At the balance sheet date there were no contingent liabilities or capital commitments (2016: same).

19. Transactions with the Manager and related party transactions

Details of the management contract are set out in the Directors' Report on page 21. The management fee payable to the Manager for the year was £1,655,000 (2016: £1,644,000) of which £46,000 (2016: £nil) was outstanding at the year end.

During the year £74,000 (2016: £134,000), including VAT, was payable to the Manager for administration of savings scheme products, of which £13,000 (2016: £nil) was outstanding at the year end.

Included in administration expenses in note 6 on page 43 are safe custody fees amounting to £4,000 (2016: £4,000) payable to JPMorgan Chase, N.A. of which £1,000 (2016: £1,000) was outstanding at the year end.

The Manager may carry out some of its dealing transactions through group subsidiaries. These transactions are carried out at arm's length. The commission payable to JPMorgan Securities Limited for the year was £38,000 (2016: £49,000) of which £nil (2016: £nil) was outstanding at the year end.

The Company also holds cash in the JPMorgan Sterling Liquidity Fund, which is managed by JPMorgan. At the year end this was valued at £10,404,000 (2016: £2,377,000). Interest amounting to £24,000 (2016: £32,000) was receivable during the year of which £nil (2016: £nil) was outstanding at the year end.

Handling charges on dealing transactions amounting to £6,000 (2016: £5,000) were payable to JPMorgan Chase, N.A. during the year of which £1,000 (2016: £1,000) was outstanding at the year end.

At the year end, total cash of £30,000 (2016: £6,580,000) was held with JPMorgan Chase, N.A. A net amount of interest of £nil (2016: £19,000) was receivable by the Company during the year from JPMorgan Chase, N.A. of which £nil (2016: £nil) was outstanding at the year end.

The Directors are related parties and full details of their remuneration and shareholdings can be found on pages 28 and 29 and in note 6 on page 43.

20. Disclosures regarding financial instruments measured at fair value

The Company's financial instruments within the scope of FRS 102 that are held at fair value comprise its investment portfolio and derivative financial instruments.

The investments are categorised into a hierarchy consisting of the following three levels:

(1) The unadjusted quoted price in an active market for identical assets or liabilities that the entity can access at the measurement date

The best evidence of fair value is a quoted price for an identical asset in an active market. Quoted in an active market in this context means quoted prices are readily and regularly available and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted price is usually the current bid price.

(2) Inputs other than quoted prices included within Level 1 that are observable (i.e.: developed using market data) for the asset or liability, either directly or indirectly

When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the entity can demonstrate that the last transaction price is not a good estimate of fair value (e.g. because it reflects the amount that an entity would receive or pay in a forced transaction, involuntary liquidation or distress sale), that price is adjusted.

(3) Inputs are unobservable (i.e.: for which market data is unavailable) for the asset or liability

If the market for the asset is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, an entity estimates the fair value by using a valuation technique. The objective of using a valuation technique is to estimate what the transaction price would have been on the measurement date in an arm's length exchange motivated by normal business considerations.

Categorisation within the hierarchy has been determined on the basis of the lowest level input that is significant to the fair value measurement of the relevant asset.

Details of the valuation techniques used by the Company are given in note 1(b) on page 40.

The following table sets out the fair value measurements using the FRS 102 hierarchy at 30th June.

	2017		2016	
	Assets £'000	Liabilities £'000	Assets £'000	Liabilities £'000
Level 1	282,318	–	217,222	–
Total	**282,318**	**–**	**217,222**	**–**

There were no transfers between Level 1, 2 or 3 during the year (2016: none).

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

21. Financial instruments' exposure to risk and risk management policies

As an investment trust, the Company invests in equities for the long term so as to secure its investment objective stated on the 'Features' page. In pursuing this objective, the Company is exposed to a variety of financial risks that could result in a reduction in the Company's net assets or a reduction in the profits available for dividends.

These financial risks include market risk (comprising other price risk and interest rate risk), liquidity risk and credit risk. The Directors' policy for managing these risks is set out below. The Company Secretary, in close cooperation with the Board and the Manager, coordinates the Company's risk management policy. The Company has no significant direct exposure to foreign currency risk.

The objectives, policies and processes for managing the risks and the methods used to measure the risks that are set out below, have not changed from those applying in the comparative year.

The Company's classes of financial instruments are as follows:

- investments in listed equity shares of UK companies, which are held in accordance with the Company's investment objective;
- cash held within a liquidity fund and time deposits;
- short term debtors, creditors and cash arising directly from its operations; and
- loan facilities, the purpose of which are to finance the Company's operations.

(a) Market risk

The fair value of future cash flows of a financial instrument held by the Company may fluctuate because of changes in market prices. This market risk comprises two elements – other price risk and interest rate risk. Information to enable an evaluation of the nature and extent of these two elements of market risk is given in parts (i) and (ii) of this note, together with sensitivity analyses where appropriate. The Board reviews and agrees policies for managing these risks and these policies have remained unchanged from those applying in the comparative year. The Manager assesses the exposure to market risk when making each investment decision and monitors the overall level of market risk on the whole of the investment portfolio on an ongoing basis.

(i) Other price risk

Other price risk includes changes in market prices, other than those arising from interest rate risk, which may affect the value of equity investments.

Management of other price risk

The Board meets on at least four occasions each year to consider the asset allocation of the portfolio and the risk associated with particular industry sectors. The investment management team has responsibility for monitoring the portfolio, which is selected in accordance with the Company's investment objectives and seeks to ensure that individual stocks meet an acceptable risk/reward profile.

Other price risk exposure

The Company's total exposure to changes in market prices at 30th June comprises its holdings in equity investments as follows:

	2017 £'000	2016 £'000
Investments held at fair value through profit or loss	282,318	217,222

The above data is broadly representative of the exposure to other price risk during the current and comparative year.

Concentration of exposure to other price risk

An analysis of the Company's investments is given on page 12. All of the investments are listed in the UK. Accordingly there is a concentration of exposure to the UK. However, it should also be noted that an investment may not be entirely exposed to the economic conditions in its country of domicile or of listing.

Other price risk sensitivity

The following table illustrates the sensitivity of the return after taxation for the year and net assets to an increase or decrease of 10% (2016: 10%) in the market value of equity investments. This level of change is considered to be a reasonable illustration based on observation of current market conditions. The sensitivity analysis is based on the Company's equities, adjusting for changes in the management fee but with all other variables held constant.

	2017		2016	
	10% increase in fair value £'000	10% decrease in fair value £'000	10% increase in fair value £'000	10% decrease in fair value £'000
Statement of Comprehensive Income – return after taxation				
Revenue return	(51)	51	(42)	42
Capital return	28,113	(28,113)	21,623	(21,623)
Total return after taxation for the year	28,062	(28,062)	21,581	(21,581)
Net assets	**28,062**	**(28,062)**	**21,581**	**(21,581)**

(ii) Interest rate risk

Interest rate movements may affect the level of income receivable on cash deposits, the liquidity fund and the interest payable on variable rate borrowings when interest rates are reset.

Management of interest rate risk

The Company does not normally hold significant cash balances. Short term borrowings are used when required. The Company may finance part of its activities through borrowings at levels approved and monitored by the Board. The possible effects on cash flows that could arise as a result of changes in interest rates are taken into account when the Company borrows on the loan facility.

Interest rate exposure

The exposure of financial assets and liabilities to floating interest rates using the year end figures, giving cash flow interest rate risk when rates are reset, is shown below.

	2017 £'000	2016 £'000
Exposure to floating interest rates:		
Cash and cash equivalents	10,434	8,957
Bank loans	(18,000)	(8,000)
Total exposure	**(7,566)**	**957**

Interest receivable on cash balances is at a margin below LIBOR (2016: same).

The target interest earned on the JPMorgan Sterling Liquidity Fund is the 7 day sterling London Interbank Bid Rate.

Details of the bank loan are given in note 14 on page 47.

Interest rate sensitivity

The following table illustrates the sensitivity of the return after taxation for the year and net assets to a 1% (2016: 1%) increase or decrease in interest rates in regards to the Company's monetary financial assets and financial liabilities. This level of change is considered to be a reasonable illustration based on observation of current market conditions. The sensitivity analysis is based on the Company's monetary financial instruments held at the balance sheet date with all other variables held constant.

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

21. Financial instruments' exposure to risk and risk management policies *continued*

(a) Market risk *continued*

(ii) Interest rate risk *continued*

Interest rate sensitivity *continued*

	2017		2016	
	1% increase in rate £'000	1% decrease in rate £'000	1% increase in rate £'000	1% decrease in rate £'000
Statement of Comprehensive Income – return after taxation				
Revenue return	50	(50)	66	(66)
Capital return	(126)	126	(56)	56
Total return after taxation for the year	(76)	76	10	(10)
Net assets	**(76)**	**76**	**10**	**(10)**

In the opinion of the Directors, this sensitivity analysis may not be representative of the Company's future exposure to interest rate changes due to fluctuations in the level of cash balances, cash held in the liquidity fund and amounts drawn down on the Company's loan facilities.

(b) Liquidity risk

This is the risk that the Company will encounter difficulty in meeting its obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Management of the risk

Liquidity risk is not significant as the Company's assets comprise mainly readily realisable securities, which can be sold to meet funding requirements if necessary.

The Board's policy is for the Company to remain fully invested in normal market conditions and that short term borrowings be used to manage short term liabilities and working capital requirements and to gear the Company as appropriate.

Liquidity risk exposure

Contractual maturities of the financial liabilities, based on the earliest date on which payment can be required are as follows:

	2017		
	Within one year £'000	One to two years £'000	Total £'000
Creditors:			
Other creditors and accruals	145	–	145
Bank loans, including interest	248	18,210	18,458
	393	**18,210**	**18,603**

	Within one year £'000	2016 One to two years £'000	Total £'000
Creditors:			
Securities purchased awaiting settlement	4,495	–	4,495
Other creditors and accruals	73	–	73
Bank loans, including interest	141	8,240	8,381
	4,709	**8,240**	**12,949**

The liabilities shown above represent future contractual payments and therefore may differ from the amounts shown in the Statement of Financial Position.

(c) Credit risk

Credit risk is the risk that the failure of the counterparty to a transaction to discharge its obligations under that transaction could result in loss to the Company.

Management of credit risk

Portfolio dealing

The Company invests in markets that operate DVP (Delivery Versus Payment) settlement. The process of DVP mitigates the risk of losing the principal of a trade during the settlement process. The Manager continuously monitors dealing activity to ensure best execution, a process that involves measuring various indicators including the quality of trade settlement and incidence of failed trades. Counterparty lists are maintained and adjusted accordingly.

Cash and cash equivalents

Counterparties are subject to regular credit analysis by the Manager and deposits can only be placed with counterparties that have been approved by JPMAM's Counterparty Risk Group.

Exposure to JPMorgan Chase

JPMorgan Chase Bank, N.A. is the custodian of the Company's assets. The Company's assets are segregated from JPMorgan Chase's own trading assets. Therefore these assets are designed to be protected from creditors in the event that JPMorgan Chase, N.A. were to cease trading. The Depositary, BNY Mellon Trust and Depositary (UK) Limited, is responsible for the safekeeping of all custodial assets of the Company and for verifying and maintaining a record of all other assets of the Company. However, no absolute guarantee can be given on the protection of all the assets of the Company. The Depositary Agreement grants a lien over available assets credited to the securities account. The extent of this lien is limited to the amount of unpaid fees payable to BNY Mellon Trust and Depositary (UK) Limited.

Credit risk exposure

The amounts shown in the Statement of Financial Position under debtors and cash and cash equivalents represent the maximum exposure to credit risk at the current and comparative year ends.

(d) Fair values of financial assets and financial liabilities

All financial assets and liabilities are either included in the Statement of Financial Position at fair value or the carrying amount is a reasonable approximation of fair value.

NOTES TO THE FINANCIAL STATEMENTS *CONTINUED*

22. Capital management policies and procedures

The Company's debt and capital structure comprises the following:

	2017 £'000	2016 £'000
Debt:		
Bank loans	18,000	8,000
	18,000	8,000
Equity:		
Called up share capital	6,350	6,350
Reserves	269,586	211,924
	275,936	218,274
Total debt and equity	**293,936**	**226,274**

The Company's capital management objectives are to ensure that it will continue as a going concern and to maximise the income and capital return to its equity shareholders through an appropriate level of gearing.

The Board's policy is to limit gearing within the range of 5% net cash to 25% geared, in normal market conditions.

	2017 £'000	2016 £'000
Investments held at fair value through profit or loss	282,318	217,222
Net assets	275,936	218,274
Gearing/(Net cash)	**2.3%**	**(0.5)%**

The Board, with the assistance of the Manager, monitors and reviews the broad structure of the Company's capital on an ongoing basis. This review includes:

- the planned level of gearing, which takes into account the Manager's views on the market;
- the need to buy back equity shares, either for cancellation or to hold in Treasury, which takes into account the share price discount or premium; and
- the opportunity for issues of new shares, and sales of shares held in Treasury.

23. Subsequent events

The Directors have evaluated the period since the year end and have not recognised any subsequent events.

Regulatory Disclosures

ALTERNATIVE INVESTMENT FUND MANAGERS' DIRECTIVE ('AIFMD') DISCLOSURES (UNAUDITED)

Leverage

For the purposes of the Alternative Investment Fund Managers Directive (the 'AIFMD'), leverage is any method which increases the Company's exposure, including the borrowing of cash and the use of derivatives. It is expressed as a ratio between the Company's exposure and its net asset value and is calculated on a gross and a commitment method, in accordance with the AIFMD. Under the gross method, exposure represents the sum of the Company's positions without taking into account any hedging and netting arrangements. Under the commitment method, exposure is calculated after certain hedging and netting positions are offset against each other.

The Company is required to state its maximum and actual leverage levels, calculated as prescribed by the AIFMD, as at 30th June 2017, which gives the following figures:

	Gross Method	Commitment Method
Leverage Exposure		
Maximum limit	200%	200%
Actual	106%	106%

JPMF Remuneration

JPMF is the authorised manager of the Company and is part of the JPMorgan Chase & Co. group of companies. In this disclosure, the terms 'JPMorgan' or 'Firm' refer to that group, and each of the entities in that group globally, unless otherwise specified.

This disclosure has been prepared in accordance with the AIFMD, the European Commission Delegated Regulation supplementing the AIFMD, the 'Guidelines on sound remuneration policies' under the AIFMD issued by the European Securities and Markets Authority under the AIFMD. The disclosure has also been prepared in accordance with the relevant provisions of the Financial Conduct Authority Handbook (FUND 3.3.5 and COLL 4.5.7).

JPMF Remuneration Policy

The current remuneration policy for the Management Company (the 'Remuneration Policy') can be found at https://am.jpmorgan.com/gb/en/asset-management/gim/adv/legal/emea-remuneration-policy. This policy includes details of how remuneration benefits are calculated, including the financial and non-financial criteria used to evaluate performance. The responsibilities and composition of the Firm's Compensation and Management Development and the measures adopted to avoid or manage conflicts of interest. A copy of this policy can be requested free of charge from the Management Company. The Remuneration Policy applies to all employees of the Management Company, including individuals whose professional activities may have a material impact on the risk profile of the Management Company or the funds it manages ('**Identified Staff**'). The Identified Staff include members of the Board of the Management Company (the '**Board**'), senior management, the heads of relevant Control Functions, and holders of other key functions. Individuals are notified of their identification and the implications of this status on at least an annual basis.

JPMF reviews and adopts the Remuneration Policy on an annual basis, and oversees its implementation, including the classification of Identified Staff.

JPMF Quantitative Disclosures

Disclosures in accordance with FUND 3.3.5, Article 22(2)e and 22(2)f of the AIFMD and Article 107 of the Delegated Regulation are disclosed on the Company's website at www.jpmmidcap.co.uk

SECURITIES FINANCING TRANSACTIONS REGULATION ('SFTR') DISCLOSURE (UNAUDITED)

The Company does not engage in Securities Financing Transactions (as defined in Article 3 of Regulation (EU) 2015/2365, securities financing transactions include repurchase transactions, securities or commodities lending and securities or commodities borrowing, buy-sell back transactions or sell-buy back transactions and margin lending transactions) or Total Return Swaps. Accordingly, disclosures required by Article 13 of the Regulation are not applicable for the year ended 30th June 2017.

NOTICE OF ANNUAL GENERAL MEETING

Notice is hereby given that the forty third Annual General Meeting of JPMorgan Mid Cap Investment Trust plc will be held at 60 Victoria Embankment, London EC4Y 0JP on Tuesday, 31st October 2017 at 2.30 p.m. for the following purposes:

1. To receive the Directors' Report, the Annual Accounts and the Auditors' Report for the year ended 30th June 2017.
2. To approve the Directors' Remuneration Report for the year ended 30th June 2017.
3. To approve a final dividend.
4. To reappoint Michael Hughes as a Director of the Company.
5. To reappoint John Evans as a Director of the Company.
6. To reappoint Richard Gubbins as a Director of the Company.
7. To reappoint Richard Huntingford as a Director of the Company.
8. To reappoint Margaret Littlejohns as a Director of the Company.
9. To reappoint PricewaterhouseCoopers LLP as auditors to the Company and to authorise the Directors to determine their remuneration.

Special Business

To consider the following resolutions:

Authority to allot new shares – Ordinary Resolution

10. THAT the Directors of the Company be and they are hereby generally and unconditionally authorised, (in substitution of any authorities previously granted to the Directors), pursuant to Section 551 of the Companies Act 2006 (the 'Act') to exercise all the powers for the Company to allot relevant securities (within the meaning of Section 551 of the Act) up to an aggregate nominal amount of £595,317, representing approximately 10% of the Company's called-up ordinary share capital (excluding Treasury shares) as at the date of the passing of this resolution, provided that this authority shall expire at the conclusion of the Annual General Meeting of the Company to be held in 2018 unless renewed at a general meeting prior to such time, save that the Company may before such expiry make offers, agreements or arrangements which would or might require relevant securities to be allotted after such expiry and so that the Directors of the Company may allot relevant securities in pursuance of such offers, agreements or arrangements as if the authority conferred hereby had not expired.

Authority to disapply pre-emption rights on allotment of relevant securities – Special Resolution

11. THAT subject to the passing of Resolution 10 set out above, the Directors of the Company be and they are hereby empowered pursuant to Section 570 and 573 of the Act to allot equity securities (within the meaning of Section 560 of the Act) for cash pursuant to the authority conferred by Resolution 10 or by way of a sale of Treasury shares as if Section 561(1) of the Act did not apply to any such allotment, provided that this power shall be limited to the allotment of equity securities for cash up to an aggregate nominal amount of £595,317, representing approximately 10% of the called-up ordinary share capital (excluding Treasury shares) as at the date of the passing of this resolution at a price of not less than the net asset value per share and shall expire upon the expiry of the general authority conferred by Resolution 10 above, save that the Company may before such expiry make offers, or agreements which would or might require equity securities to be allotted after such expiry and so that the Directors of the Company may allot equity securities in pursuant of such offers, or agreements as if the power conferred hereby had not expired.

Authority to repurchase the Company's shares – Special Resolution

12. THAT the Company be generally and, subject as hereinafter appears, unconditionally authorised in accordance with Section 701 of the Companies Act 2006 (the 'Act') to make market purchases (within the meaning of Section 693 of the Act) of its issued shares of 25p each in the capital of the Company

    PROVIDED ALWAYS THAT

    (i) the maximum number of shares hereby authorised to be purchased shall be 3,569,520 or, if less, that number of shares which is equal to 14.99% of the Company's called-up share capital as at the date of the passing of this Resolution;

    (ii) the maximum price which may be paid for a share shall be an amount equal to the highest of: (a) 105% of the average of the middle market quotations for a share taken from and calculated by reference to the London Stock Exchange Daily Official List for the five business days immediately preceding the day on which the share is purchased; or (b) the price of the last independent trade; or (c) the highest current independent bid;

(iii) any purchase of shares will be made in the market for cash at prices below the prevailing net asset value per share (as determined by the Directors) at the date following not more than seven days before the date of purchase;

(iv) the authority hereby conferred shall expire on 30th April 2019 unless the authority is renewed at the Company's Annual General Meeting in 2018 or at any other general meeting prior to such time; and

(v) the Company may make a contract to purchase shares under the authority hereby conferred prior to the expiry of such authority and may make a purchase of shares pursuant to any such contract notwithstanding such expiry.

By order of the Board
Alison Vincent, for and on behalf of
JPMorgan Funds Limited,
Secretary

29th September 2017

Notes

These notes should be read in conjunction with the notes on the reverse of the proxy form.

1. A member entitled to attend and vote at the Meeting may appoint another person(s) (who need not be a member of the Company) to exercise all or any of his rights to attend, speak and vote at the Meeting. A member can appoint more than one proxy in relation to the Meeting, provided that each proxy is appointed to exercise the rights attaching to different shares held by him.

2. A proxy does not need to be a member of the Company but must attend the Meeting to represent you. Your proxy could be the Chairman, another Director of the Company or another person who has agreed to attend to represent you. Details of how to appoint the Chairman or another person(s) as your proxy or proxies using the proxy form are set out in the notes to the proxy form. If a voting box on the proxy form is left blank, the proxy or proxies will exercise his/their discretion both as to how to vote and whether he/they abstain(s) from voting. Your proxy must attend the Meeting for your vote to count. Appointing a proxy or proxies does not preclude you from attending the Meeting and voting in person.

3. Any instrument appointing a proxy, to be valid, must be lodged in accordance with the instructions given on the proxy form.

4. You may change your proxy instructions by returning a new proxy appointment. The deadline for receipt of proxy appointments also applies in relation to amended instructions. Any attempt to terminate or amend a proxy appointment received after the relevant deadline will be disregarded. Where two or more valid separate appointments of proxy are received in respect of the same share in respect of the same Meeting, the one which is last received (regardless of its date or the date of its signature) shall be treated as replacing and revoking the other or others as regards that share; if the Company is unable to determine which was last received, none of them shall be treated as valid in respect of that share.

5. To be entitled to attend and vote at the Meeting (and for the purpose of the determination by the Company of the number of votes they may cast), members must be entered on the Company's register of members as at 6.30 p.m. two business days prior to the Meeting (the 'specified time'). If the Meeting is adjourned to a time not more than 48 hours after the specified time applicable to the original Meeting, that time will also apply for the purpose of determining the entitlement of members to attend and vote (and for the purpose of determining the number of votes they may cast) at the adjourned Meeting. If however the Meeting is adjourned for a longer period then, to be so entitled, members must be entered on the Company's register of members as at 6.30 p.m. two business days prior to the adjourned Meeting or, if the Company gives notice of the adjourned Meeting, at the time specified in that notice. Changes to entries on the register after this time shall be disregarded in determining the rights of persons to attend or vote at the Meeting or adjourned Meeting.

6. Entry to the Meeting will be restricted to shareholders and their proxy or proxies, with guests admitted only by prior arrangement.

NOTICE OF ANNUAL GENERAL MEETING *CONTINUED*

7. A corporation, which is a shareholder, may appoint an individual(s) to act as its representative(s) and to vote in person at the Meeting (see instructions given on the proxy form). In accordance with the provisions of the Companies Act 2006, each such representative may exercise (on behalf of the corporation) the same powers as the corporation could exercise if it were an individual member of the Company, provided that they do not do so in relation to the same shares. It is therefore no longer necessary to nominate a designated corporate representative.

   Representatives should bring to the Meeting evidence of their appointment, including any authority under which it is signed.

8. Members that satisfy the thresholds in Section 527 of the Companies Act 2006 can require the Company to publish a statement on its website setting out any matter relating to: (a) the audit of the Company's accounts (including the Auditors' report and the conduct of the audit) that are to be laid before the AGM; or (b) any circumstances connected with Auditors of the Company ceasing to hold office since the previous AGM, which the members propose to raise at the Meeting. The Company cannot require the members requesting the publication to pay its expenses. Any statement placed on the website must also be sent to the Company's Auditors no later than the time it makes its statement available on the website. The business which may be dealt with at the AGM includes any statement that the Company has been required to publish on its website pursuant to this right.

9. Pursuant to Section 319A of the Companies Act 2006, the Company must cause to be answered at the AGM any question relating to the business being dealt with at the AGM which is put by a member attending the Meeting except in certain circumstances, including if it is undesirable in the interests of the Company or the good order of the Meeting or if it would involve the disclosure of confidential information.

10. Under Sections 338 and 338A of the 2006 Act, members meeting the threshold requirements in those sections have the right to require the Company: (i) to give, to members of the Company entitled to receive notice of the Meeting, notice of a resolution which those members intend to move (and which may properly be moved) at the Meeting; and/or (ii) to include in the business to be dealt with at the Meeting any matter (other than a proposed resolution) which may properly be included in the business at the Meeting. A resolution may properly be moved, or a matter properly included in the business unless (a) (in the case of a resolution only) it would, if passed, be ineffective (whether by reason of any inconsistency with any enactment or the Company's constitution or otherwise); (b) it is defamatory of any person; or (c) it is frivolous or vexatious. A request made pursuant to this right may be in hard copy or electronic form, must identify the resolution of which notice is to be given or the matter to be included in the business, must be accompanied by a statement setting out the grounds for the request, must be authenticated by the person(s) making it and must be received by the Company not later than the date that is six clear weeks before the Meeting, and (in the case of a matter to be included in the business only) must be accompanied by a statement setting out the grounds for the request.

11. A copy of this notice has been sent for information only to persons who have been nominated by a member to enjoy information rights under Section 146 of the Companies Act 2006 (a 'Nominated Person'). The rights to appoint a proxy can not be exercised by a Nominated Person: they can only be exercised by the member. However, a Nominated Person may have a right under an agreement between him and the member by whom he was nominated to be appointed as a proxy for the Meeting or to have someone else so appointed. If a Nominated Person does not have such a right or does not wish to exercise it, he may have a right under such an agreement to give instructions to the member as to the exercise of voting rights.

12. In accordance with Section 311A of the Companies Act 2006, the contents of this notice of meeting, details of the total number of shares in respect of which members are entitled to exercise voting rights at the AGM, the total voting rights members are entitled to exercise at the AGM and, if applicable, any members' statements, members' resolutions or members' matters of business received by the Company after the date of this notice will be available on the Company's website www.jpmmidcap.co.uk.

13. The register of interests of the Directors and connected persons in the called-up share capital of the Company and the Directors' letters of appointment are available for inspection at the Company's registered office during usual business hours on any weekday (Saturdays, Sundays and public holidays excepted). It will also be available for inspection at the Annual General Meeting. No Director has any contract of service with the Company.

14. You may not use any electronic address provided in this Notice of Meeting to communicate with the Company for any purposes other than those expressly stated.

15. As an alternative to completing a hard copy Form of Proxy/Voting Direction Form, you can appoint a proxy or proxies electronically by visiting www.sharevote.co.uk. You will need your Voting ID, Task ID and Shareholder Reference Number (this is the series of numbers printed under your name on the Form of Proxy/Voting Direction Form). Alternatively, if you have already registered with Equiniti Limited's online portfolio service, Shareview, you can submit your Form of Proxy at www.shareview.co.uk. Full instructions are given on both websites.

16. As at 21st September 2017 (being the latest business day prior to the publication of this Notice), the Company's called-up share capital consists of 23,812,680 Ordinary shares (excluding treasury shares) carrying one vote each. Therefore the total voting rights in the Company are 23,812,680.

Electronic appointment – CREST members

CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so for the Meeting and any adjournment(s) thereof by using the procedures described in the CREST Manual. See further instructions on the proxy form.

GLOSSARY OF TERMS AND ALTERNATIVE PERFORMANCE MEASURES

Return to Shareholders

Total return to the investor, on a last traded price to last traded price basis, assuming that all dividends received were reinvested, without transaction costs, in the shares of the Company at the time the shares were quoted ex-dividend (see page 2).

Portfolio Return Net of Fees and Expenses

Total return on net assets, net of management fees and administration expenses but prior to the use of revenue reserves to finance the dividend.

Return on Net Assets

Total return on net asset value ('NAV') per share, on a bid value to bid value basis, assuming that all dividends paid out by the Company were reinvested in the shares of the Company at the NAV per share at the time the shares were quoted ex-dividend.

In accordance with industry practice, dividends payable which have been declared but which are unpaid at the balance sheet date are deducted from the NAV when calculating the total return on net assets (see page 2).

Benchmark Return

Total return on the benchmark, on a closing-market value to closing-market value basis, assuming that all dividends received were reinvested in the shares of the underlying companies at the time the shares were quoted ex-dividend (see page 2).

The benchmark is a recognised index of stocks which should not be taken as wholly representative of the Company's investment universe. The Company's investment strategy does not follow or 'track' this index and consequently, there may be some divergence between the Company's performance and that of the benchmark.

Gearing/Net Cash

Gearing represents the excess amount above shareholders' funds of total investments, expressed as a percentage of the shareholders' funds, and is calculated in accordance with guidance issued by the Association of Investment Companies. If the amount calculated is negative, this is shown as a 'net cash' position (see page 10).

Ongoing Charges Ratio

The Ongoing Charges Ratio represents the Company's management fee and all other operating expenses, excluding finance costs, expressed as a percentage of the average of the daily net assets during the year and is calculated in accordance with guidance issued by the Association of Investment Companies (see page 10).

Share Price Discount/Premium to Net Asset Value ('NAV') per Share

If the share price of an investment trust is lower than the NAV per share, the shares are said to be trading at a discount. The discount is shown as a percentage of the NAV (see page 10). The opposite of a discount is a premium. It is more common for an investment trust's shares to trade at a discount than at a premium. The Board has a share repurchase programme which seeks to address imbalances in supply of and demand for the Company's shares within the market and thereby reduce the volatility and absolute level of the discount to NAV at which the Company's shares trade and in relation to its peers in the sector.

Performance Attribution

Analysis of how the Company achieved its recorded performance relative to its benchmark (see page 7).

Performance Attribution Definitions:

Stock/Sector Selection
Measures the effect of investing in securities/sectors to a greater or lesser extent than their weighting in the benchmark, or of investing in securities which are not included in the benchmark.

Gearing/Cash
Measures the impact on returns of borrowings or cash balances on the Company's relative performance.

Fees/Other Expenses
The payment of fees and expenses reduces the level of total assets, and therefore has a negative effect on relative performance.

Share repurchases
Measures the positive effect on relative performance of repurchasing the Company's shares for cancellation, or repurchases into Treasury, at a discount to their net asset value ('NAV') per share.

WHERE TO BUY J.P. MORGAN INVESTMENT TRUSTS

You can invest in a J.P. Morgan investment trust through the following;

1. Directly from J.P. Morgan

Investment Account

The Company's shares are available in the J.P. Morgan Investment Account, which facilitates both regular monthly investments and occasional lump sum investments in the Company's ordinary shares. Shareholders who would like information on the Investment Account should call J.P. Morgan Asset Management free on 0800 20 40 20 or visit its website at am.jpmorgan.co.uk/investor

Stocks & Shares Individual Savings Accounts (ISA)

The Company's shares are eligible investments within a J.P. Morgan ISA. For the 2017/18 tax year, from 6th April 2017 and ending 5th April 2018, the total ISA allowance is £20,000. The shares are also available in a J.P. Morgan Junior ISA. Details are available from J.P. Morgan Asset Management free on 0800 20 40 20 or via its website at am.jpmorgan.co.uk/investor

2. Via a third party provider

Third party providers include;

AJ Bell
Alliance Trust Savings
Barclays Stockbrokers
Bestinvest
Charles Stanley Direct
FundsNetwork
Hargreaves Lansdown
Interactive Investor
James Brearley
James Hay
Selftrade
TD Direct
The Share Centre

Please note this list is not exhaustive and the availability of individual trusts may vary depending on the provider. These websites are third party sites and J.P. Morgan Asset Management does not endorse or recommend any. Please observe each site's privacy and cookie policies as well as their platform charges structure.

3. Through a professional adviser

Professional advisers are usually able to access the products of all the companies in the market and can help you find an investment that suits your individual circumstances. An adviser will let you know the fee for their service before you go ahead. You can find an adviser at unbiased.co.uk

You may also buy investment trusts through stockbrokers, wealth managers and banks.
