YOUR OPTIONS

1 If you are comfortable with the merger, your shares will automatically be exchanged for shares of the receiving fund on the merger date. Any shares of your fund that you still own after the deadline will be exchanged for shares of the receiving fund.

2 Switch your investment to another fund. We must receive your dealing instructions by the deadline shown in the right-hand column. Be sure to read the Key Investor Information Document (KIID) for any fund you are considering switching into, and for further information, the prospectus.

3 Redeem your investment. We must receive your dealing instructions by the deadline shown in the right-hand column. In the instance that we require additional documentation from you to release proceeds, we will write to you with our requirements.

You may want to review these options with your tax adviser and your financial adviser as all options could have tax consequences. Note for UK tax resident investors, option 1 should not constitute a disposal of shares in your fund for UK capital gains tax purposes. New shares issued under the Scheme in the receiving fund will be deemed to have the same acquisition cost and acquisition date for the purposes of UK capital gains tax as the shares you originally acquired.

Regardless of which option you choose, you will not be charged any redemption or switch fees so long as we receive your dealing instructions before the deadline.

Merger timeline and impact

This section outlines key information relating to the merger. Further information is contained in the detailed fund comparison that follows as well as in the relevant prospectus and KIIDs.

The detailed Scheme of Arrangement, setting out the process for the merger, is included in Appendix 1.

Key Dates

The changes are being made to the relevant prospectus or Key Investor Information document (KIID), revised versions of which will be available at www.jpmorgan.co.uk/investor. As with all Fund investments, it is important to understand and remain familiar with the relevant KIID(s). Other than the period when switch and redemption fees are waived, note that all other switch and redemption conditions and restrictions in the prospectus still apply.

When the merger occurs, all assets and liabilities of your fund will be transferred to the receiving fund. An application will be made to the FCA for the termination of the merging fund to commence as soon as possible after the merger has taken place.

If the proposed merger is approved, the current annual accounting period of the merging fund will end on the day before the effective date of the Scheme. Any income earned up to the effective date of the merger will be paid to holders of income shares within 3 months of the merger date. The income entitlement of holders of accumulation shares will be credited to capital and allocated to accumulation shares and will be taken into account when calculating the value of new shares in the receiving fund to be issued to such holders under the Scheme.

All shares remaining in your fund at the merger date are exchanged free of charge for shares in the equivalent share class of the receiving fund, based on the net asset value per share in effect that day for both funds.

The value of the shares you own in your fund and the new shares you receive in the receiving fund will be the same but you may receive a different number of shares.

Impact

Key differences in investment policy between your fund and the receiving fund	<ul style="list-style-type: none"> While your fund invests primarily in companies related to real estate as well as in Real Estate Investment Trusts, the receiving fund may invest globally across all sectors, including real estate.
Potential benefits	<ul style="list-style-type: none"> The merger will give you the benefit of investing in a larger fund that has the prospect of stronger growth in assets in the future and may potentially benefit from economies of scale. The receiving fund has a broader investment universe and, therefore offers the benefits of increased diversification.
Potential drawbacks	<ul style="list-style-type: none"> One-time expenses associated with trading, transferring and reinvesting your fund's assets, which are estimated to be around 0.45%, will be borne by your fund. On the merger date, and during the three business days before that, you will not be able to subscribe for, switch or redeem shares in your fund.
Other considerations	<ul style="list-style-type: none"> Your fund will not bear any additional legal, advisory or administrative costs associated with the merger. The portfolio of your fund does not resemble that of the receiving fund, therefore rebalancing of the assets will be required in preparation for the merger. Unlike your fund, the receiving fund does not aim to hedge its non-sterling exposure back to sterling. While your fund distributes income on a semi-annual basis the receiving fund does so on an annual basis.

- Performance information for your fund and the receiving fund can be found in the relevant KIID or factsheet which is available from the document library at www.jpmorgan.co.uk/investor.

Fund comparison

This table compares the relevant information for your fund with that of the receiving fund. Unless stated otherwise, terms in this table have the same meaning as in the relevant prospectus.

- **Information that appears in a box** is information that is particular to the fund named at the top of that column.
- **Information that crosses both columns** is information that is the same for both funds.

Risk and reward category

All classes: category 5

Risk factors	<ul style="list-style-type: none"> Investments in companies engaged in the business of real estate may be more difficult to sell and may experience increased price volatility due to changes in economic conditions and interest rates. The Fund invests in securities of smaller companies which may be more difficult to sell, more volatile and tend to carry greater financial risk than securities of larger companies. The Fund may invest in China A-Shares through the China-Hong Kong Stock Connect Programmes which are subject to regulatory change, quota limitations and also operational constraints which may result in increased counterparty risk. The Fund will be concentrated in real estate companies and may be concentrated in one or more countries. As a result, the Fund may be more volatile than more broadly diversified funds. 	<ul style="list-style-type: none"> Emerging Markets may be subject to increased political, regulatory and economic instability, less developed custody and settlement practices, poor transparency and greater financial risks. Emerging Market currencies may be subject to volatile price movements. Emerging Market securities may also be subject to higher volatility and be more difficult to sell than non-Emerging Market securities. This Fund is aggressively managed, which may result in higher volatility of the Fund's performance and bigger differences between the performance of the Fund and its Benchmark. The Fund may be concentrated in one or more industry sectors and/or countries and as a result, may be more volatile than more broadly diversified funds.
	<ul style="list-style-type: none"> The value of your investment may fall as well as rise and you may get back less than you originally invested. The value of Equity and Equity-Linked Securities may fluctuate in response to the performance of individual companies and general market conditions. Movements in currency exchange rates can adversely affect the return of your investment. Please refer to Part 11 of this Prospectus for details of the general risk factors affecting this Fund in addition to the specific risk factors above.

ADDITIONAL INFORMATION

- We strongly encourage you to either attend the EGM and vote in person or **by completing and returning the enclosed Form of Proxy in the pre-paid envelope provided**. If you choose to vote by completing the Form of Proxy, it must be received by 10.40am on 25 November 2017.
- The resolution will be proposed as an “Extraordinary Resolution” and must be carried by a majority in favour of not less than 75% of the votes validly cast at the EGM (persons who are Shareholders on 6 October 2017, but excluding persons who are known to the ACD not to be Shareholders at the time of the EGM, are entitled to vote and be counted in the quorum) in respect of those shares. Once passed an Extraordinary Resolution is binding on all Shareholders whether or not they voted in favour of the Extraordinary Resolution.
- National Westminster Bank Plc, the Depositary, has appointed Daniel Watkins (or failing him any other duly appointed representative of the Authorised Corporate Director (the “ACD”)) to be chairman of the EGM.
- In view of the importance of the proposal, the chairman of the EGM will order a poll to be taken in respect of the resolution. On a poll, the voting rights attached to each share are such proportion of the voting rights attached to all of the shares in issue that the price of the share bears to the aggregate price of prices of all shares in issue. A Shareholder entitled to more than one vote on a poll need not, if he votes, use all his votes or cast all the votes he uses the same way.
- The ACD may not be counted in the quorum for the EGM. Neither the ACD nor any associate of the ACD is entitled to vote at the EGM except in respect of shares which the ACD or an associate holds on behalf of, or jointly with, a person who, if the registered Shareholder, would be entitled to vote and from whom the ACD or associate has received voting instructions.
- For shares held jointly the vote of the senior Shareholder who votes must be accepted to the exclusion of the other joint Shareholders. For this purpose seniority must be determined by the order in which the names stand in the Register of Shareholders.
- If a quorum is not present within 15 minutes of the time appointed for the EGM the EGM will be adjourned to 10.40am on 4 December 2017.
- The enclosed Form of Proxy will remain valid for any adjourned EGM (if required), unless expressly revoked. We will notify Shareholders of any adjournment as soon as practical by post.
- You may switch or redeem your holding to another JPMorgan ICVC fund free of charge if you do not wish your holding to be considered for the merger, provided JPMorgan receives your valid dealing instruction before 11.59am on 12 December 2017. If you are an ISA holder and you do switch or redeem your investment and the proceeds or shares are removed from the ISA wrapper they will no longer benefit from the tax advantages associated with an ISA.
- All shares in the merging fund as at close of business on 15 December 2017 will be exchanged for new shares in the receiving fund.
- Note that all other switch and redemption conditions and restrictions in the prospectus still apply, even during the period when switch and redemption fees are waived.
- If you have any questions or require further information, please contact the Client Administration Centre. Please note that we do not provide financial or tax advice.
