### Section C – Securities

<b>Element</b>	<b>Disclosure</b>
C.1	<p><b>Type and class of securities</b></p> <p>Ordinary Shares with a nominal value of one penny each.</p> <p>The ISIN of the Ordinary Shares is GB00BFWJTT14 and the SEDOL is BFWJTT1. The ticker code for the Ordinary Shares is MATE.</p>
C.2	<p><b>Currency denomination</b></p> <p>The New Shares will be denominated in Sterling.</p>
C.3	<p><b>Number of securities in issue</b></p> <p>As at 23 January 2018, being the latest practicable date prior to the publication of this document the issued share capital of the Company comprised one fully paid Ordinary Share and 50,000 fully paid Redeemable Preference Shares.</p>
C.4	<p><b>Rights attaching to the Ordinary Shares</b></p> <p>Subject to any special rights, restrictions or prohibitions as regards voting for the time being attached to any Ordinary Shares, Shareholders shall have the right to receive notice of, attend and vote at general meetings of the Company. Subject to the provisions of the Companies Act, the Company may from time to time declare dividends and make other distributions on the Ordinary Shares. Shareholders are entitled to participate in the net assets of the Company attributable to their Ordinary Shares on a winding up of the Company or other return of capital.</p>
C.5	<p><b>Restrictions on the free transferability of the Ordinary Shares</b></p> <p>Not applicable. There are no restrictions on the free transferability of the Ordinary Shares.</p>
C.6	<p><b>Admission</b></p> <p>Applications will be made to the UK Listing Authority and the London Stock Exchange for the New Shares to be admitted to the premium listing segment of the Official List and to trading on the Main Market, respectively. It is expected that such admissions will become effective in relation to the New Shares issued under the Initial Issue and the Scheme Issue, and dealings for normal settlement in such New Shares will commence, on 2 March 2018. It is expected that such admissions will become effective in relation to any New Shares issued under the Share Issuance</p>

	Programme, and dealings for normal settlement in such New Shares will commence, as soon as practicable following the allotment of such New Shares but not later than 23 January 2019.
C.7	<p><b><i>Distribution policy</i></b></p> <p>The Company seeks to achieve income and capital returns through investment in a diversified portfolio of assets, which is expected to provide for a progressive distribution policy. The Company's financial year end is 28/29 February, with the Company's first accounting period ending on 28 February 2019. The Company intends to pay a distribution of 4.0 pence per share in respect of the first financial period which would equate to a distribution yield of 4.0 per cent. on the Initial Issue Price.</p> <p>To the extent that the payment of a distribution represents an amount greater than the Company's net income (calculated as revenue less the operating costs of the Company), such payment would decrease the Net Asset Value of the Company. To the extent that the Company's net income (again calculated as received revenue less the operating costs of the Company charged to the revenue column of the Company's income statement) in any financial year exceeds the amount paid as a distribution, this excess may be retained for use in smoothing future payments. Any amount so retained would increase the Net Asset Value of the Company.</p> <p>Investors should note that the target distribution is a target only and not a forecast or estimate of future profit. There can be no assurance that any future dividend or distribution will be met.</p> <p>The Company intends to declare quarterly distributions, with the Company's first distribution expected to be declared in June 2018 in respect of the period ending 31 May 2018.</p> <p>The Directors intend to apply the "streaming" regime to distributions of portfolio interest returns paid by the Company. The Company is expected to pay both ordinary corporate dividends and distributions which are designated as payments of interest for tax purposes. Further details in relation to the taxation of dividends and distributions are set out in paragraph 2.2 of Part 7 of this document.</p>

## Section E – Offer

<b>Element</b>	<b>Disclosure</b>
E.1	<p><b><i>Net proceeds and expenses of the Issues</i></b></p> <p><i>Scheme</i></p> <p>The New Shares issued under the Scheme are only being issued to qualifying JPI Shareholders who have elected (or who are deemed to have elected) for the Rollover Option. Under the terms of the Scheme, the Company will acquire that part of the assets and undertakings of JPI which represents the interests of JPI Shareholders who elect (or are deemed to elect) for the Rollover Option. The assets to be transferred to the Company will comprise cash and cash equivalents.</p> <p>The number of New Shares to be issued pursuant to the Scheme will be calculated on the Calculation Date. The Company will announce, through a Regulatory Information Service, the number of New Shares to be issued and the FAV per JPI Share as soon as practicable after the Calculation Date.</p> <p>The costs and expenses of the Scheme (excluding the costs associated with the Scheme Issue) will be paid by JPI. It is estimated that the costs and expenses of the Scheme will be £345,000.</p> <p>The costs of the Scheme Issue, will be payable by the Company. The costs of the Scheme Issue will be capped at one per cent. of the gross proceeds of the Scheme Issue. In the event that the costs and expenses of the Scheme Issue exceed such amount, the Investment Manager will pay such additional costs and expenses over and above the cap.</p> <p><i>Initial Issue</i></p> <p>The costs and the net proceeds of the Initial Issue are dependent on the level of subscriptions received under the Initial Issue. The costs of the Initial Issue will be capped at one per cent. of the gross proceeds of the Initial Issue. In the event that the costs and expenses of the Initial Issue exceed such amount, the Investment Manager will pay such additional costs and expenses over and above the cap. Therefore, if gross proceeds of £150 million are raised under the Initial Issue, the net proceeds of the Initial Issue available for investment by the Company will be not less than £148.5 million.</p> <p><i>Share Issuance Programme</i></p> <p>The costs and expenses that the Company will incur in respect of any issue of New Shares under the Share Issuance Programme will depend, amongst other things, on the number of New Shares issued and the Share Issuance Programme Price in respect of that issue. It is expected that the Share Issuance Programme Price will be at or around the market price of an Ordinary Share as at the relevant Calculation Time, and will be at a premium to the NAV per Share as at the relevant Calculation Time, which premium is expected to be sufficient to cover the anticipated costs and expenses associated with the relevant share issue such that the issue of the relevant New Shares is not expected to dilute the NAV per Share at the relevant time.</p> <p>The net proceeds of the Issues will be invested in accordance with the Company's investment policy. No direct costs of the Issues will be charged to investors.</p>
E.2a	<p><b><i>Reasons for the offer and use of proceeds</i></b></p> <p>The Company has been established to offer JPI Shareholders the option to roll over their investment into a new investment trust as an alternative to liquidating their JPI Shares for cash. Under the Proposals JPI will be wound up voluntarily pursuant to the Scheme. The Company will issue the New Shares pursuant to the Scheme Issue, in exchange for the transfer to it of the balance of cash and cash equivalents of JPI that represent the interests of JPI Shareholders who elect (or are deemed to elect) for the Rollover Option.</p> <p>The Company will pursue a multi-asset strategy, with the objective of generating income and capital growth. The Company's principal use of cash (including the proceeds of the Issues) will be to fund investments in accordance with the investment policy, as well as to cover the costs of the Initial Issue, the Scheme Issue, ongoing operational expenses and payment of distributions in accordance with the Company's distribution policy described above.</p>

E.3	<p><b>Terms and conditions of the offer</b></p> <p><i>Scheme</i></p> <p>The Scheme is conditional upon <i>inter alia</i>:</p> <ul style="list-style-type: none"> <li>(a) the passing of the resolutions to approve the Scheme at the JPI General Meetings and the JPI Class Meetings and the Scheme becoming unconditional (including the Transfer Agreement becoming unconditional in all respects);</li> <li>(b) the Minimum Gross Proceeds being raised pursuant to the Scheme Issue and the Initial Issue;</li> <li>(c) Admission of the New Shares issued under the Scheme Issue to the Official List with a premium listing and to trading on the Main Market; and</li> <li>(d) the directors of JPI and the Company resolving to proceed with the Scheme and the Scheme Issue respectively.</li> </ul> <p><i>Initial Issue</i></p> <p>New Shares are being made available under the Initial Issue at the Initial Issue Price. The Initial Issue comprises the Initial Placing, the Initial Offer for Subscription and the Intermediaries Offer. In the event that the Scheme does not become effective, but the Minimum Gross Proceeds are raised under the Initial Issue the Company will be established. If the Minimum Gross Proceeds are not raised the Initial Issue will not proceed and all monies will be returned to Applicants without interest within 14 days at the Applicants' risk. The requirement to raise the Minimum Gross Proceeds may only be waived following the publication of a supplementary prospectus.</p> <p>The Placing Agent has agreed to use its reasonable endeavours to procure Placees under the Initial Placing. The Initial Placing will close at 3.00 p.m. on 27 February 2018 (or such later time and/or date, being not later than 5.00 p.m. on 31 March 2018, as the Company and the Placing Agent may agree).</p> <p>The Initial Offer for Subscription is being made in the United Kingdom only. Individual applications under the Initial Offer for Subscription must be for New Shares with a minimum subscription price of £1,000, although the Board may accept applications for other amounts in its absolute discretion. Completed Application Forms and the accompanying remittance in relation to the Initial Offer for Subscription must be received by the Receiving Agent by no later than 1.00 p.m. on 26 February 2018.</p> <p>Under the Intermediaries Offer, New Shares are being offered to the Intermediaries who will facilitate the participation of their retail investor clients located in the United Kingdom only. Applications by Underlying Applicants under the Intermediaries Offer must be in respect of New Shares having a minimum subscription price of £1,000. Completed applications from Intermediaries under the Intermediaries Offer must be received by the Receiving Agent by no later than 1.00 p.m. on 26 February 2018.</p> <p>The Initial Issue, which is not underwritten, is conditional upon, <i>inter alia</i>, the following matters:</p> <ul style="list-style-type: none"> <li>(a) Initial Admission occurring at or before 8.00 a.m. on 2 March 2018 (or such later time and/or date as the Company and the Sponsor may agree, being not later than 8.00 a.m. on 31 March 2018);</li> <li>(b) the Placing Agreement having become unconditional in all respects (save for the conditions relating to Initial Admission) and not having been terminated in accordance with its terms before Initial Admission; and</li> <li>(c) the Minimum Gross Proceeds of £50 million being raised pursuant to the Scheme Issue and the Initial Issue.</li> </ul> <p><i>Share Issuance Programme</i></p> <p>Following the Initial Issue and the Scheme Issue, the Directors intend to implement the Share Issuance Programme. The Share Issuance Programme will consist of Subsequent Placing(s) and/or Subsequent Offer(s) for Subscription. The Share Issuance Programme will enable the Directors to raise additional capital if demand arises for Ordinary Shares and it is expected that the Share Issuance Programme will enable the Directors to control any premium at which the Ordinary Shares trade relative to the NAV per Share.</p>
-----	--

	<p>Any New Shares which are made available under the Share Issuance Programme will be issued at the Share Issuance Programme Price. New Shares may be issued under the Share Issuance Programme during the period commencing at 8.00 a.m. on 2 March 2018 and ending at 5.00 p.m. on 23 January 2019.</p> <p>Any issue of New Shares under the Share Issuance Programme will be conditional upon, <i>inter alia</i>, the following matters:</p> <p>(a) the Company having sufficient Shareholder authorities in place to issue such New Shares;</p> <p>(b) a supplementary prospectus being published by the Company at the time of the relevant issue if required under the Prospectus Rules;</p> <p>(c) the relevant Share Issuance Programme Price being determined by the Board, in consultation with the Placing Agent; and</p> <p>(d) Admission occurring in respect of the relevant New Shares.</p>
E.4	<p><b>Material interests</b></p> <p>Not applicable. There are no interests that are material to the Issues and no conflicting interests.</p>
E.5	<p><b>Name of person selling securities and lock up agreements</b></p> <p>Not applicable. No person or entity is offering to sell New Shares as part of the Issues.</p>
E.6	<p><b>Dilution</b></p> <p>No dilution will result from the Initial Issues and Scheme Issue. One Ordinary Share is held by DM Company Services (London) Limited for the purposes of incorporating the Company.</p> <p>Shareholders are not obliged, and may not receive the opportunity, to participate under the Share Issuance Programme. If the Company issues any New Shares under the Share Issuance Programme and a Shareholder does not acquire any of those New Shares, then the Shareholder will suffer dilution to the percentage of the issued share capital of the Company that their existing holding represents, based on the number of New Shares issued at the relevant time.</p> <p>Assuming 100 million New Shares are issued under the Share Issuance Programme, Shareholders who do not acquire any of those New Shares will suffer a dilution of approximately 40 per cent. to their existing percentage holdings in the Company (assuming 150 million New Shares are issued under the Initial Issue and the Scheme Issue).</p> <p>However, it is not anticipated that there will be any dilution in the NAV per Share as a result of any issue under the Share Issuance Programme because such New Shares will not be issued at a discount to the prevailing NAV per Share at the time of such issue.</p>
E.7	<p><b>Estimated expenses charged to investors</b></p> <p>Not applicable. The costs and expenses of the Scheme (excluding the costs associated with the Scheme Issue) will be borne by JPI.</p> <p>The costs and expenses of the Initial Issue, the Scheme Issue and the Share Issuance Programme will be borne by the Company and the Company will not charge investors any separate costs or expenses in connection with the Initial Issue, the Scheme Issue and the Share Issuance Programme. The costs of each of the Initial Issue and the Scheme Issue will be capped at one per cent. of the gross proceeds raised with the Investment Manager paying any additional costs over and above the cap.</p>

## RISK FACTORS

An investment in the Company should not be regarded as short-term in nature and involves risks that could lead to the loss of all or part of that investment. An investment in the Company is only suitable for investors who are capable of evaluating the merits and risks of such an investment and who have sufficient resources to bear any loss which might result from such an investment. Prospective investors should consider carefully all of the information set out in this document, including the risks described below, as well as their own personal circumstances, before deciding to invest in the Company.

The Directors believe that the risks described below are the material risks relating to an investment in the Ordinary Shares at the date of this document. If any of the adverse events described below occur, the Company's financial condition, performance and prospects and the market price of the Ordinary Shares could be materially adversely affected and Shareholders may lose all or part of their investment. Additional risks which were not known to the Directors at the date of this document, or that the Directors considered to be immaterial at the date of this document, may also have an adverse effect on the Company's financial condition, performance and prospects and the market price of the Ordinary Shares.

If a prospective investor is in any doubt as to the consequences of their acquiring, holding or disposing of Ordinary Shares, or whether an investment in the Company is suitable for them, they should consult their independent financial adviser authorised under FSMA or, in the case of a prospective investor who is located outside the United Kingdom, another appropriately authorised independent financial adviser, before making an application to participate in the Issues.

### **Risks relating to the Company and its investment objective and policy**

#### ***The Company is a newly formed company***

The Company is a newly formed company with no operating history, and it will not commence operations until obtaining funding through the Initial Issue and/or the Scheme Issue. As the Company lacks an operating history, investors have no basis on which to evaluate the Company's ability to achieve its investment objective and provide satisfactory investment return.

#### ***The Company may not meet its investment objective***

There can be no guarantee that the Company will achieve its investment objective. Meeting that objective is a target but the existence of such objective should not be considered as an assurance or guarantee that it can or will be achieved.

#### ***The Company has no employees and is reliant on the performance of third party service providers and other third parties***

The Company has no employees and all of the Directors have been appointed on a non-executive basis. The Company must therefore rely upon third party service providers to perform certain functions. In particular, the Investment Manager, the Depositary, the Custodian, the Registrar and their respective delegates, if any, will perform services that are integral to the Company's operations and financial performance. Failure by any service provider to carry out its obligations to the Company in accordance with the terms of its appointment, to exercise due care and skill, or to perform its obligations to the Company at all as a result of insolvency, bankruptcy or other causes, could have a material adverse effect on the Company's operations and performance and on returns to Shareholders. The termination of the Company's relationship with any third party service provider, or any delay in appointing a replacement for such service provider, could materially disrupt the business of the Company and could have a material adverse effect on the Company's performance and returns to Shareholders.

Furthermore, the Investment Manager, the Depositary and the Custodian also rely on other third parties such as sub-custodians and global and/or local brokers and their respective delegates. Failure by any such third party to carry out its obligations in connection with the operation of the Company, to exercise due care and skill, or to perform its obligations in connection with the operation of the Company at all as a result of insolvency, bankruptcy or other causes, could have a material adverse effect on the Company's performance and returns to Shareholders. The lack of any direct contractual relationship between the Company and any such third party, the termination of the services of any such third party, or any delay in finding a replacement for any such third

party, could materially disrupt the business of the Company and could have a material adverse effect on the Company's performance and returns to Shareholders.

***Past performance cannot be relied upon as an indicator of future performance***

The past performance of other funds or investments managed or advised by the Investment Manager is not a guide to, and cannot be relied upon as an indicator of, the future performance of the Company.

The success of the Company will depend, amongst other things, on the Investment Manager's ability to identify, acquire and realise investments in accordance with the Company's investment objective and policy. This, in turn, will depend on the ability of the Investment Manager to apply its investment processes in a way which is capable of identifying suitable investments for the Company to invest in. There can be no assurance that the Investment Manager will be able to do so or that the Company will be able to invest its assets on attractive terms or generate any investment returns for Shareholders or avoid investment losses.

The performance of the Company depends to a great extent on correct assessments of the future income derived from and price movements of securities and other investments selected by the Investment Manager. There can be no assurance that the Investment Manager will accurately predict these price movements.

***Distributions***

There can be no guarantee that any distributions will be paid by the Company in respect of any financial period and there can be no guarantee that an investment in the Company will deliver any returns to Shareholders. The Company's ability to make distributions is dependent on a number of factors, including the level of dividends and interest earned from its portfolio of investments and the net revenue profits available for that purpose. The Company also intends to apply to the High Court following Admission to cancel its share premium account to increase its flexibility to pay dividends, however there is no guarantee that this approval will be granted prior to the payment of the Company's first interim dividend. Income returns from the Company's portfolio will be dependent, amongst other things, upon the Company successfully pursuing its investment objective.

Any change in the tax treatment of dividends received by the Company from investments or income received by the Company may reduce the distributions made to Shareholders. Any change to the basis upon which dividends can be paid by the Company under UK law or accounting rules and standards could have an adverse effect on the Company's ability to pay dividends or distributions. The Company's target in respect of the Ordinary Shares is based on assumptions which the Board and the Investment Manager consider reasonable. These assumptions include, amongst other things, the prospective earnings of the equities in the model portfolio. However, there is no assurance that all or any of those assumptions will be justified, and dividends and distributions may be correspondingly reduced.

***The Company may experience fluctuations in its operating results and investor returns will be dependent upon the performance of the portfolio***

The Company may experience fluctuations in its operating results due to a number of factors, including changes in the values of investments made by the Company, changes in the amount of distributions, dividends or interest paid by issuers in the Company's portfolio, changes in the Company's operating expenses, currency and exchange rate fluctuations, variations in and the timing of the recognition of realised and unrealised gains or losses, the degree to which the Company encounters competition and general economic and market conditions. Such variability may lead to volatility in the market price of the Ordinary Shares and cause the Company's results for a particular period not to be indicative of its performance in a future period.

Changes in governmental, political, fiscal or monetary policies or business and economic conditions (for example, interest rates and rates of inflation, industry conditions, unemployment levels, consumer confidence, competition, political and diplomatic events, the outbreak of war, the levels and volatility of equity markets and other factors) could substantially and adversely affect the profitability, prospects and value of the investments in the Company's portfolio companies and the Company's performance and returns for Shareholders.

Investors contemplating an investment in the Ordinary Shares should recognise that their market value can fluctuate and may not always reflect their underlying value. No assurance is given,

express or implied, that Shareholders will receive back the amount of their original investment in the Ordinary Shares.

### **Borrowings**

The Company may use borrowings and other gearing to seek to enhance investment returns. Whilst the use of borrowings should enhance the total return on the Ordinary Shares where the return on the Company's underlying assets is positive and exceeds the cost of the borrowings, it will have the opposite effect where the return on the Company's underlying assets is at a lower rate than the cost of the borrowings, reducing the total return on the Ordinary Shares. As a result, the use of borrowings by the Company may increase the volatility of the NAV per Share.

As a result of gearing, any reduction in the value of the Company's investments may lead to a correspondingly greater percentage reduction in its Net Asset Value (which is likely to adversely affect the price of an Ordinary Share). Any reduction in the number of Ordinary Shares in issue (for example, as a result of buy backs) will, in the absence of a corresponding reduction in gearing, result in an increase in the Company's level of gearing.

To the extent that a fall in the value of the Company's investments causes gearing to rise to a level that is not consistent with the Company's gearing policy or borrowing limits, the Company may have to sell investments in order to reduce borrowings, which may give rise to a significant loss of value compared to the book value of the investments, as well as a reduction in income from investments. No assurance can be given that any sales of the Company's investments would realise proceeds which would be sufficient to repay any borrowings.

There is no guarantee that any borrowings of the Company will be refinanced on their maturity, either on terms that are acceptable to the Company or at all.

The Company will pay interest on any borrowings and, as such, the Company will be exposed to interest rate risk due to fluctuations in the prevailing market rates. The Company may employ hedging techniques designed to reduce the risk of adverse movements in interest rates. However, such strategies may also result in losses and overall poorer performance than if the Company had not entered into such hedging transactions.

### **Risks relating to the Proposals**

The New Shares issued under the Scheme Issue will be Ordinary Shares that provide exposure to a diversified global portfolio of multi-asset investments. The return profile of the Ordinary Shares is likely to be different to that of the JPI Ordinary Shares and/or JPI ZDP Shares currently held by JPI Shareholders. The Ordinary Shares are not expected to provide a defined return profile similar to that of the JPI ZDP Shares nor are the Ordinary Shares expected to provide the highly geared income exposure similar to that of the JPI Ordinary Shares. While the Directors believe a global diversified multi-asset portfolio provides an attractive investment proposition, the target return profile is different to that of the JPI Shares.

### **Risks relating to the Investment Manager**

#### ***The departure of some or all of the Investment Manager's key investment professionals could prevent the Company from achieving its investment objective***

The Company depends on the diligence, skill and judgment of the Investment Manager's investment professionals and the information and investment opportunities they identify during the normal course of their activities. The Company's future success depends on the continued service of these individuals, who are not obligated to remain employed with the Investment Manager, and the Investment Manager's ability to recruit, retain and motivate new talented personnel. However, there can be no assurance that the existing investment professionals of the Investment Manager will be retained nor that the Investment Manager will be successful in its efforts to recruit, retain and motivate suitable personnel as the market for qualified investment professionals is competitive.

#### ***There can be no assurance that the Directors will be able to find a replacement investment manager if the Investment Manager resigns, is removed or otherwise no longer serves as the Investment Manager***

Under the terms of the Investment Management Agreement, either the Investment Manager or the Company may terminate the agreement by giving the other six months' written notice, such notice not to be given prior to the second anniversary of Initial Admission. The Company or the Investment Manager may also terminate the Investment Management Agreement immediately by

giving written notice to the other in certain circumstances, for example, material breach of the agreement. If the Investment Management Agreement is terminated, the Directors would have to find a replacement alternative investment fund manager and investment manager for the Company and there can be no assurance that such a replacement with the necessary skills and experience could be appointed on terms acceptable to the Company. In this event, the Directors would have to formulate and put forward to Shareholders proposals for the future of the Company, which may include its merger with another investment company, reconstruction or winding up.

***The Investment Manager may allocate some of its resources to activities in which the Company is not engaged, which could have a negative impact on the Company's ability to achieve its investment objective***

The Investment Manager is not required to commit all of its resources to the Company's affairs. Insofar as the Investment Manager devotes resources to its responsibilities to other business interests, its ability to devote resources and attention to the Company's affairs will be limited. This could adversely affect the Company's ability to achieve its investment objective, which could have a material adverse effect on the Company's profitability, Net Asset Value and the market price of the Ordinary Shares.

***Potential conflicts of interest***

The Investment Manager and its affiliates serve as alternative investment fund manager, investment manager and/or investment adviser to other clients, including funds and managed accounts that have similar investment objectives and policies to that of the Company. These investment management services may on occasion give rise to conflicts of interest with the Company and may have a material adverse effect on the Company's business, financial condition, results of operations and the market price of the Ordinary Shares. For example, the Investment Manager and/or its affiliates may have conflicts of interest in allocating its time and activity between the Company and its other clients, in allocating investments among the Company and its other clients and in effecting transactions between the Company and other clients, including ones in which the Investment Manager and/or its affiliates may have a greater financial interest. Furthermore, the Investment Manager may provide services to certain in-house funds into which the Company may invest which may give rise to a conflict of interest. There can be no assurance that the Investment Manager will resolve all conflicts of interest in a manner that is favourable to the Company.

***Reliance on the Investment Manager's investment processes***

Before making investments on behalf of the Company, the Investment Manager conducts such investment analysis as it deems reasonable and appropriate based on the facts and circumstances applicable to each investment. There can be no assurance that the Investment Manager's analysis with respect to any investment opportunity will reveal or highlight all relevant facts that may be necessary or helpful in evaluating that investment opportunity. Any failure by the Investment Manager to identify relevant facts through its investment process may lead to inappropriate investment decisions, which could have a material adverse effect on the Company's profitability, Net Asset Value and the market price of the Ordinary Shares.

**Risks relating to the Portfolio**

***General***

There can be no guarantee that suitable investment opportunities will be available to the Company or that the Company's investments will generate gains or income, or that any gains or income that may be generated on particular investments will be sufficient to offset any losses that may be sustained.

***Correlation risk***

The Company seeks to maintain a diversified portfolio of assets to meet the return objectives of the Company. However, market events or external shocks may cause the correlation of assets in the portfolio to change rapidly and dramatically such that some of the benefits of diversification are lost.

### ***Bonds and other fixed interest securities***

The Company will invest in bonds or other fixed interest securities. Bonds and other fixed interest securities are subject to credit, liquidity and interest rate risks. Adverse changes in the financial position of an issuer of a bond or other fixed interest security or in general economic conditions may impair the ability of the issuer to make payments of principal and/or interest or may cause the liquidation or insolvency of an issuer. There can be no assurance as to the levels of default and/or recoveries that may be experienced with respect to the bonds or other fixed interest securities held in the Company's portfolio. The market value of bonds and other fixed interest securities will be affected by general changes in interest rates and economic conditions. When interest rates decline, the value of bonds and other fixed interest securities can be expected to rise and, when interest rates rise, the value of those securities can be expected to decline.

To the extent that the Company invests in bonds or other fixed interest securities which are assessed by credit rating agencies as being 'high yield' or 'non-investment grade', the Company may realise a higher current yield than the yield offered by investment grade securities. Investment in such securities involves greater price volatility and a greater probability of default by the issuers of such securities with consequent loss of interest payment and principal. The market values of those securities tend to be more sensitive to individual corporate developments and general economic conditions than do higher rated securities. Non-investment grade bonds and other securities will have, in the judgment of a rating agency, uncertainties of risk exposures and are speculative with respect to an issuer's capacity to meet interest payments and repay principal in accordance with the terms of its obligations.

### ***The Company may make use of derivative instruments***

The Company may use derivatives for investment purposes, to seek to enhance portfolio returns and for efficient portfolio management, to reduce, transfer or eliminate risk in its investments, including protection against currency risks, or to offset exposure to a specific market. Any use of derivatives for investment purposes will be made on the basis of the same principles of risk spreading and diversification that apply to the Company's investments. The use of derivatives gives rise to a number of specific potential risks. Derivative instruments can be highly volatile and expose investors to a high risk of loss. The low initial margin deposits normally required to establish a position in such instruments permit a high degree of leverage. As a result, depending on the type of instrument, a relatively small movement in the price of a contract or the underlying securities may result in a profit or loss which is high in proportion to the amount of funds actually placed as initial margin and may result in further loss exceeding any margin deposited. In addition, daily limits on price fluctuations and speculative position limits on exchanges may prevent prompt liquidation of positions resulting in potentially greater losses.

Furthermore, the use of derivative instruments involves certain special risks for a company, including:

- (e) dependence on movements in the price of underlying securities and movements in interest rates;
- (f) when used for hedging purposes, an imperfect correlation between the returns on the derivative instruments used for hedging and the returns on the investments or market sectors being hedged; and
- (g) credit exposure to the counterparty with whom it trades.

Counterparty risks may differ materially from those entailed in exchange-traded transactions that generally are backed by clearing organisation guarantees, daily marking-to-market and settlement, and segregation and minimum capital requirements applicable to intermediaries. Transactions entered into directly between counterparties generally do not benefit from such protections and expose the parties to the risk of counterparty default.

### ***Cash***

A proportion of the Company's portfolio may be held in cash and cash equivalents from time to time. This proportion of the Company's assets will not be invested in the market and will not benefit from positive market movements.

***Sectoral diversification***

The Company is not subject to restrictions on the amount it may invest in any particular sector. Although the Company's portfolio is expected to be diversified in terms of sector exposures, the Company may have significant exposure to portfolio companies from certain sectors from time to time. Greater concentration of investments in any one sector may result in greater volatility in the value of the Company's investments and consequently its Net Asset Value and may materially and adversely affect the performance of the Company and returns to Shareholders.

***Geographical diversification***

The Company's portfolio is expected to be diversified across a number of geographical areas but there are no restrictions on the Company's exposure to any one geographical area. This may lead to the Company having significant exposure to portfolio companies based or operating in certain geographical areas from time to time. Greater concentration of investments in any one geographical area may result in greater volatility in the value of the Company's investments and consequently its Net Asset Value and may materially and adversely affect the performance of the Company and returns to Shareholders.

***The Company may invest in unquoted investments***

The Company may invest in unquoted investments (whether directly or indirectly through funds with underlying unquoted assets). These investments may not have readily ascertainable market prices and may have reported valuations that differ from their true and actual realisable value. Valuations can be subject to significant fluctuations. Some investee companies may not have ongoing valuations provided by third parties. The Investment Manager's investment recommendations are based on analysis and valuations which may be materially inaccurate. In addition, the Investment Manager may have to rely on old valuations in its investment process.

If values realised for underlying investments made by such investee companies are materially different from those values contained in reported valuations for such investee companies, there is a risk that investors may be carrying their investment in their books at an incorrect value and the price at which they buy and sell ordinary shares in such companies in the secondary market may not reflect the true value of such ordinary shares. As the Company is expected to be an investor in such investee companies this may impact the Net Asset Value of the Company.

***The Company may invest in other investment funds***

The Company may make investments in other quoted or unquoted vehicles for collective investment, including other funds managed by the Investment Manager and the Investment Manager's group. The Company is unlikely to be able to influence significantly, or at all, the management of those vehicles. The Company is therefore, reliant upon the skills of the investment managers of the funds in which it invests and may not be in a position to remove any such manager or to exit its investment in the event of underperformance by those funds and/or managers.

There may be conflicts of interest that arise when the Investment Manager invests in JPMorgan and affiliated funds. While management fees will be offset at the Company level, there may be performance fees applicable to some of the vehicles available for investment, particularly in alternative asset classes such as infrastructure. This may create an incentive for the Investment Manager to allocate assets to the affiliated fund with a performance fee. The merits of investing in strategies with performance fees are always considered in terms of their diversification benefits and performance characteristics net of fees. Investments in affiliated funds could be perceived to be intended to seed or support the growth of the fund by, among other things, increasing assets under management such that third parties are more comfortable investing and reducing the *pro rata* share of expenses paid by investors in the fund. Other conflicts may arise in addition to those highlighted.

***The Company may invest in illiquid investments***

The Company may invest in alternative diversifying assets including, but not limited to, high yield bonds and loans, emerging market debt, social, economic, regulated and renewable infrastructure, commodities, absolute return investments, insurance linked, farmland and leasing. Investments in such assets (whether directly or indirectly through funds with underlying illiquid assets) are relatively illiquid and may not be able to be transferred within a reasonable timeframe or at all. Such illiquidity may affect the Company's ability to vary its portfolio or dispose of or liquidate part

of its portfolio in a timely fashion and at satisfactory prices in response to changes in economic or other conditions. The structure of certain illiquid investments, for example, through limited partnerships may restrict the Company's ability to control the investment while it remains invested. This could have an adverse effect on the Company's financial condition and results of operations as it could reduce the Company's profits and proceeds realised from such investment.

***The Company may include weightings to emerging markets***

As a global portfolio, it is expected that the Company's portfolio will include weightings to emerging markets which tend to be less stable than more established markets and can be affected by local political and economic conditions, reliability of trading systems, buying and selling practices and financial reporting standards.

***Restrictions on foreign investment***

Some countries prohibit or impose substantial restrictions on investments by foreign persons or entities such as the Company. For example, certain countries require governmental approval prior to investment by foreign persons, or limit the amount of investment by foreign persons in a particular company, or limit the investment by foreign persons in a company to only a specific class of securities which may have less advantageous terms than classes of securities of the company available for purchase by nationals of the relevant country. Certain countries may restrict investment opportunities in issuers or industries deemed important to national interests.

The manner in which foreign investors may invest in companies in certain countries, as well as limitations on such investments, may have an adverse impact on the operations of the Company. For example, the Company may be required in certain of such countries to invest initially through a local broker or other entity and then have the share purchases re-registered in the name of the Company. Re-registration may in some instances not be able to occur on a timely basis, resulting in a delay during which the Company may be denied certain of its rights as an investor, including rights as to dividends or to be made aware of certain corporate actions. There also may be instances where the Company places a purchase order but is subsequently informed, at the time of re-registration, that the permissible allocation to foreign investors has been filled, depriving the Company of the ability to make its desired investment at the time. Substantial limitations may exist in certain countries with respect to the Company's ability to repatriate investment income, capital or the proceeds of sales of securities.

The Company could be adversely affected by delays in, or a refusal to grant any required governmental approval for repatriation of capital, as well as by the application to the Company of any restriction on investments. Any such restrictions on investment could increase the costs to the Company of investing in affected countries and limit the ability of the Company to benefit from investment opportunities identified by the Investment Manager. In addition, there may be a material adverse effect on the value and liquidity of any investments of the Company in countries in which such restrictions are imposed.

***Foreign exchange rate risk***

The Company's functional and reporting currency is Sterling. However, the Company will invest in assets which will be denominated in currencies other than Sterling and the companies in which the Company invests may conduct their operations in currencies other than Sterling. As a result, movements in exchange rates may affect the Sterling value of these assets and their returns, favourably or unfavourably. Foreign exchange rate risk may increase the volatility of the NAV per Share.

The Company has a policy of hedging or otherwise seeking to mitigate foreign exchange rate risk as part of the Company's efficient portfolio management. There can be no assurance that the Company will successfully hedge against such risks or that adequate hedging arrangements will be available on an economically viable basis. In addition, any hedging arrangements may result in additional costs being incurred by the Company or losses being greater than if hedging had not been used.

***Net proceeds of the Issues***

The number, quality and size of investment opportunities, and general market and economic conditions, may lead to delays in investing the net proceeds of the Issues. If equity prices rise or fall significantly before the net proceeds are fully invested, the potential returns available to

Shareholders may differ from the returns which would have been available on the Company's existing portfolio.

## **Risks relating to the Ordinary Shares**

### ***General***

The value of an investment in the Company, and the income derived from it, if any, may go down as well as up and an investor may not get back the amount invested in the Company. There can be no guarantee that any appreciation in the value of the Ordinary Shares will occur.

The Ordinary Shares are intended to be held over the long term and may not be suitable as short term investments.

### ***The Ordinary Shares may trade at a discount or premium to their net asset value***

The market price of the Ordinary Shares may fluctuate significantly and independent of their underlying Net Asset Value and the Ordinary Shares may trade at a discount or premium to their underlying Net Asset Value, depending on factors such as supply and demand for the Ordinary Shares, dividend yields, prevailing interest rates, market conditions and general investor sentiment. Accordingly, the market price of an Ordinary Share may not fully reflect its underlying Net Asset Value.

The Board will monitor the level of the discount or premium at which the Ordinary Shares trade and under the Company's discount and premium control policy the Company will seek to maintain a mid market share price which is close to the NAV per Share through buy backs or issues of Ordinary Shares. However, the ability of the Company to control the level of discount or premium will depend on the Company being able to buy back or issue Ordinary Shares, which is dependent upon Shareholders in general meeting conferring authority on the Board to buy back or issue Ordinary Shares. The Board will seek the renewal of such Shareholder authorities annually and at other times should this prove necessary. However, there can be no guarantee that the requisite Shareholder authorities will be obtained. Where such authorities are obtained, the extent to which the Company can buy back and issue Ordinary Shares will be limited to certain percentages of the Company's issued share capital as at the date on which the authorities are granted.

The ability of the Company to buy back or issue Ordinary Shares will also be subject to the Companies Act and all other applicable legislation, rules and regulations of any government, regulatory body or market applicable to the Company, and the Company will only buy back or issue Ordinary Shares where the Directors believe it will be in the best interests of Shareholders. Share buy backs will also be subject to the availability of sufficient distributable reserves and cash in the Company.

There can be no guarantee that the Company will buy back or issue Ordinary Shares nor that any buy backs or issues will ensure that the mid market share price discount or premium to the NAV per Share will remain close to the NAV per Share.

### ***It may be difficult for Shareholders to realise their investment and there may not be a liquid market in the Ordinary Shares***

The Company is a closed-ended company and, as such, Shareholders will have no right to have their Ordinary Shares redeemed or repurchased by the Company at any time. While the Directors will retain the right to effect buy backs of Ordinary Shares in the manner described in this document, they are under no obligation to use such powers or to do so at any time and Shareholders should not place any reliance on the willingness of the Directors so to act. Shareholders wishing to realise their investment in the Company may therefore be required to dispose of their Ordinary Shares on the market. Accordingly, the ability of Shareholders to realise any value in respect of their Ordinary Shares is dependent on, *inter alia*, the existence of a liquid market in the Ordinary Shares. Although it is anticipated that the New Shares will be admitted to the Official List and to trading on the Main Market, there may not be a liquid market for the Ordinary Shares and accordingly Shareholders may find it difficult or be unable to realise their investment at the NAV per Share or at all.

The price at which the Ordinary Shares will be traded and the price at which Shareholders may realise their investment will be influenced by a large number of factors, some specific to the Company and its investments and some which may affect companies generally. There can be no

guarantee that the Ordinary Shares will trade at prices close to the price paid by a Shareholder to acquire their Ordinary Shares or close to the underlying NAV per Share.

## **Risks relating to regulation and taxation**

### ***Market regulation***

Changes in UK, European, US and other governments' policies towards regulation of the companies or securities in which the Company invests and their industries may affect the value of the Company's investments in those companies.

### ***Changes in laws or regulations governing the Company's operations may adversely affect the Company's business***

The Company is subject to laws and regulations enacted in the UK, the European Union and elsewhere. In particular, the Company is subject to and will be required to comply with certain regulatory requirements that are applicable to listed closed-ended investment companies. Any change in the laws and regulations affecting the Company, the Investment Manager or the Company's investments may have a material adverse effect on the ability of the Company to carry on its business and successfully pursue its investment objective and policy and on the value of the Company and the Ordinary Shares. In such event, the investment returns of the Company may be materially adversely affected.

The Company is subject to and will be required to comply with *inter alia*, the Companies Act, the Listing Rules, the Disclosure Guidance and Transparency Rules, the Market Abuse Regulation, the Prospectus Rules and the admission and disclosure standards of the London Stock Exchange. A failure by the Company to comply with these rules and standards may result in the Ordinary Shares being suspended from listing.

### ***Accounting***

Any change in accounting standards or accounting practice in the UK may adversely affect the value of the Company's assets and liabilities in its books of account or restrict the ability of the Company to pay dividends or distributions and/or buy back Ordinary Shares.

### ***Changes in taxation legislation or practice may adversely affect the Company and the tax treatment for Shareholders investing in the Company***

Any changes in taxation legislation or practice, whether in the UK or elsewhere, could affect the value of investments held by the Company, the Company's ability to provide returns to Shareholders and/or could affect the tax treatment for Shareholders of their investment in and returns from the Company.

Information in this document concerning the taxation of the Company and Shareholders is based on law and practice as at the date of this document, each of which may be subject to change.

The US-UK Agreement to Improve International Tax Compliance and to Implement FATCA (the "**US-UK IGA**") was entered into with the intention of enabling the UK implementation of the Foreign Account Tax Compliance Act provisions of the U.S. Hiring Incentives to Restore Employment Act ("**FATCA**"), which impose a new reporting regime and potentially a 30 per cent. withholding tax on certain payments made from (or attributable to) US sources or in respect of US assets to certain categories of recipient including a non-US financial institution (a "**foreign financial institution**" or "**FFI**") that does not comply with the terms of FATCA and is not otherwise exempt. Certain financial institutions ("**reporting financial institutions**") are required to provide certain information about their US accountholders to HMRC (which information will in turn be provided to the US tax authority) pursuant to UK regulations implementing the US-UK IGA. It is expected that the Company will constitute a reporting financial institution for these purposes. The Company will not, however generally need to report any information in respect of US Shareholders on the basis that the Ordinary Shares are expected to be treated as being regularly traded on an established securities market and should not, therefore, constitute financial accounts for FATCA purposes for so long as the Ordinary Shares are listed on the London Stock Exchange. It is the intention of the Company and the Investment Manager to procure that the Company is treated as complying with the terms of FATCA by complying with the terms of the reporting system contemplated by the US-UK IGA. No assurance can, however, be provided that the Company will be able to comply with FATCA and, in the event that it is unable to do so, a 30 per cent. withholding tax may be imposed on payments the Company receives from (or which are

attributable to) US sources or in respect of US assets, which may reduce the amounts available to the Company to make payments to Shareholders.

***Packaged Retail and Insurance-based Investment Products (“PRIIPs”)***

Investors should be aware that the PRIIPs regulation requires the Investment Manager, as a PRIIP manufacturer (as defined in the PRIIPs regulation), to prepare a key information document (“KID”) in respect of the Company. This KID must be made available by the Investment Manager to retail investors prior to them making any investment decision and will be available on the Company’s website. The Company is not responsible for the information contained in the KID and investors should note that the procedures for calculating the risks, costs and potential returns are prescribed by the law. The figures in the KID may not reflect the expected returns for the Company and anticipated performance returns cannot be guaranteed.

***Investment trust status***

The Directors seek to conduct the affairs of the Company so as to continue to satisfy the conditions for approval as an investment trust under sections 1158 and 1159 of the CTA 2010 and Part 2, Chapter 3 of the Investment Trust (Approved Company) (Tax) Regulations 2011, such that the Company will be exempt from UK taxation on chargeable gains with effect from the commencement of its first accounting period. Any change in the Company’s tax status or in taxation legislation generally could result in the Company losing its exemption from tax on chargeable gains as an investment trust. It is not possible to guarantee that the Company will remain non-close, which is a requirement in order to maintain status as an investment trust, as the Ordinary Shares are freely transferable. Breach of the conditions that the Company must satisfy to retain approval as an investment trust (including the non-close condition) under sections 1158 of the CTA 2010 and Part 2, Chapter 3 of the Investment Trust (Approved Company) (Tax) Regulations 2011 could lead to the Company being subject to tax on chargeable gains which could have a material adverse effect on the financial condition of the Company and on returns to Shareholders.

***The United Kingdom electorate’s vote to leave the European Union could adversely affect the Company***

The Company could face potential uncertainty as a result of the UK Government triggering Article 50 of the Treaty on the European Union on 29 March 2017. The exit, anticipation of the exit or the terms of the exit could create uncertainty in the UK (and potentially global) markets, which may have a material effect on the total shareholder returns, the net asset value and the price of the Ordinary Shares favourably or unfavourably.

Each investor acknowledges and consents that such information will be held and processed by the Company (or any third party, functionary or agent appointed by the Company, including the Registrar) for the following purposes:

Such forward looking statements involve risks, uncertainties and other factors which may cause the actual results, financial condition, performance or achievement of the Company, or industry results, to be materially different from future results, financial condition, performance or achievements expressed or implied by such forward looking statements. Given these risks and uncertainties, prospective investors should not place undue reliance on such forward looking statements as a prediction of actual results.

### **PRIIPs**

Investors should be aware that the PRIIPs regulation requires the Investment Manager, as a PRIIP manufacturer, to prepare a KID in respect of the Company. This KID must be made available by the Investment Manager to retail investors prior to them making any investment decision and will be available on the Company’s website. The Company is not responsible for the information contained in the KID and investors should note that the procedures for calculating the risks, costs and potential returns are prescribed by the law. The figures in the KID may not reflect the expected returns for the Company and anticipated performance returns cannot be guaranteed.

# PART 1

## THE COMPANY

### Introduction

The Company is a closed-ended investment company incorporated in England and Wales on 19 December 2017. The Company is an alternative investment fund, or “AIF”, for the purposes of the AIFM Directive and intends to carry on business as an investment trust within the meaning of Chapter 4 of Part 24 of the CTA 2010.

JPMorgan Funds Limited has been appointed as the Company’s investment manager and alternative investment fund manager. J.P. Morgan Asset Management (of which the Investment Manager is the UK regulated entity), is the investment management business of J.P. Morgan Chase and Co., and is one of the largest active asset managers in the world. J.P. Morgan Chase and Co. provides investment management products and services to institutional and individual investors worldwide and as at 31 December 2017 had total assets under management of approximately US\$2.0 trillion.

The Company has been established to offer JPI Shareholders the option to roll over their investment into a new investment trust as an alternative to liquidating their JPI Shares for cash under the proposed scheme of reconstruction of JPI under section 110 of the Insolvency Act 1986 (the “**Scheme**”). Further details of the Scheme and the Proposals are set out below.

The Company will pursue a multi-asset strategy, with the objective of generating income and capital growth. The Company’s principal use of cash (including the proceeds of the Issues) will be to fund investments in accordance with the investment policy, as well as to cover the costs of the Initial Issue, the Scheme Issue, ongoing operational expenses and payment of distributions in accordance with the Company’s distribution policy.

The Lead Portfolio Managers of the Company will be Talib Sheikh, Katy Thorneycroft and Gareth Witcomb. Talib, Katy and Gareth are all portfolio managers in the Multi-Assets Solutions Team and have over 50 years of investment experience between them.

The Company is seeking to raise Gross Proceeds of £150 million. Initial Admission is subject to Minimum Gross Proceeds of £50 million being raised and will still proceed in the event that the Scheme does not become effective, but the Minimum Gross Proceeds are raised under the Initial Issue. The share capital of the Company will be denominated in Sterling and, depending on the amount raised pursuant to the Issues, will upon Admission consist of up to 250 million Shares. The Directors will apply the net proceeds of the Issues in accordance with the Company’s investment policy.

### The Proposals

JPI was launched as an investment trust on 3 March 2008 with a fixed winding up date of 28 February 2018. The directors of JPI believe that many of the JPI Shareholders wish to continue their investment in a tax-efficient manner rather than simply receiving cash in a liquidation. The Company has therefore been established to offer JPI Shareholders the option to roll over their investment into a new investment trust as an alternative to liquidating their JPI Shares for cash.

Under the Proposals, JPI will be wound up voluntarily pursuant to the Scheme. JPI Shareholders may elect to receive New Shares and/or cash pursuant to the terms of the Scheme.

### The Initial Issue and Share Issuance Programme

In addition, the Board believes that the Company offers new investors a compelling investment opportunity. The Company is proposing to issue a maximum of 250 million New Shares pursuant to the Initial Issue, less the number of New Shares issued in accordance with the Scheme. The Initial Issue will consist of an Initial Placing, Initial Offer for Subscription and an Intermediaries Offer.

Following the close of the Initial Issue, the Directors are also proposing to introduce a Share Issuance Programme for up to 250 million New Shares, less the number of New Shares issued pursuant to the Initial Issue and the Scheme Issue. The Share Issuance Programme will consist of Subsequent Placing(s) and/or Subsequent Offer(s) for Subscription. The Share Issuance Programme will allow the Directors to continue to make periodic issues of New Shares until 23 January 2019 to manage supply and demand for the Ordinary Shares. If there is sufficient

demand the Directors may consider carrying out larger placings and/or offers for subscription under the Share Issuance Programme. Full details of each such placing and/or offer for subscription would be announced at the relevant time.

The Board believes that the Company offers JPI Shareholders and new investors with:

- the opportunity to invest in an investment trust providing regular dividend income, combined with the potential for long term capital growth;
- access to a diversified multi-asset portfolio managed by a leading global multi-asset manager; and
- a target annual distribution yield of 4.0 per cent. in respect of the first financial period on the Initial Issue Price paid in quarterly distributions.

## **Investment objective and policy**

### ***Investment objective***

The Company has an objective of income generation and capital growth, while seeking to maintain lower levels of portfolio volatility than traditional equity portfolios.

### ***Investment policy***

The Company will seek to achieve its investment objective through a multi-asset strategy, maintaining a high degree of flexibility with respect to asset class, geography and sector of the investments selected for the portfolio.

The Company has no set maximum or minimum exposures to any asset class, geography and sector of investments and will seek to achieve an appropriate spread of risk by investing in a diversified global portfolio of securities and other assets. This includes the following asset classes:

- equities, and equity linked securities including developed market equities and emerging market equities;
- fixed interest securities including government securities, corporate bonds, high yield bonds, emerging market debt, convertible securities and asset backed securities;
- alternative assets including infrastructure, property and other illiquid investments; and
- derivatives including over the counter and on exchange traded options, financial futures, forward contracts and contracts for difference.

The Company will actively allocate across asset classes to seek to achieve attractive risk adjusted returns, based on the Investment Manager's views.

The Company intends to obtain investment exposure by selecting individual portfolio management teams, within J.P. Morgan Asset Management each focused on their specialist asset class. This may be through bespoke mandates managed on behalf of the Company by the relevant team or by investing directly in funds managed by J.P. Morgan Asset Management.

### ***Investment restrictions***

The Company has the following investment restrictions at the time of investment, calculated on the Company's Total Assets:

1. no individual investment may exceed 15 per cent. with the exception of developed countries government bonds and funds;
2. no single developed country government bond or fund will exceed 30 per cent.;
3. for investment in funds, on a look-through basis, no individual investment may exceed 15 per cent.; and
4. equities and fixed income securities will represent not less than 50 per cent.

The Company may invest in closed-ended funds and exchange-traded funds provided they are quoted on a recognised investment exchange. The Company may invest in cash and cash equivalents including money market funds, treasuries and gilts.

No more than 10 per cent. of the Company's Total Assets may be invested in other listed closed-ended investment companies, provided that this restriction does not apply to investments in any such listed closed-ended investment companies which themselves have published investment policies to invest no more than 15 per cent. of their total assets in other closed-ended investment

companies, in which case the limit will be no more than 15 per cent. of the Company's Total Assets.

#### *Gearing*

The Company may use gearing, in the form of borrowings and derivatives, to seek to enhance returns over the long term. Borrowings may be in Sterling or other currencies. Total borrowings will not exceed 20 per cent. of Net Asset Value at the time of drawdown. Total net investment exposure, including derivative exposure, would not normally be expected to exceed 120 per cent. of Net Asset Value.

#### *Derivatives*

The Company may use derivatives for investment purposes to seek to enhance portfolio returns and for efficient portfolio management, to reduce, transfer or eliminate risk in its investments, including protection against currency risks, or to offset exposure to a specific market. Any use of derivatives for investment purposes will be made on the basis of the same principles of risk spreading and diversification that apply to the Company's investments, within the specific limits described in 'Investment Restrictions' and 'Gearing' above.

#### *Currency*

The Company will usually hedge currency risk to Sterling, with the exception of emerging market currencies, however, the Company may, as part of the overall asset allocation process retain currency exposure as part of its investment strategy.

#### *Material changes to the investment policy*

No material change will be made to the Company's investment policy without Shareholder approval.

### **Target returns to Shareholders**

The Company will aim to achieve a total return of 6 per cent. net of fees, over the long term through a combination of income and capital growth. The Company will seek to achieve these target returns whilst maintaining lower levels of volatility than traditional equity portfolios.

### **Distribution policy**

The Company seeks to achieve income and capital returns through investment in a diversified portfolio of assets, which is expected to provide for a progressive distribution policy. The Company's financial year end is 28/29 February, with the Company's first accounting period ending on 28 February 2019. The Company intends to pay a distribution of 4.0 pence per share in respect of the first financial period which would equate to a distribution yield of 4.0 per cent. on the Initial Issue Price.

To the extent that the payment of a distribution represents an amount greater than the Company's net income (calculated as revenue less the operating costs of the Company), such payment would decrease the Net Asset Value of the Company. To the extent that the Company's net income (again calculated as received revenue less the operating costs of the Company charged to the revenue column of the Company's income statement) in any financial year exceeds the amount paid as a distribution, this excess may be retained for use in smoothing future payments. Any amount so retained would increase the Net Asset Value of the Company.

Investors should note that the target distribution is a target only and not a forecast or estimate of future profit. There can be no assurance that any future dividend or distribution will be met.

The Company intends to declare quarterly distributions, with the Company's first distribution expected to be declared in June 2018 in respect of the period ending 31 May 2018.

The Directors intend to apply the "streaming" regime to any distributions of portfolio interest returns paid by the Company. The Company is expected to pay both ordinary corporate dividends and distributions which are designated as payments of interest for tax purposes. Further details in relation to the taxation of dividends and distributions are set out in paragraph 2.2 of Part 7 of this document.

## **The Investment Manager**

Subject to the overall supervision of the Board, the Company will be managed by JPMorgan Funds Limited. The Investment Manager will be entitled to receive from the Company a management fee, payable monthly in arrears, calculated at a rate of 0.65 per cent. per annum on the first £250 million of Net Asset Value and 0.60 per cent. per annum on any amounts above £250 million. The Company secretarial costs of the Company are included in the management fee. No performance fee will be payable to the Investment Manager.

Any investments made through funds managed by J.P. Morgan Asset Management will be made (where available) in non-management fee bearing share classes. Where a non-management fee bearing share class is not available, the investment will be made through the lowest institutional fee bearing share class available. In these circumstances the management fees payable by the Company will be reduced by an amount equal to the management fee charged by such share class. For the avoidance of doubt, performance fees payable on any such investments shall be excluded from such fee offset and will be payable by the Company.

Further information in respect of the Investment Manager is set out in Part 2 of this document. Further details in relation to the management fee and other terms of the Investment Management Agreement are set out in paragraph 8.1 of Part 8 of this document.

## **Continuation Vote**

In accordance with the Articles, the Directors are required to propose an ordinary resolution that the Company continues its business as a closed-ended investment company at the fifth annual general meeting of the Company expected to be held in 2023. If the Continuation Vote is passed by a simple majority, the Directors are required to put a further Continuation Vote to Shareholders at the annual general meeting of the Company every fifth year thereafter.

If any Continuation Vote is not passed, the Directors are required to put forward proposals for the reconstruction of the Company to Shareholders for their approval within six months following the date on which the Continuation Vote is not passed. These proposals may or may not involve winding up the Company and, accordingly, failure to pass the Continuation Vote will not necessarily result in the winding up of the Company.

## **Discount and premium control**

The Company will issue Ordinary Shares when demand exceeds supply and buy back Ordinary Shares when supply exceeds demand, as and when the Directors consider it appropriate. The Board recognises that it is in the interests of Shareholders to maintain a Share price as close as possible to the Net Asset Value per Share.

The Directors have been given authority, in accordance with the Companies Act, to allot new Ordinary Shares for cash on a non pre-emptive basis. Further details of this authority are set out in paragraph 2.5 of Part 8 of this document. The Directors will seek additional authority annually and at other times should this prove necessary.

The Directors have also been granted authority to buy back up to 14.99 per cent. of the Ordinary Shares in issue immediately following completion of the Scheme. Any buy back of Ordinary Shares will be made subject to the Companies Act and within guidelines established from time to time by the Board and the making and timing of any buy backs will be at the absolute discretion of the Board. The Directors are authorised to cancel any Ordinary Shares purchased under this authority or to hold them in treasury. Purchases of Ordinary Shares will be made only through the market for cash at prices below the prevailing Net Asset Value of the Ordinary Shares (as last published). Such purchases will also be made only in accordance with the rules of the UKLA, which provide that the maximum price to be paid must not be more than the higher of 105 per cent. of the average middle market quotations for the Ordinary Shares for the five business days before the purchase is made and the higher of the price of the last independent trade in the Ordinary Shares and the highest current independent bid for such Ordinary Shares. The minimum price which may be paid for such purchases is the nominal value of an Ordinary Share.

## **Net asset value calculation and publication**

The Net Asset Value is the value of all assets of the Company less liabilities to creditors (including provisions for such liabilities) determined in accordance with applicable accounting standards and the Company's valuation principles and procedures.

The unaudited NAV per Share will be calculated in Sterling by the Administrator on a daily basis, as described below. Such calculations will be notified daily, on a cum income basis (with debt at fair value) through a Regulatory Information Service.

Quoted investments will be valued by reference to their bid prices on the relevant exchange. Third party fund valuations will be received from the fund managers and reviewed by the Directors. Unquoted or illiquid investments will be valued by the Directors based on recommendations from the Investment Manager's pricing committee.

The Board will review detailed portfolio valuations on a regular basis throughout the year and receive confirmation from the Investment Manager that the pricing basis is appropriate, in line with relevant accounting standards as adopted by the Company, and that the carrying values are materially correct.

Derivatives will be initially accounted and measured at fair value on the date the derivative contract is entered into and subsequently measured at fair value.

The Directors may temporarily suspend the calculation of Net Asset Value if the Company is unable to procure accurate and up to date prices or valuations for a substantial proportion of the assets in the Company's portfolio. Any suspension in the calculation of the Net Asset Value will be notified through a Regulatory Information Service as soon as practicable after any such suspension occurs.

### **Reports sent to Shareholders and other information**

Monthly factsheets will be published on the Company's website ([www.jpmmultiassettrust.co.uk](http://www.jpmmultiassettrust.co.uk)) summarising the Company's performance.

The Company's annual reports and accounts will be prepared as at 28/29 February each year. Copies of the annual reports and accounts will be sent to Shareholders within the following four months. Shareholders will also receive an unaudited half-yearly report covering the six months to 31 August each year, which will be dispatched within the following three months. The Company's annual financial statements will be prepared in accordance with FRS 102.

The Company will hold its annual general meeting in June or July of each year.

## PART 2

### INVESTMENT MANAGER, STRATEGY AND PROCESS

#### The Investment Manager

The Company has appointed JPMorgan Funds Limited as its investment manager and alternative investment fund manager. The Investment Manager is the UK regulated entity of J.P. Morgan Asset Management, one of the largest active asset managers in the world with assets under management of approximately US\$2.0 trillion as at 31 December 2017.

The Investment Manager manages 21 investment trusts, more than any other investment trust manager. The Company's portfolio will be managed by the Multi-Asset Solutions Team and the Lead Portfolio Managers will be Talib Sheikh, Katy Thorneycroft and Gareth Witcomb. The Multi-Asset Solutions Team consists of over 80 investment professionals located primarily in London, New York and Hong Kong, managing assets of over £150 billion as at 30 September 2017.

**Talib Sheikh, Managing Director**, is a portfolio manager in the Multi-Asset Solutions Team, based in London. Talib is responsible for global macro portfolios, balanced and income portfolios and has managed balanced and tactical asset allocation overlay accounts since 2002. An employee since 1998, Talib was previously a portfolio manager in the derivatives implementation team in London. Talib earned a Bachelors of Science in Agriculture and a Masters of Science in International Marketing from the University of Newcastle and is a CFA charterholder.

**Katy Thorneycroft, Managing Director**, is a portfolio manager in the Multi-Asset Solutions team, focusing on multi-strategy investing, including benchmark oriented, flexible and total return strategies, as well as funds of investment trusts. An employee since 1999, Katy was previously a portfolio manager in the convertible bonds team and a member of the Multi-Asset Solutions team in New York. Prior to this, Katy was a portfolio manager in the European Equity group in London focusing on small and mid-cap strategies. Katy obtained a M.Chem. from the University of Oxford and is a CFA charterholder.

**Gareth Witcomb, Executive Director**, is a portfolio manager in the Multi-Asset Solutions Team, based in London. Gareth manages global balanced portfolios and works on the Investment Manager's global macro range of portfolios, where he specialises in providing fixed income insight. An employee since 1998, Gareth previously supervised the Cash Management Team, before joining the Multi-Asset Solutions Team in 2005. Gareth obtained a B.A. in History and Politics from University College Wales.

#### Investment Opportunity

The Company's investment policy is designed to be flexible with respect to asset class, geography and sector of investments and will seek to achieve an appropriate spread of risk by investing in a diversified global portfolio of securities and other assets. This flexibility allows the Investment Manager to take advantage of the best opportunities to generate income and growth. The Investment Manager takes a medium to long term view of markets, acting on investment themes that the Investment Manager believes are appropriate for such period.

The Investment Manager believes that market exposure to a number of asset classes is necessary in order to meet the Company's objective of generating income and capital growth. It expects that the core constituents of the portfolio will include high yield bonds, emerging market debt, investment grade bonds and global equities.

The Investment Manager will also look to exploit the income and growth offered by investing in illiquid assets. The structure of the Company as a closed-ended investment company, allows a higher allocation to illiquid securities than an open-ended fund, such as an OIEC or SICAV, which usually require daily liquidity. Examples of illiquid assets that the Investment Manager may consider include alternative assets, such as infrastructure, as well as investing in less liquid bonds and equities.

Overall the Investment Manager is looking to exploit the relative attractiveness of assets over the long term through a market cycle whilst maintaining diversification. The Investment Manager believes its ability to allocate to investments across the capital structure, whilst also adjusting asset class weights, will assist in managing downside volatility.

## Investment Process

The investment process combines a top down asset allocation approach with specialist bottom up expertise from across the J.P. Morgan Asset Management platform. The Lead Portfolio Managers maintain ultimate responsibility for asset allocation and overall performance. The investment process comprises three main steps.

### *Step one: historical and forward looking review of risk, return and yield across markets*

The Investment Manager begins with analysing risk, return and yield characteristics across markets. The Investment Manager reviews this data from a historical perspective and considers forward looking projections.

Historical and forward looking analysis ensures consideration of asset classes that are likely to be core to the Investment Manager's search for income. The Investment Manager may dynamically adjust allocations to certain assets, but investments such as high yield bonds, investment grade bonds, emerging market debt, global equities and alternative assets will likely be central long term themes in the portfolio.

Within the Multi-Asset Solutions Team, top down research forms a key part of the investment process. The Lead Portfolio Managers are able to use the resource from the wider Multi-Asset Solutions Team in terms of research and implementation which includes the Global Multi-Asset Strategy Team (the "**Strategy Team**") and the Global Multi-Asset Research Team (the "**Research Team**"). These two teams are primarily responsible for the preparation and presentation of the analysis upon which investment themes are developed.

### *Global Multi-Asset Strategy Team*

The Strategy Team assists the Lead Portfolio Managers' qualitative views on asset classes. The output from the team assisting in determining the Investment Manager's views on broad qualitative macro-economic drivers of return, such as economic policy, credit conditions and economic activity indicators across the UK, US, Eurozone, Japan and emerging market regions. These provide an important input into decisions on asset allocation.

The Strategy Team comprises senior professionals with diverse macro-economic and market experience. They perform rigorous qualitative and econometric analysis and modelling of a broad array of macro-economic factors to identify, study, and distil evolving investment themes.

### *Global Multi-Asset Research Team*

The Research Team is responsible for the quantitative models that provide an important empirical input into the Investment Manager's asset allocation process. The Research Team maintains proprietary models that have been developed over a number of years and help identify signals in the market. The input factors for these signals can be categorised into three major components: valuation, fundamental and technical, and span a range of investment time horizons within each component. For each component, a number of factors are used to capture each signal, and an overall composite signal is created by aggregating the underlying component signals.

### *Step two: evaluation and selection of asset class specialists*

The second step of the investment process is evaluating and selecting investment teams, within J.P. Morgan Asset Management, to oversee individual asset class allocations in the portfolio. Upon selection, the Multi-Asset Solutions Team outsource pools of capital to these specialist teams, who will invest via pooled vehicles or bespoke portfolios.

### *Step three: ongoing monitoring and adjustments*

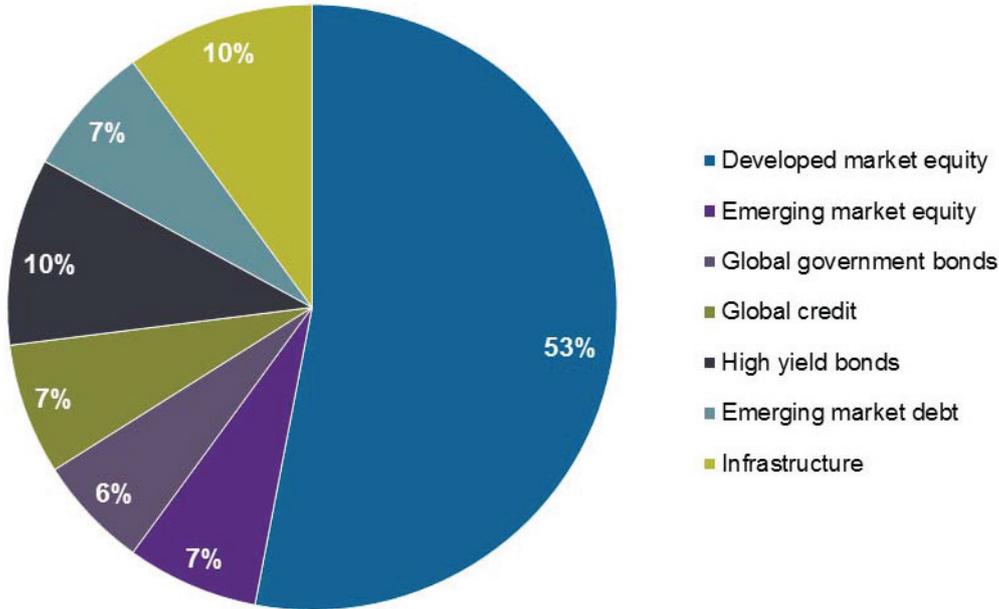

The final step in the Investment Manager's investment process is to adjust the Company's asset allocation and monitor asset class specialists. As yield opportunities change across markets, a flexible income strategy must be able to navigate the landscape and maintain awareness of potential downside volatility.

## Currency hedging

Investing across global markets introduces exposure to volatile currency markets and therefore non-Sterling assets will typically be hedged to Sterling, with the exception of local emerging market currencies. The Lead Portfolio Managers may take a view on currency and consequently elect not to hedge some or all non-Sterling currency exposure in the Portfolio.

**Indicative strategic asset allocation**

Using the investment process detailed above, based on long term expectations for yield, risk and return, the Investment Manager anticipates allocations to the core asset classes as shown below. Exposure will be achieved through the management of two bespoke portfolios for the Company: developed global equities and developed global government bonds. These bespoke portfolios will be specifically designed to assist in meeting the Company’s investment objective. Other asset classes will be accessed by investing in funds managed by the Investment Manager.

**Developed and emerging market equities:** The Investment Manager believes equities provide real growth, ahead of inflation, over the long term. The bespoke developed market equity portfolio will be designed to deliver an attractive distribution yield which grows through time.

**Global government bonds:** The Investment Manager believes this is a low risk asset class that provides portfolio diversification and a positive yield.

**Global credit:** The Investment Manager believes this asset class offers high quality credits with a modest yield ahead of government bonds.

**High yield bonds:** Although higher risk than investment grade corporate bonds, the Investment Manager believes they offer an attractive yield and are senior in the capital structure to equity. High yield bonds are a more volatile fixed income asset class than the global government bonds.

**Emerging market debt:** These bonds will provide emerging markets exposure through the external sovereign debt of emerging market countries. The Investment Manager believes these offer an attractive yield, although they are a more volatile fixed income asset class than both the global government bonds and the global high yield bonds.

**Infrastructure:** Offers low correlation to other assets held in the portfolio and attractive yield and return profile with stable cash flows and economic insensitivity.

The above asset allocation is dynamic and certain asset classes illustrated may be removed, or adjusted, and other asset classes not illustrated added. There can be no assurance that the above indicative portfolio will reflect the actual portfolio at any time post Initial Admission.

**Risk Management**

Risk management is an integral, ongoing and critical part of the Investment Manager’s investment process. Risk is a necessary component of active investment management, and it can be estimated, measured and managed.

Within the portfolio, the Investment Manager will perform ongoing analysis and monitoring which the Investment Manager believes is a critical component in the investment process in order to ensure that the underlying portfolio is delivering a consistent yield and diversification.

Examples of quantitative factors that the Investment Manager takes into consideration include the correlations between strategies, downside risk and consistency of performance. In addition, face to face meetings with portfolio managers and investment teams allow the Lead Portfolio Managers to clarify more qualitative factors such as the stability of investment process, stability of investment team and risk measurement.

### **Illustrative performance records for J.P. Morgan Asset Management Multi-Asset Solutions portfolios**

The Investment Manager runs a number of multi-asset income mandates. Included below are the performance track records of three funds, JPM Multi-Asset Income Fund (£398 million as at 30 September 2017), JPMorgan Life Diversified Growth Fund (£107 million as at 30 September 2017) and JPMorgan Investment Funds – Global Balanced Fund (£1,453 million as at 30 September 2017), which the Investment Manager believes have certain comparable elements to the indicative portfolio of the Company.

The illustrative performance track records are provided for comparative purposes only. These funds have different structures than that of the Company and their performance has been achieved against different investment objectives, restrictions and risk profiles. It should be noted that the comparators do not give an indication of the returns that would have been generated by the Company in pursuing its investment objective over the periods shown, nor is past performance necessarily indicative of future performance of the Company or the comparative funds.

JPM Multi-Asset Income Fund provides multi-asset exposure to its investors, however it does not have the ability to invest in illiquid assets with the potential for higher returns nor has it historically provided the level of dividend targeted by the Company. It is also an open-ended fund which is required to provide daily liquidity to investors limiting its ability to invest in less liquid assets.

JPM Multi-Asset Income Fund has consistently provided returns in-line with the Company's targeted total returns with significantly lower levels of volatility than the global equity markets.

JPMorgan Life Diversified Growth Fund is an active core diversified growth fund providing broad diversification across a wide range of asset classes with a flexible asset allocation. It is an open-ended fund which invests through the J.P. Morgan Asset Management platform and third-party investment trusts, drawing on the portfolio management team's considerable expertise in researching these vehicles.

JPMorgan Life Diversified Growth Fund has outperformed its cash plus 4 per cent. target over all relevant time periods, with lower volatility than equity markets.

JPMorgan Investment Funds – Global Balanced Fund is a traditional balanced fund that combines top down asset allocation with specialist bottom up expertise across the J.P. Morgan Asset Management platform. The combination of deep qualitative and quantitative research is critical to forming active asset allocation and portfolio construction decisions. Diversification across beta and alpha sources is essential to driving superior investment outcomes.

#### Managerial, secretarial, administration and depositary arrangements

##### *Managerial arrangements*

The Company has appointed JPMorgan Funds Limited (the "**Investment Manager**") as its investment manager and as its alternative investment fund manager for the purposes of the AIFM Directive under the Investment Management Agreement. The Investment Manager is responsible for the day-to-day management of the Company's investment portfolio, subject to the overall control and supervision of the Board. The Investment Manager manages the Company's investments in accordance with the policies laid down by the Directors from time to time and in accordance with the investment restrictions referred to in the Investment Management Agreement.

The Investment Management Agreement is subject to an initial period of two years and thereafter is terminable by either party on six months' notice or on shorter notice in certain circumstances. The annual management fee which is payable to the Investment Manager in accordance with the Investment Management Agreement is based on the Net Asset Value of the Company and is calculated at a rate of 0.65 per cent. per annum on the first £250 million of Net Asset Value and 0.60 per cent. per annum on any amounts above £250 million. Management fees are calculated and paid monthly. No performance fee will be payable to the Investment Manager.

Any investments made through funds managed by J.P. Morgan Asset Management will be made (where available) in non-management fee bearing share classes. Where a non-management fee bearing share class is not available, the investment will be made through the lowest institutional

fee bearing share class available. In these circumstances the management fees payable by the Company will be reduced by an amount equal to the management fee charged by such share class. For the avoidance of doubt, performance fees payable on any such investments shall be excluded from such fee offset and will be payable by the Company.

The Company expects to charge 35 per cent. of the management fees to revenue and 65 per cent. to capital.

Further details of the terms of the Investment Management Agreement are set out in paragraph 8.1 of Part 8 of this document.

#### *Secretarial and administration arrangements*

All secretarial and administrative services are also provided by JPMorgan Funds Limited and the costs of these services are included in the management fee.

#### *Depositary arrangements*

BNY Mellon Trust and Depositary (UK) Limited has been appointed as the Company's depositary. The Depositary is responsible for the safe keeping of the Company's assets. The Depositary has delegated its safe keeping function to J.P.Morgan Chase Bank, N.A., as custodian, however the Depositary remains responsible for the oversight of the custody of the Company's assets and for monitoring its cash flows. The annual fee payable to the Depositary will be calculated based on the Net Asset Value (plus applicable VAT), subject to a minimum annual fee of £10,000. The Custodian will receive fees for the provision of custodian services at such rates as may be agreed from time to time (plus applicable VAT).

Further details of the terms of the Depositary Agreement are set out in paragraph 8 of Part 8 of this document.

#### *Delegation of authority*

Whilst the Board has delegated certain responsibilities in relation to the operation of the Company to third party providers, the Board has adopted a schedule of matters specifically reserved for its decision.

The Company has delegated the management of the Company's investments to the Investment Manager. Representatives of the Investment Manager attend each Board meeting, thereby enabling the Directors to discuss the Investment Manager's activities in managing the Company.

### **Annual fees and expenses**

The Company will incur, and continue to incur, administrative expenses, including, amongst other things, investment management fees, audit fees, Directors' fees, depositary fees, regulatory fees, directors' and officers' liability insurance premiums and printing costs.

It is estimated that the total expenses of the Company (excluding the costs and expenses associated with the Issues) for the financial year ending 28 February 2019 will be approximately £1.3 million<sup>1</sup>.

### **Corporate governance**

The Chairman and each of the other Directors is independent of the Investment Manager and each Director is non-executive. The Chairman is responsible for organising the business of the Board, ensuring its effectiveness and setting its agenda. The executive responsibilities for investment management have been delegated to the Investment Manager. James West has been appointed as Senior Independent Director.

The Board is committed to achieving and demonstrating high standards of corporate governance.

The Board has made arrangements in respect of corporate governance appropriate to an investment trust. The Board has considered the principles and recommendations of the AIC Code of Corporate Governance (the "**AIC Code**"). The AIC Code addresses all of the principles set out in the UK Corporate Governance Code, as well as setting out additional principles and recommendations which are of specific relevance to investment trusts.

The Company intends to comply on Initial Admission with the recommendations of the AIC Code, except as disclosed below.

---

<sup>1</sup> The estimated total expenses of the Company for the financial year ending 28 February 2019 is based on the assumption that Gross Proceeds of £150 million are raised pursuant to the Initial Issue and the Scheme Issue.

### *The Board*

The Board believes that a Director's performance and their continued contribution to the running of the Company is of greater importance and relevance to Shareholders than the length of time for which they have served as a director of the Company. Each Director will be subject to the election/re-election provisions set out in the Articles which provide that a Director appointed during the year is required to retire and seek election by Shareholders at the next annual general meeting following their appointment. Each of the Directors will submit themselves for re-election at the first annual general meeting of the Company. Thereafter Directors will be required to submit themselves for re-election at least once every three years and Directors who have served for more than nine years will be subject to annual re-election, provided that the Nomination Committee and the Board remain satisfied that the relevant Director's independence is not impaired by their length of service. The Board believes that none of the other commitments of any Director will interfere with the discharge of their duties to the Company and the Board is satisfied that each Director is capable of devoting sufficient time to the Company.

The AIC Code provides that the Board should undertake a formal and rigorous annual evaluation of its own performance and that of its committees and individual Directors. The Board will conduct an annual evaluation of its performance and that of its committees, the Chairman and individual Directors, with the evaluation of the performance of the Chairman being undertaken by the other Directors led by the Senior Independent Director.

### *Audit Committee*

The Audit Committee, chaired by Mr West and comprising of all of the Directors, will meet at least twice per year. The main responsibilities of the Audit Committee include monitoring the integrity of the Company's financial statements, the appropriateness of its accounting policies, and reviewing the internal control systems and the risks to which the Company is exposed. The Audit Committee is also responsible for making recommendations to the Board regarding the appointment and independence of the Auditors, the objectivity and effectiveness of the audit process, monitoring any non-audit services provided to the Company by the Auditors, and approving the Company's financial statements and confirming to the Board that they are fair, balanced and understandable. The Audit Committee also provides a forum through which the Auditors report to the Board. Representatives from the Investment Manager may be invited to attend meetings of the Audit Committee and to report on matters as required.

### *Nomination Committee*

The Nomination Committee, chaired by the Chairman of the Board and comprising of all of the Directors, will meet at least annually. The Nomination Committee is responsible for ensuring that the Board has an appropriate balance of skills and experience to carry out its duties, for identifying and nominating to the Board new Directors and for proposing that existing Directors be re-elected. The Nomination Committee will undertake an annual performance evaluation of the Board, led by the Chairman. When the Nomination Committee is reviewing the Chairman's performance, or considering his successor, the Nomination Committee will be chaired by the Senior Independent Director.

### *Management engagement committee*

As all of the Directors are independent of the Investment Manager, the Board is of the view that there is no requirement for a separate management engagement committee. The Board as a whole will review the terms of appointment and performance of the Investment Manager and the Company's other third party service providers (other than the Auditors who are reviewed by the Audit Committee).

### *Remuneration committee*

As all of the Directors are non-executive, the Board is of the view that there is no requirement for a separate remuneration committee. Directors' fees will be considered by the Board as a whole within the limits approved by Shareholders.

### **Conflicts of interest**

The Investment Manager and its officers and employees may be involved in other financial, investment or professional activities that may on occasion give rise to conflicts of interest with the Company. In particular, the Investment Manager may provide investment management, investment advice or other services in relation to other funds or clients that may have similar investment

policies or strategies to that of the Company. Circumstances may arise where investment opportunities will be available to the Company and which are also suitable for one or more such clients of the Investment Manager. The Investment Manager may provide services to certain in-house funds into which, subject to Board approval, the Company may invest which may give rise to a conflict of interest.

The Directors have satisfied themselves that the Investment Manager and its affiliates have procedures in place to address potential conflicts of interest and that, where a conflict arises, the Investment Manager and its affiliates will allocate the opportunity on a fair basis.

The Investment Manager will have regard to its obligations under the Investment Management Agreement or otherwise to act in the best interests of the Company, so far as is practicable having regard to its obligations to other funds or clients, should potential conflicts of interest arise. The Investment Manager's services are governed by the FCA's conduct of business rules and in the event of a conflict of interest arising, the Investment Manager will ensure that it is resolved fairly and in accordance with the conduct of business rules including those rules as to suitability and best execution. Those rules, *inter alia*, require the Investment Manager to ensure fair treatment for all of its clients and, when an investment is made, to allocate such investment fairly amongst all of its clients for whom the investment is appropriate.

## PART 4

### DETAILS OF THE SCHEME

#### Introduction

The Board of JPI has resolved to recommend the Scheme to JPI Shareholders. The Scheme involves JPI being placed into members' voluntary liquidation and JPI Shareholders being offered the opportunity to elect for New Shares (the "**Rollover Option**") and/or elect to receive cash (the "**Cash Option**") as further described below. The Company will issue the New Shares, pursuant to the Scheme Issue, in exchange for the transfer to it of the balance of cash and cash equivalents of JPI that represents the interests of JPI Shareholders who elect (or are deemed to elect) for the Rollover Option. Pursuant to the Scheme the New Shares to be issued under the Scheme Issue are only available to JPI Shareholders on the JPI register as at 6.00 p.m. on 16 February 2018.

While the Directors believe a global diversified multi-asset portfolio provides an attractive investment proposition, the target return profile is different to that of JPI Shares. The return profile of the Ordinary Shares is likely to be different to that of the JPI Ordinary Shares and/or JPI ZDP Shares currently held by JPI Shareholders. The Ordinary Shares are not expected to provide a defined return profile similar to that of the JPI ZDP Shares nor are the Ordinary Shares expected to provide the highly geared income exposure similar to that of the JPI Ordinary Shares.

#### Details of the Scheme

Pursuant to the terms of the Scheme, JPI will be wound up by means of a members' voluntary liquidation pursuant to a scheme of reconstruction under section 110 of the Insolvency Act 1986.

Under the Scheme, each JPI ZDP Shareholder (other than any Restricted JPI Shareholder) may elect to receive their final capital entitlement payment of 192.13 pence per JPI ZDP Share in either:

- New Shares issued by the Company; and/or
- cash.

Under the Scheme, each JPI Ordinary Shareholder (other than any Restricted JPI Shareholder) may elect to receive their entitlements on a winding up, being the formula asset value per JPI Ordinary Share (the "**FAV per JPI Ordinary Share**") on the Calculation Date, in either:

- New Shares issued by the Company; and/or
- cash.

The JPI Unitholders will be able to elect to receive the entitlements set out above in relation to their holdings of JPI ZDP Shares and JPI Ordinary Shares which make up their aggregate holding of JPI Units.

JPI Shareholders can make different Elections in respect of different parts of their holdings. JPI Shareholders who do not make an Election under the Scheme will be deemed to have elected for the Rollover Option. Valid Elections under the Scheme must be received from Shareholders (including Unitholders) by 6.00 p.m. on 16 February 2018. Valid Elections under the Scheme must be received from Plan Participants by 6.00 p.m. on 9 February 2018.

If the Proposals are implemented, in accordance with the terms of the Transfer Agreement that will be entered into between the Company, JPI, the Investment Manager and the Liquidators, such assets of JPI (to be made up solely of cash and cash equivalents) in the Rollover Pools will be transferred to the Company. The consideration for such transfer will be satisfied by the issue of New Shares by the Company to JPI Shareholders who elect (or are deemed to elect) for the Rollover Option. Further details of the Transfer Agreement are set out in Part 8 of this document.

The Scheme is subject to the approval of JPI Shareholders at the JPI General Meetings and JPI Class Meetings. As a result of the Scheme, the JPI Shareholders who elect for the Rollover Option will gain exposure to a diversified multi-asset portfolio and (assuming the Minimum Gross Proceeds are raised) a larger company with more shares in issue which is expected to result in better liquidity in the secondary market. Full details of the Scheme are set out in the JPI Circular which accompanies this document if you are a JPI Shareholder.

## Details of the Scheme Issue

The New Shares issued under the Scheme Issue will be issued at the Scheme Issue Price of 100 pence per New Share.

Under the Scheme, JPI ZDP Shareholders will receive New Shares of an equivalent value to the aggregate final capital entitlement payable in respect of the proportion of their JPI ZDP Shareholding in relation to which they have elected for the Rollover Option.

The number of New Shares to be issued to the JPI Ordinary Shareholders will be based on the FAV per JPI Ordinary Share. The FAV per JPI Ordinary Share will be calculated by deducting the following from the total JPI net assets on the Calculation Date (being 16 February 2018): (i) the costs of the Scheme (excluding the costs of the Scheme Issue); (ii) Liquidators' retention of £50,000; (iii) the value of the ZDP Cash Pool; and (iv) the value of the ZDP Rollover Pool. This resultant balance will be divided by the number of JPI Ordinary Shares electing (or deemed to have elected for) the Rollover Option to give the FAV per JPI Ordinary Share.

The FAV per JPI Ordinary Share will be divided by the Scheme Issue Price and this ratio will be applied to the shareholdings of each JPI Ordinary Shareholder who elects (or is deemed to have elected) for the Rollover Option.

Following the Calculation Date, JPI will divide its assets into five distinct pools: the Liquidation Pool, the ZDP Cash Pool, the Ordinary Cash Pool, the ZDP Rollover Pool and the Ordinary Rollover Pool. JPI will set aside cash and other assets in the Liquidation Pool in an amount which it considers sufficient to provide for all current and future, actual and contingent liabilities of JPI, including a retention (estimated to be £50,000) in respect of unascertained and unknown liabilities. There shall be apportioned to the ZDP Cash Pool such proportion of the undertaking and cash as shall equal 192.132627 pence (being the final capital entitlement per JPI ZDP Share) multiplied by the total number of JPI ZDP Shares in respect of which Elections for the Cash Option were received and accepted. There shall be apportioned to the Ordinary Cash Pool such proportion of the undertaking and cash as shall equal the FAV per JPI Ordinary Share multiplied by the total number of JPI Ordinary Shares in respect of which Elections for the Cash Option were received and accepted. There shall be apportioned to the ZDP Rollover Pool such proportion of the undertaking and cash as shall equal 192.132627 pence (being the final capital entitlement per JPI ZDP Share) multiplied by the total number of JPI ZDP Shares in respect of which Elections for the Rollover Option were received (or deemed to have been received). Thereafter, the balance of the undertaking and cash shall be transferred to the Ordinary Rollover Pool.

The FAV per JPI Ordinary Share shall be the equivalent to the JPI NAV on the Calculation Date less the Liquidation Pool, the ZDP Cash Pool and the ZDP Rollover Pool, divided by the number of JPI Ordinary Shares in issue on the Calculation Date (not including any JPI Ordinary Shares held in treasury).

In consideration for the issue of New Shares to the JPI Shareholders, the Company will acquire the assets of JPI (to be made up solely of cash and cash equivalents) which represents the interests of JPI Shareholders who elect (or are deemed to have elected) for the Rollover Option. The Company will use the net cash to acquire investments in accordance with the Company's investment policy.

### *Conditions of the Scheme Issue*

The Scheme Issue is conditional upon, *inter alia*:

1. the passing of the resolutions to approve the Scheme at the JPI General Meetings and the JPI Class Meetings and the Scheme becoming unconditional (including the Transfer Agreement becoming unconditional in all respects);
2. the Minimum Gross Proceeds being raised pursuant to the Scheme Issue and the Initial Issue;
3. Admission of the New Shares issued under the Scheme Issue to the Official List with a premium listing and to trading on the Main Market; and
4. the Board of JPI and the Board resolving to proceed with the Scheme and the Scheme Issue respectively.

### *Entitlements to New Shares under the Scheme Issue*

The number of New Shares to be issued pursuant to the Scheme and the FAV per JPI Ordinary Share will be announced through a Regulatory Information Service as soon as practicable following the Calculation Date.

The New Shares to be issued pursuant to the Scheme will rank *pari passu* with the existing Ordinary Share and the New Shares issued under the Initial Issues.

### **Costs and expenses of the Scheme**

The costs and expenses of the Scheme (excluding the costs associated with the Scheme Issue) will be paid by JPI. It is estimated that the costs and expenses of the Scheme will be £345,000.

The costs of the Scheme Issue will be payable by the Company. The costs of the Scheme Issue will be capped at one per cent. of the gross proceeds of the Scheme Issue. In the event that the costs and expenses of the Scheme Issue exceed such amount, the Investment Manager will pay such additional costs and expenses over and above the cap.

### **Admission and dealings**

Application will be made to the UK Listing Authority for the New Shares to be admitted to the premium segment of the Official List. Application will also be made to the London Stock Exchange for the New Shares to be admitted to trading on the Main Market. If the Proposals become effective, it is expected that the New Shares will be admitted to the Official List on 2 March 2018, and the first day of dealings in such shares on the Main Market will be 2 March 2018.

The New Shares will be in registered form. Temporary documents of title will not be issued. The ISIN of the Ordinary Shares will be GB00BFWJTT14. JPI Shareholders (including JPI Unitholders) who hold their JPI Shares in uncertificated form and who elect to receive New Shares will receive New Shares in uncertificated form on 2 March 2018. Certificates in respect of New Shares to be issued to JPI Shareholders who hold their JPI Shares in certificated form and who elect to receive New Shares will be despatched in the week commencing 5 March 2018.

Dealings in the New Shares in advance of the crediting of the relevant CREST accounts or the issue of certificates will be at the risk of the persons concerned.

Fractional entitlements to New Shares pursuant to the Scheme will not be issued under the Proposals and entitlements will be rounded down to the nearest whole number. No cash payments shall be made or returned in respect of any fractional entitlements which will be retained for the benefit of the Company.

### **Restricted JPI Shareholders**

The terms of the Scheme, as they relate to Restricted JPI Shareholders, may be affected by the laws of the relevant jurisdiction. Restricted JPI Shareholders should inform themselves about, and observe, any applicable legal requirements.

It is the responsibility of Restricted JPI Shareholders to satisfy themselves as to the full observance of the laws of the relevant jurisdiction in connection with the Scheme, including the obtaining of any governmental or other consents which may be required, compliance with necessary formalities and the payment of any issue, transfer or other taxes due in such jurisdiction.

Any New Shares allotted to the Liquidators and which would otherwise be issued to a Restricted JPI Shareholder pursuant to the Scheme will instead be issued to the Liquidators as nominees on behalf of such Restricted JPI Shareholder who will arrange for such shares to be sold promptly into the market within 30 Business Days, in circumstances in which the Liquidators and/or the Board, acting reasonably, consider that any such issue of New Shares to those Restricted JPI Shareholders would or may involve a breach of the securities laws or regulations of any jurisdiction, or if the Liquidators and/or the Board reasonably believe that the same may violate any applicable legal or regulatory requirements or may require the Company to become subject to additional regulatory requirements (to which it would not be subject but for such issue) and the Liquidators and/or the Board, as the case may be, have not been provided with evidence reasonably satisfactory to them that the relevant Restricted JPI Shareholders are permitted to hold New Shares under any relevant securities laws or regulations of such overseas jurisdictions (or that the Company would not be subject to any additional regulatory requirements to which it would not be subject but for such issue).

The proceeds of such sales will be paid to the relevant Restricted JPI Shareholders entitled to them within ten Business Days of the date of sale, save that entitlements of less than £3.00 per Restricted JPI Shareholder will be retained by the Company for its own account.

Restricted JPI Shareholders who are subject to taxation outside of the United Kingdom should consult their tax adviser as to the tax effect of the Proposals on them.

## PART 5

### THE INITIAL ISSUE

#### General

The Company is seeking to raise Gross Proceeds of £150 million under the Initial Issue and the Scheme Issue. Initial Admission is subject to Minimum Gross Proceeds of £50 million being raised and will still proceed in the event that the Scheme does not become effective, but the Minimum Gross Proceeds are raised under the Initial Issue. The maximum number of New Shares that may be issued under the Initial Issue would be 250 million. New Shares will be issued at the Initial Issue Price of 100 pence per New Share.

The Board believes that the Company provides an attractive investment proposition and expects the Company's assets to grow over time through further issuance of Ordinary Shares, initially under the Share Issuance Programme. If the Board is not able to see a path to growth such that the Company's market capitalisation will exceed £75 million in the short to medium term, the Board will consider bringing forward alternative proposals to shareholders which may include a reconstruction or winding up of the Company.

The results of the Initial Issue (including the number of New Shares issued thereunder and the gross proceeds raised) will be announced by the Company through a Regulatory Information Service on 28 February 2018.

The New Shares issued pursuant to the Initial Issue will rank *pari passu* in all respects with the existing Ordinary Share and the New Shares to be issued under the Scheme Issue, including the right to receive all dividends or other distributions made, paid or declared, if any, by reference to a record date after the date of Initial Admission.

The Directors intend to apply the net proceeds of the Initial Issue in accordance with the Company's investment policy.

Pending full investment in accordance with the Company's investment policy, the net proceeds of the Initial Issue may be held in short term money market instruments (such as gilts or treasury bonds), money market funds or in cash. It is expected that the net proceeds will be fully invested within one month of Initial Admission.

#### Conditions to the Initial Issue

The Initial Issue, which is not underwritten, is conditional upon, *inter alia*, the following matters:

- (a) Initial Admission occurring at or before 8.00 a.m. on 2 March 2018 (or such later time and/or date as the Company and the Sponsor may agree, being not later than 8.00 a.m. on 31 March 2018);
- (b) the Placing Agreement having become unconditional in all respects (save for the conditions relating to Initial Admission) and not having been terminated in accordance with its terms before Initial Admission; and
- (c) the Minimum Gross Proceeds being raised pursuant to the Scheme Issue and the Initial Issue.

If the Minimum Gross Proceeds are not raised the Initial Issue will not proceed and all monies will be returned to Applicants without interest within 14 days at the Applicants' risk. The requirement to raise the Minimum Gross Proceeds may only be waived following the publication of a supplementary prospectus.

#### The Initial Placing

The Company, the Directors, the Investment Manager and the Placing Agent have entered into the Placing Agreement pursuant to which the Placing Agent has agreed, subject to certain conditions, to use its reasonable endeavours to procure Placees under the Initial Placing in return for the payment by the Company of placing commission to the Placing Agent.

Details of the Placing Agreement are set out in paragraph 8.3 of Part 8 of this document.

**Placing commitments under the Initial Placing must be received by the Placing Agent by no later than 3.00 p.m. on 27 February 2018 (or such later time and/or date, being not later than 5.00 p.m. on 31 March 2018, as the Company and the Placing Agent may agree). If the**

**closing date of the Initial Placing is extended, the revised timetable will be notified through a Regulatory Information Service.**

### **The Initial Offer for Subscription**

New Shares will also be offered for subscription at the Initial Issue Price under the Initial Offer for Subscription. The Initial Offer for Subscription is being made in the United Kingdom only.

Applicants under the Initial Offer for Subscription must specify a fixed amount in Sterling, being the aggregate subscription price for the New Shares for which they wish to subscribe at the Initial Issue Price. The aggregate subscription price is payable in full on application. Individual applications must be for New Shares with a minimum subscription price of £1,000, although the Board may accept applications for other amounts in its absolute discretion.

The procedures for, and the terms and conditions of, application under the Initial Offer for Subscription are set out at the end of this document. An Application Form for use in connection with the Initial Offer for Subscription is attached to this document. Multiple applications may not be made by a single investor.

Prospective investors should carefully read the terms and conditions of application under the Initial Offer for Subscription before making an application and should consult their stockbroker, bank manager, solicitor, accountant or other independent financial adviser if they are in any doubt as to the action to take.

**Completed Application Forms together with a cheque(s) in respect of the relevant subscription price under the Initial Offer for Subscription must be sent by post to Equiniti Limited, Corporate Actions, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA or by hand (during business hours only) to Equiniti Limited, Corporate Actions, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA so as to be received by no later than 1.00 p.m. on 26 February 2018. If the closing date of the Initial Offer for Subscription is extended, the revised timetable will be notified through a Regulatory Information Service.**

Applications under the Initial Offer for Subscription shall be irrevocable and may not be withdrawn without the consent of the Directors.

### **The Intermediaries Offer**

**Members of the general public in the United Kingdom may be eligible to apply for New Shares through the Intermediaries Offer by following the application procedures of the relevant Intermediary, by no later than 1.00 p.m. on 26 February 2018. New Shares are being made available under the Intermediaries Offer to retail investors in the United Kingdom only.**

Individuals who are aged 18 or over, companies and other bodies corporate, partnerships, trusts, associations and other unincorporated organisations are permitted to apply to subscribe for or purchase New Shares in the Intermediaries Offer through an Intermediary. Only one application for New Shares may be made for the benefit of any one person under the Intermediaries Offer. Underlying Applicants are responsible for ensuring that they do not make more than one application under the Intermediaries Offer (whether on their own behalf or through other means, including, but without limitation, through a trust or pension plan). Intermediaries may not make multiple applications on behalf of the same person.

There is a minimum application amount of £1,000 per Underlying Applicant under the Intermediaries Offer. There is no maximum application amount under the Intermediaries Offer. No New Shares will be allocated or issued under the Intermediaries Offer in the name of any person who supplies a registered address outside the United Kingdom. Applications under the Intermediaries Offer must be made by reference to the total monetary amount the applicant wishes to invest and not by reference to a number of New Shares.

By applying for New Shares under the Intermediaries Offer, the relevant Underlying Applicant agrees to acquire the New Shares applied for at the Initial Issue Price. Each Underlying Applicant must comply with the money laundering procedures of their Intermediary and all laws and regulations applicable to their agreement to subscribe for or purchase New Shares. Where an application is not accepted or there are insufficient New Shares available to satisfy an application

in full, the relevant Intermediary will be obliged to refund the Underlying Applicant as required and all such refunds will be made in accordance with the terms provided by the Intermediary to the Underlying Applicant. The Company, the Investment Manager and the Placing Agent accept no responsibility with respect to the obligations of the Intermediaries to refund monies in such circumstances.

Each Intermediary has agreed, or will on appointment agree, to be bound by the Intermediaries Terms and Conditions (further details of which are set out at paragraph 9 of Part 8 of this document), which regulate, *inter alia*, the conduct of the Intermediaries Offer on market standard terms, and may provide for the payment of commission and/or a fee to any Intermediary from the Placing Agent acting on behalf of the Company if such Intermediary elects to receive a commission and/or fee.

Under the Intermediaries Terms and Conditions, in making an application, each Intermediary will also be required to represent and warrant, among other things, that it is not located in the United States and is not acting on behalf of anyone located in the United States. Under the Intermediaries Offer, New Shares will be offered outside the United States only in offshore transactions as defined in, and in reliance on, Regulation S.

An Intermediary may prepare certain materials for distribution or may otherwise provide information or advice to retail investors in the United Kingdom in connection with the Initial Issue, subject to the Intermediaries Terms and Conditions. Any such materials, information or advice are solely the responsibility of the relevant Intermediary and will not be reviewed or approved by the Company, the Investment Manager or the Sponsor. Any liability relating to such materials, information or advice will be for the relevant Intermediary only. Any Intermediary that uses this document for the purposes of marketing New Shares must state on its website that it is using this document in accordance with the Company's consent. If a retail investor asks an Intermediary for a copy of this document in printed form, that Intermediary must send a copy (in hard copy or via an email attachment or web link) to that retail investor at the expense of that Intermediary.

Intermediaries are required to provide the Intermediaries Terms and Conditions to any prospective investor who has expressed an interest in participating in the Intermediaries Offer.

Allocations of New Shares under the Intermediaries Offer will be at the absolute discretion of the Company (in consultation with the Placing Agent and the Investment Manager). No specific number of New Shares has been set aside for, and there will be no preferential treatment of, any retail investor or any Intermediary. The publication of this document and any actions of the Company, the Sponsor, the Investment Manager, an Intermediary or other persons in connection with the Initial Issue should not be taken as any representation or assurance as to the basis on which the number of New Shares to be offered under the Intermediaries Offer or allocations under the Intermediaries Offer will be determined and all liabilities for any such action or statement are hereby disclaimed by the Company, the Placing Agent, and the Investment Manager.

The Intermediaries will be notified by the Receiving Agent as soon as reasonably practicable after allocations are made under the Intermediaries Offer. The notification will be sent by email to each Intermediary separately and shall specify: (i) the aggregate number of New Shares allocated to, and to be acquired by, the relevant Intermediary (on behalf of the relevant retail investors); (ii) if applicable, the basis on which the relevant Intermediary should allocate New Shares to retail investors on whose behalf the Intermediary submitted applications; and (iii) the total amount payable by the Intermediary in respect of such New Shares.

Pursuant to the Intermediaries Terms and Conditions, each Intermediary has undertaken to make payment on its own behalf (and not on behalf of any other person) of the consideration for the New Shares allocated to it under the Intermediaries Offer at the Initial Issue Price to the Receiving Agent (acting as settlement agent to the Intermediaries Offer) by means of the CREST system against delivery of the New Shares on the date of Initial Admission.

Each Underlying Applicant who applies for New Shares under the Intermediaries Offer through an Intermediary shall, by submitting an application to such Intermediary, be required to agree that it must not rely, and will not rely, on any information or representation other than as contained in this document or any supplement thereto published by the Company prior to Initial Admission. Each Intermediary acknowledges that none of the Company, the Investment Manager or the Sponsor will have any liability to the Intermediary or any Underlying Applicant for any such other information or representation not contained in this document or any such supplement thereto published by the Company prior to Initial Admission.

### **Admission and dealings**

Applications will be made to the UK Listing Authority and the London Stock Exchange for the New Shares to be issued under the Initial Issue to be admitted to the premium listing segment of the Official List and to trading on the Main Market. It is expected that Initial Admission will become effective, and dealings for normal settlement in such New Shares will commence on the Main Market, at 8.00 a.m. on 2 March 2018.

New Shares will be issued under the Initial Issue in registered form and may be held either in certificated form or in uncertificated form. It is expected that definitive certificates in respect of New Shares issued in certificated form will be despatched by post during the week commencing 5 March 2018. Share certificates will be sent to Shareholders at their own risk. Temporary documents of title will not be issued. Pending despatch of such certificates, transfers will be certified against the register of members. It is expected that CREST stock accounts will be credited in respect of New Shares issued in uncertificated form as soon as possible after 8.00 a.m. on 2 March 2018. The ISIN for the New Shares is GB00BFWJTT14.

### **Scaling back**

In the event that the Initial Issue is over-subscribed then it will be necessary to scale back applications under the Initial Issue. The Company reserves the right, at its sole discretion but after consultation with the Placing Agent, to scale back applications received under the Initial Issue in such amounts and manner as it considers appropriate. The Company also reserves the right to decline in whole or in part an application for New Shares under the Initial Issue. Accordingly, Applicants may not be allotted New Shares to the full value for which they applied or at all.

The results of the Initial Issue (and any scaling back) will be announced through a Regulatory Information Service immediately prior to Initial Admission. If an application is scaled back or is unsuccessful then the balance of the subscription monies received by the Company will be paid by cheque to the relevant applicant, without interest, at the applicant's risk, save where such balance is less than £3.00 in which event the balance shall be retained for the benefit of the Company.

### **Fractions**

Fractions of New Shares will not be issued under the Initial Issue. If (other than on a scaling back) the amount of subscription monies received by the Company in relation to an application for New Shares exceeds the aggregate subscription price, at the Initial Issue Price, of the New Shares issued pursuant to such application, such excess amount (which will never exceed the Initial Issue Price) will be retained for the benefit of the Company.

### **Commissions**

The Placing Agent will be entitled to a commission payable by the Company in connection with the proceeds raised under the Initial Issue. No commissions will be payable by the Company to Placees under the Initial Issue. Under the Placing Agreement, the Placing Agent is entitled at its discretion and out of its own resources at anytime to rebate to investors part or all of its commission relating to the Initial Issue.

### **Dilution**

No dilution will result from the Initial Issue. One Ordinary Share is held by DM Company Services (London) Limited for the purposes of incorporating the Company.

### **Typical investor**

The Directors believe that the typical investors for whom an investment in the Company is appropriate are institutional investors, professionally advised private investors and non-advised private investors seeking exposure to a multi-asset portfolio with a focus on income generation and capital growth. Investors should understand the risks and merits of such an investment and have sufficient resources to bear any loss (which may equal the whole amount invested) that may result from such an investment. Such investors may wish to consult an independent financial adviser who specialises in advising on the acquisition of shares and other securities before making an investment. Any investor in the Company should understand and accept the risks inherent in the Company's investment policy.

**Non UK investors**

The distribution of this document and the offering of New Shares in jurisdictions other than the United Kingdom and the Channel Islands may be restricted by law or regulation and accordingly persons into whose possession this document comes are required to inform themselves about and observe any such restrictions. No action has been taken to permit the distribution of this document and the offering of New Shares in any jurisdiction outside the United Kingdom and the Channel Islands where such action is required to be taken.

Prospective investors in any territory other than the United Kingdom should refer to the section entitled "Selling restrictions" in the "Important Information" section of this document and to paragraphs 23 and 24 of the Terms and Conditions of Application under the Initial Offer for Subscription set out at the end of this document. Prospective investors who are in any doubt as to their position under their local securities laws or regulations are strongly recommended to consult their own professional advisers as soon as possible.

The Company reserves the right to treat as invalid any application or agreement to subscribe for New Shares under the Initial Issue if it appears to the Company or its agents to have been entered into in a manner that may involve a breach of the securities laws or regulations of any jurisdiction.

**Costs of the Initial Issue**

The costs and expenses that the Company will incur in respect of the Initial Issue will depend, amongst other things, on the number of New Shares issued under the Initial Issue. The costs of the Initial Issue will be capped at one per cent. of the gross proceeds of the Initial Issue. In the event that the costs and expenses exceed such amount, the Investment Manager will pay such additional costs and expenses over and above this cap. Therefore, if Gross Proceeds of £150 million are raised under the Initial Issue, the net proceeds of the Initial Issue available for investment by the Company will be no less than £148.5 million.

## PART 6

### THE SHARE ISSUANCE PROGRAMME

#### General

Following the Initial Issue, the Directors intend to implement the Share Issuance Programme. The Share Issuance Programme will enable the Directors to raise additional capital if demand arises for Ordinary Shares and in a manner that will enhance the NAV per Share for Shareholders. The Share Issuance Programme will consist of Subsequent Placing(s) and/or Subsequent Offer(s) for Subscription. It is also expected that the Share Issuance Programme should enable the Directors to control any premium at which the Ordinary Shares trade relative to the NAV per Share.

New Shares may be issued under the Share Issuance Programme during the period commencing at 8.00 a.m. on 2 March 2018 and ending at 5.00 p.m. on 23 January 2019. However, the Board intends to continue to monitor and seek to control the discount or premium at which the Ordinary Shares trade following the expiry of this period and the Company may seek to implement further share issuance programmes in the future.

The maximum number of New Shares which the Company may issue under the Share Issuance Programme will be 250 million New Shares less the number of New Shares issued under the Initial Issue and the Scheme Issue. The Share Issuance Programme is not being underwritten.

New Shares will only be issued under the Share Issuance Programme at a subscription price which represents a premium to the NAV per Share at the relevant time, which premium is expected to be sufficient to cover the anticipated costs and expenses of the Company in connection with the relevant issue. Accordingly, the issue of New Shares pursuant to the Share Issuance Programme is not expected to result in any dilution to the NAV per Share at the time of such issue.

Any New Shares issued under the Share Issuance Programme will rank *pari passu* with the Ordinary Shares then in issue (save for any dividends or other distributions declared, made or paid on the Ordinary Shares by reference to a record date prior to the issue of the relevant New Shares).

The Directors intend to apply the net proceeds from any issue of New Shares under the Share Issuance Programme in accordance with the Company's investment policy.

Pending full investment in accordance with the Company's investment policy, the net proceeds from any issue of New Shares under the Share Issuance Programme may be held in short term money market instruments (such as gilts or treasury bonds), money market funds or in cash.

#### Conditions to the issue of any New Shares under the Share Issuance Programme

Any issue of New Shares under the Share Issuance Programme will be conditional upon, *inter alia*, the following matters:

- (a) the Company having sufficient Shareholder authorities in place to issue such New Shares;
- (b) a supplementary prospectus being published by the Company at the time of the relevant issue if required under the Prospectus Rules;
- (c) the relevant Share Issuance Programme Price being determined by the Board, in consultation with the Placing Agent; and
- (d) Admission occurring in respect of the relevant New Shares.

#### Share Issuance Programme Price

The Share Issuance Programme Price will be determined by the Board, in consultation with the Placing Agent, at the time of any issue of New Shares under the Share Issuance Programme. It is expected that the Share Issuance Programme Price will be at or around the market price of an Ordinary Share as at the relevant Calculation Time, and will be at a premium to the NAV per Share as at the relevant Calculation Time, which premium is expected to be sufficient to cover the anticipated costs and expenses associated with the relevant share issue such that the issue of the relevant New Shares is not expected to dilute the NAV per Share at the relevant time. The NAV per Share as at the relevant Calculation Time will be calculated in accordance with the Company's normal accounting policies.

The Share Issuance Programme Price will be announced through a Regulatory Information Service as soon as practicable following the relevant allotment of New Shares.

### **Scaling back**

In the event that any issue of New Shares under the Share Issuance Programme is over-subscribed, applications under that issue will be scaled back at the Company's discretion after consultation with the Placing Agent.

### **Fractions**

Fractions of New Shares will not be issued under any Subsequent Placing and/or Subsequent Offer for Subscription. If (other than on a scaling back) the amount of subscription monies received by the Company in relation to an application for New Shares under a Subsequent Placing exceeds the aggregate subscription price, at the relevant Share Issuance Programme Price, of the New Shares allocated to the Placee pursuant to such application, such excess amount (which will never exceed the relevant Share Issuance Programme Price) will be retained for the benefit of the Company.

### **Commissions**

The Placing Agent will be entitled to a commission payable by the Company in connection with the proceeds raised under the Share Issuance Programme. No commissions will be payable by the Company to Placees under the Share Issuance Programme.

### **Admission and dealings**

Applications will be made to the UK Listing Authority and the London Stock Exchange for any New Shares issued under the Share Issuance Programme to be admitted to the premium listing segment of the Official List and to trading on the Main Market. It is expected that Admission in respect of any New Shares issued under the Share Issuance Programme will become effective, and dealings for normal settlement in such New Shares will commence on the Main Market, as soon as practicable following the allotment of such New Shares.

Any New Shares issued under the Share Issuance Programme will be issued in registered form. The New Shares will be issued to investors under the Share Issuance Programme through the CREST system unless an investor requires such shares to be issued in certificated form. The New Shares will be eligible for settlement through CREST with effect from Admission.

### **Dilution**

Shareholders are not obliged, and may not receive the opportunity, to participate under the Share Issuance Programme. If the Company issues any New Shares under the Share Issuance Programme and a Shareholder does not acquire any of those New Shares, then the Shareholder will suffer dilution to the percentage of the issued share capital of the Company that their existing holding represents, based on the number of New Shares issued at the relevant time.

Assuming 100 million New Shares are issued under the Share Issuance Programme, Shareholders who do not acquire any of those New Shares will suffer a dilution of approximately 40 per cent. to their existing percentage holdings in the Company (assuming 150 million New Shares are issued under the Initial Issue and the Scheme Issue).

### **Typical investors**

The Directors believe that the typical investors for whom an investment in the Company is appropriate are institutional investors and professionally advised private investors, seeking exposure to a multi-asset portfolio with a focus on income generation and capital growth. The New Shares may also be suitable for non-advised private investors, provided that they are capable of evaluating and understand the risks and merits of such an investment and have sufficient resources to bear any loss (which may equal the whole amount invested) that may result from such an investment. Such investors may wish to consult an independent financial adviser who specialises in advising on the acquisition of shares and other securities before making an investment. Any investor in the Company should understand and accept the risks inherent in the Company's investment policy.

**Costs of the Share Issuance Programme**

The costs and expenses that the Company will incur in respect of any issue of New Shares under the Share Issuance Programme will depend, amongst other things, on the number of New Shares issued and the Share Issuance Programme Price in respect of that issue.

## PART 7

### TAXATION

The information contained in this document relating to taxation is a summary of the taxation matters which the Directors consider should be brought to the attention of prospective investors. The following statements are intended as a general guide only and do not constitute tax or legal advice to any prospective investor or Shareholder. They are based upon United Kingdom law and HMRC practice in force as at the date of this document, and relate only to the position of Shareholders who are beneficial owners of their Ordinary Shares. They may not relate to certain categories of Shareholders, such as dealers in securities. Prospective investors should consult their own professional advisers on the potential tax consequences of acquiring, holding or selling Ordinary Shares.

#### 1. The Company

It is the intention of the Directors to conduct the affairs of the Company so as to satisfy the conditions for approval as an investment trust under sections 1158 and 1159 of the CTA 2010. The Company will be approved as an investment trust pursuant to the Investment Trust (Approved Company) (Tax) Regulations 2011. The Company will therefore continue to have investment trust status in each accounting period going forward, other than to the extent that the Company commits a serious breach of any of the conditions for qualification as an investment trust, and will be exempt from United Kingdom taxation on its capital gains. In order to maintain its investment trust status, the Company must not, *inter alia*, be a close company. The Directors do not anticipate that the Company will be a close company.

An investment trust approved under sections 1158 and 1159 of the CTA 2010, or one that intends to seek such approval, is able to elect to take advantage of modified UK tax treatment in respect of its “qualifying interest income” for an accounting period (referred to here as the “streaming” regime). Under Regulations made pursuant to the Finance Act 2009, the Company may, if it so chooses, designate as an “interest distribution” all or part of the amount it distributes to Shareholders as dividends, to the extent that it has “qualifying interest income” for the accounting period. Were the Company to designate a dividend it pays in this manner, it would be able to deduct such interest distributions from its income in calculating its taxable profit for the relevant accounting period.

The Company will, however, be liable to UK corporation tax on its income profits in the normal way, with dividend income generally being exempt from UK corporation tax. Income arising from overseas investments may be subject to foreign withholding taxes at varying rates, but double taxation relief may be available.

#### 2. Shareholders

##### 2.1. Taxation of capital gains

Individual Shareholders resident in the UK for taxation purposes may, depending upon their personal circumstances, be liable to UK capital gains tax or, in the case of corporations, UK corporation tax, on chargeable gains arising from the sale or other disposal (which includes disposal upon a winding up) of their Ordinary Shares. A disposal by an individual Shareholder who is resident in the UK for taxation purposes will be subject to capital gains tax at a rate of tax of 20 per cent. where the individual pays income tax at the higher or additional rates of tax; otherwise a tax rate of 10 per cent. applies. An individual may be able to claim certain reliefs (including the annual exemption in respect of the first £11,300 of capital gains received in the fiscal year 2017/18). Under measures introduced in Finance Bill 2017-18 and expected to take effect from 1 January 2018, Shareholders which are corporations resident in the UK will benefit from an indexation allowance – intended to increase the tax base cost of an asset in line with inflation – calculated up until 31 December 2017. This applies regardless of the date of disposal. Indexation allowance may not create or increase an allowable loss.

Shareholders who are not resident in the UK for taxation purposes will not normally be liable to capital gains tax in the UK arising from the sale or other disposal of their Ordinary Shares unless (in the case of a corporate Shareholder) those Ordinary Shares are held through a UK branch or agency, although they may be subject to foreign taxation depending upon their personal circumstances.

## 2.2. Taxation of dividends

### 2.2.1. Individual Shareholders

#### (a) *Non-interest distributions*

The Directors of the Company intend to apply the interest “streaming” regime to a substantial proportion of dividends paid by the Company going forward.

In the event that the Directors of the Company do not elect for the “streaming” regime to apply to any dividends paid by the Company, the following paragraph summarises the expected UK tax treatment for individual Shareholders who receive dividends from the Company. The following paragraph would also apply to any dividends not treated as “interest distributions” were the Directors to elect for the “streaming” regime to apply.

Each individual who is resident in the UK for tax purposes is entitled to an annual tax free dividend allowance of £5,000 (tax year 2017/18). Dividends received in excess of this threshold will be taxed, for the fiscal year 2017/18 at 7.5 per cent. (basic rate taxpayers), 32.5 per cent. (higher rate taxpayers) and 38.1 per cent. (additional rate taxpayers). The UK government has announced proposals which if enacted would mean that this allowance would be reduced to £2,000 with effect from the tax year 2018/2019.

No withholding tax will be applied to “non-interest distributions” made by the Company.

#### (b) *Interest distributions*

Where the Directors elect to apply the “streaming” regime to any dividends paid by the Company, were the Company to designate any dividends paid as an “interest distribution”, a UK resident Shareholder in receipt of such a dividend would be treated as though they had received a payment of interest. Such a Shareholder would be subject to UK income tax at the current rates of 20 per cent., 40 per cent., or 45 per cent., depending on the level of the Shareholder’s income. No withholding tax will be applied to “interest distributions” made by the Company.

Each UK resident individual who is a basic rate taxpayer is entitled to a Personal Saving Allowance which exempts the first £1,000 of savings income (including distributions deemed as ‘interest distributions’ from an Investment Trust Company). The exempt amount is reduced to £500 for higher rate taxpayers and additional rate taxpayers do not receive an allowance.

### 2.2.2. Other Shareholders

UK resident corporate Shareholders may be subject to corporation tax on dividends paid by the Company unless the dividends fall within one of the exempt classes on Part 9A of CTA 2009. If, however, the Directors did elect for the “streaming” rules to apply, and such corporate Shareholders were to receive dividends designated by the Company as “interest distributions”, they would be subject to corporation tax in the same way as a creditor in a loan relationship.

**It is important that prospective investors who are not resident in the UK for tax purposes obtain their own tax advice concerning tax liabilities on dividends received from the Company.**

## 3. Stamp duty and stamp duty reserve tax

### *Issue of New Shares pursuant to the Issues*

The issue of New Shares pursuant to the Issues should not give rise to any stamp duty or stamp duty reserve tax.

### *Subsequent transfers*

An agreement to transfer Ordinary Shares through CREST will normally be subject to stamp duty reserve tax at the rate of 0.5 per cent. of the amount or value of the consideration given. However, if the transferee is a person to whom the depositary receipt or clearance service charge to stamp duty reserve tax may apply, stamp duty reserve tax at the rate of 1.5 per cent. may be applicable on the value of the consideration given. If an instrument of

transfer of the Ordinary Shares is subsequently executed (for example, if the Ordinary Shares are not transferred through CREST), it will generally be subject to stamp duty at the rate of 0.5 per cent. of the amount or value of the consideration given. Where the transferee is a person to whom the depositary receipt or clearance service charge to stamp duty may apply, stamp duty at the rate of 1.5 per cent. may apply to the value of the consideration given. In either case, the stamp duty payable must be rounded up to the nearest multiple of £5. When such an instrument of transfer is duly stamped and stamp duty is paid within specified time limits, the stamp duty reserve tax charge will be cancelled and any stamp duty reserve tax already paid will be refunded.

Paperless transfers of Ordinary Shares (such as those occurring within CREST) are generally liable to stamp duty reserve tax, rather than stamp duty at the rate of 0.5 per cent. of the amount or value of the consideration given. When Ordinary Shares are transferred into the CREST system, there should generally be no stamp duty reserve tax on the transfer (unless made for a consideration, in which case stamp duty reserve tax will be payable at the rate of 0.5 per cent. of the actual consideration given).

Liability to pay stamp duty or stamp duty reserve tax is normally that of the transferee or purchaser.

Certain persons (e.g. brokers or custodians) may have stamp duty reserve tax liabilities and compliance obligations in respect of certain transactions and agreements involving Ordinary Shares. Such persons should seek their own professional advice in respect of these liabilities and obligations.

Special rules may apply to transfers, or agreements to transfer, treasury shares. Specific advice should be sought in respect of such transactions.

#### **4. ISAs**

The Ordinary Shares will qualify for the purposes of an ISA, provided that they are acquired by an ISA manager pursuant to the Initial Offer for Subscription. For the 2017/18 tax year, ISAs have an overall subscription limit of £20,000 per individual shareholder, all of which can be invested in stocks and shares, for which the Ordinary Shares will qualify.

#### **5. SIPPs and SSASs**

The Ordinary Shares will be permitted investments for SIPPs and SSASs.

#### **6. Tax reporting, FATCA and Common Reporting Standard (“CRS”)**

The Company is a Financial Institution for the purposes of FATCA and CRS tax reporting laws. The Company may from time to time request Shareholders to provide certain information and documents, including but not limited to information required under FATCA or CRS. Shareholders may be subject to tax reporting under applicable laws.

FATCA and CRS documentation and reporting obligations can also arise in respect of shareholders where third parties hold shares or act on their behalf.

- 2.5.5. the Company was authorised in accordance with section 701 of the Companies Act to make market purchases (within the meaning of section 693(4) of the Companies Act) of Shares provided that the maximum number of Shares authorised to be purchased is 14.99 per cent. of the Shares in issue immediately following Initial Admission. The minimum price which may be paid for a Share is one penny. The maximum price

which may be paid for a Share must not be more than the higher of (i) 5 per cent. above the average of the mid-market value of the Shares for the five Business Days before the purchase is made or (ii) the higher of the last independent trade and the highest current independent bid for Shares. Such authority will expire on the conclusion of the annual general meeting of the Company to be held in 2019 save that the Company may contract to purchase shares under the authority thereby conferred prior to the expiry of such authority, which contract will or may be executed wholly or partly after the expiry of such authority and may purchase Shares in pursuance of such contract; and

- 2.7. The provisions of section 561 of the Companies Act, which confer on Shareholders certain rights of pre-emption in respect of the allotment of equity securities which are to be paid up in cash, apply to the unissued capital of the Company except as referred to in paragraphs 2.5.2 and 2.5.4 above.

### **3. Articles of Association**

Under the Articles of Association the Ordinary Shares (which at the date of Initial Admission will be the only class of share in issue of the Company) have attached thereto the rights and privileges and are subject to the limitations and restrictions referred to in this paragraph 3.

#### **3.1. Dividends**

Subject to the provisions of the Companies Act, the Company may, by ordinary resolution, declare dividends but no such dividend shall exceed the amount recommended by the Directors. If and so far as in the opinion of the Directors the profits of the Company justify such payments, the Directors may declare and pay fixed dividends on any class of shares carrying a fixed dividend expressed to be payable on fixed dates or other dates prescribed for the payment thereof and may also from time to time declare and pay interim dividends on shares of any class of such amounts and on such dates and in respect of such periods as they think fit.

Any dividend unclaimed for a period of 12 years from the date of declaration of such dividend shall be forfeited and shall revert to the Company.

In the event that a direction notice (as referred to in paragraph 3.2.2 below) has been served, and the person holding the restricted Ordinary Shares holds at least 0.25 per cent. in number or nominal value of the Ordinary Shares in the Company, the Board may withhold the payment of all or part of any dividend (including shares issued in lieu of dividends) due on those restricted Ordinary Shares.

#### **3.2. Voting**

##### **3.2.1. General voting rights**

The holder of an Ordinary Share shall be entitled to receive notice of, and to attend, speak and vote in person (or, if a corporation, by a duly authorised representative) or by proxy at, all general meetings of the Company. At any general meeting, on a show of hands every holder of Ordinary Shares who is present and entitled to vote shall have one vote and upon a poll every such holder present in person, by duly authorised corporate representative or by proxy shall have one vote in respect of each

Ordinary Share held by him and every corporate representative present in person may exercise all the powers on behalf of the corporation which authorised him to act as its representative and shall have one vote for every Ordinary Share in respect of which he is appointed the corporate representative. However, no member shall be entitled to exercise a vote at any general meeting (or class meeting): (i) in relation to an Ordinary Share if any call or other sum immediately payable by him in respect of that Ordinary Share remains unpaid; or (ii) in relation to any Ordinary Shares if a member has been served with a statutory notice by the Directors in the manner described in paragraph 3.2.2 below and has failed to supply to the Company the information required thereby within 14 days.

### 3.2.2. *Restrictions on voting*

If a holder of Ordinary Shares or any person appearing to be interested in those Ordinary Shares is served with a statutory notice by the Company under section 793 of the Companies Act (which notice demands the disclosure of certain information regarding the recipient's interest in the Ordinary Shares) but defaults in supplying to the Company the information thereby requested within 14 days of the service of such notice then the Directors may serve on the holder of those Ordinary Shares a further notice (a "direction notice") the effect of which is, *inter alia*, to prevent the holder from voting at any general meeting or class meeting of the Company in respect of those Ordinary Shares.

### 3.3. *Redeemable shares*

Subject to the provisions of the Companies Act, and without prejudice to any rights attached to any class of shares for the time being in issue, any share may be issued: (i) on terms that it is, or is liable to be, redeemed at the option of the Company or the holder on such terms and conditions and in such manner as the Directors may, before the allotment of such shares, determine; and (ii) with such preferred, deferred or other rights or subject to such restrictions, whether as regards dividend, return of capital, voting, conversion or otherwise, as the Company may from time to time by ordinary resolution determine.

### 3.4. *Transfer of Ordinary Shares*

The Articles provide that Ordinary Shares may be transferred on the following basis:

- 3.4.1. any member may transfer all or any of his uncertificated Ordinary Shares by means of a relevant system in such manner provided for in, and subject to, the Uncertificated Securities Regulations 2001 and the rules of any relevant system, and accordingly no provision of the Articles shall apply in respect of an uncertificated Ordinary Share to the extent that it requires or contemplates the effecting of a transfer by an instrument in writing or the production of a certificate for the Ordinary Share to be transferred; and
- 3.4.2. any member may transfer all or any of his certificated Ordinary Shares by an instrument of transfer in any usual form or in any other form which the Board may approve. The instrument of transfer shall be executed by or on behalf of the transferor and (in the case of a partly paid share) the transferee, and the transferor shall be deemed to remain the holder of the share concerned until the name of the transferee is entered in the register of members of the Company in respect of it.

However, the Board may, in its absolute discretion and without giving any reason for so doing, decline to register a transfer of any Ordinary Share which is not fully paid provided that where such Ordinary Share is admitted to the premium listing segment of the Official List such discretion may not be exercised in such a way as to prevent dealings in Ordinary Shares from taking place on an open and proper basis.

The Board may also decline to register a transfer of an uncertificated Ordinary Share in the circumstances set out in the Uncertificated Securities Regulations 2001 and where, in the case of a transfer to joint holders, the number of joint holders to whom the uncertificated share is to be transferred exceeds four.

In relation to certificated Ordinary Shares, the Board may also decline to register any transfer unless:

- (i) the instrument of transfer is delivered for registration to the registrar's office or such other place as the Directors have specified, accompanied by the certificate(s) for the shares to which it relates (except in the case of a transfer by a financial institution where a certificate has not been issued or in the case of a renunciation) and such other evidence as the Directors may reasonably require to prove the title of the transferor or person renouncing and the due execution by him of the transfer or renunciation or, if the transfer or renunciation is executed by some other person on his behalf, the authority of that person to do so;
- (ii) (if stamp duty is generally chargeable on transfers of certificated Ordinary Shares) the instrument of transfer is duly stamped or adjudged or certified as not chargeable to stamp duty;
- (iii) the instrument of transfer is in respect of only one class of share; and
- (iv) in the case of a transfer to joint holders, the number of joint holders to whom the Ordinary Share is to be transferred does not exceed four.

The Board may in addition decline, subject to the requirements of the Uncertificated Securities Regulations 2001, to register the transfer of an Ordinary Share which is the subject of a direction notice (as referred to in paragraph 3.2.2 above) where the person holding the restricted Ordinary Share(s) holds at least 0.25 per cent. in number or nominal value of the Ordinary Shares in the Company. This restriction cannot be applied where the transfer is pursuant to an "arm's length sale".

### 3.5. *Variation of rights*

All or any of the rights for the time being attached to any class of shares in issue may from time to time (whether or not the Company is being wound up) be varied either with the consent in writing of the holders of not less than three-quarters in nominal value of the issued shares of that class (excluding any shares of that class held as treasury shares) or with the sanction of a special resolution passed at a separate general meeting of the holders of the shares of that class (but not otherwise). All the provisions of the Articles as to general meetings of the Company (described at paragraph 3.11 below) shall, *mutatis mutandis*, apply to any such separate general meeting, but so that the necessary quorum shall be two persons holding or representing by proxy not less than one-third in nominal amount of the issued shares of the class (excluding any shares of that class held as treasury shares), but so that at any adjourned meeting one holder present in person or by proxy (whatever the number of shares held by him) shall be a quorum, that every holder of shares of the class present in person or by proxy (excluding any shares of that class held as treasury shares) shall be entitled on a poll to one vote for every share of the class held by him (subject to any rights or restrictions attached to any class of shares) and that any holder of shares of the class present in person or by proxy may demand a poll. The foregoing provisions shall apply to the variation of any special rights which only attach to certain shares of a particular class as if the shares carrying such special rights formed a separate class.

### 3.6. *Reduction of capital*

The Company may by special resolution reduce its share capital, any capital redemption reserve, any share premium account or any other undistributable reserve in any manner permitted by law.

### 3.7. *Untraced Shareholders*

Subject to various notice requirements, the Company may sell on the London Stock Exchange at the best price reasonably obtainable any certificated Ordinary Share provided that for a period of 12 years at least three dividends (whether interim or final) on those Ordinary Shares have become payable and no dividend in respect of those Ordinary Shares during that period has been claimed by presentation at a bank of the relevant cheque or warrant or been satisfied by the transfer of funds to a bank account designated by the holder of (or person entitled to) the Ordinary Shares or otherwise been transferred through CREST (or another relevant service), and so far as the Directors are aware the Company has not received any communication during the relevant period from the holder of, or person entitled to, those Ordinary Shares.

### 3.8. *Capital reserve*

The Directors shall establish a reserve to be called the “capital reserve” and shall either, at the discretion of the Directors, carry to the credit of such reserve from time to time all capital profits or appreciations derived from the sale, realisation, transposition, repayment or revaluation of any capital asset or investment of the Company in excess of the book value thereof or apply the same in providing for depreciation or contingencies. For the avoidance of doubt, accrued but unpaid interest or any sum received in respect of accrued but unpaid interest shall not be treated as capital profits or appreciations arising on the sale, realisation, transposition, repayment or revaluation of any investment or other capital asset. Any loss realised on the sale, realisation, transposition, repayment or revaluation of any investment or other capital asset and any other expenses, loss or liability (or provision thereof) as the Directors may in their discretion determine to be of a capital nature may be carried to the debit of the capital reserve. Any increase or diminution in the amount of any index-linked stock or other index-linked obligation of the Company may be carried to the debit or credit of the capital reserve, except so far as the Directors in their discretion decide to make good the same out of, or credit the same to, other funds or reserves of the Company.

Subject to the Companies Act and without prejudice to the foregoing generality, the Directors may determine whether any amount received by the Company is to be dealt with as income or capital or partly one and partly the other. The Board may determine whether any cost, liability or expense (including, without limitation, any costs incurred or sums expended in connection with the management of the assets of the Company or finance costs (including, without limitation, any interest payable by the Company in respect of any borrowings of the Company)) is to be treated as a cost, liability or expense chargeable to capital or to revenues or partly one and partly the other, having regard, *inter alia*, to the investment objectives of the Company, and to the extent the Directors determine that any such cost, liability or expense should reasonably and fairly be apportioned to capital the Board may debit or charge the same to the capital reserve.

### 3.9. *Borrowing powers*

The Board may, subject to the provisions of the Companies Act and the restrictions set out below, exercise all the powers of the Company to borrow money, and to mortgage or charge its undertaking, property and uncalled capital, and to issue debentures and other securities, whether outright or as collateral security for any debt, liability or obligation of the Company or of any third party.

The Directors shall restrict the borrowings of the Company and exercise all voting and other rights or powers of control exercisable by the Company in relation to its subsidiaries so as to secure (so far, as regards subsidiaries, as by such exercise they can secure) that the aggregate amount for the time being remaining outstanding of all moneys borrowed by the Company or any of its subsidiaries from time to time and for the time being owing to persons outside the Company or any of its subsidiaries from time to time shall not at any time without the previous sanction of an ordinary resolution of the Company exceed an amount equal to the aggregate of (i) the amount standing to the credit of the share capital account of the Company and (ii) the aggregate amount standing to the credit of the consolidated capital and revenue reserves (including any share premium account or capital redemption reserve fund) plus or minus the amount standing to the credit or debit (as the case may be) of the revenue account all as shown in the latest audited accounts but adjusted as may be necessary and appropriate to take account of any increase in or reduction of the issued and paid up share capital of the Company since the date to which the balance sheet incorporated in such accounts shall have been made up and any distributions (other than normal preference dividends and interim dividends paid in each case out of profits earned since such date) in cash or in specie made, recommended or declared from such reserves or revenue account since such date; excluding any sums set aside for taxation; deducting any amount for goodwill or any other intangible asset shown as an asset in such balance sheet (as adjusted); deducting any amount attributable to minority interests; and after making such other adjustments (if any) as the Auditors may consider appropriate.

For the purposes of the foregoing provisions:

- 3.9.1. "audited accounts" shall mean the audited accounts of the Company unless at the relevant date there shall be a subsidiary which has made up accounts which have been audited in which event "audited accounts" shall mean a consolidation of the latest audited accounts of the Company and such subsidiary and the references to reserves and revenue account shall be deemed to be references to reserves and revenue account as shown in such consolidation and the deduction in respect of goodwill shall not include goodwill arising only on such consolidation; and
- 3.9.2. share capital allotted shall be treated as issued and share capital called up or payable at any fixed future date within the following six months shall be treated as already paid and if the Company proposes to issue any shares for cash and such issue has been underwritten then such shares shall be deemed to have been issued and the subscription moneys (including any premium) payable in respect thereof within the following six months shall be deemed to have been paid up.

No person dealing with the Company or any of its subsidiaries shall be concerned to see or enquire whether the said limit is observed and no debt incurred or security given in excess of such limit shall be invalid or ineffectual unless the lender or the recipient of the security had, at the time when the debt was incurred or security given, express notice that the said limit had been or would thereby be exceeded.

### 3.10. Directors

#### 3.10.1. Number of Directors

The minimum number of Directors is two and there shall be no more than 10 Directors.

#### 3.10.2. Appointment and removal of Directors

The Company may by ordinary resolution appoint any person who is willing to act to be a Director (either as an addition to the Board or to fill a vacancy). The Board may also appoint any person to the Board (either as an addition or to fill a vacancy) for the period from the date of appointment until the next annual general meeting.

Each Director shall retire from office at the third annual general meeting after the annual general meeting at which he was last elected until the ninth anniversary of his appointment and shall retire from office annually thereafter.

The Company may remove a Director at any time by special resolution.

The office of Director shall also be vacated if:

- (i) he becomes prohibited by law from acting as a director, or shall cease to be a director by virtue of any provision of the Companies Act; or
- (ii) not being a Director holding executive office for a fixed period, he resigns by notice in writing to the Company or tendered at a meeting of the Directors or if by notice in writing to the Company or tendered at a meeting of the Directors he offers to resign and the Directors resolve to accept such offer; or
- (iii) having been appointed for a fixed term, the term expires; or
- (iv) he has a bankruptcy order made against him or settles or makes any arrangement or composition with his creditors generally or applies to the court for an interim order under section 253 of the Insolvency Act 1986 in connection with a voluntary arrangement under that Act; or
- (v) he becomes incapable by reason of illness or injury of managing and administering his property and affairs and the Directors resolve that his office be vacated; or
- (vi) he and his alternate (if any) are absent from meetings of the Directors for the greater of six consecutive months and six consecutive meetings without the consent of the Directors and the Directors resolve that his office be vacated; or
- (vii) having retired in accordance with the Articles, he is not re-appointed as a Director; or
- (viii) he is removed from office as a Director by notice in writing sent to him at his last known address signed by all his co-Directors, but so that if he holds an

appointment to an executive office which thereby automatically determines such removal shall be deemed to be an act of the Company and shall have effect without prejudice to any claim for damages for breach of any contract of service between him and the Company or otherwise.

#### *3.10.3. Directors' fees, expenses and remuneration*

The fees paid to the Directors for their services as directors of the Company shall not exceed £175,000 in aggregate or such higher amount as the Company may by ordinary resolution determine. A Director may also be paid his travelling, hotel and other expenses properly and reasonably incurred in attending and returning from meetings of the Directors or any committees of the Directors or general meetings of the Company or otherwise properly and reasonably incurred by him in connection with the business of the Company. A Director who is appointed to any executive office or employment with the Company or any associated company, or who serves on any committee of the Directors, or who otherwise performs services which in the opinion of the Directors are outside the scope of the ordinary duties of a Director, may be paid such remuneration or benefits by way of salary, commission, participation in profits or otherwise, in addition to or in substitution for his ordinary remuneration as a Director, as the Directors or any committee of the Company authorised by the Directors may determine.

#### *3.10.4. Directors' interests*

No Director or proposed or intending director shall be disqualified by his office from contracting with the Company, either with regard to his tenure of any office or place of profit or as vendor, purchaser or in any other manner whatever, nor shall any contract in which any Director is in any way interested be liable to be avoided, nor shall any Director who is so interested be liable to account to the Company or the members for any remuneration, profit or other benefit realised by the contract by reason of the Director holding that office or of the fiduciary relationship thereby established.

A Director, notwithstanding his office, may be or become a director or other officer of, or hold any place of profit in, or act in a professional capacity for, or otherwise be interested in, any associated company. A Director who is a director or other officer of, or otherwise interested in, any associated company is authorised to act subject to any guidance from time to time issued by the Directors for dealing with conflict situations arising in relation to associated companies or any of them. The Directors may exercise any voting rights exercisable by the Company in any associated company in such manner and in such respects as they think fit, including voting in favour of any resolution appointing them or any of their number directors or officers of any associated company or voting or providing for the payment of remuneration to the directors or officers of any associated company.

A Director shall not vote on or be counted in the quorum in relation to any resolution of the Board concerning his own appointment, or the settlement or variation of the terms or the termination of his own appointment, as the holder of any office or place of profit with the Company or any other company in which the Company is interested.

A Director shall not vote (or, if he does vote, his vote shall not be counted) or be counted as part of the quorum on any resolution of the Directors in respect of any contract, arrangement, transaction or any other kind of proposal in which he has a direct or indirect interest unless: (i) his interest cannot reasonably be regarded as likely to give rise to a conflict of interests; or (ii) the resolution relates to one of the permitted matters listed in the Articles and he has no other interest beyond that matter.

Any authorisation given by the Board under the Articles may provide that the Director in question need not disclose to or use for the benefit of the Company any information relating to the relevant matter which he obtains or has obtained otherwise than as a Director or employee of the Company and in respect of which he owes a duty of confidentiality to a person other than the Company.

If a question arises at any time as to whether a Director's interest can reasonably be regarded as likely to give rise to a conflict of interests or as to his entitlement to vote

or be counted in a quorum and such question is not resolved by his voluntarily agreeing to abstain from voting or being counted in the quorum, such question shall be referred to the chairman of the meeting and his ruling in relation to any Director other than himself shall be conclusive and binding on all concerned, except in a case where the nature or extent of the interest of such Director has not been fairly disclosed.

Subject to the Companies Act and the Listing Rules, the Company may by ordinary resolution suspend or relax the above provisions on Directors' conflicts to any extent or ratify any transaction not duly authorised by reason of a contravention of the Articles.

#### *3.10.5. Voting and quorum*

Questions arising at any meeting shall be determined by a majority of votes. In the case of an equality of votes the chairman of the meeting shall have a second or casting vote.

The quorum at Board meetings shall be two Directors (unless fixed at another number by the Board).

#### *3.11. General meetings*

Annual general meetings shall be convened by not less than 21 clear days' notice in writing. Subject to the Companies Act, all other general meetings shall be called by not less than 14 clear days' notice in writing. The notice shall specify the place, date and time of the meeting and the general nature of the business to be transacted. Notice of every general meeting shall be given to the Directors and all members other than any who, under the provisions of the Articles or the terms of issue of the Ordinary Shares they hold, are not entitled to receive such notices from the Company, and also to the Auditors or, if more than one, each of them.

The accidental omission to give notice of a general meeting or of any resolution intended to be moved at a general meeting or the accidental omission to send any document relating to any general meeting to, or the non-receipt of any such notice or document by, any person entitled to receive the notice or document shall not invalidate the proceedings at that meeting.

If it appears to the chairman that the principal meeting place or any satellite meeting place is inadequate to accommodate all members entitled and wishing to attend, the meeting is duly constituted and its proceedings valid if the chairman is satisfied that adequate facilities are available to ensure that a member who is unable to be accommodated can be identified and is able to: (i) communicate to all other persons attending the meeting, during the meeting, any information or opinions which he has on the business of the meeting and to have communicated to him any information or opinions which any other person attending the meeting may wish to communicate; and (ii) vote, during the meeting, on any resolution on which he is entitled to vote which is put to the vote at the meeting and that his vote can be taken into account in determining whether or not such resolutions are passed at the same time as the votes of all the other persons attending the meeting.

The Directors may from time to time make any arrangement and impose any restriction they consider appropriate to ensure the security of a meeting, including requiring evidence as to identity to be produced by a person attending the meeting, searching of a person attending the meeting and restricting the items of property which may be taken into the meeting place. The Directors may refuse entry to and/or remove from a meeting any person who refuses to comply with these arrangements or restrictions.

#### *3.12. Alteration of share capital*

Subject to the Companies Act, the Company may by ordinary resolution: (i) consolidate, or consolidate and divide, all or any of its share capital into shares of a larger nominal amount than its existing shares; and (ii) sub-divide its shares, or any of them, (whether or not following a consolidation) into shares of a smaller nominal amount than its existing shares and the resolution may determine that, as between the shares resulting from such sub-division, any of them may, as compared with the others, have any such preferred, deferred or other rights, or be subject to any such restrictions, as the Company has power to attach to new shares.

#### 4. Directors' and other interests

- 4.1. It is estimated that the aggregate remuneration to be paid and benefits in kind to be granted to the Directors by the Company for the current financial period ending 29 February 2019 will not exceed £132,250 (being £34,500 to the Chairman, £28,750 to the Chairman of the Audit Committee and £23,000 to each of the other Directors). The Directors' fees will be reviewed annually. The total remuneration paid and benefits in kind granted to the Directors will not be varied as a consequence of the Issues. No Director is eligible for pension, retirement or similar benefits and no amounts have been set aside by the Company to provide pension, retirement or similar benefits.
- 4.2. No Director has a service contract with the Company, nor are any such contracts proposed. Each Director has been appointed pursuant to a letter of appointment entered into with the Company. Their appointments are subject to the Articles and can be terminated without notice and without compensation.
- 4.3. Any new Directors appointed during the year must stand for election at the first annual general meeting following their appointment. Directors who have served on the Board for longer than nine years will submit themselves for re-election every year.
- 4.4. No potential conflicts of interests exist between the duties owed by the Directors to the Company and their private interests and/or other duties.
- 4.5. No loan or guarantee has been granted or provided by the Company for the benefit of any Director.
- 4.6. The Directors do not have any options over Ordinary Shares. The Directors have indicated their intention to rollover their investment in JPI into Ordinary Shares pursuant to the Scheme. Accordingly, following the implementation of the Scheme and the Initial Issue, the interests of the Directors in the issued share capital of the Company are expected to be as follows:

Director	No. of Ordinary Shares	% of issued share capital
Sir Laurence Magnus	186,287	0.12
Sian Hansen	75,742	0.05
Richard Hills	10,099	0.01
Sarah MacAulay	20,000	0.01
James West	36,016	0.02

*The number of Ordinary Shares above is based on the illustrative figures as at 19 January 2018 with the FAV per JPI Share being 100.99 pence and the value attributable to each JPI Unit being 394.11 pence (representing the value of two JPI Ordinary Shares on the basis of the FAV per JPI Share and the value of one JPI ZDP Share on the basis of the final capital entitlement per JPI ZDP Share. Sarah MacAulay has indicated her intention to subscribe for 20,000 New Shares pursuant to the Offer for Subscription. The percentage of issued share capital figures assume that 150 million Ordinary Shares are issued in aggregate pursuant to the Scheme Issue and the Initial Issue.*

- 4.7. The Directors are not aware of any person or persons who, following the Issues, will or could, directly or indirectly, jointly or severally, exercise control over the Company. All Shareholders have the same voting rights in respect of the share capital of the Company.

4.10. The Investment Manager maintains a conflicts of interest register to monitor any potential conflicts of interest between any duties of the Directors to the Company and their private interests and/or other duties. Save for those companies and/or partnerships referred to in paragraph 4.8 above, there are no potential conflicts of interest. All of the Directors are independent of the Investment Manager and any other company in the same group of companies as the Investment Manager.

## **5. Subsidiary undertakings**

The Company has no subsidiary undertakings.

## **6. Related party transactions**

The Company was not a party to, nor had any interest in, any related party transaction (as defined in the standards adopted according to the Regulation (EC) No 1606/2002) at any time since its incorporation.

## **7. Mandatory bids, squeeze-out and sell-out rules**

### *7.1. Mandatory bids*

As a company incorporated in England and Wales with shares which will be admitted to trading on the Main Market, the Company will be subject to the provisions of the Takeover Code. Under Rule 9 of the Takeover Code, any person or group of persons acting in concert with each other who, taken together with shares already held by that person or group of persons, acquires 30 per cent. or more of the voting rights of the Company or holds not less than 30 per cent. but not more than 50 per cent. of the voting rights exercisable at a general meeting and acquires additional shares or interests in shares which increase the percentage of their voting rights, would normally be required to make a general offer in cash at the highest price paid within the preceding 12 months for all the remaining equity share capital of the Company.

Under Rule 37 of the Takeover Code, when a company purchases its own voting shares, a resulting increase in the percentage of voting rights carried by the shareholdings of any person or group of persons acting in concert will be treated as an acquisition for the purposes of Rule 9. A shareholder who is neither a director nor acting in concert with a director will not normally incur an obligation to make an offer under Rule 9. However, under note 2 to Rule 37, where a shareholder has acquired shares at a time when it had reason to believe that a purchase by the company of its own voting shares might take place, an obligation to make a mandatory bid under Rule 9 may arise in certain circumstances. The buying back by the Company of Ordinary Shares could, therefore, have implications for Shareholders with significant shareholdings.

### *7.2. Squeeze-out and sell-out rules*

Other than as provided by the Companies Act, there are no rules or provisions relating to squeeze-out and sell-out rules in relation to the Ordinary Shares.

## **8. Material contracts**

The following are all of the material contracts, other than contracts entered into in the ordinary course of business, to which the Company has been a party since incorporation and any other contract, not being a contract entered into in the ordinary course of business, that has been entered into by the Company which contains any provisions under which the Company has any obligation or entitlement which is material to the Company as at the date of this document.

8.1. The Investment Management Agreement dated 24 January 2018 pursuant to which the Investment Manager has agreed, subject to the overall policy and supervision of the Directors and such directions as the Directors may give from time to time, to advise upon investments in accordance with the Company's investment policy with effect from Admission. The Investment Manager receives a management fee in accordance with the Investment Management Agreement, such management fee being payable monthly in arrears. The management fee is based on the net assets of the Company attributable to Shareholders and is calculated at a rate of 0.65 per cent. per annum on the first £250 million of Net Asset Value and 0.60 per cent. per annum on any amounts above £250 million.

Any investments made through funds managed by J.P. Morgan Asset Management will be made (where available) in non-management fee bearing share classes. Where a non-management fee bearing share class is not available, the investment will be made through the lowest institutional fee bearing share class available. In these circumstances the management fees payable by the Company will be reduced by an amount equal to the management fee charged by such share class. For the avoidance of doubt, performance fees payable on any such investments shall be excluded from such fee offset and will be payable by the Company.

The Investment Management Agreement is subject to an initial period of two years and thereafter will continue until terminated at any time by either party giving to the other not less than 6 months' written notice. If the Company gives less than the prescribed period of notice, the Investment Manager is entitled to receive management fees, reduced *pro rata* according to the amount of notice given. Either party may also terminate the Investment Management Agreement by notice in writing if either party (or any of its directors, officers, employees or agents) is guilty of any serious misconduct, negligence, wilful default or fraud, if either party commits a material breach or on the occurrence of certain insolvency events. The Company may also terminate the Investment Management Agreement if the Investment Manager ceases to be authorised under FSMA or ceases to maintain its permission with the FCA or if the Company ceases to satisfy the conditions for approval as an investment trust.

The Investment Manager has agreed to indemnify the Company in respect of all losses incurred as a result of the negligence, wilful default, fraud or bad faith of the Investment Manager or a breach of the Investment Management Agreement by the Investment Manager.

The Company has agreed to indemnify the Investment Manager in respect of all claims by third parties in relation to such acts and things as the Investment Manager shall lawfully do or cause to be done in the proper performance of its duties except to the extent that such claim is due to the negligence, wilful default, fraud or bad faith of the Investment Manager or a breach of any applicable laws or the Investment Management Agreement.

The Investment Management Agreement is governed by the laws of England and Wales.

- 8.2. The Depositary Agreement dated 24 January 2018 pursuant to which the Company will appoint BNY Mellon Trust and Depositary (UK) Limited as the Company's depositary for the purposes of the AIFM Directive.

Under the terms of the Depositary Agreement, the Depositary performs, *inter alia*, safekeeping, cashflow monitoring and oversight services in accordance with the AIFM Directive. The Depositary is responsible for enquiring into the conduct of the Investment Manager for each annual accounting period.

The annual fee payable to the Depositary will be calculated based on the Net Asset Value (plus applicable VAT), subject to a minimum annual fee of £10,000.

The Depositary Agreement will continue until terminated at any time by the Company giving the Depositary 90 days' written notice or the Depositary giving the Company 180 days' written notice. Either party may also terminate the Depositary Agreement by notice in writing if the other party commits any material breach of the Depositary Agreement that has not been remedied within 30 days of notice or on the occurrence of certain insolvency events. The Company may also terminate the Depositary Agreement if the AIFM ceases to be authorised to act as investment manager of the Company or if the Depositary ceases to be authorised to act as depositary. The Depositary may also terminate the Depositary Agreement immediately if any provision of the Articles which relate to the liability of the Depositary is amended or removed without the prior written approval of the Depositary.

On termination of the Depositary Agreement, the Company shall pay to the Depositary such fees as are outstanding at the date of termination together with any outstanding expenses or disbursements.

In accordance with the terms of the Depositary Agreement, and subject to the provisions of the AIFM Directive, the Depositary may delegate its safekeeping functions in relation to securities and other assets of the Company. The Depositary must exercise due care, skill and diligence in the selection of a delegate to perform the safekeeping functions in respect of securities and other assets of the Company. The employment of any such delegate shall not relieve the Depositary of its responsibilities or liabilities under the Depositary Agreement.

Under the Depositary Agreement, the safekeeping function in respect of the Company's assets has been delegated to the Custodian, JPMorgan Chase Bank, National Association.

The Company has agreed to indemnify the Depositary and the Custodian (together with their sub-custodians, affiliates and their respective nominees, directors, officers, employees and agents) in respect of all liabilities in connection with the Depositary's status as a holder of the Company's securities and performance under the Depositary Agreement other than as a result of the Depositary's fraud, negligence, wilful misconduct or breach of the Depositary Agreement.

The Depositary Agreement is governed by the laws of England and Wales.

- 8.3. The Placing Agreement dated 24 January 2018 pursuant to which Winterflood Securities Limited has agreed, subject to certain conditions that are typical for an agreement of this nature, to use its reasonable endeavours to procure Placees for the Ordinary Shares under the Initial Placing and the Share Issuance Programme.

The Issues are not underwritten. For the Placing Agent's services in connection with the Issues and provided the Placing Agreement becomes wholly unconditional and is not terminated, the Placing Agent will be entitled to commission (together with any VAT chargeable thereon) based on the gross proceeds of the Issues.

In addition, the Placing Agent will be entitled to be reimbursed for all properly incurred costs, charges fees and expenses in connection with, or incidental to, the Issues and the arrangements contemplated by the Placing Agreement. Under the Placing Agreement, the Company, the Directors and the Investment Manager have given certain market standard warranties and indemnities to the Placing Agent concerning, *inter alia*, the accuracy of the information contained in this document. In addition, the Company and the Investment Manager have given certain market standard indemnities.

The Placing Agreement can be terminated at any time before Initial Admission by the Placing Agent giving notice, *inter alia*, if: (a) there shall have been a material breach of any of the warranties contained in the Placing Agreement; (b) any statement contained in any document published or issued by the Company in connection with the Initial Issue is or has become untrue, inaccurate or misleading in any material respect; (c) in the good faith opinion of the Placing Agent there shall have been or it is reasonably likely that there will occur a material adverse change; or (d) any matter has arisen which would require the publication of a supplementary prospectus.

The Placing Agreement is governed by the laws of England and Wales.

## **9. Intermediaries Terms and Conditions**

The Intermediaries Terms and Conditions regulate the relationship between the Company, the Sponsor, the Investment Manager and each of the Intermediaries that is accepted by the Company to act as an Intermediary after making an application for appointment in accordance with the Intermediaries Terms and Conditions.

### *Capacity and liability*

The Intermediaries have agreed that, in connection with the Intermediaries Offer, they will be acting as agent for retail investors in the United Kingdom who wish to acquire New Shares under the Intermediaries Offer, and not as representative or agent of the Company, the Investment Manager or the Sponsor, none of whom will have any responsibility for any liability, costs or expenses incurred by any Intermediary, regardless of the process or outcome of the Issues.

### *Eligibility to be appointed as an Intermediary*

In order to be eligible to be considered by the Company for appointment as an Intermediary, each Intermediary must be authorised by the FCA or the PRA in the United Kingdom or authorised by a competent authority in another EEA State with the appropriate authorisations to carry on the relevant activities in the United Kingdom, and in each case have appropriate permissions, licences, consents and approvals to act as an intermediary in the United Kingdom. Each Intermediary must also be a member of CREST or have arrangements with a clearing firm that is a member of CREST.

Each Intermediary must also have (and is solely responsible for ensuring that it has) all licences, consents and approvals necessary to enable it to act as an intermediary in the United Kingdom and must be, and at all times remain, of good repute and in compliance with all laws, rules and regulations applicable to it (determined by the Company in its sole and absolute reasonable discretion).

#### *Application for New Shares*

A minimum application amount of £1,000 per Underlying Applicant will apply under the Intermediaries Offer. There is no maximum limit on the monetary amount that Underlying Applicants may apply to invest. The Intermediaries have agreed not to make more than one application per Underlying Applicant. Any application made by investors through any Intermediary is subject to the terms and conditions agreed with each Intermediary.

Allocations of New Shares under the Intermediaries Offer will be at the absolute discretion of the Company. If there is excess demand for New Shares in the Initial Issue, allocations of New Shares may be scaled down to an aggregate value which is less than that applied for.

Each Intermediary will be required by the Company to apply the basis of allocation to all allocations to Underlying Applicants who have applied through such Intermediary.

#### *Effect of Intermediaries Offer Application Form*

By completing and returning an Intermediaries Offer Application Form, an Intermediary will be deemed to have irrevocably agreed to invest or procure the investment in New Shares of the aggregate amount stated on the Intermediaries Offer Application Form or such lesser amount in respect of which such application may be accepted. The Company reserves the right to reject, in whole or in part, or to scale down, any application for New Shares under the Intermediaries Offer.

#### *Fees*

The Intermediaries Terms and Conditions provide that an Intermediary may choose whether or not to be paid a fee by the Company in connection with the Intermediaries Offer, subject to the rules of the FCA or any other applicable body. Intermediaries must not pay to any Underlying Applicant any of the fees received from the Company. However, Intermediaries are permitted to offset any fee received from the Company against any amounts of fees which would be otherwise payable by an Underlying Applicant to that Intermediary.

#### *Information and communications*

The Intermediaries have agreed to give certain undertakings regarding the use of information provided to them in connection with the Intermediaries Offer. The Intermediaries have given certain undertakings regarding their role and responsibilities in the Intermediaries Offer and are subject to certain restrictions on their conduct in connection with the Intermediaries Offer, including in relation to their responsibility for information, communications, websites, advertisements and their communications with clients and the press.

#### *Representations and warranties*

The Intermediaries have given representations and warranties that are relevant for the Intermediaries Offer, and have agreed to indemnify the Company, the Investment Manager and the Sponsor against any loss or claim arising out of any breach by them of the Intermediaries Terms and Conditions or as a result of a breach of any duties or obligations under FSMA or under any rules of the FCA or any applicable laws or as a result of any breach by the Intermediary of any of its representations, warranties, undertakings or obligations contained in the Intermediaries Terms and Conditions.

#### *Governing law*

The Intermediaries Terms and Conditions are governed by the laws of England and Wales.

# TERMS AND CONDITIONS OF APPLICATION UNDER THE INITIAL PLACING AND/OR ANY SUBSEQUENT PLACING UNDER THE SHARE ISSUANCE PROGRAMME

## Introduction

1. Each person or entity who confirms its agreement (whether orally or in writing) to the Placing Agent to subscribe for New Shares under the Initial Placing or any Subsequent Placing will be bound by these terms and conditions and will be deemed to have accepted them and such confirmation (whether oral or in writing) will constitute an irrevocable, legally binding commitment upon that person or entity (who at that point will become a Placee) in favour of the Company and the Placing Agent to subscribe for New Shares on these terms and conditions.
2. The Company and/or the Placing Agent may require a Placee to agree to such further terms and/or conditions and/or give such additional warranties and/or representations as it/they (in its/their absolute discretion) see(s) fit and/or may require a Placee to execute a separate placing letter or placing confirmation (a “**Placing Letter**”).

## Agreement to subscribe for New Shares

3. A Placee agrees to become a member of the Company and agrees to subscribe for those New Shares (if any) allocated to it by the Placing Agent at the Initial Issue Price under the Initial Placing or at the relevant Share Issuance Programme Price under the relevant Subsequent Placing conditional on:
  - (i) the Company having sufficient Shareholder authorities in place to issue such New Shares;
  - (ii) a supplementary prospectus being published by the Company at the time of the relevant issue if required under the Prospectus Rules;
  - (iii) the relevant Share Issuance Programme Price being determined by the Board, in consultation with the Placing Agent;
  - (iv) Admission occurring in respect of the relevant New Shares; and
  - (v) the Placing Agreement becoming otherwise unconditional in all respects and not being terminated in accordance with its terms before Admission becomes effective.

To the fullest extent permitted by law, each Placee acknowledges and agrees that it will not be entitled to exercise any remedy of rescission at any time. This does not affect any other rights the Placee may have.

## Payment for New Shares

4. Each Placee must pay the relevant subscription price for the New Shares allocated to the Placee in the manner and by the time directed by the Placing Agent. If any Placee fails to pay as so directed and/or by the time required, the relevant Placee’s application for New Shares may, at the discretion of the Placing Agent, either be rejected or accepted and in the latter case paragraph 5 of the terms and conditions shall apply.
5. Each Placee is deemed to agree that if it does not comply with its obligation to pay the relevant subscription price for the New Shares allocated to it in accordance with paragraph 4 of these terms and conditions and the Placing Agent elects to accept that Placee’s application, the Placing Agent may sell all or any of the New Shares allocated to the Placee on such Placee’s behalf and retain from the proceeds, for the Placing Agent’s own account and profit, an amount equal to the aggregate amount owed by the Placee plus any interest due. The Placee will, however, remain liable for any shortfall below the aggregate amount owed by such Placee and it may be required to bear any tax or other charges (together with any interest or penalties) which may arise upon the sale of such New Shares on such Placee’s behalf.

## Representations and warranties

6. Each Placee that enters into a commitment to subscribe for New Shares will (for itself and any person(s) procured by it to subscribe for New Shares and any nominee(s) for any such person(s)) be deemed to agree, represent, warrant and acknowledge to each of the Company, the Investment Manager, the Placing Agent and the Registrar that:
  - 6.1. in agreeing to subscribe for New Shares under the Initial Placing and/or any Subsequent Placing, it is relying solely on this document and any supplementary prospectus issued by the Company and not on any other information given, or representation or statement made at any time, by any person concerning the Company or the Initial Placing and/or the Subsequent Placing. It agrees that none of the Company, the Investment Manager, the Placing Agent or the Registrar, nor any of their respective officers, agents, members or employees, will have any liability for any other information or representation. It irrevocably and unconditionally waives any rights it may have in respect of any other information or representation;
  - 6.2. it has not relied on any information relating to the Company contained in any research reports prepared by the Placing Agent, its affiliates (as defined in Rule 501(b) under the US Securities Act) or any person acting on their respective behalf in connection with its decision to invest in the Company and furthermore, it has not relied on the Placing Agent or any person affiliated with the Placing Agent in connection with any investigation of the accuracy of any information contained in this document;
  - 6.3. the content of this document is exclusively the responsibility of the Company and the Directors and apart from the liabilities and responsibilities, if any, which may be imposed on the Placing Agent under any regulatory regime, neither the Placing Agent nor any person acting on its behalf nor any of their respective affiliates makes any representation, express or implied, nor accepts any responsibility whatsoever for the contents of this document nor for any other statement made or purported to be made by them or on its or their behalf in connection with the Company, the New Shares or the Issues;
  - 6.4. if the laws of any territory or jurisdiction outside the United Kingdom are applicable to its agreement to subscribe for New Shares under the Initial Placing and/or any Subsequent Placing, it warrants that it has complied with all such laws, obtained all governmental and other consents which may be required, complied with all requisite formalities and paid any issue, transfer or other taxes due in connection with its application in any relevant territory or jurisdiction and that it has not taken any action or omitted to take any action which will result in the Company, the Investment Manager, the Placing Agent or the Registrar or any of their respective officers, agents, members or employees acting in breach of the regulatory or legal requirements, directly or indirectly, of any territory or jurisdiction outside the United Kingdom in connection with the Initial Placing and/or any Subsequent Placing;

  - 6.7. it is not, nor is it applying as nominee or agent for, a person who is or may be liable to notify and account for tax under the Stamp Duty Reserve Tax Regulations 1986 at any of the increased rates referred to in section 67, 70, 93 or 96 (depository receipts and clearance services) of the Finance Act 1986;
  - 6.8. it accepts that none of the Ordinary Shares have been or will be registered under the laws of the United States, Canada, Australia, Japan, the Republic of South Africa or any other jurisdiction where the availability of the Initial Placing and/or any Subsequent Placing would

- 6.9. it understands that the New Shares have not been and will not be registered under the US Securities Act or under the securities laws, or with any securities regulatory authority, of any state or other jurisdiction of the United States and that the Company has not been registered as an “investment company” under the US Investment Company Act;

- 6.12. in the case of any New Shares being acquired by a Placee as a financial intermediary within an EEA State (other than the United Kingdom) as that term is used in Article 3(2) of the Prospectus Directive 2003/71/EC: (a) the New Shares being acquired by it under the Initial Placing or any Subsequent Placing are not being acquired on behalf of, nor have they been acquired with a view to their offer or resale to, persons in any EEA State other than qualified investors, as that term is defined in the Prospectus Directive 2010/73/EU, or in circumstances in which the prior consent of the Placing Agent has been given to the offer or resale; or (b) where New Shares are being acquired by it on behalf of persons in any EEA State other than qualified investors, the offer of those New Shares to it is not treated under the Prospectus Directive as having been made to such persons;
- 6.13. if it is receiving the offer in circumstances under which the laws or regulations of a jurisdiction other than the United Kingdom would apply, it is a person to whom the New Shares may be lawfully offered under that other jurisdiction’s laws and regulations;

- 6.15. if it is outside the United Kingdom, neither this document nor any other offering, marketing or other material in connection with the Initial Placing and/or any Subsequent Placing constitutes an invitation, offer or promotion to, or arrangement with, it or any person whom it is procuring to subscribe for New Shares pursuant to the Initial Placing and/or any Subsequent Placing unless, in the relevant territory, such offer, invitation or other course of conduct could lawfully be made to it or such person and such documents or materials could lawfully be provided to it or such person and New Shares could lawfully be distributed to and subscribed and held by it or such person without compliance with any unfulfilled approval, registration or other regulatory or legal requirements;
- 6.16. if the Placee is a natural person, such Placee is not under the age of majority (18 years of age in the United Kingdom) on the date of such Placee’s application to subscribe for New Shares under the Initial Placing or the Subsequent Placing (as appropriate);
- 6.17. it has complied and will comply with all applicable provisions of the Criminal Justice Act 1993 and the Market Abuse Regulation with respect to anything done by it in relation to the Initial Placing or the Subsequent Placing, as appropriate, and/or the Ordinary Shares;

- 6.19. it represents, acknowledges and agrees to the representations, warranties and agreements as set out under the heading “United States purchase and transfer restrictions” in paragraph 7 below;

- 6.20. it has only communicated or caused to be communicated, and will only communicate or cause to be communicated, any invitation or inducement to engage in investment activity (within the meaning of section 21 of FSMA) relating to the New Shares in circumstances in which it is permitted to do so pursuant to section 21 of FSMA;
- 6.21. it acknowledges that neither the Placing Agent nor any of its respective affiliates nor any person acting on its or their behalf is making any recommendation to it, advising it regarding the suitability of any transactions it may enter into in connection with the Initial Placing and/or any Subsequent Placing or providing any advice in relation to the Initial Placing and/or any Subsequent Placing and participation in the Initial Placing and/or any Subsequent Placing is on the basis that it is not and will not be a client of the Placing Agent or any of its affiliates, and that the Placing Agent and its affiliates do not have any duties or responsibilities to it for providing the protections afforded to their respective clients or for providing advice in relation to the Initial Placing and/or any Subsequent Placing nor in respect of any representations, warranties, undertakings or indemnities required to be given by it in connection with its application under the Initial Placing and/or a Subsequent Placing (including those contained in any Placing Letter);

7.   - 7.1. it is not a US Person, it is not located in the US and it is acquiring the New Shares in an offshore transaction meeting the requirements of Regulation S and it is not acquiring the New Shares for the account or benefit of a US Person;
  - 7.2. it acknowledges that the New Shares have not been and will not be registered under the US Securities Act or with any securities regulatory authority of any state or other jurisdiction of the United States and may not be offered or sold in the United States or to, or for the account or benefit of, US Persons absent registration or an exemption from registration under the US Securities Act;
  - 7.3. it acknowledges that the Company has not registered under the US Investment Company Act and that the Company has put in place restrictions for transactions not involving any public offering in the United States, and to ensure that the Company is not and will not be required to register under the US Investment Company Act;
  - 7.4. no portion of the assets used to purchase, and no portion of the assets used to hold, the New Shares or any beneficial interest therein constitutes or will constitute the assets of (i) an "employee benefit plan" as defined in Section 3(3) of ERISA that is subject to Title I of ERISA; (ii) a "plan" as defined in Section 4975 of the Code, including an individual retirement account or other arrangement that is subject to Section 4975 of the Code; or (iii) an entity which is deemed to hold the assets of any of the foregoing types of plans, accounts or arrangements that is subject to Title I of ERISA or Section 4975 of the Code. In addition, if a Placee is a governmental, church, non-US or other employee benefit plan that is subject to any federal, state, local or non-US law that is substantially similar to the provisions of Title I of ERISA or Section 4975 of the Code, its purchase, holding, and disposition of the New Shares must not constitute or result in a non-exempt violation of any such substantially similar law;
  - 7.5. if in the future the Placee decides to offer, sell, transfer, assign or otherwise dispose of its New Shares, it will do so only in compliance with an exemption from the registration requirements of the US Securities Act and under circumstances which will not require the Company to register under the US Investment Company Act. It acknowledges that any sale, transfer, assignment, pledge or other disposal made other than in compliance with such laws and the above stated restrictions will be subject to the compulsory transfer provisions as provided in the Articles of Association;
  - 7.6. it is purchasing the New Shares for its own account or for one or more investment accounts for which it is acting as a fiduciary or agent, in each case for investment only, and not with a view to or for sale or other transfer in connection with any distribution of the New Shares in any manner that would violate the US Securities Act, the US Investment Company Act or any other applicable securities laws;

- 7.7. it acknowledges that the Company reserves the right to make inquiries of any holder of the New Shares or interests therein at any time as to such person's status under US federal securities laws and to require any such person that has not satisfied the Company that the holding by such person will not violate or require registration under US securities laws to transfer such New Shares or interests in accordance with the Articles of Association;
- 7.8. it acknowledges and understands that the Company is required to comply with FATCA and CRS and agrees to furnish any information and documents the Company may from time to time request, including but not limited to information required under FATCA or CRS;
- 7.9. it is entitled to acquire the New Shares under the laws of all relevant jurisdictions which apply to it, it has fully observed all such laws and obtained all governmental and other consents which may be required thereunder and complied with all necessary formalities and it has paid all issue, transfer or other taxes due in connection with its acceptance in any jurisdiction of the New Shares and that it has not taken any action, or omitted to take any action, which may result in the Company, the Investment Manager, the Placing Agent or their respective directors, officers, agents, employees and advisers being in breach of the laws of any jurisdiction in connection with the Placing or its acceptance of participation in the Placing;
- 7.10. it has received, carefully read and understands this Prospectus, and has not, directly or indirectly, distributed, forwarded, transferred or otherwise transmitted this Prospectus or any other presentation or offering materials concerning the New Shares to within the United States or to any US Persons, nor will it do any of the foregoing; and
- 7.11. if it is acquiring any New Shares as a fiduciary or agent for one or more accounts, the Placee has sole investment discretion with respect to each such account and full power and authority to make such foregoing representations, warranties, acknowledgements and agreements on behalf of each such account.
8. The Company, the Investment Manager, the Placing Agent, the Registrar and their respective directors, officers, agents, employees, advisers and others will rely upon the truth and accuracy of the foregoing representations, warranties, acknowledgments and agreements.
9. If any of the representations, warranties, acknowledgments or agreements made by the Placee are no longer accurate or have not been complied with, the Placee will immediately notify the Company and the Placing Agent.

#### **Supply and disclosure of information**

10. If the Placing Agent, the Investment Manager, the Company, the Registrar or any of their respective agents request any information in connection with a Placee's agreement to subscribe for New Shares under the Initial Placing and/or any Subsequent Placing or to comply with any relevant legislation, rule or regulation, such Placee must promptly disclose it to them.

#### **Miscellaneous**

11. The rights and remedies of the Company, the Placing Agent, the Investment Manager and the Registrar under these terms and conditions are in addition to any rights and remedies which would otherwise be available to each of them and the exercise or partial exercise of one will not prevent the exercise of others.
12. On application, if a Placee is a discretionary fund manager, that Placee may be asked to disclose in writing or orally the jurisdiction in which its funds are managed or owned. All documents provided by or on behalf of a Placee in connection with the Initial Placing and/or a Subsequent Placing (as applicable) will be sent at the Placee's risk. They may be returned by post to a Placee at the address notified by such Placee.
13. Each Placee agrees to be bound by the Articles once the New Shares, which the Placee has agreed to subscribe for pursuant to the Initial Placing and/or any Subsequent Placing, have been acquired by the Placee.
14. The contract to subscribe for New Shares under the Initial Placing and/or any Subsequent Placing and the appointments and authorities mentioned in this document will be governed by, and construed in accordance with, the laws of England and Wales. For the exclusive

benefit of the Company, the Placing Agent, the Investment Manager, the Registrar and the Sponsor, each Placee irrevocably submits to the jurisdiction of the courts of England and Wales in relation to all disputes and claims arising out of or in connection with the contract to subscribe for New Shares or its formation (including non-contractual disputes or claims) and waives any objection to proceedings in any such court on the ground of venue or on the ground that proceedings have been brought in an inconvenient forum. This does not prevent an action being taken against a Placee in any other jurisdiction.

15. The Placing Agent and the Company expressly reserve the right to modify the terms and conditions of, and arrangements in respect of, the Initial Placing and/or any Subsequent Placing (including, without limitation, their timetable and settlement) at any time before allocations are determined thereunder.
16. In the case of a joint agreement to subscribe for New Shares under the Initial Placing or a Subsequent Placing, references to a "Placee" in these terms and conditions are to each of the Placees who are a party to that joint agreement and their liability is joint and several.

  - 2.1. offer to subscribe the amount specified in Box 1 on your Application Form, or any smaller amount for which such application is accepted, for Ordinary Shares at the Initial Issue Price on the terms, and subject to the conditions, set out in this document, including these Terms and Conditions of Application, the guidance notes accompanying the Application Form, and the Company’s memorandum of association and the Articles, and agree to be bound by and adhere to the Company’s memorandum of association and the Articles as if you were directly a party to the same;
  - 2.2. agree that, in consideration for the Company agreeing that it will not prior to the date of Initial Admission offer any Ordinary Shares to any person other than by means of the procedures referred to in this document, your application may not be revoked until after 26 February 2018 (or such later date as the Company and its agents may agree). You agree that this paragraph constitutes an irrevocable collateral contract between you and the Company and its agents, which will become binding when your Application Form is posted or delivered by hand to the Receiving Agent, provided that you shall be entitled to revoke your application in the two working days following any publication by the Company of a supplementary prospectus relating to the Offer for Subscription and/or any Subsequent Offer for Subscription in accordance with section 87Q(4) of FSMA;
  - 2.3. undertake to pay (by cheque or banker’s draft or such other method of payment as may be agreed with the Company) the fixed sum specified on your Application Form (or such lesser amount in respect of which your application is accepted) in full on application and warrant that the remittance accompanying your Application Form will be honoured on first presentation and agree that if such remittance is not so honoured you will not be entitled to receive a share certificate for the Ordinary Shares applied for in certificated form or receive a credit to your CREST stock account in respect of the Ordinary Shares applied for in uncertificated form or to enjoy or receive any rights or distributions in respect of such Ordinary Shares unless and until you make payment in cleared funds for such Ordinary Shares and such payment is accepted by the Receiving Agent (which acceptance shall be in its absolute discretion and on the basis that you indemnify the Company and its agents against all costs, damages, losses, expenses and liabilities arising out of or in connection with the failure of your remittance to be honoured on first presentation) and the Company may (without prejudice to any other rights it may have) terminate or void the agreement to allocate Ordinary Shares to you, without liability to you, and may allocate them to some other person, in which case you will not be entitled to any refund or payment in respect thereof (other than the refund to you, by a cheque drawn on a branch of a UK clearing bank to the bank account name from which they were received at your risk or direct to the

- account of the bank or building society on which the relevant cheque or banker's draft was drawn, of any proceeds of the remittance which accompanied your Application Form and which is received by the Receiving Agent in cleared funds, without interest);
- 2.4. agree that, where a request is made on your Application Form for Ordinary Shares to be deposited into a CREST stock account (a) the Receiving Agent may in its absolute discretion amend the form so that such Ordinary Shares may be issued in certificated form registered in the name(s) of the holder(s) specified in your Application Form (and you recognise that the Receiving Agent will so amend the form if there is any delay in satisfying the identity of the owner of the CREST stock account); and (b) the Receiving Agent, the Company or the Placing Agent may authorise your financial adviser or whoever he or she may direct to send a document of title for the number of Ordinary Shares for which your application is accepted, and/or a crossed cheque for any monies returnable, by post at your risk to your address set out on your Application Form;
- 2.5. agree, in respect of applications for Ordinary Shares in certificated form (or where the Receiving Agent exercises its discretion pursuant to paragraph 2.4 above to issue Ordinary Shares in certificated form), that any share certificate to which you may become entitled (and moneys returnable to you) may be retained, without interest, by the Receiving Agent:
- 2.5.1. pending clearance of your remittance;
- 2.5.2. pending investigation of any suspected breach of the warranties contained in paragraph 2.9 and/or paragraph 10 below or any other suspected breach of these Terms and Conditions of Application; or
- 2.5.3. pending any verification of identity (to the satisfaction of the Company and its agents, including as may concern the manner in which its or their identification documents are to be certified) which is, or which the Company and its agents consider may be, required for the purposes of compliance with the prevailing anti-money laundering, anti-terrorism and contributing to the financing of criminal activities legislation, regulations and procedures in force from time to time in the United Kingdom (the "**CDD Rules**");
- 2.6. agree that any error in the register of members of the Company arising as a result of your remittance not being honoured on first presentation or as a result of any other error in connection with your application for Ordinary Shares, or as a result of termination of any agreement to allocate Ordinary Shares pursuant to paragraphs 2.3 or 2.8 of these Terms and Conditions of Application may be rectified and, in addition and without prejudice to the foregoing, you hereby irrevocably authorise the Company, or any person appointed by it for this purpose, to execute on your behalf any instrument of transfer which may be necessary to effect any re-allocation or sale of Ordinary Shares to any other person arising as a result of the foregoing. The right to rectify the register of members of the Company, and/or the power to re-allocate or sell Ordinary Shares contained in this paragraph, are in addition to any other rights, powers and remedies which would otherwise be available to the Company in the event of a breach by you of these Terms and Conditions of Application;
- 2.7. agree, on the request of the Company or any of its agents, to disclose promptly in writing to any of them such information as the Company or its agents may request in connection with your application and you agree that information relating to applications will be retained by the Receiving Agent in connection with the Offer for Subscription and/or any Subsequent Offer for Subscription and may be disclosed as contemplated by the CDD Rules;
- 2.8. agree that if evidence of identity satisfactory to the Company and its agents is not provided to the Company or its agents within a reasonable time (in the opinion of the Company) following a request therefor, any agreement with you to allocate Ordinary Shares may be terminated by the Company or the Receiving Agent and, in such case, the Ordinary Shares which would otherwise have been allocated to you may be re-allocated or sold to some other party and the lesser of your application monies and the proceeds of such sale (as the case may be, with the proceeds of any gain derived from a sale accruing to the Company) will be returned by a cheque drawn on a branch of a UK clearing bank to the bank account name on which the remittance accompanying your application was drawn without interest and at your risk or direct to the account of the bank or building society on which the relevant cheque or banker's draft was drawn;

- 2.9. warrant and confirm that:
  - 2.9.1. you are not, and you are not applying on behalf of, a person engaged in money laundering;
  - 2.9.2. none of the monies or assets transferred or to be transferred to (or for the account of) the Company and its agents for the purposes of the subscription are or will be the proceeds of criminal activities; and
  - 2.9.3. you are not a prohibited individual or entity or resident in a prohibited country or territory listed on the United States Department of the Treasury's Office of Foreign Assets Control ("**OFAC**") website and that you are not directly or indirectly affiliated with any country, territory, individual or entity named on an OFAC list or prohibited by any OFAC sanctions programmes;
- 2.10. undertake to ensure that, in the case of an Application Form being signed by someone other than the Applicant, the original of the relevant power of attorney or other authority (or a complete copy certified by a solicitor or a bank) is enclosed with your Application Form;
- 2.11. undertake to pay interest at the rate prescribed in paragraph 6 below if the remittance accompanying your Application Form is not honoured on first presentation;
- 2.12. authorise the Receiving Agent on behalf of the Company to send definitive certificates in respect of the number of Ordinary Shares for which your application is accepted, and/or a crossed cheque for any monies returnable, by post to your address as set out in your Application Form or direct to the account of the bank or building society on which the relevant cheque or banker's draft was drawn;
- 2.13. confirm that you have read and complied with paragraphs 23 and 24 of these Terms and Conditions of Application; and
- 2.14. agree that your Application Form is addressed to the Company and its agents.
3. Any application may be rejected in whole or in part at the sole discretion of the Company.

#### **Acceptance of your offer**

4. You agree that acceptance of your offer to subscribe, if your application is validly received (or treated as valid), processed (and not rejected) and provided that it is not rejected subsequently as a result of a failure by you to comply with these Terms and Conditions of Application, shall be constituted at the election of the Company, after consultation with the Placing Agent, either:
  - 4.1. by notifying the London Stock Exchange of the basis of allocation (in which case the acceptance will be on that basis); or
  - 4.2. by notifying acceptance to the Receiving Agent.
5. The Company and its agents reserve the right to treat as valid any application not complying fully with these Terms and Conditions of Application or not in all respects completed or delivered in accordance with the instructions accompanying the Application Form. The Company and its agents reserve the right to waive in whole or in part any of the provisions of these Terms and Conditions of Application, either generally or in respect of one or more applications. In particular, but without limitation, the Company may accept an application made otherwise than by completion of an Application Form where you have agreed in some other manner satisfactory to the Company and its agents to apply in accordance with these Terms and Conditions of Application.
6. The right is reserved to present all cheques for payment on receipt by the Receiving Agent and to retain documents of title and surplus application monies pending clearance of successful Applicants' cheques. The Company or its agents may require you to pay interest or its/their other resulting costs (or both) if the cheque accompanying your application is not honoured on first presentation. If you are required to pay interest you will be obliged to pay the amount determined by the Company to be the interest on the amount of the cheque from the date on which the basis of allocation under the Offer for Subscription and/or any Subsequent Offer for Subscription is publicly announced, until the date of receipt of cleared funds. The rate of interest will be the then published bank base rate of a clearing bank selected by the Company plus two per cent. per annum.

8. The contracts created by the acceptance of applications (in whole or in part) under any Subsequent Offer for Subscription will be conditional upon, in addition to any other conditions set out in this document, (i) the Admission of the New Shares to be issued under the Subsequent Offer for Subscription to the Official List and to trading on the Main Market (ii) a valid supplementary prospectus being published by the Company if such is required by the Prospectus Rules and the Placing Agreement becoming unconditional in all respects (save for any condition relating to Subsequent Admission) and not having been terminated on or before Subsequent Admission. The Company expressly reserves the right to determine, at any time prior to Subsequent Admission, not to proceed with any Subsequent Offer for Subscription.
9. You will not be entitled to exercise any remedy of rescission for innocent misrepresentation (including pre-contractual representations) at any time after acceptance (in whole or in part) of your application. This does not affect any other rights you may have.

## Return of application monies

10. If any application is not accepted, or is accepted in part only, or if any contract created by acceptance does not become unconditional, the application monies or, as the case may be, the balance of the amount paid on application will be returned without interest in Sterling by returning your cheque, or by crossed cheque in your favour, by post at the risk of the person(s) entitled thereto or direct to the account of the bank or building society on which the relevant cheque or banker's draft was drawn. In the meantime, application monies will be retained by the Receiving Agent in a separate account.

## Warranties

11. By completing an Application Form, you:
  - 11.1. warrant and undertake that, if you sign the Application Form on behalf of somebody else or on behalf of a corporation, you have due authority to do so on behalf of that other person and that such other person will be bound accordingly and will be deemed also to have given the confirmations, acknowledgements, warranties and undertakings contained in these Terms and Conditions of Application and undertake to enclose your power of attorney or other authority or a complete copy thereof duly certified by a solicitor or a bank;

#### **Allocations**

12. The basis of allocation under the Offer for Subscription and/or any Subsequent Offer for Subscription will be determined at the sole discretion of the Company (in consultation with the Placing Agent). The right is reserved, notwithstanding such basis, to reject in whole or in part and/or scale down any application.

#### **Miscellaneous**

13. To the fullest extent permitted by law, all representations, warranties and conditions, express or implied and whether statutory or otherwise (including, without limitation, pre-contractual representations but excluding any fraudulent representations), are expressly excluded in relation to the Ordinary Shares, the Offer for Subscription and/or any Subsequent Offer for Subscription.
14. The rights and remedies of the Company and its agents under these Terms and Conditions of Application are in addition to any rights and remedies which would otherwise be available to any of them, and the exercise or partial exercise of one will not prevent the exercise of others.
15. You agree that the Placing Agent and the Receiving Agent are acting for the Company in connection with the Offer for Subscription and/or any Subsequent Offer for Subscription and for no-one else and that they will not treat you as their client by virtue of your application being accepted nor owe you any duties or responsibilities concerning the price of Ordinary Shares or concerning the suitability of Ordinary Shares for you or otherwise in relation to the Offer for Subscription and/or any Subsequent Offer for Subscription.

16. You irrevocably authorise each of the Company and the Receiving Agent or any person authorised by any of them, as your agent, to do all things necessary to effect registration of any Ordinary Shares subscribed by or issued to you in your name and authorise any representatives of the Company and/or the Receiving Agent to execute and/or complete any document required therefor and to enter your name on the register of members of the Company.
17. You agree that it is a condition of application that any information supplied by an Applicant or on his behalf or derived from the processing thereof may be used by the Receiving Agent or the Company and/or disclosed to the Company, its agents or advisers in connection with and for the purposes of the Offer for Subscription and/or any Subsequent Offer for Subscription and, for the purposes of the Data Protection Act 1998 (or any statutory modification or substitutions), you provide your consent to the use and disclosure of such information.
18. You agree that a failure to receive, process or accept your application for Ordinary Shares does not give rise to any right of action by any person against the Company, the Placing Agent, the Sponsor, the Investment Manager, the Receiving Agent or any other person. You agree that the non-receipt by any person of this document or any other related document shall not invalidate the Offer for Subscription and/or any Subsequent Offer for Subscription in whole or in part or give rise to any right of action by any person against the Company, the Placing Agent, the Sponsor, the Investment Manager, the Receiving Agent or any other person.
19. You agree that all applications, acceptances of applications and contracts resulting therefrom under the Offer for Subscription and/or any Subsequent Offer for Subscription and any non-contractual obligations existing under or in connection therewith shall be governed by and construed in accordance with English law and that, for the benefit of the Company, the Placing Agent, the Sponsor, the Investment Manager and the Receiving Agent, you submit to the non-exclusive jurisdiction of the English courts and agree that nothing shall limit the right of the Company, the Placing Agent, the Investment Manager, the Receiving Agent or their respective agents or advisers to bring any action, suit or proceedings arising out of or in connection with any such applications, acceptances of applications and contracts in any other manner permitted by law or in any court of competent jurisdiction.
20. Completed Application Forms in relation to the Offer for Subscription, together with payment, must be returned so as to be received by post to the Receiving Agent at Equiniti Limited, Corporate Actions, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA or by hand (during normal business hours) to Equiniti Limited, Corporate Actions, Aspect House, Spencer Road, Lancing, West Sussex BN99 6DA no later than 1.00 p.m. on 26 February 2018. An Application Form which is sent by post or delivered by hand (as described above) will be treated as having been received only when it is received by the Receiving Agent. The Company reserves the right to extend the closing time and/or date of the Offer for Subscription. If such right is exercised, the new closing time and/or date will be notified through a Regulatory Information Service. Please note that no receipt will be provided if Application Form is delivered by hand.
21. The Company may terminate the Offer for Subscription and/or any Subsequent Offer for Subscription in its absolute discretion at any time prior to the relevant Admission. If such right is exercised, the Offer for Subscription and/or any Subsequent Offer for Subscription will lapse and any monies will be returned as indicated without interest at the risk of the relevant Applicant.

### **Money laundering**

22. You agree that, in order to ensure compliance with the CDD Rules, the Receiving Agent may at its absolute discretion require, and you will provide, evidence which is satisfactory to the Receiving Agent to establish your identity or that of any person on whose behalf you are acting or from whom payment has been received in connection with your application and/or your status. Without prejudice to the generality of the foregoing such evidence may be required if you either:

- 22.1. tender payment by way of banker's draft or cheque or money order drawn on an account in the name of another person or person(s) (in which case verification of your identity and such person(s) may be required); or
- 22.2. appear to the Receiving Agent to be acting on behalf of some other person(s) (in which case verification of identify of any person(s) on whose behalf you appear to be acting may be required).

Failure to provide the necessary evidence of identity (in a manner satisfactory to the Company and its agents, including in respect of the manner of its certification) may result in application(s) being rejected or delays in the authorisation of application(s) or despatch of documents or CREST accounts being credited.

23. Without prejudice to the generality of paragraph 21 above, verification of the identity of Applicants may be required if the total subscription price of the Ordinary Shares applied for, whether in one or more applications, exceeds £13,300 (approximately equivalent to €15,000). If in such circumstances you use a building society cheque, banker's draft or money order, you should ensure that the bank or building society enters the name, address and account number of the person whose account is being debited on the reverse of the cheque, banker's draft or money order and adds its stamp. If in such circumstances, you use a cheque drawn by a third party, you may be requested to provide a copy of the third party's passport or driving licence certified by a solicitor or a recent original bank or building society statement or utility bill in the third party's name and showing their current address (which originals will be returned by post at the Applicant's risk).

#### **Non UK investors**

24. If you receive a copy of this document or an Application Form in any territory other than the United Kingdom you may not treat it as constituting an invitation or offer to you, nor should you, in any event, use an Application Form unless, in the relevant territory, such an invitation or offer could lawfully be made to you or an Application Form could lawfully be used without contravention of any registration or other legal requirements. It is your responsibility, if you are outside the United Kingdom and wish to make an application for Ordinary Shares under the Offer for Subscription and/or any Subsequent Offer for Subscription, to satisfy yourself that you have fully observed the laws of any relevant territory in connection with your application, including obtaining any requisite governmental or other consents, observing any other formalities requiring to be observed in such territory and paying any issue, transfer or other taxes required to be paid in such territory. The Company reserves the right, in its absolute discretion, to reject any application received from outside the United Kingdom.
25. The Ordinary Shares have not been and will not be registered under the securities laws or regulations, or with any securities regulatory authority, of the United States, Canada, Australia, Japan, the Republic of South Africa or any other Restricted Jurisdiction. Accordingly, the Ordinary Shares may not be offered, sold or delivered, directly or indirectly, in, into or from the United States, Canada, Australia, Japan, the Republic of South Africa or any other Restricted Jurisdiction except in reliance on, or in a transaction not subject to, the registration requirements under such laws or regulations. If you subscribe for Ordinary Shares in the Offer for Subscription and/or any Subsequent Offer for Subscription you will, unless the Company agrees otherwise in writing, be deemed to represent and warrant to the Company and its agents that you are not in, or a resident of, the United States, Canada, Australia, Japan, the Republic of South Africa or any other Restricted Jurisdiction and that you are not subscribing for such Ordinary Shares for the account of any person who is in, or a resident of, the United States, Canada, Australia, Japan, the Republic of South Africa or any other Restricted Jurisdiction, and you will not offer, sell, renounce, transfer or deliver, directly or indirectly, any of the Ordinary Shares in or into any such jurisdiction or to any person who is in, or a resident of, any such jurisdiction. No application will be accepted if it bears an address in the United States, Canada, Australia, Japan or the Republic of South Africa, or otherwise where there is cause to believe you are in the United States, Canada, Australia, Japan or the Republic of South Africa.

**Definitions used in these Terms and Conditions of Application**

26. Save where the context requires otherwise, terms used in these Terms and Conditions of Application bear the same meaning as used in this document.

### 4. Settlement

#### *Payments by cheque or banker's draft*

Your payment must relate solely to this application. No receipt will be issued.

Payments must be made by cheque or banker's draft in Sterling drawn on a branch in the United Kingdom of a bank or building society which is either a member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited or which has arranged for its cheques or banker's drafts to be cleared through the facilities provided for members of any of these companies. Such cheques or banker's drafts must bear the appropriate sort code in the top right hand corner. Third party cheques may not be accepted with the exception of building society cheques or banker's drafts where the building society or bank has inserted details of the name of the account holder and have either added the building society or bank branch stamp or have provided a supporting letter confirming the source of funds. Post-dated cheques will not be accepted.

The account name should be the same as that shown on the application.

#### *Payments by electronic transfer*

If you wish to pay by electronic transfer, payments must be made by CHAPS or SWIFT in Sterling. Payments must be made for value by 11.00 a.m. on 26 February 2018. Please contact the Receiving Agent by email at [offer@equiniti.com](mailto:offer@equiniti.com) for full bank details. The Receiving Agent will then provide you with a unique reference number which must be used when sending payment. The reference number must also be inserted in section 4(b) of the Application Form. By clearly writing the Reference Number on the Application Form this will enable the Receiving Agent to link the payments.

#### *CREST settlement*

The Company will apply for the Ordinary Shares issued pursuant to the Offer for Subscription in uncertificated form to be enabled for CREST transfer and settlement with effect from Initial Admission (the "**Settlement Date**"). Settlement of transactions in those Ordinary Shares will normally take place within the CREST system.

The Application Form contains details of the information which the Receiving Agent will require from you in order to settle your commitment within CREST, if you so choose. If you do not provide

any CREST details or if you provide insufficient CREST details for the Receiving Agent to match to your CREST account, the Receiving Agent will deliver your Ordinary Shares in certificated form provided payment has been made in terms satisfactory to the Company.

The right is reserved to issue your Ordinary Shares in certificated form should the Company, having consulted with the Receiving Agent, consider this to be necessary or desirable. This right is only likely to be exercised in the event of any interruption, failure or breakdown of CREST or any part of CREST or on the part of the facilities and/or system operated by the Receiving Agent in connection with CREST.

The person named for registration purposes in your Application Form (which term shall include the holder of the relevant CREST account) must be: (a) the person procured by you to subscribe for or acquire the relevant Ordinary Shares; or (b) yourself; or (c) a nominee of any such person or yourself, as the case may be. Neither the Receiving Agent nor the Company will be responsible for any liability to stamp duty or stamp duty reserve tax resulting from a failure to observe this requirement. The Receiving Agent, on behalf of the Company, will input a DVP instruction into the CREST system according to the booking instructions provided by you in your Application Form. The input returned by you or your settlement agent/custodian of a matching or acceptance instruction to that CREST input will then allow the delivery of your Ordinary Shares to your CREST account against payment of the Initial Issue Price through the CREST system upon the Settlement Date.

By returning the Application Form you agree that you will do all things necessary to ensure that you or your settlement agent/custodian's CREST account allows for the delivery and acceptance of Ordinary Shares to be made prior to 8.00 a.m. on 2 March 2018 against payment of the Initial Issue Price. Failure by you to do so will result in you being charged interest at a rate equal to the London Inter-Bank Offered Rate for seven day deposits in Sterling plus two per cent. per annum.

The Receiving Agent will contact you via email to confirm your allocation and provide you with the relevant details which you will need to input by no later than 1.00 p.m. on 1 March 2018. Ensure you provide an email contact address in Box 2 of the Application Form.

To ensure that you fulfil this requirement it is essential that you or your settlement agent/custodian follow the CREST matching criteria set out below:

Trade date: 28 February 2018

Settlement date: 2 March 2018

Company: JPMorgan Multi-Asset Trust plc

Security description: Ordinary Shares of one penny each

SEDOL: BFWJTT1

ISIN: GB00BFWJTT14

Equiniti Limited Counter party details:

Participant ID: 6RA75

Member account ID: RA276901

Should you wish to settle by delivery versus payment method ("DVP"), you will need to match your instructions to the Receiving Agent's participant ID: 6RA75 Member Account ID: RA276901 by no later than 1.00 p.m. on 1 March 2018.

You must also ensure that you or your settlement agent/custodian has a sufficient "debit cap" within the CREST system to facilitate settlement in addition to your/its own daily trading and settlement requirements.

In the event of late CREST settlement, the Company, after having consulted with the Receiving Agent, reserves the right to deliver Ordinary Shares outside CREST in certificated form provided payment has been made in terms satisfactory to the Company and all other conditions in relation to the Offer for Subscription have been satisfied.

#### *General*

Applications with a value of €15,000 or greater (or its Sterling equivalent, being approximately £13,300), which are to be settled by way of a third party payment, e.g. banker's draft, building society cheque or a cheque drawn by someone other than the applicant, will be subject to the United Kingdom's verification of identity requirements which are contained in the Money Laundering

Regulations 2017. In order to ensure compliance with the Money Laundering Regulations the Company (or any of its agents) may require at its absolute discretion such evidence in respect of any application which is satisfactory to it to establish your identity or that of any person on whose behalf you are acting and/or your status.

Where an electronic transfer is being made over the €15,000 (or its Sterling equivalent, being approximately £13,300) threshold by CHAPS the investor should also supply their bank statement to show where the sources of funds have been sent from. If the investment is £50,000 or more in Sterling, the investor must also provide a certified copy of their passport and a recent bank statement. No receipt in respect of electronic payments or acknowledgement of Applications will be issued.
