Tax-Exempt Income Distributions: Exemptions from Federal and State Taxes

Please note tax-exempt income dividends paid by the tax-free funds in 2016 are exempt from Federal Income Tax and will be reported on Form 1099-DIV. While still exempt from Federal Income Tax, such amounts will be reported to the Internal Revenue Service. Box 10 of the Form 1099-DIV shows your tax-exempt income dividends.

A portion of your 2016 income distributions may also be exempt from state income tax. You will need to utilize the state-specific percentages presented in the "2016 Tax-Exempt Income Distribution Information" table to determine this amount. Please consult your tax advisor regarding the tax status of fund distributions in your state.

In addition, check with your tax advisor to see if your state exempts interest earned from U.S. possessions, such as Puerto Rico.

Important Alternative Minimum Tax Information

The percentage of your total 2016 tax-exempt income dividends subject to the Alternative Minimum Tax is shown under "Amount Subject to AMT" at the bottom of the "2016 Tax-Exempt Income Distribution Information" table. In addition, any tax-exempt income distributions subject to the AMT are shown in Box 11 of your 1099-DIV.

Important State Tax Information

Depending on the state in which you reside, you may be able to deduct the interest earned on selected government securities from your state income tax return. (Government securities held in your fund in 2016 earned interest that was subsequently paid to you in the form of income dividends.) If the tax law of your state of residence provides an exemption, multiply the ordinary dividends reported in Box 1a of Form 1099-DIV by the respective percentage shown in the "2016 Taxable Investment Income" table.

100% U.S. Treasury Securities Money Market Fund, Federal Money Market Fund, Short Duration Bond Fund, and Treasury & Agency Fund have met the quarterly 50% asset test threshold requirements of California, Connecticut and New York.

To determine the tax status of distributions in your state, consult your tax advisor.

Foreign Tax Credits

Some of the J.P.Morgan Funds made an election, which may allow you to receive the benefit of a foreign tax credit with respect to foreign taxes paid by the funds. As a result of making this election, monies that were paid out by the funds as foreign taxes must be included in calculating gross income. Foreign taxes paid are shown in Box 6 of your Form 1099-DIV. Accordingly, the total ordinary dividends reported in Box 1a of Form 1099-DIV includes dividends paid plus foreign taxes paid. In computing your U.S. income tax liability, you may be entitled to either a foreign tax credit or an itemized deduction for the foreign taxes paid. Generally, it will be more advantageous to claim this amount as a credit. If you are required to file Form 1116, Foreign Tax Credit, Foreign Source Income and Foreign Qualified Dividend Income can be calculated by multiplying the amount in Box 1a of Form 1099-DIV by the respective percentages shown in the "2016 Foreign Source Income Percentages" table. Please contact your tax advisor for further information.
