We appreciate the trust you have placed in us and look forward to serving your investment needs in the future.

## **Tax-Exempt Income Distributions: Exemptions from Federal and State Taxes**

Please note tax-exempt income dividends paid by the tax-free funds are exempt from Federal Income Tax and will be reported on Form 1099-DIV. While still exempt from Federal Income Tax, such amounts will be reported to the Internal Revenue Service. Box 11 of the Form 1099-DIV shows your tax-exempt income dividends.

A portion of your income distributions may also be exempt from state income tax. You will need to utilize the state-specific percentages presented in the "Tax-Exempt Income Distribution Information" table to determine this amount. Please consult your tax advisor regarding the tax status of fund distributions in your state.

In addition, check with your tax advisor to see if your state exempts interest earned from U.S. possessions, such as Puerto Rico.

## **Important Alternative Minimum Tax Information**

The percentage of your total tax-exempt income dividends subject to the Alternative Minimum Tax is shown under "Amount Subject to AMT" at the bottom of the "Tax-Exempt Income Distribution Information" table. In addition, any tax-exempt income distributions subject to the AMT are shown in Box 12 of your 1099-DIV.

## **Important State Tax Information**

Depending on the state in which you reside, you may be able to deduct the interest earned on selected government securities from your state income tax return. (Government securities held in your fund earned interest that was subsequently paid to you in the form of ordinary dividends.) If the tax law of your state of residence provides an exemption, multiply the ordinary dividends reported in Box 1a of Form 1099-DIV by the respective percentage shown in the "Taxable Investment Income" table.

100% U.S. Treasury Securities Money Market Fund and Federal Money Market Fund have met the quarterly 50% asset test threshold requirements of California, Connecticut and New York.

To determine the tax status of distributions in your state, consult your tax advisor.

## **Foreign Tax Credits**

Some of the J.P. Morgan Funds made an election, which may allow you to receive the benefit of a foreign tax credit with respect to foreign taxes paid by the funds. As a result of making this election, monies that were paid out by the funds as foreign taxes must be included in calculating gross income. Foreign taxes paid are shown in Box 7 of your Form 1099-DIV. Accordingly, the total ordinary dividends reported in Box 1a of Form 1099-DIV includes dividends paid plus foreign taxes paid. In computing your U.S. income tax liability, you may be entitled to either a foreign tax credit or an itemized deduction for the foreign taxes paid. Generally, it will be more advantageous to claim this amount as a credit. If you are required to file Form 1116, Foreign Tax Credit, Foreign Source Income and Foreign Qualified Dividend Income can be calculated by multiplying the amount in Box 1a of Form 1099-DIV by the respective percentages shown in the "Foreign Source Income Percentages" table. Please contact your tax advisor for further information.

## **Corporate Dividends Received Deduction and Section 163(j) Interest Related Dividends**

Corporate shareholders should note that a percentage of ordinary dividends (including short-term capital gains) is eligible for the corporate dividends received deduction. Additionally, a portion of the dividends may be designated as Section 163(j) Interest Related Dividends. The percentages are presented in the "Corporate Dividends Received Deduction" and "Section 163(j) Interest Related Dividends" tables.
