## Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

- 14** Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ► During the fiscal year ended February 28, 2025, JPMorgan Global Bond Opportunities Fund paid distributions to shareholders in excess of earnings and profits, resulting in a return of capital to shareholders. (See Attachment)
- 15** Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ► Return of capital decreases a shareholder's tax basis in their shares. Return of capital distributions in excess of a shareholder's tax cost basis results in capital gains. (See Attachment)
- 16** Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ► JPMorgan Global Bond Opportunities Fund does not have sufficient earnings and profits as described in Internal Revenue Code Section 316 to treat the entire amount of its distributions paid as dividends. Accordingly, a portion of the per share distributions are return of capital distributions. (See Attachment)
