
JPMorgan Funds – US Technology Fund

Investment Policy change

With effect from 14th January 2021, the investment policy for the above Sub-Fund has been amended to better reflect current industry terminology.

The term ‘telecommunications’ has been replaced with ‘communication services’. The ‘telecommunications’ sector no longer exists in the S&P Global Industry Classification Standard sector classification as a standalone industry or sector and is now included in the ‘communication services’ sector.

The investment policy has also been updated to reflect that investments may include but are not limited to technology, media and communications services sectors. The technology segment has broadened out considerably in recent years and many new technology companies exist outside the technology sector as defined by index classifications such as S&P GICs or Russell as well as the traditional TMT (telecom, media, technology) space.

There is no change to how the Sub-Fund is managed and these changes will not materially affect the risk profile of the Sub-Fund.

The Singapore Offering Documents will be updated at the next available opportunity to reflect the change.

If you have any questions about this change or any other aspect of JPMorgan Funds, please contact your bank or financial adviser. For intermediaries, please contact your J.P. Morgan representative or call our Singapore Client Service Hotline at (65) 6882 1328.
