

A Message from Your Fund's Board

Dear Shareholder,

This is to notify you that the JPMorgan Funds – Global Equity Fund ("Merging Sub-Fund") in which you own shares will be merged into the JPMorgan Funds – Global Research Enhanced Index Equity Fund ("Receiving Sub-Fund").

The reason for the merger and your three options are explained below. Please take a moment to review the important information below. If you still have questions, please contact us at the registered office or your local representative.

Jacques Elvinger *For and on behalf of the Board*

Sub-fund merger – option to take action ends 19th July 2022 at 14.30 CET

Reason for merger The Board believes that the Merging Sub-Fund has limited prospects for growth in the future and it would be in the shareholders' interests to merge it into a larger fund with stronger growth potential. This growth can lead to economies of scale with the potential for lower fund expenses.

Merger timeline and impact

This section outlines key information relating to the merger. Further information is contained in the detailed sub-fund comparison that follows as well as in the relevant prospectus and KIIDs. We advise you to read carefully the KIID of the Receiving Sub-Fund, which is enclosed with this letter.

Key Dates

19 July 2022 at 14.30 CET

Deadline for receiving all dealing instructions.

22 July 2022

Merger occurs; shares exchanged.

25 July 2022

New shares available for dealing.

When the merger transaction occurs, all assets, liabilities and any income in your sub-fund will be transferred to the Receiving Sub-Fund, and your sub-fund will cease to exist.

All shares remaining in your sub-fund at the merger date are exchanged free of charge for shares in the equivalent share class of the Receiving Sub-Fund, except for the D share class which is not available in the Receiving Sub-Fund. Therefore, shareholders in the D share class of the Merging Sub-Fund will receive at the merger date shares in the A share class of the Receiving Sub-Fund.

The exchange ratio used to determine the number of shares to be allocated in the Receiving Sub-Fund is calculated by dividing the respective net asset value per share of each share class in the Merging Sub-Fund (exceptionally rounded to 6 decimal places for the purposes of the merger) by the net asset value per share of the share class of the Receiving Sub-Fund. The exchange ratio is rounded to 7 decimal places. The calculation of the exchange ratio will be validated and documented in the merger report prepared by the Company auditors, PricewaterhouseCoopers, société cooperative ("PwC Luxembourg"), that will be available to you upon request.

The total value of the shares you own in your sub-fund and the new shares you receive in the Receiving Sub-Fund will be the same, subject to rounding adjustments, but you may receive a different number of shares.

Impact

Key differences in investment policy between your sub-fund and the Receiving Sub-Fund

- The Receiving Sub-Fund is an enhanced index strategy fund which is actively managed to its benchmark, seeking to provide a return above the benchmark by delivering an index-like portfolio that exploits stock specific insights. Its portfolio has similar risk characteristics of the portfolio of securities in the benchmark. Therefore, the Receiving Sub-Fund will bear a much closer resemblance to the benchmark.
- The investment process of the Receiving Sub-Fund uses a fundamental, research driven approach and differs from the Merging Sub-Fund which uses a combination of fundamental and quantitative analysis.
- The Receiving Sub-Fund has a more diverse portfolio of stocks than the Merging Sub-Fund.
- The Receiving Sub-Fund is not expected to invest in emerging markets while the Merging Sub-Fund invests in such type of countries.
- The Merging Sub-Fund's base currency is USD and the Receiving Sub-Fund's base currency is EUR, however you will receive shares in the Receiving Sub-Fund that are valued in the same currency as your current share class in your sub-fund.

Potential benefits

- Shareholders will benefit from investing in a sub-fund with better prospects for stronger growth in assets in the future and as such may potentially benefit from economies of scale.
- Shareholders will benefit from a lower Annual Management and Advisory Fee and lower Operating and Administrative Expenses (max) in the Receiving Sub-Fund.

Potential drawbacks

- The Receiving Sub-Fund has a low active risk approach with lower risk adjusted returns.
- One-time expenses associated with transaction costs will be borne by your sub-fund.
- On the merger date, and during the two business days before that, you will not be able to subscribe for, switch or redeem shares in your sub-fund.

Other considerations	<ul style="list-style-type: none"> • D share class will not be available in the Receiving Sub-Fund. Therefore, shareholders in the D share class of the Merging Sub-Fund will receive shares in the A share class of the Receiving Sub-Fund. This may have tax consequences and you may want to review your options with your tax adviser and your financial adviser. • Your sub-fund will not bear any additional legal, advisory or administrative costs associated with the merger. • The portfolio of your sub-fund somewhat resembles that of the Receiving Sub-Fund, however, some rebalancing of the assets will be required and all or part of your sub-fund's assets may be held in cash for a short period in preparation for the merger resulting in your sub-fund having less market exposure which will have a positive or negative impact on performance. It is expected that such portfolio rebalancing will commence no earlier than 10 business days prior to the merger date. • Performance information for your sub-fund and the Receiving Sub-Fund can be found in the relevant KIID or factsheet which is available from the document library at www.jpmorganassetmanagement.lu.
