

JPMorgan Funds - Global Natural Resources Fund

Change of Benchmark

With effect from 17 April 2023, S&P Dow Jones Indices became the benchmark administrator for the EMIX Global Mining & Energy Index (Total Return Net) ("Existing Benchmark"), for the Sub-Fund.

As a consequence of this change, on 31 July 2023 the Existing Benchmark will be discontinued and replaced by the S&P Global Mining & Energy Index ("New Benchmark") which is closest in composition to the Existing Benchmark.

As with the Existing Benchmark, the New Benchmark will continue to reflect the main investment universe and strategy for the Fund and will be used for performance comparison only.

Following the implementation of the New Benchmark there will be no changes to the way the Sub-Fund is managed and no change to the Sub-Fund's risk profile.
