JPMorgan Funds – Emerging Markets Sustainable Equity Fund

Update to the main investment exposure to reflect that that the Sub-Fund excludes the bottom 25% (previously 20%) of securities from its investable universe based on its ESG criteria.

The update is required for the Sub-Fund to retain the 'Towards Sustainability Label'. There are periodic updates to the label's requirements, at which point, funds must re-apply for the label and demonstrate compliance with the revised technical standards.

There are no changes to the way in which the Sub-Fund is managed or its risk profile.
