JPMorgan Investment Funds – Global Macro Fund

JPMorgan Investment Funds – Global Macro Sustainable Fund

Update to reflect that the Sub-Funds may invest in commodity index instruments. In particular, the Sub-Funds will invest in gold exchange traded commodities (ETCs).

The Investment Manager would like to make increased use of these instruments and as such it is proportionate and informative to enhance the investment policy disclosures around this.

There is no increase to the Risk Profiles of the Sub-Funds.

Should you have any questions about this update or any other aspect of JPMorgan Investment Funds, please contact the Registered Office or your usual local representative.
