The prospectus has been updated to include a clarification to the definition of 'positive E/S characteristics', which is used in the objectives of Sub-Funds. The description has been updated to reflect that this relates to the superior management of environmental and/or social issues. Previously the disclosure could have been interpreted as to include both environmental and social issues for all securities.

The Sub-Funds all have as their objective to invest in companies/issuers/securities with 'positive E/S characteristics'. There is no impact to the way in which the Sub-Funds are managed or their risk profiles.
