

Removal of Debit Card payment functionality

After an internal review, we are updating the payment method for investments made over the phone. Instead of using a debit card, you will now be asked to pay via electronic bank transfer. This enhancement ensures your funds are always protected.

Currently, when you make an investment over the phone, we collect payment via debit card, but JPMorgan does not receive the money immediately. In the future, payment will be due via electronic bank transfer three business days after the transaction. This allows you to keep your money longer and ensures it is always protected. This change will be implemented from **18 November 2024**.

Please be advised that the latest version of the prospectus and articles of incorporation as well as copies of the latest annual and semi annual report are available free of charge upon request at the registered office of the Fund or from the Fund local representative. The latest version of the Prospectus is also available on the website www.jpmorganassetmanagement.com.
