## A Message from Your Fund's ACD

---

### Fund termination – option to take action ends 7 October 2024 at 12.00

#### Reasons for termination

As set out in the Prospectus, the ACD is a member of a firm that is subject to regulatory rules that limit the amount and length of time it can invest its own capital in a Fund. The reason for this initial capital investment from the Firm is to help the Fund to grow assets to a size where it can pursue its objective entirely with capital from shareholders.

The ACD has determined that there are limited prospects for asset growth in this Fund and that it will not reach a level of assets that allow it to pursue its objective without the firm's capital in the required timeframe. As such, the ACD has decided to redeem the firm's capital and to terminate the Fund.

#### Your options

- 1. Switch your investment to another fund.** We must receive your dealing instructions by the deadline shown in the right-hand column. Be sure to read the KIID for any fund you are considering switching into, and for further information, the prospectus.
- 2. Redeem your investment.** We must receive your dealing instructions by the deadline shown in the right-hand column.
- 3. Take no action and receive termination proceeds automatically.** We will send the proceeds to you through the settlement method recorded on your account shortly after termination has completed.

**You may want to review these options with your tax adviser and your financial adviser.** If your investment is held outside of a tax efficient wrapper it is likely that the termination of the fund will result in a taxable event.

**Regardless of which option you choose, you will not be charged any redemption or switch fees** so long as we receive your dealing instructions before the deadline.
