

A Message from Your Fund's Board

This notice has not been reviewed by the Central Bank of Ireland (the "Central Bank") and it is possible that changes thereto may be necessary to meet the requirements of the Central Bank. The Directors are of the opinion that there is nothing contained in this notice nor in the proposals detailed herein that conflicts with the Central Bank UCITS Regulations.

If you are in any doubt as to the action to be taken, you should immediately consult your stockbroker, solicitor, accountant or other professional advisor. If you sold or otherwise transferred your holding in the Fund, please send this notice to the stockbroker or other agent through whom the sale or transfer was effected for transmission to the purchaser or transferee.

Unless otherwise indicated, all capitalised terms used in this letter and not defined herein shall have the meanings ascribed to them in the prospectus for the Fund dated 4 March 2021, as amended by the addendum dated 9 December 2021 (the "Prospectus").

Dear Shareholder,

This is to notify you that the following Sub-Funds will enhance the disclosure of their sustainability policies to the effect that, they will be regarded as promoting environmental, social and governance ("ESG") characteristics on the effective date 21 February 2022:

JPMorgan ETFs (Ireland) ICAV – EUR Ultra-Short Income UCITS ETF
 JPMorgan ETFs (Ireland) ICAV – GBP Ultra-Short Income UCITS ETF
 JPMorgan ETFs (Ireland) ICAV – USD Ultra-Short Income UCITS ETF (the "Sub-Funds").

As part of this update, it will be clarified that each Sub-Fund will invest at least 51% of its assets in issuers with positive environmental and/or social characteristics that follow good governance practices as measured through the Investment Manager's proprietary ESG scoring methodology and/or third party data.

There is no material change to how the Sub-Funds are managed or their respective risk profiles as a result of these changes.

The details and timing of the changes appear below and on the following pages. Please take a moment to review the information. If you still have questions, please contact us at the registered office or your local representative.

Lorcan Murphy
For and on behalf of the Board

Changes to Sub-Fund Supplements – effective as of 21 February 2022

Reason for changes

The Board believes that enhancing the Sub-Funds' disclosures to reflect the promotion of ESG characteristics within the portfolio is in the best interests of investors as it may offer better prospects for growth as demand for sustainable products continues to grow.

THE FUND

Name JPMorgan ETFs (Ireland) ICAV

 Management (Europe) S.à r.l.

Supplement Changes

Changes - *shown in bold italics*. Supplement language that has not changed is not shown in the table below.

Sub-Fund: EUR Ultra-Short Income UCITS ETF Current Supplement	New Supplement
<p>● Investment Policy</p> <p>The Sub-Fund seeks to achieve its investment objective by primarily investing in investment grade, Euro-denominated, short term fixed, variable and floating rate debt securities as outlined in further detail in the “Instruments / Asset Classes” section below. For the avoidance of doubt, investors should note that the Sub-Fund will not seek to track the performance of the Benchmark, rather the Sub-Fund will hold a portfolio of actively selected and managed investments. The Benchmark has been included as a point of reference against which the performance of the Sub-Fund may be measured. The Sub-Fund will be managed without reference to its Benchmark.</p> <p>The Investment Manager also evaluates whether environmental, social and governance (“ESG”) factors could have a material negative or positive impact on the cash flows or risk profiles of many issuers in which the Sub-Fund may invest. This impact is determined by identifying issuers which are negative outliers, based on the potential impact of ESG factors on the sustainability and redeployment of the issuers’ cash flows. The Investment Manager’s research analysts focus on key risk factors, including, for example, accounting and tax policies, disclosure and investor communications, shareholder rights, remuneration and social and environmental factors to seek to identify such negative outliers. The ESG assessment using these risk factors is integrated into the investment process described above to form a holistic view on whether ESG factors will affect the sustainability of issuers’ cash flows. These determinations may not be conclusive and securities of issuers which may be negatively impacted by such factors may be purchased and retained by the Sub-Fund while the Sub-Fund may divest or not invest in securities of issuers which may be positively impacted by such factors where the Investment Manager believes that this is in the best interests of the Sub-Fund on the basis of the other elements of the investment policy.</p>	<p>● Investment Policy</p> <p>The Sub-Fund seeks to achieve its investment objective by primarily investing in investment grade, Euro-denominated, short term fixed, variable and floating rate debt securities as outlined in further detail in the “Instruments / Asset Classes” section below. For the avoidance of doubt, investors should note that the Sub-Fund will not seek to track the performance of the Benchmark, rather the Sub-Fund will hold a portfolio of actively selected and managed investments. The Benchmark has been included as a point of reference against which the performance of the Sub-Fund may be measured. The Sub-Fund will be managed without reference to its Benchmark.</p> <p><i>At least 51% of the Sub-Fund’s assets are invested in issuers with positive environmental and/or social characteristics that follow good governance practices, as measured through the Investment Manager’s proprietary environmental, social and governance (“ESG”) scoring methodology and/or third party data. The Sub-Fund promotes environmental and/or social characteristics. Further details on the ESG analysis applied are provided below.</i></p> <p><i>In addition, the Investment Manager evaluates and applies values and norms based screening to implement exclusions including, for example, identifying issuers that are involved in the manufacturing of controversial weapons (such as cluster munitions, depleted uranium ammunition and armour or anti-personnel mines), thermal coal and tobacco among others. Values based screening assesses issuers against key ESG values, such as environmental damage and production of controversial weapons, while norms based screening assesses issuers against internationally accepted principles such as the UN Global Compact. To support this screening, the Investment Manager relies on third party provider(s) who identify an issuer’s participation in or the revenue which they derive from activities that are inconsistent with the values and norms based screens.</i></p> <p><i>The Investment Manager fully excludes issuers that are involved with certain industries (such as controversial weapons, white phosphorus and nuclear weapons) to any extent and issuers with severe violations of the UN Global Compact. For certain other industries the Investment Manager applies maximum percentage thresholds typically based on turnover from production and/or distribution (which can vary depending on whether the company is a producer, distributor or service provider) which are derived from certain industries (such as conventional weapons: >10%, tobacco production: >5%, thermal coal: >30% and revenue from connections to the nuclear weapons industry: >2%), above which issuers are also excluded. Further details on the screening</i></p>

	<p><i>process can be found in the Sub-Fund's full exclusion policy which can be found on https://am.jpmorgan.com/content/dam/jpm-am-aem/emea/regional/en/policies/exclusion-policy/jpmetf-eur-ultra-short-income-exclusion-policy-ce-en.pdf.</i></p> <p><i>The Sub-Fund systematically includes ESG analysis in its investment decisions on at least 75% of non-investment grade securities and on at least 90% of investment grade securities purchased.</i></p> <p>The Investment Manager also evaluates whether environmental, social and governance (“ESG”) factors could have a material negative or positive impact on the cash flows or risk profiles of many issuers in which the Sub-Fund may invest. This impact is determined by identifying issuers which are negative outliers, based on the potential impact of ESG factors on the sustainability and redeployment of the issuers’ cash flows. The Investment Manager’s research analysts focus on key risk factors, including, for example, accounting and tax policies, disclosure and investor communications, shareholder rights, remuneration and social and environmental factors to seek to identify such negative outliers. Social factors include, but are not limited to, issues relating to labour management and health and safety. Environmental factors include, but are not limited to, issues relating to carbon emissions, environmental regulations, water stress and waste. The ESG assessment using these risk factors is integrated into the investment process described above to form a holistic view on whether ESG factors will affect the sustainability of issuers’ cash flows. These determinations may not be conclusive and securities of issuers which may be negatively impacted by such factors may be purchased and retained by the Sub-Fund while the Sub-Fund may divest or not invest in securities of issuers which may be positively impacted by such factors where the Investment Manager believes that this is in the best interests of the Sub-Fund on the basis of the other elements of the investment policy.</p> <ul style="list-style-type: none"> • Investment Risks <p><i>Exclusion of issuers that do not meet certain ESG criteria from the Sub-Fund's investment universe may cause the Sub-Fund to perform differently compared to similar funds that do not have such a policy.</i></p>

The Investment Manager also evaluates whether environmental, social and governance (“ESG”) factors could have a material negative or positive impact on the cash flows or risk profiles of many issuers in which the Sub-Fund may invest. This impact is determined by identifying issuers which are negative outliers, based on the potential impact of ESG factors on the sustainability and redeployment of the issuers’ cash flows. The Investment Manager’s research analysts focus on key risk factors, including, for example, accounting and tax policies, disclosure and investor communications, shareholder rights, remuneration and social and environmental factors to seek to identify such negative outliers. Social factors include, but are not limited to, issues relating to labour management and health and safety. Environmental factors include, but are not limited to, issues relating to carbon emissions, environmental regulations, water stress and waste. The ESG assessment using these risk factors is integrated into the investment process described above to form a holistic view on whether ESG factors will affect the sustainability of issuers’ cash flows. These determinations may not be conclusive and securities of issuers which may be negatively impacted by such factors may be purchased and retained by the Sub-Fund while the Sub-Fund may divest or not invest in securities of issuers which may be positively impacted by such factors where the Investment Manager believes that this is in the best interests of the Sub-Fund on the basis of the other elements of the investment policy.

At least 51% of the Sub-Fund’s assets are invested in issuers with positive environmental and/or social characteristics that follow good governance practices, as measured through the Investment Manager’s proprietary environmental, social and governance (“ESG”) scoring methodology and/or third party data. The Sub-Fund promotes environmental and/or social characteristics. Further details on the ESG analysis applied are provided below.

In addition, the Investment Manager evaluates and applies values and norms based screening to implement exclusions including, for example, identifying issuers that are involved in the manufacturing of controversial weapons (such as cluster munitions, depleted uranium ammunition and armour or anti-personnel mines), thermal coal and tobacco among others. Values based screening assesses issuers against key ESG values, such as environmental damage and production of controversial weapons, while norms based screening assesses issuers against internationally accepted principles such as the UN Global Compact. To support this screening, the Investment Manager relies on third party provider(s) who identify an issuer’s participation in or the revenue which they derive from activities that are inconsistent with the values and norms based screens.

The Investment Manager fully excludes issuers that are involved with certain industries (such as controversial weapons, white phosphorus and nuclear weapons) to any extent and issuers with severe violations of the UN Global Compact. For certain other industries the Investment Manager applies maximum percentage thresholds typically based on turnover from production and/or distribution (which can vary depending on whether the company is a producer, distributor or service provider) which are derived from certain industries (such as conventional weapons: >10%, tobacco production: >5%, thermal coal: >30% and revenue from connections to the nuclear weapons industry: >2%), above which issuers are also excluded. Further details on the screening process can be found in the Sub-Fund’s full exclusion policy which can be found on <https://am.jpmorgan.com/content/dam/jpm-am-aem/emea/regional/en/policies/exclusion-policy/jpmetf-gbp-ultra-short-income-exclusion-policy-ce-en.pdf>.

The Sub-Fund systematically includes ESG analysis in its investment decisions on at least 75% of non-investment grade securities and on at least 90% of investment grade securities purchased.

The Investment Manager also evaluates whether ~~environmental, social and governance~~ (“~~ESG~~”) factors could have a material negative or positive impact on the cash flows or risk profiles of many issuers in which the Sub-Fund may invest. This impact is determined by identifying issuers which are negative outliers, based on the potential impact of ESG factors on the sustainability and redeployment of the issuers’ cash flows. The Investment Manager’s research analysts focus on key risk factors, including, for example, accounting and tax policies, disclosure and investor communications, shareholder rights, remuneration and social and environmental factors to seek to identify such negative outliers. ***Social factors include, but are not limited to, issues relating to labour management and health and safety. Environmental factors include, but are not limited to, issues relating to carbon emissions, environmental regulations, water stress and waste.*** The ESG assessment using these risk factors is integrated into the investment process described above to form a

	<p>holistic view on whether ESG factors will affect the sustainability of issuers' cash flows. These determinations may not be conclusive and securities of issuers which may be negatively impacted by such factors may be purchased and retained by the Sub-Fund while the Sub-Fund may divest or not invest in securities of issuers which may be positively impacted by such factors where the Investment Manager believes that this is in the best interests of the Sub-Fund on the basis of the other elements of the investment policy.</p> <ul style="list-style-type: none"> • Investment Risks <p><i>Exclusion of issuers that do not meet certain ESG criteria from the Sub-Fund's investment universe may cause the Sub-Fund to perform differently compared to similar funds that do not have such a policy.</i></p>
