

# JPMorgan Funds - Enhanced Prospectus Disclosures on Investment in Mortgage-backed and Asset-backed Securities

Effective date - 29.07.2020

The prospectus of JPMorgan Funds has been updated to clarify and enhance the investment policies of the relevant Sub-Funds which are expected to invest in mortgage-backed securities (“MBS”) and/or asset-backed securities (“ABS”), as set out below.

For those Sub-Funds which are expected to invest in MBS/ABS, the investment policies have been updated to indicate a percentage of assets which may be invested in these securities. In addition, for those Sub-Funds which are expected to invest 20% or more of their assets in MBS/ABS, the investment policies have been enhanced to include a description of MBS/ABS, underlying assets and any applicable credit quality restrictions. Certain other clarifications of investments in MBS/ABS and covered bonds have been also made for clarity and consistency purposes.

For details of the relevant Sub-Funds and the above updates, please refer to the Appendix and the full version of the latest prospectus.

These updates reflect how the Sub-Funds are currently being managed and do not affect their risk profiles.

Should you have any questions about this update or any other aspect of JPMorgan Funds, please contact the Registered Office or your usual local representative.

## APPENDIX – ENHANCED PROSPECTUS DISCLOSURES

Prospectus language changes – shown in bold underline italics		
Sub-Fund	Before	After
JPMorgan Funds – Global Strategic Bond Fund	<p><b>Main investment exposure</b> The majority of assets invested, either directly or through derivatives, in debt securities issued or guaranteed by governments or their agencies, state and provincial governmental entities, supranationals, corporate debt securities, MBSs/ABSs (including covered bonds) and currencies. [...].</p> <p>A significant portion of assets may be invested in MBS/ABS.</p>	<p><b>Main investment exposure</b> The majority of assets invested, either directly or through derivatives, in debt securities issued or guaranteed by governments or their agencies, state and provincial governmental entities, supranationals, corporate debt securities, MBS/ABS, covered bonds and currencies. [...].</p> <p><i><u>The Sub-Fund is expected to invest between 45% and 75% of its assets in mortgage-backed securities (MBS) and/or asset-backed securities (ABS) of any credit quality, however, due to the unconstrained investment approach, the actual investment level may vary. MBS which may be agency (issued by quasi US government agencies) and non-agency (issued by private institutions) refers to debt securities that are backed by mortgages, including residential and commercial mortgages, and ABS refers to those that are backed by other types of assets such as credit card debt, car loans, consumer loans and equipment leases.</u></i></p>
