## Global Multi-Asset Cautious Sustainable Fund

## Global Multi-Asset Moderate Sustainable Fund

## Global Multi-Asset Growth Sustainable Fund

---

The investment policies for the above Sub-Funds have been amended to allow investment up to 10% of assets in onshore debt securities issued within the People's Republic of China through China-Hong Kong Bond Connect.

This provides investors increased clarity on their potential exposure to onshore China debt securities in the Sub-Funds. The onshore China market is growing in prominence in emerging and global indices and provides a significant and growing investment opportunity.

This change will not materially affect the risk profile of the Sub-Funds.

If you have any questions about this change or any other aspect of JPMorgan Investment Funds, please contact the Registered Office or your usual local representative.
